DEBATING CLUB DISCUSSES ONE YEAR TERM

Lawrence Willson Outlines Plans of Debate Team for the Coming Year; Special Team for Freshmen.

By 4:10 Monday afternoon in McEwen Hall the Debating Club held its first regular meeting. And, from all reports, if the first meeting is any indication of its future destiny, this new venture will be extremely successful. An open forum discussion was held by the group on the subject, "Resolved: that the President should be elected by a six-year term so the President could serve for one term only." Practically the only point misrepresented and some very unusual arguments were presented on both sides.

By Lawrence Willson, Faculty advisor of debating, the group called the debate "an evening of politics." Mr. Willson, the group organizer, referred to the 'debating team' plans for the year and explaining that freshmen on the team would "not serve for the Varsity. About twenty-five members were present.

The next meeting will be on Thursday, October 15 at 4:10. For the time being, there will be a debate between the "pro" that Mr. Willson, Mr. George Cooke and Irving Fischer. Members of the "con," that Mr. Willson, Mr. George Cooke and Irving Fischer. Members of the "con," and arrangements are being made to give credit members in the Point System.

COUNCIL HEARS GRUBB SPEAK ON SPORT FEE

Business Administrator Presents Financial Statement On Athletic Fees to Student Council; Open Forum Follows.

NEW PLAN DISCUSSED

On Monday evening, October 12, Mr. Charles E. Grubb, Business Administrator of the University of Delaware, was present at the Student Council meeting to explain the disbursement of the money received from Athletic Fees. Mr. Grubb explained where the money was coming from to support Ware College and how it was being spent. He did not, however, need to be too lengthy as to how the money actually was being spent, the Business Administrator to auditor's accounts of previous years but made no direct reference to the burning topic of this year's budget. Constant reference was made to miscellaneous.

INTEREST HIGH IN REVIEW POLITICAL POLL

Over 300 Ballots Cast As Straw Vote Passes Third Day; Results About Even.

With only about 190 votes counted of over 300, the new Review's poll of the University of Delaware student body was not at all to be about even. The two leading parties are Democratic and Republican, but neither has a dog in this race.

The poll will continue until next Monday, various spots will be selected for polling but an advance notice is to be given. A registrar book prevents stuffing of the booth.

The final results will be tabulated according to established procedures and will not be made public until a few days before election. The Review is cooperating with the Daily Princetonian and with the Intercollegiate Newspaper Association in obtaining figures on the results of college straw polls throughout the United States.

EXPLOSIVE TALKS BEFORE A.S.M.E. GROUP

Pont Authority Explains Dynamiting In Illustrated Lecture.

The first meeting of the A.S.M.E. for this year was held in Room 30, Evans Hall Tuesday evening, at 7:15. The speaker was Mr. Livingston of the DuPont Co., who spoke on "Explosives." His talk was interesting and illustrated by film on dynamiting. The speaker demonstrated the use of fuel and cap. He told of some interesting experience in Peru. Many Agriculture and Engineering students and professors were present at the meeting. Wilmer K. Benson, Jr. is president of the A.S.M.E. chapter, and Professor Leo Blumberg Faculty Advisor. The meeting and talks are free to the public, it was stated, and anyone attending is urged to come away with some new item of knowledge, delivered in an interesting manner by someone qualified to explain his subject.

FRATERNITIES HOLD SMOKERS FOR RUSH WEEK

Six Campus Groups Plan House Parties for Saturday Night: Week Over Next Wednesday.

In anticipation of fraternity formalities which started with a bang of the band-pipe this week, all who plan to pledge are urged to gather Wednesday or Thursday, a suggestion that is certainly in order this Saturday.

Mr. Grubb explained where the money was coming from to support Ware College and how it was being spent. He did not, however, need to be too lengthy as to how the money actually was being spent, the Business Administrator to auditor's accounts of previous years but made no direct reference to the burning topic of this year's budget. Constant reference was made to miscellaneous.

PUPPET STAFF MADE UP OF EXPERTS

Women's College Drama Club Promises Excellent Entertainment by Competent Cast.

"The first night audience left the theater in the belief that there was not a thing to be improved, to be德育 well," said Mr. Willson. "This was a fair review." Mr. Willson, who is in charge of the debate team, said that the group's first meeting, which took place on October 29 when this same drama was rehearsed, was pronounced at Mitchell Hall, your Review will undoubtedly be able to echo these sentiments.

The program announced for Tuesday night will be as follows: "The Theatre of Great Performers" in the exhibition of great names and great productions. Admission is free.

Special interest attaches to this exhibit because it is probably the most important one to be undertaken at large exhibition. It is a wide and comprehensive exhibition of American paintings. The collection of these paintings is absolutely faithful in every way to the best known American painters. The prints will be to the artists themselves. There is no claim to the exhibition as the best known now. It is the only part of the production that deserves the public's applause. For all the above reasons it will be to those that will appreciate it without the work of great names and great productions. Admission is free.

The group of twelve pictures in the exhibition is of the highest quality, some of the prints have been sold to the world for it represents a new and much needed source of income for the artist. The legal right of the artist is preserved throughout the original. This movement has exchanged great emphasis, which is the world of art, the exhibition of the original. It has been clearly settled, but it is expected that the exhibition will be published this week.

The group of twelve pictures in the exhibition of the original. It has been clearly settled, but it is expected that the exhibition will be published this week.

Soph Election Postponed

Since only fourteen of the fifty or sixty non-freshmen sophomores were at the meeting held Tuesday evening for the purpose of electing the first Council member to replace Jack Kerns who has recently joined Sigma Phi Epsilon, it did not seem possible to accomplish anything. Dave Sloan will probably call another meeting next week and the non-freshmen in the non-freshmen group should attend, if possible, so that there may be a quorum necessary for the election.
The Student Council will receive the same wholehearted support that The Review has given it in the past. We do not know that the very act of a Council will be praised to the skies, but we don’t intend to waste space in meaningless broadsides on every little mistake the Council happens to make. Only on major points will the power of the press be exercised.

To those with an ax to be honed we warn that THE REVIEW will not take sides on issues without having carefully examined the facts on both sides of the controversy. To do otherwise would be futile.

IS LANDON A DEMOCRAT?

That there is a great deal of interest on the Landon campus in the forthcoming national and state election has been shown by the enthusiasm with which our straw poll is being met. Both the Women’s and men’s colleges have been more than willing to cooperate with THE REVIEW in its attempt to register student opinion on the factual political issues of the day. Only two students, whom we could name here as examples of scholarly and business, refused to mark their ballots. Some of the voters, and this is especially a reference to the Women’s College students, suspect us of running a racket and are first at the polls. I have had the misfortune in a majority of cases we encounter an enthusiastic reception.

Although nearly all the students have ballots up to this hour were only too willing to oblige us by marking a ballot, we have been disillusioned in one respect. When we began drawing up our plans for the straw poll, we took it for granted that the students of both colleges would agree with the basic political issues and figures composing the questions faced by the voter. Now, after a week of balloting, we can only conclude that seven out of ten students agree with the party in whose ranks the various candidates stand. The names of the candidates for the minor parties are matters of which most students are completely uninterested. The Student council in its nearly every student whom we approached knew that Roosevelt is the Democratic candidate, there were many who failed to realize that Landon is the man slated for the regular Republican organization. Of the precepts and candidates of the Socialist and Communist parties, few students had any knowledge or belief in.

We are led to wonder whether or not the average student reads the front pages and the editorial pages of the newspapers, and are therefore expected to doubt that we can secure publication distributed to the fraternity by Dr. Hulihen are even glanced at by many students. We believe that college students, who will soon be out in the world and not protected by the greenhouse of the classroom life, should in some way be aided to maintain an adequate knowledge of current state and national political activities.

COLLEGIATE REVIEW

(By Associated College Review)

Resign yourself to famous names in sports. A few weeks ago it was James Fennimore Cooper at Marquette. Now Benjamin Franklin, at U. of Detroit, is working at tackle.

According to Doctor W. M. Jardine, president of Wichita University, 73 per cent of his 1936 graduating class are already employed.

Not a bit superstitious about the 13 per cent increase in enrollment in his department, the dean of the college of Agriculture at the University of Kansas predicts greater increases next year.
STJOE'S ELEVEN TO CLASH WITH HENS HERE TOMORROW

Mr. Grubb appeared before the Student Council last Monday evening and gave a complete account of all athletic expenditures, which seemed to satisfy all persons concerned over the "Athletic Fee" matter. However, this bit of satisfaction was not complete to the fact that it did not enable the Athletic Council to secure funds for its athletic program and did not aid the cause for an intra-club appropriation. It was suggested by Mr. Grubb that a certain percentage of the Student Athletic Fee be given to the A. C. each year; a percentage that would be sufficient to carry on an efficient athletic program. It was decided that this method would eliminate all possible faults of the present system.

In addition to Mr. Lattin's plan, we suggest a separate percentage of fees be allotted to the Physical Education Department for its general use only, in such a manner that a certain program be carried on without the use of Student Council funds.

Masters, Wright and Rong pulled 9 wins, 5 losses, and 1 tie out of the pool last week for a percentage of 64, lost ties, so we decided to accept their selections again this week, and, for their sake, we hope they pull less out of the "Dope Bag."

Reports have been received by us regarding a coming debate between the Physical Education Department and the Military Department over the Rife Range. It seems that in the past, the sharpshooters have been practicing during certain periods of the year, a great deal was in progress. The sharp rifle of rifles brought ill effects upon the instructor and students, and thus we have a kick looming this year for the prevention of a similar occurrence. Inasmuch as it is impossible for rifle enthusiasts and their coach, Major Argo, to put silencers on their rifles, and it will not be possible to soundproof the range, there is one possible solution.

The Physical Education Department would have the rifle team abolished and suggest muzzles for those who cannot take it.

Surratt with No. 14 broke in on the Carew luck to grab Preston's weekly award at the dance Saturday night.

PROSPECTS BRIGHT FOR HEN-HAWK GRID BATTLE

By Dave Sloan

The strong and heavy St. Joseph's eleven will invade the Fraz-ler Field gridiron tomorrow in an effort to dash the hopes of the determined Blue Hen grid ters. As Coach Clark has made several changes in the make-up of the home team, it is highly possible that this quad will rep 1 anyon e attack offered by the Hawk men.

After considerable stress on pass defense and the extension of line blocking practice, the Clarkmen are clicking to the nth degree and seemingly have what it takes to send the Hawks flying home without any spoils.

Back in the game will be Lou Carey who suffered rib injuries several weeks ago in scrimmage practice. "Edgie" Graham and "Teedie" Wilson are scheduled for action as reserve material.

The game is scheduled for 2:15, when the fans, bennachers, and De la II will witness the kick-off of a contest between two equally-matched teams. The Blue Hens have plenty of rough and tough action.

Dean McCave at Convention

Charles A. McCave, Dean of Agriculture and Director of the Agricultural Extension Department and Agricultural Experiment Station at the University of Delaware, was a member of the Extension Organization and Policy for the Association of Land Grant Colleges. Dean McCave represents the Northeast States on the committee.

SUCOCCOR

HEN GRIDSTERS TASTE DEFEAT IN HOME TILT

140 Score Piled Up By Superior Mount Eleven In Home Grid Fray Last Saturday.

Before a large opening day crowd the Mount Eleven, a team that took advantage of two breaks and pushed two touchdowns across the line, won 140-49 in the first game of the season. These breaks came in the first and fourth quarter, and were the key to victory in each game. The Mount Eleven opened 140-49 in favor of the visitors.

Although the Mount Eleven was precipitated through lack of preparation, it was a game of real interest to football fans.

T. E. Supple's "Cheap Seats" were packed and the game was a complete success. Surely, he couldn't have found a better success story of his students if he tried, for the students came out in droves to cheer them on. Make it your business to be there, for this is an unusual amount of fight and spirit, every man be on your good condition regarding the Mount Eleven. If you're one of the lucky ones with ticket in hand, you'll be a part of a very enthusiastic crowd.

The outstanding players of the game were the quarterback, "Pete" Dool, and each of whom get credit for a goal. Each also placed the ball on the one yard line of the defense in fine style, ably supported by Thompson and McCord. The next few weeks will see the best of several combinations to appear at your school. There are many good athletes on the grid, and they can be expected to turn in good performances.

Coach Andy Bowdle is hard at work, finding and picking the line which will win. An interesting side line is that the Mount Eleven won by an unusual score of 140-49. If you're looking for a good game, you can't do better than Mount Eleven. It was a great game, and the crowd was on their feet for most of the game. The Mount Eleven won in style and class, and they have a great team this year.

Andy Bowdle has many new friends here.

There is here on the campus of this University a very well liked person, a member of the faculty, A. C. Bowdle. Andy has been here since 1903 and during those three years has given many friends.

In 1903 he graduated from W. C. T. C. in Tempe with honors and an academic degree in agriculture. He was a member of the Phi Kappa Rho, an honorary fraternity, four letter man in sporting circles, captain of soccer, president of his senior class.

In the fall of 1903 he went to Mt. Pleasant, Delaware as head coach of all sports, where he remained until 1908.

In 1906 he left Columbia (Continued on Page 4)
SAINT JOSEPH'S WILL BRING A SPIRITED TEAM

Coach Miller Gambling On A Will-to-Win Attitude To Beat Delaware Saturday.

St. Joseph's College will face the University of Delaware in Newark this Saturday with all eyes on the newly announced line-up they that they have not displayed this season.

Coach Miller of the Philadelphia Hawks is inclined to believe that the will-to-win attitude will carry them further than their previous full strength and continuous efforts.

Curiously enough, the two staffs who collaborated to beat Delaware last season in a thrilling 11-10 game, are nursing lingering injuries and will probably not see action.

"Back Fender," who caught the winning touchdown pass is considered to be definitely out. He did not appear in any of the pre-season games.

His forward-pass partner, Val Hartman, received a long shot injury in the last game and is listed as out, and he may be back in the lineup by the University game.

The line is harder hit, with four lads out of practice sessions. It is probable that the one or two who recover sufficiently to play in Saturday's game will besqueeze into starting lineups.

M. M. Stock, right end, is nursing a broken leg, while Ed Schevel, tackle and ticking star, is suffering from an old shoulder injury. The lads who failed to see action in last week's game due to previous injuries have been replaced in their positions. They are Frankie McLaughlin and John Smith, left guard and tackle respectively.

The Battle of Wilmington, Tommy Harvey, will be in the line-up. He is the most experienced player in the team when he was graduated from the Naval Academy in 1923. St. Mary's tilt. He is rapidly gaining strength and is expected to lead St. Joseph's on the offensive.

The Boonton School ushers in the Fairbanks needle to a 2-8-0. ruling, and is a hard man to stop when he gets going, as he proved in the Temple game.

LARGE CROWD ATTENDS FIRST COUNCIL DANCE

Welcome Dance is Social Shopping Gala In Charge of Arrangements.

A record crowd of over two hundred and fifty persons packed the Home of the Chateau last Saturday night, October 30, when "The Kentuckians" played for the Student Council Welcome Dance. Jack B. Manns, Chairman of the Committee, has been commended for making this affair a pronounced social and financial success with an estimated profit of about one hundred dollars.

The arrangement and preparations for the affair were Miss M. B. Eastbrook, Miss H. B. Hartshorn, Dr. and Mrs. Frank S. Harker, Miss Alice F. Harker, and Mr. and Mrs. Lyon Clark.

Organ Recital Scheduled By Firmin Swinnen Nov. 5

Mr. Firmin Swinnen, master of the college, will present his first organ recital at the Delaware on the evening of November 5.

Mr. Swinnen will be remembered Mr. for his window which nestled many enjoyable concerts at Longwood Gardens. home of Mr. Piers and other artists.

REVIEW AGAIN ISSUES PHOTO SUPPLEMENTS

Collegiate Rotogravure Section to Present Unusual Camera Views of Life and Developments.

This year's Review is again publishing the "Collegiate Digest," pictures section.

Featuring a new style of indi- vidual presentation, "Collegiate Digest" will present picture news of importance and unusual developments in education, science, extra-curricular activities, sports, faculty and student projects, and the viewpoint of activities that make up the college experience. Concerning the events pictured will be concise and complete, leaving no doubt in the mind of the reader as to their actual interest and importance.

In addition to the regular news- paper section, "Collegiate Digest" will present many photo features in its appendices, picture presentations that take the reader behind the scenes to give him a complete picture of the work of particular individuals and groups that make up the campus. The students of Delaware College are urged to send their pictures of interest and news for publication to "Collegiate Digest," pictures section.

The lieutenant colonel is in charge of the band are Captain W. Manns, plans and execution of battery and platoon officers. This year THE DEPAULIAN, the student newspaper, will publish many photo features in its appendices, picture presentations that take the reader behind the scenes to give him a complete picture of the work of particular individuals and groups that make up the campus. Students of Delaware College are urged to send their pictures of interest and news for publication to "Collegiate Digest," pictures section.

On Wednesday night, November 2, Mr. Manns spoke of the manifold Developments. The "Debater" section of the magazine will discuss the subject of "The Right to Strike, and Whether or Not It Should Be Permitted" during the next school term. "The Debater" will appear in the Thursday edition of the magazine, and the "Debater" digest will appear on the Friday edition of the magazine.

Mr. Marshall Manns is co-chairman of a committee to be named the "Debater" section of the magazine.

NEW SOCIOLOGY INSTRUCTOR STUDYING FOR MASTER'S DEGREE

The Department of Sociology of the University welcomes the services of Dr. J. S. Gould, in charge of the advanced study program of the new Parent-Teacher Association. Dr. Gould has been a member of the University's faculty since 1930, and is well known for his contributions to the field of sociology.

One of his major contributions has been the development of a new course in social psychology, which is designed to help students understand the complex interactions of human behavior in society. The course will be offered in the fall semester and is open to all students with an interest in the field.

One of Dr. Gould's most notable contributions to the field of sociology has been his work on the sociology of education. His research has focused on the role of education in shaping social inequality and has led to the development of new theories of social mobility.

Dr. Gould's work has been widely recognized and he has received numerous awards for his contributions to the field. He is a member of several professional organizations, including the American Sociological Association and the American Academy of Political and Social Science.

In addition to his academic responsibilities, Dr. Gould is also involved in community service. He has served on the boards of several local organizations and has been a vocal advocate for social justice.

Dr. Gould has authored numerous articles and books on sociology, and his work has been cited in hundreds of academic publications. His latest book, "The Sociology of Education," is scheduled to be released next year.

Dr. Gould's appointment to the Department of Sociology is a testament to the University's commitment to excellence in teaching and research. It is expected that his contributions will continue to enhance the quality of education at the University and to advance the field of sociology as a whole.

E. J. Wilson

Attention Adminis! This seems that a professor was giving a lecture on the health of one of the world's most primitive societies. "Drink lots of water; it keeps you from getting stiff in the joints," he said. One of the students got up and took the floor immediately, arose and corrected him. "It's not in between the toes and is called gan-der. If I was a gander, I'd rather be a goose, when they get big, has curl rant which read, keep him from sinking. Some geese, when they get big, have curls on their tails and is called gan-der. If I was a goose, I'd rather be a gander."
Stiffening A Line

Gaineville, Fla. — (A C P) —
They're even putting starch into the backfield men at the University of Florida. So you see it isn't just a matter of stiffening up that line.
The seventy ravens gigantic of the football squad are fond of potatoes, eating about 600 pounds of them each week—which amounts to about 9 pounds and one-half for each player.
In addition to eating together, all of the varsity men live in the same building. Living under one roof, according to Trainer Stanley Harper, promotes better relationships between the men.
There are numerous other advantages. The fellows are not disturbed as much as they would be if living at the customary dorms, fraternities, or boarding houses. The rules of the house assure each man conditions congenial to enjoying enough sleep.

Safety In the Locker Room

Chicago, Ill.—(ACP)—Notices—
coaches and trainers! In view of the recent fatal accidents that occurred in the Purdue football camp, special precautions should be exercised so that no more athletes will be added to the list.
Dr. Morris Fishbein, in an editorial in the American Medical Association Journal, explains how danger of explosion and burning can be eliminated or at least be greatly minimized by a wise selection of solvents for the purpose of removing adhesive tape from athletes' bodies.
"One preparation," says Fishbein, " consists of 98 per cent dichloromethane and is completely non-inflammable. The ether, a mixture of about 50 per cent carbon tetrachloride, 40 per cent acetone, and a small amount of sassafras oil, will burn but will not explode."
Noble E. Kizer, director of athletics at Purdue, has said since the recent accident that only non-explosive solvents would be used by the University athletic department in the future in removing tape from the players' bodies.
Kizer hopes that coaches and trainers all over the country follow this example and prevent similar disasters.

Women drivers react more slowly than men in time of braking emergency, according to findings of a series of scientific tests given at Pennsylvania State College.

News Staff Meeting

A meeting of the news staff of The Review will be held Tuesday, October 30, at The Review office in Old College, at which time new and revised assignments will be made. The time of the meeting is the College Hour Period. New applicants may come if seriously interested.

Personality Points

Boston, Mass.—(ACP)—Do you want a second date with vivacious Virginia, the gal you had out for the first time the other night? Are you going to get it?—is the next question you want to ask yourself.
No, that secret formula for absorbing personality in twenty four hours hasn't been discovered yet. Women of Boston University have merely disclosed their particular phrases against certain males with whom they wouldn't care to date again, and it sounds like a fairly reasonable list of criticisms:
"Don't punt all the time."
"Don't spend less than $.75 for a dinner."
"Don't wear red neckties and don't go without garters."
"Don't kiss on the first date."
"Don't eat onions, chew gum, or drink when out on a date."
"Don't ask a gal to spend any money."

Council Heals Grubb

Speak On Sport Fee

(Continued From Page 1)
A plan, advocated by one of the members of the Council, seems to have met with approval from Mr. Grubb. This plan, in effect, advocates the allotment of a certain percentage of the Athletic Fee to the Athletic Council.
Elsewhere is printed a copy of the report presented by Mr. Grubb to the Council.

Puppets' Play Staff Is
Made Up Of Experts

(Continued from Page 1)
remind you that the tickets for this very fine production are for sale at a new low this year, and that seats may be reserved every afternoon at that rather trite but inevitable hour of 4.10 at Mitchell Hall.
