Defense Plants Urged To Run New Year's Day

Full operation of industrial plants manufacturing war materials on New Year's Day is urged by T. E. Doremus, manager of the Delaware district WPB office.

"It is most essential that all production of war materials be continued on Monday, New Year's Day, to maintain production schedules," Mr. Doremus said. "The holiday should allow no falling off on production either before, on, or after Jan. 1. We also urge celebration of New Year's not to interfere with vital production."

Christmas was the only non-working holiday designated by the President. Some plants are said to be closing down Saturday and are not returning until Tuesday, Jan. 2. J. A. Krug, national WPB director, expressed opposition to any such suggestion or plan.

NEWARK OFFICER SAVES FLAGSHIP

Rittenhouse Maneuvers Ship Out Of Danger

Commander Ellis B. Rittenhouse, skipper of Rear Admiral Arthur A. D. Stuble's flagship played an important part in the landing of a large Sixth Army task force at Ormac Bay, Leyte, on December 7.

Commander Rittenhouse's quick thinking during the landing saved the flagship from disaster as a Japanese dive-bomber poised overhead for a vertical swoop as the ships started to pass through narrow Canigao straits in mid-afternoon.

Rittenhouse ordered a violent turn to starboard and a high speed fish-tail maneuver. Lieutenant (J. G.) Allen Curtis, of Alameda, Calif., Ky. control officer, sang out the range for the 20- and 40-mm. automatic "ack-ack" guns and as the Japanese plane swooped low, tracers went through his tail and fuselage.

The dive-bomber missed his mark by a margin of perhaps 150 yards and Curtis stopped to wink at a fellow officer as the plane exploded before smashing into the sea.

Commander Rittenhouse is the son of Arthur Rittenhouse of Welsh Track and is a graduate of the Newark High School and the U. S. Naval Academy.

NEWTON'S CHICKS

New Hampshires
Barred Rocks

Pedigree Bred for Meat Production

Thousands of baby chicks are wing-banded and pedigreed each year on this farm, and measured throughout their growing period for the inherited factors of meat quality — feathering, growth, breast width, keel length, leg color — on a family basis. Newton's purebreds have good production and exceptional hatchability.

These two unusual strains are being used increasingly for hatchery flock replacement in the production of broilers and other types of poultry meat. Our new catalog tells the whole story. Write for a copy today.

HEALTH RESOLUTIONS FOR 1945

Traditionally business "takes stock", or inventory, at the first of the year and the State Board of Health suggests that it is a practice that might well be followed by the individual in relation to his health. Far too many adults give little thought to their health until they are ill — often the victims of their own carelessness — and then they flock to doctors and hospitals.

The beginning of 1945 is an excellent time, the Board suggests, to take stock of one's present health habits and physical conditions and to make health resolutions for the new year.

Perhaps you've been having colds, suffer from over-fatigue, or just do not feel up to par. It is wise to check up and DO something about this before nasty weather, a germ, and a run-down condition conspire to put you to bed with an illness.

A check-up of health habits might well include:

Am I having 8 hours sleep a night, so fatigue does not pile up?

Do I get some fresh air and exercise every day? (This does not necessarily mean playing games. Walking to and from work or on errands will do the trick and will make you feel that you are accomplishing 2 things at once.)

Do I eat enough breakfast to give pep for the morning's work?

Is my lunch well-balanced, or do I grab a soft drink and a sandwich and expect that to carry me through the afternoon?

Do I include fruits, green vegetables, and milk in my meals every day?

I bad weather do I protect myself against wet feet and dampness?

In bad weather do I protect myself against wet feet and dampness? doctor?

Is it over 6 months since I had a dental check-up by my dentist?

Remember, says the State Board of Health, that health check-ups, with corrections of the defects found, and strong health resolutions carried out on the weak points located by your health inventory, may help to prevent a late winter illness. Pneumonia, influenza and grippe are usually at their heighth in the after-Christmas season.

Make those health resolutions on January 1st, keep them all year, and, very likely, you will have both a Healthy and a Happy New Year says the State Board of Health.

New Withholding Rates Go Into Effect On Jan. 1

Effective date for the new rates of withholding prescribed by the federal individual income tax act of 1944 is Jan. 1, Norman Collison, collector, said today.

By terms of the act the new rates apply to all wages paid on and after Jan. 1, regardless of when the wages were earned. The new rates are intended to adjust each employe's withholding more closely to his actual income tax. They average about the same as the old rates.

Jan. 31 is the deadline by which the law requires employers to furnish each employe a withholding receipt on Form W-2, showing how much wages were paid him and how much income tax was withheld from his wages during 1944.

MISS JULIA L. DUTTON BRIDE OF LT. INGHAM

Miss Julia Langley Dutton, daughter of Colonel and Mrs. Donald L. Dutton, U. S. A., of 192 South College Avenue became the bride of Lieutenant Frederick L. Ingham, A. U. S., son of Mrs. Thomas S. Ingham and the late Mr. Ingham of 77 West Park Place at five o'clock on Saturday afternoon, December 23, in the First Presbyterian Church with the Rev. H. Everett Hallman, pastor of the church, officiating.

Escorted by her brother, Robert H. Dutton, in the absence of her father, overseas, the bride wore a gown of candlelow faille silk, fashioned with a sweetheart neckline, fitted bodice, and a long flaring train. An ivory tulle veil which was fastened to a Juliet cap of pearls fell beyond the train. Her flowers were white roses and sweet peas tied with the ribbons used by her maternal grandmother on her wedding bouquet.

Miss Ella Mae Maclary, daughter of Dr. R. E. Maclary of 299 East Main Street, was maid of honor and Miss Barbara Anne Ritz, daughter of Mr. and Mrs. Walter R. Ritz of Weston, Massachusetts, was the bridesmaid. Each of the attendants wore white silk gowns fashioned like the bride's and carried old poniettas.

Robert E. Price, Jr., Apprentice Seaman, Merchant Marine, was the best man. The ushers were Mr. Delevan Stearns of Newark, New Jersey, Lieutenant James Anderson, A.U.S., Cadet Rosser W. Argo, Jr., U.S.M.A., and E. Hewlow Steedle, A. M. M. Third Class, USN.

A small reception followed at the home of the bride. The wedding cake was cut with the saber of the bride's father. By pre-arrangement, a toast was given at six o'clock to Colonel Dutton and at the same time, he drank to the health and happiness of the bride and groom.

SHOTS

by

J. H. (Sureshot) Rumer

Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

Christmas is now over for another year and it is now time to make all those New Year's resolutions. Some people will keep those new resolutions but most of the resolutions will be made just for the sake of breaking them.

Christmas this year was very sad for many as there were a lot of vacant places at the table on Christmas day due to the fact that a lot of our boys and girls are serving in the Armed Forces and while a lot of the boys and girls in this country were able to get home there were a greater number who were unable to leave their duties.

Despite the fact that we are at war there have been many enjoyable affairs during the Christmas season. The Newark Cub Pack held their annual Christmas party and Santa Claus came and gave each of the youngsters a gift and box of candy. Frank Smith was dressed up to be Santa Claus. When asked why he did not disguise his voice, his wife stated that there was no use changing his voice. He had not been able to change his face. Well, I guess she has had to look at that Puss of his for so long she is getting tired of it. She has our sympathy. Anyway Frank is always ready to help a person out when they run out of gas and all the stations are closed.

Since the OPA went into effect, restaurants take your word for it when you ask for a small steak.

Speaking about the O.P.A. It was stated the other day that if the paid personnel of the OPA was dropped there would be no manpower shortage. That would also apply to many of the other government agencies.

Ray Elliott, the fellow who operates the Sun Oil Station is reported to have gone down in Maryland some place after rabbits. He had to purchase an out-of-state license which cost $15.50—he shot just three bunnies--three into $15.50 is $5.16 each and a fraction over. Expensive rabbits. But Ray said he did not mind. He came back home and shot a lot more right here in Delaware.

All the young folks seemed to have a good time at the annual Christmas Alumni Dance at the Newark Country Club. That fellow Suddard who was dressed up as an Admiral looked real nice in his uniform. Then there were a lot of other fellows and girls there in uniform. Suddard wanted his name in the paper. He keeps his dues paid up so that his name will appear real often.

Clarence Whiteman has been named the new president of the Eastern Beagle Club and all those beagle fellows will have to be on the job now. Clarence will insist on bigger and better field trials. Then Clarence Humphreys has been named to succeed Raymond VanSant Buckingham as secretary. Will that club be able to run without Raymond as secretary? Buck has served that club faithfully and well for a long time and he deserves a lot of credit for helping in a big way to build the club to the fine organization that it is at this time.

The Eastern Beagle Club is one of the finest dog clubs in the east and trials at Milford Cross Roads draws entries from all parts of the country.

The January trials are scheduled for January 7 and at that time it is expected that there will be a very large entry list of high class hounds.

What is going to be done about that Playground and Service Center for the Newark children that we wrote about a few weeks ago. Are we going to let that matter drop. Mr. Richards in his will left a bequest of $1,000 to be used to start the ball rolling. Who else will get behind this project and see that it is carried out.

Could it be that there are those people in Newark who just don't care about children of the town. Other towns not as large and not as fine as Newark have wonderful playgrounds and recreation centers for the town's children. What is there for a kid to do in Newark. Go to the movies -- sure, the movies are fine, but there just should be some place for the young folks to go and have a real good time. Lets have such a place right here in town.

What are all those folks going to do who make a living off horse racing now that the government has put their foot down and said no more racing -- no more professional sports. I bet a lot folks will have more money now. Every time I put $2 on a horse, something would happen to that horse Anyway I can't pick them like the other boys.

A certain young lady I know of has a new watch -- she says that her father gave it to her -- what do you think?

Claude Brooks, the mailman at Glasgow received a Christmas card from a young lady, aged seventy or more who wrote a nice piece of poetry about how hard the mailman has it at christmas time. It is unfortunate that it has been a policy of this paper never to print poetry because it was real good.

In the first place, a big part of every dollar you spend for bread, shirts, automobiles and nearly everything else is for taxes.

TAX PROGRAM STUDIED BY GOV. WALTER W. BACON; RACING REVENUE SEEN LOST

Delaware Park Contributed $883,472 To The State Treasury For The Race Meeting Held Last Summer; Delaware Park To Abide By Government Order

Just what tax recommendations he will make to the General Assembly for the expected loss of revenue due to the possibility of the Delaware Park being closed next year will be made known in his message to the Legislature, Gov. Walter W. Bacon stated this week.

Governor Bacon did not state whether he would ask for the retention of the two emergency taxes enacted at the 1943 session of the assembly. At that time the Legislature passed the one per cent war emergency tax on salaries and the two cents a pack tax on cigarettes to make up for the war losses in revenue.

Delaware Park contributed $883,472 to the state treasury from the race meeting held last summer. This represented a much larger amount of money than the cigarette tax since it was enacted into law.

Bryan Field, general manager and vice-president of Delaware Park, said today "that Delaware Park is anxious to run as an enterprise but most certainly isn't going against any government orders.

"We are in a much better position to wait and see what happens as our meeting follows the opening of the New York and Maryland tracks, which start operating in April," he said. "With Delaware Park again scheduled to open on May 29, we are hopeful of again conducting a race meet at Stanton during 1945," Mr. Field said.

A spokesman for Donald P. Ross, acting president of the Delaware Steeplechase and Race Association, operators of Delaware Park, said:

"Delaware Park can be depended upon to go along with any government wish, as it has done in the past.

"Delaware was one of the first tracks in the country to close in 1943, and operated last year at the request of Gov. Walter W. Bacon, who sought the revenue from the track.

"We will make no attempt to operate until the government gives its permission."

From another executive of the association it was learned that tentative application for racing dates probably will be made with the understanding that as long as the Byrnes ban holds the dates would not be granted.

William S. Potter, secretary of the Delaware Racing Commission, said the application must be in by Jan. 15, but that the commission's action could be deferred if the war situation altered so that racing could be revived during the spring.

Other racing officials and association executives, holding out hope for a meeting, said the racing ban was caused by the labor shortage on the West Coast, but that it would not have been fair to close the coast tracks and allow others to run. They believe that when the Pacific Coast labor shortage eases Byrnes will lift the ban nationally.

Less Tires Certain For Coming Month

Civilians will get 200,000 fewer passenger tires in January than this month, OPA said today.

The cut from 2,000,000 to 1,8000,000 results from General Eisenhower's call "for more tires to support our invasion forces," it was explained.

In addition, the January quota of small truck and bus tires is down sharply — from 280,000 to 216,000.

In the heavy truck and bus tire category -- where already there is a backlog of 100,000 priority applications — the allocation is pared to 110,000 down from the December quota.

With "A" motorists due to wait until late 1945 for new tires, OPA urged full use of re-capping facilities. It said that a "substantial proportion" of this equipment is idle while "passenger and commercial vehicle owners are swamping local ration boards with applications for new tires."

Of all that is good Pythianism affords the Best.

HAPPY NEW YEAR

NEARLY ALL FARMERS TO FILE RETURN

Personal exemptions on income taxes have been lowered to a point where most farmers will be required to make a 1944 Federal Income tax return. And every person regardless of age who has had a gross income of $500 or more in 1944, even though allowable deductions may mean no tax is due, is required by law to file a return.

For this reason, farmers need to give particular attention to a recent letter sent by county agricultural agents to all farm families in the State explaining the essential facts of the tax regulations, according to Miss Louise R. Whitcomb, home management specialist for the Delaware Agricultural Extension Service.

This year farmers may either file a declaration of tax liability on or before January 15 and file their final return on or before March 15, or they may simply file their final Federal Income tax return on or before January 15. Either the declaration of liability or the final return must be filed by January 15.

As an additional assistance to farm people in filing these returns, a check list of all deductible farm expenses has been sent out with the explanatory letter. It will pay farmers well to take the time to go over this check list carefully and to enter all expenses which are deductible.

MEETING RECENTLY HELD BY HORSEMEN

The Newark Protective Association recently held their annual meeting and banquet. The association was originally organized to protect its members from horse thieves and to apprehend and punish those found guilty of such acts.

At the organization meeting held back in 1894 in the town council rooms, George G. Kerr presided and Alfred A. Curtis was one of the speakers. James Hossinger explained the purpose of the new association and Dr. A. T. Neal outlined the general methods employed by the Dover Association and there was a short talk by Theodore Armstrong.

The only charter members of the Association now living are: Alfred A. Curtis, Dr. Charles M. Almond of Wilmington; Frank Godwin of Elkton, Md.; William McCloskey of near Appleton and Frank Cooch of Newark.

Other charter members of the Association were: John McKeowan, Jr., Eugene M. Lewis, Joseph A. Wilson, Benjamin Campbell, J. B. Lutton, George G. Kerr, W. B. Hart, Thomas A. Potts, Peter A. Riley, D. HOPE FOR TOMORROW

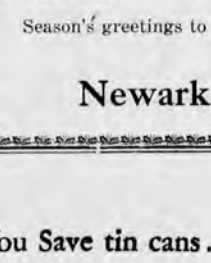
Whatever the past year may have brought, we all look forward hopefully to 1945 as a harbinger of better days to come.

It is our hope, too, that in the New Year we will be more than neighbors . . . that we will become better neighbors.

Season's greetings to one and all.

Newark News Stand

You Save tin cans...



You Save old magazines...

...but do You Save your DOLLARS

"Sure," most folks will answer. "Every one knows we should save money."

The question is: *"Do* you save your money?"

Are you really giving as much day-by-day thought to planned saving and to planned spending as you are to the salvage of waste paper and tin cans? Are you as careful about putting extra dimes in the bank as you are about putting waste fats in the grease can?

If you are not, you are letting down your Country. You are letting down YOURSELF.

Planned spending and planned saving are so important today. Together, they help hold down the cost of living . . . they help insure a strong America with jobs paying worth while dollars after the war . . . they give you a financial backlog when present war jobs cease . . . they give you dollars to spend for worth while things when the right time for spending comes. Be realistic. Take a pencil and work out on paper your plan for spending, your plan for saving.

Think it over, Mr. and Mrs. America. Planned spending and planned saving are a war job—just as much of a war job as work in a munitions factory.

And you are loafing on the job if you are spending needlessly . . . if you fail to buy War Bonds steadily . . . if you are not saving regularly at your bank.

PLAN YOUR SPENDING FOR YOUR FAMILY COUNTRY YOURSELF PLAN YOUR SAVING

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

Taking part in the play "Aunt Sarah's Tooth" were Catherine Brown, Barbara Bonner, Shirley Robins, Marjorie Brown, Robert McCormick and Willard McNeal.

This small school has bought $826.75 in Defense Stamps and Bonds since the opening of the school term. Sixteen pupils are enrolled in the school.

CAR CARE ADVISED BY OPA OFFICE

Predicting that the coming year will be the most critical in wartime transportation, District Manager Clarence E. Keyes, of the Office of Defense Transportation at Wilmington, warned private automobile owners as well as commercial motor vehicle operators that the conservation of equipment, tires, mileage and gasoline is more urgent than ever before.

Mr. Keyes said that private automobiles still carry 75 percent of the passenger traffic despite the enormous increases in such traffic by rail, intercity bus and local transit systems, and pointed out that cars in use now average nearly eight years in age as compared to a peacetime average of four and a half years. "Consequently," he said, "scrapping of private passenger cars continues at an increasing high rate and the total number of such cars in the hands of essential drivers is getting dangerously low. As cars in use grow fewer and older, the need for more and more group riding becomes imperative."

Mr. Keyes stated that ODT figures show that intercity buses are now carrying three passengers for every one carried before the war and that transit systems in many cities have more than doubled their passenger loads. "With military demands cutting heavily into supplies of tires, parts and replacement equipment," Mr. Keyes continued, "it is obvious that the need for careful driving, preventive maintenance and the use of every possible means of cutting down mileage is more imperative than it has ever been."

DELAWARE FARM FRONT THIS WEEK

Vegetable Crop Support Prices For 1945 Listed

Delaware farmers have only until December 31 to meet their quota of one million dollars in War Bonds during the 8th War Loan Drive. Help meet that goal to the benefit of the present national war effort and your own future financial security.

AAA conservation materials for 1945 will be obtained on a different basis than has been the custom, according to the State AAA chairman, C. E. Ocheltree. Congress has initiated the new plan which requires farmers to pay in cash about 20 per cent of the value of the materials ordered when he signs the order at the county AAA office. The AAA pays the balance, not to exceed 80 per cent, and the material will be delivered, in the case of fertilizer, at a convenient railroad station. Lime is delivered to the farm. The proper use of the material, will as in the past, be required to offset the 80 per cent charge for the materials.

1945 support prices for important Delaware vegetable crops are as follows: Snap beans, round varieties, $82.50 per ton; flat and blackseeded varieties, $75.00 per ton. Sweet corn, evergreen varieties, $17.00 per ton; Country Gentleman and Bantam varieties, $19.00 per ton. Tomatoes, field run, U. S. Grades 1 and 2 with culls not in excess of 10 per cent by weight, $28.00 per ton. Green peas, field run, $87.50 per ton.

Farmers are urged to order fertilizer early and accept delivery as soon as possible in order to help manufacturers use space, labor and transportation efficiently to supply needs.

Performance reports on which payments for 1944 conservation practices through the AAA program are made must be filed by February 15, 1945. Since farmers are responsible for filing their own performance reports this year, responsibility for getting these reports in on time in order to receive their payments will be in their own hands. Reports should be made as soon as possible, since all practices must be completed by the end of this year.

Outstanding discussions at the Peninsula Horticultural Society's 58th annual meeting in Dover last week was irrigation — Delaware farmers, after three years of drought, are investigating this solution to doing something about the weather. Other important discussions were local production of cauliflower, the possibilities of the Maryland Golden Sweetpotato, and the outlook for general vegetable and fruit production during the coming year.

Live hog prices in Delaware are $15 per cwt. for hogs weighing under 270 pounds, and $14.25 per cwt. for hogs above that weight, according to the Wilmington office of the OPA. For dressed hogs "packer style" (dressed hog with head off, kidneys and leaf fat out and ham facings off) the price is $21.75 per cwt. in Delaware; for dressed hogs "shipper style" (dressed hog with head on, kidneys and leaf fat in and ham facings on) the price is $20.75 per cwt. in Delaware.

Applications for dairy feed payments for the period from September 1 to October 31 must be made before the end of December, according to the State AAA office. These payments will include the supplemental drought relief payments granted for Dealware dairymen.

Developments in the Delaware AAA program will be broadcast each Thursday on the Delaware Farm and Home Hour, Station WDEL at 1 o'clock in the afternoon.

Weeks Sale Of War Bonds Increased To Hit $627.35

Stanton, Dec. 23 (Special) — The Stanton Methodist Church presented a Cantata on Sunday evening at 7:30 p.m. At 7 p. m. preceding the cantata, Mrs. Walter S. On Thursday evening the Sunday School will hold its annual Christmas Entertainment at 7:30 p. m. in the church, at which time each department will present a portion of the program. A program of Christmas Carols will be enjoyed, and gifts will be distributed by Santa.

The St. James P. E. Church will hold its Church School Christmas Party this evening in the St. James Parish House.

The Rev. E. Kenneth Albaugh, Rector of the St. James P. E. Church held a Christmas Service on Monday morning, with Holy Communion at 10 a. m.

Private Howard Joiner of Ft. Meade, Md., is spending the Christmas holidays here with Mrs. Joiner and his daughter Betty.

Mrs. Walter Pyle of Stanton has just received word that her husband Corp. Walter Pyle has been advanced in rank to a sergeant. He is located at Ft. Benning, Ga.

Miss Lora Little, Principal of the Stanton School, reports that the sale of War Bonds and Stamps increased this week to $627.35. Mrs. Mae Betz' room was the high grade of the week.

On Thursday afternoon a Christmas Entertainment and plays were presented. Pupils of the first and second grades presented "The Christmas Angel", with Judith Swift taking the part of the Christmas Angel. Grades 3, 4, 5, and 6 presented a play entitled "A Letter from a soldier," with Margaret Scarborough playing the leading part. On Friday afternoon the various grades enjoyed Christmas parties in their class rooms. A large tree was erected in the hallway at the entrance to the school.

The Stanton School closed Friday afternoon to remain closed until January 2, 1945.

State's Broiler Output Shows Sharp Increase

Sharp increase in the production of broilers in Delaware is shown in figures released by the Delaware Crop Reporting Service which show that there were about 1,500,000 more birds were in broiler houses in this state on Dec. 1, than on Nov. 1.

The agency estimated that 11,000,000 birds were on hand in Delaware broiler houses on Dec. 1. The Nov. 1 figure is 9,500,000. It is estimated there were 10,000,000 birds on Oct. 1 of this year, and 15,000,000 on Dec. 1 last year.

Farmers have been stepping up production since prices advanced about two months ago.

On the basis of these figures, up to 4,950,000 broilers are due to become 14 weeks old — the age at which they are usually sold — between Feb. 11 and March 3.

The average price received by producers on Dec. 1 was 28.5 cents, compared with 27.3 cents a year earlier.
