Annual Spring Frolic
Again at Armory

Frolic Not But Get Hurt!
To Be Slogan of Delaware Spring Activities

The annual Spring Frolic of the University of Delaware will be held in the North Armory, Monday afternoon, April 17, at 2:30. Dancing will be from one till two, daylight savings time.

To date on anchor, 150 have been signed, but the committee in charge are differing with the C.R.S. and N.C.R. artist about background.

As this is to be a Sport Dance, all attendants are expected to wear sport clothes in keeping with the spirit of the occasion.

The price for tickets this year will be $1.00 for Delaware students and $1.25 for non-Delawarians. Tickets will go on sale each Tuesday morning and will be obtained from any member of the Student Council.

The committee in charge of dance is as follows: General Chairman, A. E. Schall; Committee, Miss J. D. Kominsky; Decorations, Neal Cook; Tickets, Max Mayer.

end of it is an inspiration to any student to generously want to live his own life.

"Well, that may be," the reporter conceded, "but a problem isn't necessarily the most interesting . . ."

"Oh, yes it is, if it is handled by the right people. "E.H. Fund" has chosen this play because it believes there is a need for the contemporary treatment if properly produced. "E.H. Fund" has been a supporter of the arts for several years.

That means not only a support and encouragement of the arts, but also a showman. Maybe our students, bored with pedagogical pedantry, have forgotten that men like Ibsen were not men and not important in the eyes of the public. Delaware did not write with an eye to be better Freshman English class, but that he had the eye upon the audience and popular demand. What about the score of the Tarantella, or Doctor Faust's gayest moment in which, knowing he is about to die, he utters his final, wild, and nearly famous, "dramatis personae"—dramatising the death. The eyes have heard the dead people's words. Everyone has been there.

There remains the question of a good production. I assure you, that a good production, that it has into this play, and it sole would desire the writing of the players when they promise the audience.

"Well, Mr. Kaese," said the reporter pocketing notebook and other "E.H. Fund" emblems as he left the front door of 'A Doll House' after a spectator of the first text, "I'm going to report the text posted during the weeks of result.

"I certainly will," promised the director. "I'm going to report Ibsen is one thing: to see his plays acted in an Delaware was one of the last time. You come to Mitchell Hall on May 14. The dramatic critic of the Delaware Women's College May Day Page."

TEST FOR THE COLLEGES
College students and administrators are facing an important problem. Legalization of 3.2 per cent beer has been effected by Congress, and the question now arises as to what regulations, if any, will be found necessary to make desirable in the nation's several college communities.

No sensible person would be so naive as to believe that there has been no drinking among college men during the prohibition era. But the fact is that the essence of drinking is one of the obscure varieties a fact which has tended to keep it somewhat out of sight. Legal beer, however, will bring the whole problem out into the open. With the establishment of authorized drinking places, illicit beer will enjoy good standing and will be much more readily available than they have been since 1920.

It behooves students and administrative officials alike to promote the idea of rational enjoyment and reasonable restraint from the very start of the new experiment. Education should develop self-control, and the people may well look to the colleges for an example of steady conduct in a period of social change.

A premature effort should be made on every college campus, within the weeks immediately ahead, to discourage thoughtless excesses and reckless celebrations. The college reaction will be watched closely, and critics will be squarely up to the American student to show that he has a level head.—Rider College News.

F o r e x a m p l e

In response to a request from John A. Lang, president of the National Education Association of the United States, we are taking this following poll on pacificist intentions in case of a war. We are sincerely interested in knowing whether or not you are so blinded by what we would gladly give our life to accomplish that we are willing to sacrifice our children in the attempt to achieve that end. We do not doubt the sincerity of those who will come out in the vast number of pledges of those who will never go to war under any conditions. We do, however, doubt the sincerity of those who, by voting up the vast number of pledges of those who will never go to war under any conditions.

The poll is a meaningful ideological scheme, but it is done without considering the conditions as to militarization prevalent in all the other nations of the world. Refusing to study military courses because of pacifism is as silly as refusing to care for one's body because one has no desire to become as healthy. The proper means of achieving the desired end is not by making our youth a nation of chokers and by breaking down the morals of our nation but by giving them a true insight into the working of international affairs and the fully and needlessly of war. We feel that the time to express one's pacifism is not after war has been de
d and in bending every effort to prevent the declaration of war. Once war has begun it is the duty of every citizen of these United States to bend every effort to the prosecution of that war to a speed at which the world will come to realize the importance of citizens who place the church of her production and refuse to protect her frontiers from waste and destruction. We do not call them “fanatics,” “communists,” or “Bolsheviks”; we merely say to them:—We pity you, erring brothers, for your sincere ignorance. We are willing to pardon you and welcome you into our fold, but of you wait on being recognized and where country needs you—then you shall suffer and be damned.

We trust that this University will think seriously and carefully before he signs his blank and places it in the University mail. The purpose of the signature is merely to be checking returns—all ballots will be destroyed and no names will be revealed.

To the Editor of the Review:
It is my present intention to register a call to military action in the event of a war of any character involving the United States.

Names will not be revealed.

Outside Our Campus
By NAD

A dark, ram-filled corridor, — windows open through which the wind howled, tossed the curtains of men's uniforms. Darkness shatlered by constant and vivid lightning. Men standing calmly at their posts peering into the night. Eerie confusion in course of fifty feet. The men were finally ordered by Commander McCord — the great ship anchored in the cabin — men going about their work. Four men dropped — all in vain — the men in a desperate fight for life — all the tragedy of the last hour of the great airship. Nature in the raw!

The famous Stoeken who was born on the Dutch public school and makes his money in America. He is the former president of the U. S. very securely. G. B. Shaw is laughing at America and America is laughing at G. B. Shaw.

Mayhap, it is a question of the radio mike, — proba
cably because it is the only thing that doesn't wash under his barrage of witticisms. He defined political science in his talk because he doesn't believe anyone understands it. Oh, pshaw, George.

Some observers consider it a fallacy to quote to George Bernard Shaw when a country accused-filled Madison Square Garden recently to listen to his address, especially since it is a well known fact that Calvin Coolidge failed to fill the square at his last appearance there. However these observers fail to re
call that Barnum and Bailey's Cir
cus also succeeded in filling the place to capacity.

Roosevelt is taking full advantage of a die-hard Congress and fa
dable through his measures. He has called for a four Tennessee Valley Proj
ect, flood control and reforesta
tion. He is about to propose, forest, river and farm development, the building of a large food plant at Muscle Shoals. In his last message to Congress, he embolden
d pointed out that "many hard
less have taught us the human waste that results from lack of planning." He stated, in closing, that the country in the past had "just grown," resulting in much human waste.

Fishermen of Providence, Rhode Island, declare, think the return of the night
will create a demand for salt fish and do not care what the ‘irrigators who pluck the blooms of her production and refuse to protect her frontiers from waste and destruction. We do not call them "fanatics," "communists," or "Bolsheviks" merely say to them:—We pity you, erring brothers, for your sincere ignorance. We are willing to pardon you and welcome you into our fold, but of you wait on being recognized and where country needs you—then you shall suffer and be damned.

We trust that this University will think seriously and carefully before he signs his blank and places it in the University mail. The purpose of the signature is merely to be checking returns—all ballots will be destroyed and no names will be revealed.

SIXTY-EIGHT EARN PLACES ON HONOR ROLL

(Continued from Page 1)

Students who were graduated from a four-year high school and attended another preparatory school for one year before entering the University of Delaware are classified as representing the school from which they were first
graduated.

Sixteen other high schools and preparatory schools of the state were represented by students in the college but not on the Honor Roll.

Scholastic Standing of Fraternities

The average scholastic standing of each of the six Fraternities was as follows: Kappa Alpha 1.56; Sigma Tau Phi 1.45; Sigma Phi Epsilon 1.36; Sigma Chi 1.25; Theta Chi 1.15; Phi Kappa Tau 1.26.

The average of students who were members of fraternities was 1.27; the average of students who were not members of fraternities was 1.12.

Scholastic Standing of Classes

The average scholastic standing of each of the four classes was as follows: Senior Class 1.18; Junior Class 1.29; Sophomore Class 36; Freshman Class 36.

A negro student in Dursen's is using for admission to the Univ. of North Carolina. According to his recently filed petition, he was denied admission on the grounds that he was a Negro.—Tart Ellet.

TONIGHT'S THE NIGHT

... for a Telephome Date with Home!

GO HOME tonight by telephone—It's the work's big thrill! There's a budget of news... a host of questions... a family reunion waiting for you.

It's surprisingly inexpensive after 8:30 P.M. STAND
ARD TIME (9:30 P.M. Daylight Saving Time). Low
Night Rates then apply on Station to Station calls.
A dollar call is only 60 cents at night; a 60 cent call is 35 cents!

Just give the operator your telephone number (that's the way to make a Station to Station call), Then, before you hang up, fix the date for next week's call. You'll agree that a regular telephone "date" with Home is next best to being there!
Delaware Baseball Team Wins Two And Loses Four

Hudson, Riley, And E. Thompson Play Well

Delaware's baseball representative, E. Thompson, and his team traveled to the Southland last Saturday when they lost a close and hard fought battle to Hampden-Sydney College 2-1. During the week, "Doc" Thompson and his teammates, Hudson, Riley, and E. Thompson were the hitting stars of this game.

Delaware 1—Hampden-Sydney 2

Showing a reversal of form from the preceding day, the Blue and Gold nine put up one of their finest exhibitions of the entire Southern trip against Hampden-Sydney in this game. Hampden-Sydney defeated Delaware 2-1, but old man hard-hitting seemed to be trailing the Blue Hen nine in the third inning. While "Ed" Thompson and "Irish" O'Connor gutted doubles and Minter hit a single, all in vain, and the John Deere nine did not score a run.

Rardo Announces Swimming Dates

Coach Ed Paro has announced the dates for the various events in the intra-mural swimming meet. Following are the events and the places which they will be run:

EVENTS
April 11
1. 50-yd. Freestyle
2. 200-yd. Freestyle
3. 200-yd. Backstroke
April 12
1. 100-yd. Butterfly
2. 100-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
April 14
1. 200-yd. Freestyle
2. 200-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
March 18
1. 200-yd. Freestyle
2. 200-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
April 19
1. 200-yd. Breaststroke
2. 200-yard Medley Relay (3 men)

Delaware Golfer Wins Over St. Joseph, 6-3

Meet Saturday at 3 p.m.

St. Joseph's College golfers dropped a 6-3 decision to the Blue Hen nine in one of their finest exhibitions of the entire Southern trip against St. Joseph's College in Wilmington. Turks Ward, Moore, and Wilson won their singles matches and gave the Delaware squad a commanding victory.

In the double matches, Pettit teams with Ward and Moore played single, all in vain, and the John Deere nine did not score a run.

Frank Ford played well in this game.

Delaware's baseball team is scheduled to play the following dates in the intra-mural swimming meet:

EVENTS
April 11
1. 50-yd. Freestyle
2. 200-yd. Freestyle
3. 200-yd. Backstroke
April 12
1. 100-yd. Butterfly
2. 100-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
April 14
1. 200-yd. Freestyle
2. 200-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
March 18
1. 200-yd. Freestyle
2. 200-yd. Breaststroke
3. 200-yard Medley Relay (3 men)
April 19
1. 200-yd. Breaststroke
2. 200-yard Medley Relay (3 men)

H. C. JAQUITTI TO SPEAK

(Continued from Page 1.)

Red Cross and Turkish Red Crescent members established to effect the return of Greek prisoners from Turkey to Greece.

Mr. Jaquith is regarded as an expert on all Near Eastern questions and frequently has acted in official and unofficial capacities for various governments. He has contributed a number of articles upon the Near East to various magazines.

He was one of the founders of Ahearn College, Athens, Greece, and is one of the Trustees.

While in Paris Mr. Jaquith was connected with the American Mission to Negotiate Peace and was a member of the American Mission to Poland of which Hon. Henry Morgenthau, former ambassador to Turkey, was chairman. He also co-operated, on behalf of the Near East Relief, with Herbert Hoover, then United States Food Administrator, in securing the appointment of William R. Haskell as Allied High Commissioner to Armenia and was in constant contact with the American Relief Administration activities in Europe.

Mr. Jaquith returned to the United States in 1927, and when the Near East Foundation was incorporated in 1930 to succeed Near East Relief, he was appointed to his present post as one of its directors. He is president of the New York Rwanda Club, and recently was elected to the presidency of Illinois College.

Faculty Inaugurates New Plan

Intra- and Inter-Departmental Class Visiting

One tangible result of the faculty study of the problem of good teaching which has been going on at the University for the last two years is a plan for the rotation of classes which was unanimously approved last Thursday by Heads of Departments and Deans.

According to this plan, there will be free and frequent interchange of visits among all members of the teaching staff. The Dean and the President are also invited by the professors to do as much as possible of this class visiting.

The visitor will feel at liberty to stay for the whole class period or for only a part of it, as his time and other engagements may permit. Through this friendly and informal exchange of calls, members of the faculty hope to learn much from one another as to aims and methods and as to the reactions of students to particular conditions.

There is a marked tendency for American colleges and universities to get away from the honor system in examinations, according to Dr. John R. Effinger, dean of the Library College of the University of Michigan.—|Duke Chronicle|

IMAGES:

One of Napoleon's soldiers roasts to fame on the "Burning Oven" trick. A roaring fire was built in an oven. . . the temperature rose to 600° F. In less than one-sixth of a second the coins were cooked the "fire king." M. Chabert, carrying several raw steaks. A few minutes later the doors were thrown wide and out he stepped . . . safe and sound . . . with the steaks thoroughly cooked.

EXPLANATION: Heat seizes. When Chabert entered the oven he hung the steaks above the fire, in the center of the oven, then dropped to the floor at the side, covering his head with a hood made from his shirt. He breathed through small air holes in the floor. When the steaks were cooked he threw back the hood, grabbed the steaks, and stepped out in triumph.

It's fun to be fooled...it's more fun to KNOW

"The Burning Oven" is an old illusion which has played a leading role in cigarette advertising. Its modern name is "Heat Treatment."

EXPLANATION: All cigarette manufacturers use the heat-treating process. Cheap, harsh, raw tobaccos require intensive processing under high temperatures. The more expensive tobaccos, which are naturally mild, call for only a moderate application of heat.

The first Camel cigarette was manufactured under the heat-treating process. Every one of the billions of Camelts produced since has received the necessary heat treatment. But remember that heat treatment never makes cheap, inferior tobacco good. It is not in heat treatments, but in more costly tobacco and fine blending, that Camels find their appealing mildness and flavor.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

You sense this quality in the mildness...the distinctive flavor...of Camels. More costly tobaccos and a blend tell the story of Camel leadership in public confidence.

Try Camels. Judge them critically. Compare them with others for mildness, for throat-case, for good taste. Try your taste to tell you to fresh and cool...in the air-light, sealed Humidor Pack that keeps dryness outside and freshness inside.

NO TRICKS...JUST COSTLIER TOBACCOS

IN A MATCHLESS BLEND
