Go to Church

Easter Sunday

Regardless of your religion, race or creed, if you profess to be a Christian you should attend the Easter Services at some local church—preferably your own, but......

Go To Church--Somewhere--Easter Sunday

Special Easter services and music have been arranged by local churches for the Easter morning program. This is the one day of all days in the year that a special effort should be made to attend church—preferably the church of your own denomination but above all go to church Sunday morning.

Acquire the “go to church” habit. Take your family and attend services at your own church Sunday morning throughout the year—you’ll feel better for it.

SOUTHERN STATES FARM BULLETIN

GROWING CHICKS

A practice which is not quite as simple as it looks. There are three things your worry with poultry will be few and far between:

FIRST, your chicks ready adequate care, and keep a complete record of growth, costs, and profits. (Southern States will be glad to furnish you free help.)

SECOND, feed them high-quality feed—with plenty of vitamin, balanced minerals, and proteins. (Southern States feed is already grown 500 million chicks.)

THIRD, keep chickens with good breeding—healthy, disease-free chicks. (Even if they live, your chicks aren’t worth the land if they go to the hospital.)

HYBRID CORN

There will be a critical shortage of some of the outstanding hybrids that Southern States supplies.

Add to this the farm below shortages and you can see that it’s far more important than ever to use high quality seeds, so that maximum crops can be obtained from the land that can be farmed.
