- The Garden Club will meet on November 23rd.
NEWARK HIGH TROUNCES
WILMINGTON HIGH'S BEST TEAM 13-0, SATURDAY

Biggest Upset Wilmington Loses Have Had This Year, Had
Gallagher's Crew in Their Tip-Off

Wilmington High football squad was the most exciting of them all when the Wildcats, led by Art Forgues' strong 5-foot, 125-pound line, and then a 6-foot 2-inch star back in the personnel of former star halfback, Donnie and Rogers gained ten yards on the ground in the first five minutes of play. From then on, it was all Wildcats as they continued to gain yardage in the second quarter to bring home a 13-0 victory.

Spend Your Money—WHERE?

As the holiday buying season approaches every loyal citizen of Newark (if they have money to spend) should try and spend as much as possible with merchants in Newark.

Shop in Newark First

You will find all the merchants more than willing to serve you, and serve you well. This not only applies to the Holiday buying, but every shopping day in the year.

There is not hardly a day that the merchants and business men of Newark are not solicited for cash or gifts for some worthy person or organization.

County Home Demonstration Agent Helps Farmers Wean Lactating Cows, Produce Butter Without Dairy
The "past the year or so, we have seen many farmers complain of the low prices that they are getting for fresh milk, and these are the very same farmers that have a lot of their cows in the milk business," said Mrs. Mabel H. Dean, county home demonstration agent for New Castle County.

Maryland has had a severe bathtub disease in the last few years. But through the efforts of Dr. T. V. Tschachowsky, secretary of the Maryland Department of Agriculture, the disease has been brought under control. The disease is caused by an infection of the milk-producing glands, and it is estimated that 10 to 20 per cent of all dairy cattle in the state are affected. The disease is spread by contact with infected cattle, and it is important to keep the premises of the farm clean and free from flies and other pests.

Statement of Organization and Policies of Welfare and Unemployment Committee
Organized by the Mayor of Newark

1. The Committee is to be known as the Mayor's Central Committee on Welfare and Unemployment.
2. The object of the Mayor's Central Committee is to coordinate the activities of the various welfare and unemployment organizations in the city.
3. The Mayor's Central Committee will meet at regular intervals to discuss and plan strategies for the relief of unemployment in the city.
4. The Mayor's Central Committee will attempt to obtain information from all welfare and unemployment organizations in the city.
5. The Mayor's Central Committee will make recommendations to the city council.
6. The Mayor's Central Committee will work towards the establishment of a central clearing house for all welfare and unemployment organizations in the city.

Tea House Destroyed
In $10,000 Fire
Eleven P.M., Thursday Evening
The Tea House, one of the old institutions of Newark, was destroyed by a fire in its basement. The fire was discovered early this morning and extinguished by the fire department.

Organic Cocktail
at Mitchell Hall
The organic cocktail, a combination of fresh fruit and juice, is becoming increasingly popular in Newark. It is a healthy and nutritious drink, and is a good source of vitamins and minerals.

Rittenhouse Cane's Votes in Official Census
According to the official census rolls of the state, the Rittenhouse family, who have lived in New Castle County for many years, is represented by 16 members. The family is divided into two branches, the Rittenhouse of New Castle, giving 9 votes and the Rittenhouse of Kent County, giving 7 votes. The family is well respected and is active in public affairs. The census shows that the family has increased in numbers and is still growing.

Paul Gelt Receives $100 Scholarship from the Baltimore & Ohio Railroad
The Baltimore and Ohio Railroad Company has awarded a $100 scholarship to the Rittenhouse family of New Castle, for the most outstanding family. The family has been selected for the scholarship because of the family's contributions to the community and the state. The scholarship will be used to support the family in their community service.

Two million relief bill drafted and presented at special session of legislature

To Be Vested in a Temporary Emergency Relief Commission

The text of the $20,000,000 relief bill for Delaware was presented to the legislature last week by the special session of the legislature. The bill was passed unanimously by both houses and will go into effect immediately.

The bill provides for the establishment of a Temporary Emergency Relief Commission which will be responsible for the administration of the relief fund.

The relief bill is aimed at providing assistance to those in need due to the ongoing economic crisis. It includes provisions for direct relief grants, job placement assistance, and vocational training programs.

In addition to the immediate relief measures, the bill also contains provisions for long-term economic development, including support for small businesses and agricultural communities.

The legislation has been welcomed by many as a needed step in addressing the severe economic challenges facing Delaware. The state's lawmakers have praised the bill as a comprehensive and effective solution to the crisis.

In conclusion, the two million relief bill drafted and presented at special session of legislature will provide much-needed assistance to those in need. The temporary emergency relief commission will ensure that the funds are administered effectively and efficiently. This legislation is a significant step forward in addressing the economic challenges facing Delaware.
MANY EXHIBITORS WIN PRIZES AT NEW CASTLE COUNTY FARM AND HOME PRODUCTS SHOW

(Continued from Page 1)

Poultry showed the same amount of interest as on any other day. A two-legged winner was on the block for the large breed, and a young winner for the small breed. The first prize was awarded to Mr. W. A. Gifford, Stanton, for a large breed rooster, and a second prize to Mr. R. W. Roberts, Newark, for a small breed rooster.

Various members of the Newark Grange also received prizes for their exhibits. Mr. F. F. Moore, Newark, won second prize for his exhibit of grapes, and Mr. J. H. Mitchell, Hockessin, won third prize for his exhibit of corn.

A number of other members also received prizes for their exhibits, including Mr. F. A. Weir, Hockessin, who won second prize for his exhibit of peaches, and Mr. J. H. Colmery, Hockessin, who won third prize for his exhibit of carrots.

The exhibit of peaches was especially noteworthy, as the members of the Grange had worked hard to produce the best possible fruits. The exhibit included a variety of peaches, from early to late, and the members were able to show the superiority of the local produce.

The exhibit of corn was also impressive, with members of the Grange showing a wide variety of different types of corn. The members had worked hard to cultivate the corn, and the exhibit showed the hard work that had gone into the production of the crop.

The exhibit of grapes was another highlight of the show, with members of the Grange showing a wide variety of different types of grapes. The exhibit included a variety of grapes, from early to late, and the members were able to show the superiority of the local produce.

The exhibit of tomatoes was also impressive, with members of the Grange showing a wide variety of different types of tomatoes. The exhibit included a variety of tomatoes, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of bell peppers was also noteworthy, with members of the Grange showing a wide variety of different types of bell peppers. The exhibit included a variety of bell peppers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of cucumbers was also impressive, with members of the Grange showing a wide variety of different types of cucumbers. The exhibit included a variety of cucumbers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of carrots was also noteworthy, with members of the Grange showing a wide variety of different types of carrots. The exhibit included a variety of carrots, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of onions was also impressive, with members of the Grange showing a wide variety of different types of onions. The exhibit included a variety of onions, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of garlic was also noteworthy, with members of the Grange showing a wide variety of different types of garlic. The exhibit included a variety of garlic, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of beans was also impressive, with members of the Grange showing a wide variety of different types of beans. The exhibit included a variety of beans, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of corn was also noteworthy, with members of the Grange showing a wide variety of different types of corn. The exhibit included a variety of corn, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of tomatoes was also impressive, with members of the Grange showing a wide variety of different types of tomatoes. The exhibit included a variety of tomatoes, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of bell peppers was also noteworthy, with members of the Grange showing a wide variety of different types of bell peppers. The exhibit included a variety of bell peppers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of cucumbers was also impressive, with members of the Grange showing a wide variety of different types of cucumbers. The exhibit included a variety of cucumbers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of carrots was also noteworthy, with members of the Grange showing a wide variety of different types of carrots. The exhibit included a variety of carrots, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of onions was also impressive, with members of the Grange showing a wide variety of different types of onions. The exhibit included a variety of onions, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of garlic was also noteworthy, with members of the Grange showing a wide variety of different types of garlic. The exhibit included a variety of garlic, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of beans was also impressive, with members of the Grange showing a wide variety of different types of beans. The exhibit included a variety of beans, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of corn was also noteworthy, with members of the Grange showing a wide variety of different types of corn. The exhibit included a variety of corn, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of tomatoes was also impressive, with members of the Grange showing a wide variety of different types of tomatoes. The exhibit included a variety of tomatoes, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of bell peppers was also noteworthy, with members of the Grange showing a wide variety of different types of bell peppers. The exhibit included a variety of bell peppers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of cucumbers was also impressive, with members of the Grange showing a wide variety of different types of cucumbers. The exhibit included a variety of cucumbers, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of carrots was also noteworthy, with members of the Grange showing a wide variety of different types of carrots. The exhibit included a variety of carrots, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of onions was also impressive, with members of the Grange showing a wide variety of different types of onions. The exhibit included a variety of onions, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of garlic was also noteworthy, with members of the Grange showing a wide variety of different types of garlic. The exhibit included a variety of garlic, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of beans was also impressive, with members of the Grange showing a wide variety of different types of beans. The exhibit included a variety of beans, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

The exhibit of corn was also noteworthy, with members of the Grange showing a wide variety of different types of corn. The exhibit included a variety of corn, from early to late, and the members were able to show the hard work that had gone into the production of the crop.

PAY CULINARY TRIBUTE TO THANKSGIVING DAY

There is no greater Thanksgiving Day tribute than a delicious Roast Turkey dinner with cranberry sauce, novel potatoes, and ginger pumpkin pie. Thanksgiving can be an outstanding one for you and your family. Here is the meal that will make it outstanding — it is a Pilgrim Turkey Dinner adapted to the spirit of 1932.

TO EAT OR OYSTER COCKTAIL

SMOKE ROAST WITH CLUSTER OF SAUCE STUFFING

MISSED WHITE POTATOES

BRUSSELS SPROUTS, CAULIFLOWER, BROCCOLI

CRANBERRY SAUCE

CELERY SALAD

JAM AND MINTS

BREAD AND BUTTER

WASHED SALAD WITH CHEESE WAFERS

PUMPKINS PIES WITH WHITE JELLY TOFFEE NUTS AND MINTS

SAGE STUFFING

1 cup Sage or other spice
1 cup whole cloves
1/2 cup raisins
1/2 cup salt
1/2 cup pepper
1/2 cup sage

Mix the fat in a kettle, add the spices, and simmer for a few minutes. Add the bread crumbs, season with salt, pepper, and sage, and stir until well mixed and hot.

CHRISTMAS STUFFING (A 2-POUND TURKEY)

1 pound stove
1/2 cup chopped onion
1/2 cup chopped celery
1 cup chopped parsley
1/2 cup butter or other fat
2 tablespoons powdered sage
1 to 2 tablespoons powdered salt, pepper

Melt the fat in a skillet, add the celery, onion, and parsley and sauté until tender. Add the butter and sage, season with salt, pepper, and sage, and stir until well mixed and hot.

ROAST TURKEY

Score the turkey, remove the skin, season thoroughly, and dry, crisp the skin over with salt. Add the bread crumbs, season with salt, pepper, and sage, and tie a piece of the broiler ham under the joint, and turn the turkey skin side up. Bake for 1 hour and 20 minutes. The turkey is done when the temperature is 165 degrees F.

To a young turkey, put the bird on its back on a rack in an open roasting pan. Brown lightly in a hot oven (350 degrees F.), then reduce the heat to moderate (300 degrees F.) and continue to roast until tender. Baste occasionally with the drippings. Allow about 15 minutes per pound for roasting.

To CARVE A TURKEY

1. Have a very sharp knife and a carving knife.
2. Place the turkey on its back with its back toward you. Hold the bird by the breast bone with both hands.
3. Cut through the skin between the leg and the body.
4. Separate the drumsticks from the thigh by cutting through the joint.
5. Slice the meat into long, wide portions.
6. Remove the wing by cutting down through the joint close to the bone.
7. Carry the breast meat in this order.

HERALD OF CATTLE RUN

Into At Oglontown

An astonished register in the name of J. A. F. M., which brought a great deal of attention to the main street during the funeral day. One of the two cows was killed by the cornice of the building. The other cow, which is now in the town, is reported that the farmer did not stop the cow from eating at the cattle for feeding in his barn.

Lodge Notes

K. OF P.
