MEXICAN BEAN BEETLE REVIVES LOCAL GARDENS: COUNTY AGENT TELLS HOW TO DESTROY PEST

For the vegetable gardener in
Newark and other towns and
rural sections, the Mexican
Bean Beetle may be an enemy that
has been harbored in the home
garden for years and not yet
noticed. The beetle is a destructive
pest of beans and peanuts.

This insect, which is known in
the United States as the "tortoise-
shell beetle," is about the size of
a small pea and has been found
in New Jersey.

The beetle is a destructive pest
of beans and peanuts.

In recent years, the insect has
been found in New Jersey.

The insect, which is known in
the United States as the "tortoise-
shell beetle," is about the size of
a small pea and has been found
in New Jersey.

In recent years, the insect has
been found in New Jersey.

It will be necessary to use
sprays to destroy the pest.

Elkton

Charles Newall of West Virginia, while mining at the Elkmont No. 1 mine on Sunday morning, was thrown from a massive piece of coal which had just fallen from a height of several feet. He was taken to the hospital where he died from injuries sustained.

A. C. Ralston, who has been absent from the town for several weeks, returned home yesterday on account of ill health.

The Elkton Fire Department was called to the aid of a mother and daughter who were trapped in their home by fire. The fire was caused by a carelessly discarded match. The firefighters worked quickly to extinguish the blaze and rescue the occupants.

The Carnival

For fifty-two weeks a year, the Acta Hose, Hook and Ladder Company, a fire protection force, protection, protection, and protection annually from the perils of fire. This is a sectional business which Acta vigorously supports and effective and agreeable that this honor has been taken for granted. If there is another fire company in a city in the United States, it has fought a greater war than that of Acta, we have to give the heat.

TOWN MEMORIAL DRIVE STARTED WITH MEETING

As stated and the idea of restoring the Newark Aetna Carnival, which has grown so large and wide in repute, is a combination of social and economic progress. The committee promises more in the Aetna Carnival this year. That is the solution to the problem of what to be known as the "Newark Memorial Committee" and its millions. Officers were elected and investigations started to determine the cost of various corsos of the city.

The Poor Richest Nation in the World

By J. L. Overmyer, U. S. Engineer

(Continued from Last Week.)

The Younger generation began to include members who had served in the armed forces. They had big cars and new and refined clothes. They entered baseball and other games. Indians were beginning to find ways and means to make money. They, so to speak, unawaresly, came into their reservation and realized on a small scale. Here the black gold flou from the oil wells, oil and gas, and coal. The oil and gas are huge, and the coal is limited. However, the Indians have not yet acquired the legal guardian over the mineral rights. But the oil and gas are an important means of income for the Indians. The Government has extended the Indians' purchase power, which was not one-fourth of the value of their holdings, to one-fourth. This is due to the fact that the Government has the legal guardian over the mineral rights. The coal is an important source of income for the Indians. The Government has extended the Indians' purchase power, which was not one-fourth of the value of their holdings, to one-fourth.

Vice President Curtis "Inscruttable Indian"

The biography of Vice President Curtis is in the context of this article and is not repeated here. However, it is important to note that Curtis was a key figure in the Indian administration, and his policies had a significant impact on the lives of the Indian tribes. His approach to Indian policy was often seen as inscrutable, and his actions were often met with criticism.

Newark drops league game

Scores 4-3 To Chesapeake City

On Fraser Field, Last Night

Newark Plays Liberty Grove, Hose, Saturday

The Newark baseball team of the Tri-City League lost a tough game to Chesapeake City, yesterday afternoon, by a score of 4 to 3. With the win, the home team moved into third place in the league.

Chief appointed

Renowned Horse of the Osage Nation

Solicitor of Indian Affairs, Charles J. Bschläger, has announced the appointment of a new solicitor for the Osage Nation. The Solicitor is a man who has served with him in the past, and has shown a marked interest in the welfare of the Indians. He is well known to the Indians, and is respected by them. He is said to be a fair and just man, and will work for the best interests of the Indians.

SEEDS

For Full Gowing

Turnip - Spinach - Kale - Winter Radish

Kinds: "Winter Stumper" and "Fighter".

Effectiveness, divide in equal shares, the money, and pay the Indians. In one of these cases, the Indians were paid in cash and his full income per capita. Remarried, and split with him the restricted allotment.

Lessons of the trip were important to the Indians. The Government has extended the Indians' purchase power, which was not one-fourth of the value of their holdings, to one-fourth. This is due to the fact that the Government has the legal guardian over the mineral rights. The coal is an important source of income for the Indians. GREAT DEMAND FOR MUNDORFF'S DRINKS

Word has just been received from Theodore Krugner, of Krugner's Battery Service, Wilmington distributor of Prest-O-Lite's Strange Batteries, that the Prest-O-Lite Strange Battery Corporation has recently taken delivery of a Ryan 10-cylinder plane to be used as a "fly off" by Prest-O-Lite executives as they travel about the country calling on Prest-O-Lite distributors.

The ship is a big drop in the "Spit of St. Louis" which Lindbergh flew across the Atlantic. The rear compartment has been fitted out with a dressing room and cabin, and comfortable seats. Mr. Krugner states that he is arranging for the "Prest-O-Lite" to visit Wilmington in the near future.
