

PLAY, DANCE PROGRAM IS PLANNED BY P.-T. A. THURS.

Gala Benefit Entertainment Will Feature Pupil Talent

A benefit entertainment program, combining the talents of two dance groups and a dramatics club at the Newark High School, will be offered next Thursday at 8 p. m. in the auditorium.

The varied program, which is being sponsored by the Parent-Teacher Association, will include a one-act play by the Thespians under Miss Ann Stauter, a program by the Modern Dance Group directed by Mrs. Grace Gibb; and original routines by the Latin American Dance Group headed by Jair dos Santos.

Another drawing card will be the free refreshments to be served in the cafeteria by the homeroom mothers of the seventh and eighth grade under Mrs. Arthur Moore and Mrs. J. A. Morris.

Arrangements are also being made to encourage attendance by parents of small children by holding a supervised nursery in room 122 for children between three and eight years, thus eliminating the need for "baby sitters."

Tickets for the program are being distributed by school children. The proceeds will go to the participating student groups, the P.-T. A., and the athletic field bleacher fund.

A "South American Fantasy," by dos Santos' troupe will open the program, with the following dancers: Judy Kase, Kay Knighton, Virginia Thornton, Theresa Duffy, Virginia Lyde, Ricky Diehl, Jimmy Wollaston and Jairo dos Santos.

The Modern Dance Group will offer five interpretive dance numbers: "Group of Spirituals," "Night and Day," "Atlantid and the Gin," "A Woodland Scene" and "Two Scotts." The dancers will be: Barbara Boyce, Annabelle Campbell, Joy Murray, Jane Pickett, Virginia Wells, Evelyn Klahr, Sue Jane Field, Judy Kase, Lorraine Schaefer, Clara Wilkins, Margie Brown, Betty Poole, Diane Carr, Irene Klahr, Mary Lou Strickland, Retha May Wright, Ruth Mary Cooper, Ellen Cooper, Sylvia Field, Mary Lou Greenplate, Louise Sanborn, Agnes Tierney, Anna Yelden, Jackie Barrett, Eleanor Davis, Virginia Moore, Diane Smith, Barbara Whitman, Marilyn Hildreth and June Moore.

Cast for the Thespian Society's play will be: Layton Zimmer—Harlequin; Arthur Mayer—Pierrot; Dee Clark—Punchinello; Jane Pickett—Columbine; Nancy Conte—Margot.

The high school orchestra under Ernest Wilder will accompany the groups.

POLICEMAN MAY RESIGN

N. Robinson May Join State Force

Norval Robinson, popular member of local police force since 1942, has announced a 14-day leave of absence with the prospect that he may resign at the end of that period in order to join the state police.

Robinson has already passed his preliminary examinations for the state force and is now attending a police school. If he completes this successfully, it is probable he will join the state group.

Robinson joined the Newark Police in 1942, left in 1943 for wartime service in the Navy and returned to his job in 1945, where he has served ever since.

Town Council discussed possibility of Robinson's resignation Monday night for replacing Robinson but postponed a decision until next week.

There is a chance the town may attempt to get along without a replacement in an effort to cut down police expenses. The only drawback to this is that it would require assigning only one policeman to the 2 p. m. to dawn shift.

MEMORIAL DAY COMMITTEE

Donald Ashbridge will again be asked to head Newark's committee for Memorial Day observation here.

Town Council has authorized appointment of the group with the same personnel as in previous years. Council hopes to get an early start on the observance. Last year's observance, minus a parade, was a poorly attended affair on the university

Westminster Tenor To Be Guest Soloist At Methodist Concert Here

Jack DeLon

Jack DeLon, the leading tenor soloist of the touring choir of the Westminster Choir College, Princeton, N. J., has been engaged as special soloist for the Annual Concert by the Adult Choir of the Newark Methodist Church. The event will be held in the social hall of the church on Friday, February 25, at 8 p. m.

Mr. DeLon is now doing graduate work at the Westminster School and will soon start out on a tour with the Westminster Choir. This will be his sixth tour as section head and tenor soloist with that group. He has excelled in singing a number of large works as soloist with the Westminster Symphonic Choir of two hundred voices. Included among these are—"Ninth Symphony," by Beethoven; "St. Matthew Passion," by Bach; "Messiah," by Handel; and "Requiem," by Verdi.

The concert numbers for which Mr. DeLon will sing the tenor solos on February 25 will be: "O Saviour Sweet," by Bach, arranged by Clarence Dickinson; "Pilgrim Song," by Tolstoy, arranged by Tschikowsky; "The Silent Sea," by John Greenleaf Whittier, arranged by Neidlinger; and "Railroad Chant," arranged by Waring. He will sing a special solo number in addition.

This will be Mr. DeLon's third engagement as special soloist with the choir of the Newark Church, and all those who have heard his superb singing on previous occasions will want to come again and bring their friends.

FIREMAN FETE SET

Bingo Party February 25

A benefit bingo party seeking funds for Camp Barnes, the youth camp sponsored for children of the state by the Delaware Chiefs of Police, will be held by the Aetna Company on Friday, February 25, in the fire house.

The public is invited to the event, which will start at 8 p. m.

A wide variety of prizes will be offered, and plenty of refreshments, including sandwiches, coffee, cold drinks and popcorn, will be served by the volunteers.

William J. Warwick has again been named chairman for the summer carnival staged here annually by the Aetna Hose, Hook and Ladder Company. Dates for this year's fete have not been set yet.

Aetna men who will assist Mr. Warwick are: Edward Shakespeare, George M. Neighbors, Clifton Knotts, John W. Tweed, Charles E. Moore, B. C. Jones, Ernest Reed, Horace Null, William Frazer, I. N. Chalmers, Clifford Moore, C. Valient, Harold Grant, and F. Fingernagle.

Only two fires were reported here in January, according to fire recorder Charles E. Moore. Neither caused serious damage. The volunteers also answered four alarms in the district and one outside.

The ambulance made 37 emergency runs with local patients to city hospitals and covered 1120 miles.

Presbyterians To Mark Inter-Racial Sunday, Feb. 13

Brotherhood Week, which closes February 13, will be observed in a special program during the Sunday School hour at the First Presbyterian Church this Sunday, known as Inter-Racial Sunday.

The senior department of the church is offering the program, which will start at 9:45 o'clock with a devotional under Mrs. E. L. Shaw. A film "One People" will follow.

Members of the Church School are invited to bring guests, and the general public is also invited.

It is expected that following the program there will be time remaining in the Sunday School hour to hold regular classes and discussions.

NEW SEWAGE PUMPING UNIT ABOUT READY TO OPERATE

Tests Are Run On Northside; Project Lines Are Approved

The new northside sewage pumping station at Cleveland Avenue and Chapel Streets went into preliminary test operation on Monday, marking the completion of the \$75,000 northside sewer project begun some years ago. Opening of the station means that a large residential area in the north side of town will be tied into the municipal sanitary sewer system for the first time.

Town Supervisor Robert Neeson and a representative of the Chicago Pumping Company directed the first pumping operation. All piping, pumps and motors were inspected and approved. Leakage tests were made later for the entire system.

Mr. Neeson also reported that a system of regular street inspections by the local police has been launched here. The periodic surveys are valuable, he said, in bringing to light minor trouble spots that could develop into serious maintenance problems. Their early detection eases the town's maintenance burden.

An expert of the Westinghouse Company inspected the town's water pumping station recently, Neeson said, and reported that the plant equipment is in perfect shape. He advised that the system be made more nearly automatic from the control standpoint.

Routine maintenance for January by the town's electric, water, sewer and street departments was as follows: Electric—Installed 10 KVA transformers at rear of 55 Sunset Road to improve service in that area; extended 2400 volt primary to Sunset Road district; completed wiring of Northside sewage pumping station.

Water—New pump installed on Rose Street, one service renewal, one new service, and installation of lines to sewage pumping station.

Sewer—Began general improvement work on Park Place sewer plant; five new connections made.

Street—Gate constructed at new dump.

Mercer Outlines NHS Farm Work At Rotary

Frank Mercer, vocation agriculture instructor at the Newark High School, gave details on farm courses available there and also discussed the importance of soil conservation, in a talk Monday night at the Rotary Club.

Later he showed a film, "Inspiring Task." Wilson Price was program chairman.

Jack Handloff, vice-president, presided in the absence of Ken Steers.

Charter Issue Wide Open; Hearing Monday, 8 P. M.

The proposed town charter, approved last week for submission to the General Assembly, became a wide open issue here again Monday night when spokesmen for leading civic and veteran groups descended on the Town Council at its February meeting to protest the last minute revisions inserted into the measure at a special session a week ago.

The upshot was that Council met in closed session with the town Charter Committee last night in an effort to work out a compromise and agreed to follow up this session with another public hearing to insure full town support before submitting the charter to the state legislature. Date for the hearing, which must come quickly if the charter is to be sent to Dover for the current Assembly session, has not been announced as yet.

These concessions came after representatives of the local Legion, V. F. W., Chamber of Commerce and a majority of the Charter Committee lined up solidly Monday night to protest the recent changes written into the draft by Council, especially those governing voting in a referendum and qualifications for voting in a town election. The spokesmen also registered objections to the manner in which Council had carried out the wholesale revisions without, apparently, intending to consult the public before submitting the charter to the legislature. A letter from the Charter Committee also expressed resentment over the way Council had ruled out important portions of its

Parade Here Saturday To Honor 'Thanks' Car Visit

Gifts From French To Be Given; March Will Start At 5 P. M.

Gifts from the French people to the town of Newark and various local institutions and organizations will be presented Saturday, when the Delaware car of the Gratitude Train stops here on its tour of the state.

The small French freight car, mounted on a tractor trailer, will arrive at the eastern edge of town around 5 p. m., where it will be welcomed by town officials and representatives of local veteran groups.

A parade, leading off with a combined color guard of the American Legion and Veterans of Foreign Wars, will escort the car down Main Street to Harter Hall on the university campus.

Here, the gifts, which are France's "Thank You" for the U. S. Friendship Train, will be presented in brief ceremonies. Representatives of the public schools here, the university and the town of Newark will accept the offerings. Afterwards, the car will be on exhibit until about 6 p. m., when it will leave for similar exercises at Middletown.

The Newark High School Band will also be in the parade, which will form at the new Legion home, 315 Delaware Circle.

Civic and patriotic organizations wishing to enter units in the welcoming march should notify Vernon Steele at the Town Council offices.

John R. Fader, member of the Delaware 40 and 8, past commander of the O'Daniel Post, and of the Department of Delaware, is in charge of the arrangements for the parade and the presentation ceremony.

Spring Rushes Season; 50 Robins Seen At Once

Although local groundhogs and their followers are scornful of the whole business, people who hold with the "first robin of the year" are predicting an early spring.

Not one but a flock of about fifty of the red breasted harbingers was sighted here last week on the Sandy Brae Poultry Farm of Mr. and Mrs. Leon Tammi, on Ott's Chapel Road.

Mrs. Tammi reports that the robins swooped down into her backyard around noon on Saturday and sported around in the snow as if they never heard of a calendar.

She says robins invariably make an early appearance at the farm but that never had she seen so many so early in the year.

The farm is a regular stopping place for a great variety of little seen species, she says. The only reason she can think of is that it must be along a migration route.

As regards the robin invasion, a local groundhog, highly respected for his weather forecasting, had this to say on being aroused for an interview by a Post field correspondent: "Nothin' to it, bud. Them birds ain't harbin' no spring. They're groggy from frost in Florida."

CHARTER HEARING MONDAY

The public hearing on the charter has been set for Monday at 8 p. m. in the high school auditorium.

The date was fixed at last night's closed session of Council and the charter committee.

work in revising the charter draft the past year.

The issues which drew the most fire Monday night were those permitting multiple votes for property owners in a referendum on a bond issue and the regulations leaving the registration of non-property owners up to the discretion of Council.

At a special meeting last week, Council inserted clauses in the draft that would set the limit on bonded indebtedness at \$450,000 with a referendum on all issues. Under this change, property owners would get one vote for every dollar paid in town taxes up to 100 votes; non-propertied would get one vote each.

As for voting in town elections, a new section was inserted which would permit the automatic registration of property owners on payment of town taxes, as is now done. Non-propertied would be registered "in the manner and on the dates fixed by Council."

Commander Richard Cooch was the spokesman for the Legion in protesting these clauses: Harry Maclary, the VFW; and W. S. Hamilton, the Chamber of Commerce.

Ask Flag Display Here On Saturday

An appeal to residents and business establishments, especially those along Main Street, to display the American flag on Saturday in honor of Lincoln's Birthday as well as the visit here of the state car of the Gratitude Train was issued yesterday by local veteran groups.

The train will pass up Main Street between 5 and 6 p. m. Civic and patriotic organizations wishing to enter contingents in the parade are urged to notify Vernon Steele at the Town Council offices as soon as possible. Mr. Steele will assign them a place in the line of march.

MORE DATA ON FLUORINE IS PROMISED

Delegation From Here To Visit Newburg

More data on the plan to treat the local water supply with Fluorine is promised next week, when a delegation of Newark officials returns from Newburg, N. Y.

The group, which will make the trip next Thursday, will be headed by Dr. P. K. Musselman, local dentist, and will include Councilman Rodney H. Dana, E. S. Biddle of the Newark Board of Health, and two chemists, Dr. Louis Smith and Dr. Francis Kramer, of the Biochemical Foundation staff.

This is a reversal of previous plans which were to bring a representative from Newburg to address the local Parent-Teacher Association.

At Newburg, the local group will confer with Dr. Sidney C. Finn, who is directing the Fluorine project there. The treated water is aimed at preventing tooth decay in young children. The five Newark men intend to get statistics on the success of the experiment and data on the equipment needed for feeding the solution of Sodium Fluoride into the water supply. On their return, they will report their findings to the Town Council.

The Newburg project was begun in 1945 and is to continue on an experimental basis until 1950. Dr. Musselman reports that tooth decay in young children of Newburg has decreased sixty per cent since 1945 as compared with nearby Kingston, N. Y., where Fluorine is not used.

'SKYLARK' TO OPEN TONITE

For the first time, the University Drama Group, Newark's community-theatre organization, will extend the run of one of its major productions to three nights, when "Skylark" is staged in Mitchell Hall on Thursday, Friday, and Saturday of this week.

Customarily, UDG productions are presented on two successive evenings but Thomas B. Pegg, director of "Skylark," a three-act comedy, explained that the unusual advance interest in the play had caused the longer stay.

Leads in the play are taken by Jane Hastings Sinclair and E. C. Mahama. The cast also includes Mina Press Brown, Mildred Shields, Frederick Claffee, Chris Gantaume, Henry Weitz, Joseph Shields, and Ervin Miller.

The Mitchell Hall box-office now is open for distribution of tickets, from 3:30 to 5:30 and 7 to 9 p. m. Tickets also are available at the Newark Department Store.

"Skylark" was written by Samson Raphaelson and was first produced 17 years ago with Gertrude Lawrence in the part now played by Mrs. Sinclair.

Community Recreation Will Be AAUW Topic

Miss Jessie Haag, of the department of Health and Physical Education at West Chester State Teachers' College will discuss the development of a community recreation program at the general meeting of the Newark Branch of the A. A. U. W. on February 28.

The music group will meet on Wednesday, Feb. 16, at 8 p. m. at the home of Miss Lorna Wells, 334 East Mair Street, to hear and discuss Dvorak's Fifth Symphony.

The international relations group has postponed its next meeting to Feb. 23 at the home of Mrs. Avery Goddin, 109 Briar Lane. Mrs. C. T. Berchert will speak on Britain's foreign policy.

ZONING LAW IS HELD UP; C. OF C. MAY ASK CHANGE

Final Reading Delayed Till March Meet Of Town Council

Local business men are preparing to request more changes in the proposed zoning ordinance before its final adoption here.

This was disclosed at Council's regular meeting night when the third and final reading of the measure was postponed until the March session on a request from the Chamber of Commerce.

William S. Hamilton, spokesman for the Chamber, did not say what specific revisions would be asked. The zoning draft had been scheduled to be passed into law Monday night.

Council also postponed considering bids on the annual town audit. The bids, it was decided, will be opened at a special meeting of the town committee the date to be set by Councilman Frank Durnall.

The question of liability insurance for town employees is scheduled for possible action at the same session.

Council also discussed a request from James Hall for admission of his property at the base of Orchard Road extended into the town boundaries. Mr. Hall was advised to take the necessary legal steps through the state legislature for incorporation of the lands into the town. Council also indicated that before it would approve the move, it would require that Mr. Hall grant rights of way to the town for street widening on both sides of Ritter Lane and Orchard Road extended.

A \$3,900 partial payment to contractor Julian Jones for work in the current street repair program was also authorized. The money was for improvement on Lewis Avenue and Courtney Streets. Several Councilmen expressed dissatisfaction with the work, pointing out the streets were in bad condition during the recent rough weather.

Bids for removal of trees deemed traffic hazards or a threat to the roadbed on Sunset Road, and South College Avenue, and on Delaware Avenue were accepted.

31 ARRESTS BY POLICE IN JANUARY

Speeding Again Tops List With Drunkenness 2nd

Arrests here in January jumped to 31, after December's low of 20, with speeding still heading the list, according to Chief William Cunningham.

Ten motorists were nabbed for exceeding the 25-mile limit in town. Next most common offense was drunkenness for which six were fined. Five arrests were made for disorderly conduct.

The remainder of the month's crop of law violations shaped up as follows:

Passing red light and tampering with a motor vehicle, 2 arrests for each; and, threatening to kill, reckless driving, unnecessary noise, failing to have clear windshield, assault and battery with a motor vehicle, and assault and battery, one arrest for each offense.

The magistrate reported \$205 collected in fines for the month. Parking fines collected amounted to \$48.

Investigations were as follows: accidents, 6; prowlers, 5; larceny, 3; and malicious mischief, 3. Six were committed to the Workhouse, one was held for the Court of Common Pleas, and one was held for the Family Court.

There were 283 telephone calls and overnight lodging was provided four. The police car travelled 3,790 miles during the month.

Lions To Hear Medic Discuss Social Medicine

Facts on a highly controversial issue are promised in a talk at the Newark Lions Club next Tuesday, when Dr. E. R. Mayerberg, Wilmington medical specialist, will discuss "Socialized Medicine."

John Leach, vice-president of Beaumont College and a trustee of the University of Delaware, addressed the group at this week's session.

He stressed the advantages of life in the United States and particularly in Delaware to that of other countries.

DELAWARE JOB EXAMS

Civil Service Positions Open

An examination for probational (permanent) appointment was announced this week by the Director, Third U. S. Civil Service Region, for the position of Clerk, CAF-1 to CAF-4 inclusive, \$2068 to \$2724 a year, for duty in the various Federal agencies in the State of Delaware.

There are no experience or training requirements for this examination, but applicants must take a written examination designed to test their aptitudes for the duties of the positions. Higher standards will be required for eligibility for grades CAF-3 and 4 than for grades CAF-1 and 2. Sample questions will accompany the examination announcement. The age limits, 18 to 62, are waived for persons entitled to veteran preference. Applicants must be citizens of or owe allegiance to the United States.

Among the types of Clerk positions which will be filled from this examination are the following: Appointment, Correspondence, Docket, Accounting, Time, Leave, Pay-Roll, Statistical, Coding, Test Rating, Property and Supply, Mail, File, Information, Proof-reading, Editorial, Indexing, Purchasing, Traffic, Transportation Rates, etc.

Application card forms must be on file with the Director, Third U. S. Civil Service Region, Room 103A, Customhouse, Philadelphia 6, Pennsylvania, not later than the close of business on February 17, 1949.

Further information and necessary application forms may be obtained from the Commission's Local Secretary, Mr. Singles, located at Newark Post Office; from most first- and second-class post offices in the area for which this examination is announced, or from the Director, Third U. S. Civil Service Region, Room 103-A, Customhouse, Philadelphia 6, Pennsylvania.

FARM HOUR BROADCASTS

A February schedule for Delaware Farm and Home Hour broadcasts has been issued by J. E. H. Lafferty, agricultural extension editor at the University of Delaware. Throughout the month, topics of timely interest to farmers and farm families will be discussed by Extension Service agricultural and home economics specialists.

The daily (Monday through Friday) 15-minute program is heard over Station WDEL at 12:30 p. m. A special feature of the February calendar will be a week of Farmers' Week broadcasts, including on-the-spot interviews with Farmers' Week guest speakers and Delaware farm people.

Following is the day-by-day schedule:

- Feb. 7—"Welcome to Farmers' Week"—G. M. Worrlow, G. L. Schuster.
- Feb. 8-11—Farmers' Week interviews.
- Feb. 14—What's Doing in Delaware this Week—J. E. H. Lafferty.
- Feb. 15—"Quality Roughage—What is it?"—C. E. Phillips.
- Feb. 16—"Is Your Farm Machinery in Shape?"—W. A. Calvert.
- Feb. 17—"Production and Marketing Administration."
- Feb. 18—"A Place for Everything."—Louise R. Whitcomb.
- Feb. 21—What Doing in Delaware this Week—J. E. H. Lafferty.
- Feb. 22—"What Do We Mean by Poultry Disease Diagnosis?"—J. Frank Gordy.
- Feb. 23—"So I Keep Herd Production Records"—D. J. Young.
- Feb. 24—"Production and Marketing Administration."
- Feb. 25—"Living Beauty in the Home"—M. Katharine Jones.
- Feb. 28—"What's Doing in Delaware this week"—J. E. H. Lafferty.

Drivers Cautioned On Carbon Monoxide Dangers

John D. Reeder, President of the Delaware Safety Council, urges all Delaware motorists to be on the alert during the cold weather for carbon monoxide gas, which generally causes a number of fatalities.

This deadly gas pours volumes from every motor exhaust. It is colorless, tasteless, without odor, and therefore strikes without warning. Only a few minutes, under certain conditions, are sufficient to cause unconsciousness, followed by death.

Carbon monoxide poisoning may be avoided by the following precautions as suggested by Mr. Reeder:

1. Never start the engine of an automobile in a garage until the doors are wide open. If the engine needs "warming up," this can be done safely and just as well by permitting the engine to run outside for a few minutes at a moderate speed. Fresh air, and plenty of it, is the only sure protection against carbon monoxide poisoning.
2. Have the family automobile inspected periodically to make sure the engine, exhaust manifold, exhaust pipe and muffler is in good condition for efficient operation.
3. Leave a ventilator open while you drive.

Pleasant Valley 3rd Period Honor Rolls

Philosophy Of 1-Room School Encourages "Experiencing," Reports Says

Reports for the third marking period have been issued at Pleasant Valley School, Iron Hill. Alvira Peel and "Billy" Pollari, grade two, with all "A's" are on the First Honor Roll. Karina Pollari and "Teddy" Schwartz, grade three, with all grades of "A" except one "B," have been placed on the Second Honor Roll.

Attendance
Dennis Kemether, Ernest Luoto, "Teddy" Schwartz, Ray Thorp, Harry McCormick, Dora Jane McCormick, Alvira Peel, and Kay Logan had perfect attendance for the past month.

The following pupils with at least 90 per cent records earned Good Attendance: Richard Morgan, John Halls, Roger Smith, Dorothy Emerson, Karina Pollari, Suzanne Cahall, Agnes Walls, Ruth Ann McCormick, Mary Lou Walls, and Florence Lee.

Junior Red Cross
An original play to encourage the "March of Dimes" was staged by the following cast: Dora Jane McCormick, Dorothy Emerson, Kay Logan, Charles Gatchell, Alvira Peel, Florence Lee, Beverly Ann Foltz, and Ruth Ann McCormick. Our collection amounted to \$16.75.

Our Junior Red Cross has sent appropriate napkins, nut cups, plates, and four pounds of candy to the Governor Bacon Health Center for Valentine's Day.

Twenty-four books have been mailed for the Veterans Hospital at New Castle.

Valentine Party
Our Valentine party at the school will be on Monday, February 14, at 2:30 o'clock. Harry McCormick has been elected to be Valentine Post Master. All parents as well as the small children of the community, are invited to be present.

"Experiencing"
The philosophy of our little school encourages much "experiencing." A more dynamic reading program results. It may have been sitting well for our photographs; seeing by television the inauguration of President Truman and the parade following at the home of one of our parents, Mr. Norman Kemether; serving hot luncheon, acting as a dish washer, or any one of a hundred other experiences not found in books; that made our school receive front page head lines in the first bulletin of "Human Relationships," edited by our supervisor, Miss Virginia Mason, who considers that we are living and learning well in a "one-room school."

Visitors
Recent school visitors have been Mrs. Martha Barnes, visiting teacher; Miss Marian Hanby, physical education supervisor, and Mrs. Ellis of the New Castle County Traveling Library.

New Free Publications On Farming, Homemaking
Four new publications dealing with farming and homemaking topics are now being offered by the Delaware Agricultural Extension Service, to any persons who will write and request them from the Extension Service in Newark; or from county extension office in Newark, Dover and Georgetown.

These leaflets are:
"50 Ways to Store House Articles"—with more than 50 sketches and descriptions of ingenious items for storage such as knife racks, recipe files, extra shelves for cupboards, garment bags for closets, stools and storage spaces for children and many others. Extension Mimeo Circular No. 53.

"Hints on Care of House Plants"—takes the indoor gardener through all the steps of growing plants, from preparing soil mixtures to transplanting. Includes specific directions for care of the African violet, Begonia, Cactus, Geranium, "Pattons" plant, Ivy, Philodendron, Gardenia, and Poinsettia. Also gives suggestions for making glassed in gardens and dish gardens. Extension Mimeo Circular No. 57.

"Control of Tomato Leaf and Fruit Diseases"—discusses the cause, symptoms, control measures for the four principle diseases that attack tomato plants in Delaware. These are early blight leaf spot, Anthracnose fruit spot, late blight and Septoria leaf spot. All these can be controlled with fungicides.

These leaflets are:
"50 Ways to Store House Articles"—with more than 50 sketches and descriptions of ingenious items for storage such as knife racks, recipe files, extra shelves for cupboards, garment bags for closets, stools and storage spaces for children and many others. Extension Mimeo Circular No. 53.

"Hints on Care of House Plants"—takes the indoor gardener through all the steps of growing plants, from preparing soil mixtures to transplanting. Includes specific directions for care of the African violet, Begonia, Cactus, Geranium, "Pattons" plant, Ivy, Philodendron, Gardenia, and Poinsettia. Also gives suggestions for making glassed in gardens and dish gardens. Extension Mimeo Circular No. 57.

"Control of Tomato Leaf and Fruit Diseases"—discusses the cause, symptoms, control measures for the four principle diseases that attack tomato plants in Delaware. These are early blight leaf spot, Anthracnose fruit spot, late blight and Septoria leaf spot. All these can be controlled with fungicides.

YOUR COMFORT AND YOUR SAFETY

...are first in the new cars created with

common sense   and imagination

at Chrysler Corporation

Cars are like people in some respects. You trust a car that is safe and dependable. You like a friendly, comfortable car. You respect one that shows good taste, and has real character under the hood.

We've always tried at Chrysler Corporation to think first of your comfort and safety—and of the satisfaction you feel in owning a car of outstanding mechanical ability.

We've had the common sense to keep our cars practical—and the engineering imagination to make them exciting at the same time. This combination of common sense and imagination in engineering and research has brought you some of the greatest advances in history... for example, we pioneered the high compression engine 25 years ago. We were the first to bring you all-steel car bodies, four-wheel hydraulic brakes, and many other basic developments now adapted or adopted by other car manufacturers.

Now we are investing 90 million dollars in four wonderful new cars. And once again we're putting every penny in common sense and imagination in engineering... in functional design, in quality thru and thru, in cars engineered from the inside out.

We didn't go in for bulbous contour... or seats that are too low... or hidden wheels. But once again we designed functional hoods that you can see over... built seats at chair height... kept wheels in the clear so you could change tires or put on a set of chains.

Again we've built with plenty of room for your hat! Again we've given you wide doors so you won't have to wrestle your way in and out of your car! Fenders are fenders, not half the side of your car. And what a difference in repair cost if you dent one!

The no-distortion windshields and rear windows are wider and deeper. There's more shoulder

room, seats are wider. Yet our cars are easier to garage and park. And we've given you more stopping power and better pick-up.

Again you'll trust our cars, for they're even safer and more dependable. And more comfortable and more convenient than ever before! And they'll earn your respect for their ability, their character, and their good looks. You'll like them on sight. They reflect all their good engineering qualities in their trim, clean lines and well-bred beauty.

They're being shipped to dealers. They're your kind of car... the best ever created by our great team of engineers, designers, and research men. With more than 50 new advances! With all the basic engineering features pioneered at Chrysler Corporation which have meant so much to owners of Plymouth, Dodge, De Soto, and Chrysler cars! We cordially invite you to see these greater values as soon as your dealer announces their arrival.

...ain you get the good things first

Jane Eyre To Be Given

Jane Eyre, a three-act play, will be given by the Dramatics Class March 24 and 25. The play is adapted from the famous novel, Jane Eyre by Charlotte Bronte.

The characters are as follows: Jane Eyre, Judy Kane; Mrs. Fairfax, Evelyn Khlar; Leah, Gunvor Thuresson; Grace, Poole, Nancy Smith; The Woman, Jean Fanning; Mr. Rochester, Layton Zimmer; Adele, Nancy Conte; Lady Ingram, Barbara Boyce; Blanche, Esther Fouracre; Mary, Jane Pickett; Mr. Wood, Dee Clark, Mr. Mason and Frederick Lynn, Arthur Mayer.

The stage managers are Lorraine Schaan and Rose Mary Hinkle, while the prompters are Louise Pyle and Patty Dean.

Arthur Mayer, Jr., 12B

Krawen Staff

The Krawen Staff has been preparing for the 1949 issue. Work has progressed rapidly and the material will go to the printer on February 20.

Photography has been done by our local photographer, David Poffenberger. The printing is being done in Baltimore.

The book will be composed of sixty-eight pages and the theme throughout the book, including the cover, will be the "Forty-Niners."

The staff members are as follows: Editor in chief—Helen Morgan; associate editors—Lorraine Robinson, Richard Wollaston; art—Nancy Smith, Nancy Conte, Margie Dann; photography—Nicky Williams, Layton Zimmer; literary—Donald Phillips, Evelyn Khlar, Janet Cochran, Esther Fouracre, Barbara Boyce; Elaine Toivenen; typing—Annabelle Campbell, Dorothy Ford, Betty Murphy, Esther Lloyd; Lloyd; business manager—Donald Renshaw; assistant business managers—Donald Rumer, Tom Martin, Arthur Vande Poole; sponsor—Mr. Stanley Gibbs.

The Krawen will feature photographs of the faculty, administrators, seniors, activities of the school; articles of class will, class prophecy, and items of that sort. There will be many special features of interest to the readers. We are very grateful to those who have cooperated and worked with us to help make this book a success; the book will be offered for sale during the latter part of April," replied Mr. Gibbs in answer to my interview.

When I asked the editor, Helen Morgan, for a comment on her staff, she replied, "The Yearbook will offer new arrangements and features, which should prove interesting to those who read the Krawen. The staff has worked very hard and hopes to receive a large response in the sale of the book."

Jackie Cahall.

Plans of "South American" Dance Group Announced

Jair dos Santos' Rumba Club is planning several public appearances during the month of February. On February 17, his group will be co-starred with the Thespian Club and Modern Dance groups. When Newark plays hosts to all the student council officials February 23, his group will also perform. Another performance will be given before the Delaware State Press Association meeting at the university on February 26.

His program includes group rumba, rumba solo, Samba and the tango.

Senior Hat Day

As you looked around at the students on January 28, 1949, you could see funny sights. The girls were sporting hats of all kinds. It seems as though the girls of the Senior Class decided to proclaim one day of the school year for Senior Hat Day, and believe me, they carried it out. One girl went as far as to wear a long tail on the end of her hat, and the sizes of the hats were varied. The girls gave no particular rules governing the kind of hats that could be worn, so I guess that accounts for the various sizes, shapes, and colors of the hats. They were not removed during the course of the day. I was told that some of the teachers had a time trying to keep their minds on the subjects they were teaching, because every time they called on a student, they would first see a large hat then the student. Well, the girls have laid their hats aside for another time and are probably thinking of something else to do.

Jackie Cahall.

Senior Class Doings

The members of the Senior Class will meet on Monday, February 14, during third period. In order to discuss and decide upon the place they will visit on their senior trip. Will it be New York or Washington? This remains unknown until Monday. Since the class of '48 went to New York, some students believe that they would like to go to Washington to visit a place about which they know little. Others feel they may never get the chance to visit New York, and, therefore, are definitely for New York. Which will it be? Only time will tell.

Another question in mind at the present is the question of "Senior Privileges." Should we have them? What should they be? Who should be able to take advantage of them? When these questions have a definite answer, I'll print them and let you in on the news.

Jackie Cahall.

Ping Pong

Ping pong, a new type of entertainment in the school, is now well underway. The tournament has lasted a month and will continue until March 1. The boys in the first, second, third, and fourth places, will be in the playoffs. One boy can play the two boys above and below him. If one boy is defeated the other player then moves up in his place. The boys participating in the tournament in order of position are:

Cliff Gray, Nick Williams, Howard Kelley, James Knotts, Frank Porter.

Thomas Sheaffer, Leonard Nelson, Richard Hardy, Robert Tweed, Merritt Buchanan, Robert Burns, James Bueche.

Buck Buchanan—10A.

Vocational Guidance Classes

On Thursday, February 3, the 8-3 section had a committee meeting at which a discussion on jobs available in and around Newark took place. The pupils who participated and topics discussed were as follows:

Lois Hartman—chairman; James Broadwater—introduction; Jane Miller—the town; Gwendolyn Wagner—mills; Judy Johnson—police department; Alys Rae Carter—water system; James Broadwater—cannery; Charlotte DePrisco—the town in general.

This class is very interesting and the members are co-operative.

They are planning to have debates and more discussion classes along this line.

Charlotte DePrisco—8-3.

F. F. A. Attend Farmers' Week

From Tuesday, February 8, until Saturday, February 12, Farmers' Week is being celebrated. The F. F. A. boys are privileged to hear the talks and see the many exhibits provided in the corridors of Wolf Hall at the University of Delaware. The boys are being excused from their agriculture classes to go over to Wolf Hall on the days of

the scheduled events. Information gained by the boys will be of real value to them in their courses at school as well as in their future farming days.

Max Zeitler—10C.

Minstrel Given at N. H. S.

If one had walked into the auditorium of Newark High School on February 9, he would have thought himself to be visiting an old show-boat on the docks along the Mississippi River.

At eight-forty, just after Jo Anne Foster had read the Bible, Danny Palmer officially opened the show. The curtains parted with the chorus, made up of the entire class, singing "How Da Do." To add color the pupils used tambourines and other minstrel objects. Burney Miles did a swell job as inter-locutor and Bobby Roberts made some special announcements of humor, interest and importance.

The end men were: Ebony, George Jocken; Culesus, Herbert Meron; Rastur, John Smith; Molasis, Bill Carter. These boys came up with the best of the old minstrel jokes as well as some original but "funny" ones.

The show went on and kept the audience laughing and singing for fifty-five minutes. At nine thirty-five, the curtains closed with the entire chorus singing "McNammera's Band."

The program was presented by Mrs. Bonney's eighth grade.

Clark and Clancy.

Here's the PLOW you need for breaking sod

FARM EQUIPMENT

This Dearborn plow is made for the Ford Tractor . . . and we think it's the best ever. So simple—it has no wheels, axle, tongue, clutch, springs or levers . . . but good sturdy beams and as fine bases, coulters and jointers as ever turned a furrow.

With Ford Hydraulic Touch Control, you can "take it easy" while two matching well-turned furrows unroll behind you.

Easy adjustments. Only three grease gun fittings to lubricate. Study the pictures, then see us if you want a new plowing experience. Come in soon!

to an American genius THOMAS ALVA EDISON on the anniversary of his birth

Born over a century ago on February 11th, the Wizard of Menlo Park lived to see his inventions and discoveries change the whole pattern of life in America. The world owes tribute to the man who developed the first incandescent light bulb—designed the first power plant to light this bulb—who created the phonograph and the moving picture camera. Everything that Thomas Alva Edison originated was the product of a surging, creative genius, channeled and disciplined to give comfort and convenience to the world.

Altogether Edison was granted 1,097 patents—far more than has ever been issued to any one person. But beyond this physical inheritance—he left another great gift; the spirit and enthusiasm of a great American. Tireless and dedicated—he contrived to live several lifetimes in his span revealing an indomitable spirit and a great love for humanity. This spirit of Edison is well expressed in his last public statement made on June 11, 1931.

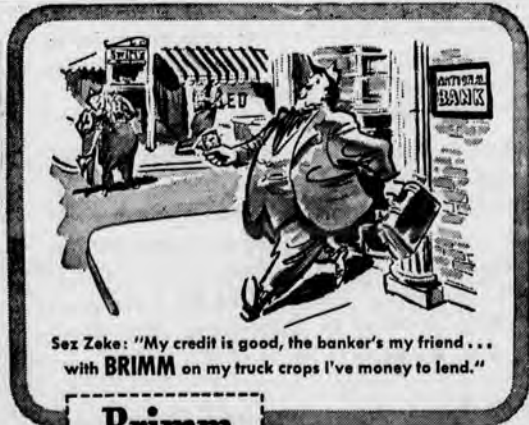

"My message to you is: Be courageous. I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has come out stronger and more prosperous. Be as brave as your fathers before you. Have faith. Go forward."

Sez Zeke: "My credit is good, the banker's my friend . . . with BRIMM on my truck crops I've money to lend."

Steady growth of your bank balance depends on the yield and quality of your crops. Growers of truck crops and potatoes find that BRIMM, Swift's specialized crop maker, helps both yield and quality. Its balanced combination of growth elements furnish your crop the plant foods needed for best results.

Used at planting time—with later side-dressing, if required—BRIMM promotes uniform growth, bigger yields and better-grading produce. It helps you

reach market earlier, which often means better prices. Use BRIMM—the plant food specially made to grow potatoes and truck crops. Order your BRIMM today from your Authorized Swift Agent.

NEWARK TWENTY-FIVE YEARS AGO

Child Burned By Leftover Fire Cracker; Radio Bugs Hear Broadcast From Nation's Capitol

From Issue of February 13, 1924

Dr. George W. Rhodes, prominent dentist and bank director, was elected to the presidency of the Newark Chamber of Commerce at a meeting of the board of directors last week. Louis Handloff was elected vice-president, John K. Johnston, treasurer, and Warren Singles, secretary.

Church Trustees

Clarence A. Short, Robert S. Galaher and Earl F. Dawson were elected trustees of the Methodist Church last week at a congregational meeting.

Radio Fans Active

Local radio bugs heard quite clearly a long distance broadcast from Washington, D. C., on Sunday, describing exercises in memory of Abraham Lincoln.

Due to peculiar interference, it is unusually hard to tune in any broadcast from Washington or Baltimore, and most programs have to be relayed to Philadelphia or New York.

Tot Burned By Sparkler

When her clothing caught fire from a sparkler with which she was playing, little Doris Grant, 4-year-old daughter of Mr. and Mrs. John Grant, Academy Street, was seriously burned about the chest and face yesterday afternoon. She was taken to the Homeopathic Hospital, Wilmington.

Doris was playing with left-over sparklers, when she allowed one stick to come too close to her body. Some of the sparklers caught her dress and in an instant the upper part of her body was in flames. Her mother's cool, quick work in beating out the flames probably saved the child's life.

Personals

Dr. George A. Harter is rapidly recovering from an injured foot at his home on West Main Street.

Invitations have been issued by Mrs. George L. Townsend for a large tea to be given at her home on Washington's Birthday, Feb. 22.

Mrs. Orville Little entertained at her new home on Elkton Road, last Friday. Those present were: Mr. and Mrs. Fred Strickland, Mr. and Mrs. George

Hercules Engineer To Head Scholarship Group

Ernest S. Wilson, director of the Hercules Powder Company's engineering department, has been appointed chairman of the committee which will award the Dr. George A. Harter Scholarship at the University of Delaware this year. Ralph W. Jones, associate professor of mechanics at the University of Delaware, who will be the committee's secretary; A. Durrell Vincent, of 2523 Madison Street, Wilmington; Dr. W. W. Lattimus, of Forest Hills Park, Wilmington; and Albert W. Adams, principal of the John M. Clayton School at Frankford. All are Delaware Alumni. Mr. Wilson said that the committee on would receive applications for the \$9 award of the \$2,000 scholarship. Announcement of the opening of the competition will be made early next month, he said, when the conditions for all applicants will be made public. This will be the fourth award of the Harter Scholarship, which is presented annually through the Alumni Association. The scholarship was created in honor of, and named for, the late George A. Harter, former president and professor of mathematics at Delaware College and the University of Delaware.

Wood, Miss Florence Colbert, Miss Gertrude Hill, Mr. and Mrs. Harry Herberner, Mr. Nickels and Mr. Raymond Fager.

Miss Jennie Smith is confined to her bed at her home here.

Average U. S. Family Income \$3,000 In 1947

The average income of U. S. families was \$3,000 in 1947, the Census Bureau reported recently, adding that was the highest figure up to that time.

The bureau found that income was distributed among the nation's 37,000,000 families in this fashion:

Four million had under \$1,000; six million had \$1,000 to \$2,000; eight million \$2,000-\$3,000; eight million \$3,000-\$4,000; four million \$4,000-\$5,000; three million \$5,000-\$6,000; three million

\$6,000-\$7,000, and one million \$10,000 or more.

Thus only four million families—or slightly fewer than one out of each nine families in the nation—had in that year the \$6,000 which President Truman had suggested as the starting point for the income tax increase he has asked Congress to consider.

From January to May of this year Navy and Coast Guard crews destroyed 143 floating Japanese mines which had just reached the West Coast since the recent war.

Danita Hosiery Mills

Are now offering to residents of Newark and vicinity an opportunity to purchase "Danita's most beautiful constructed Nylon Hosiery at reduced prices.

Newark, Delaware, Thursday, February 10, 1949

Early Detection Is Vital In Combating T.B., State Unit Says

Prompt Diagnosis Of All Cases Greatest Single Factor In Controlling Disease

The greatest single factor in the control of tuberculosis is the early finding of ALL the people who have the disease in order that they may be cured and prevented from spreading the disease to their families and the remainder of the community, says the State Board of Health.

In Delaware during 1948, 340 cases of tuberculosis were reported, while only five years ago in 1944, there were but 187 cases of the disease reported. However, the increase in the number of cases now found does not mean that there are more cases of tuberculosis in the state than there were five years ago, point out health officials. The fact is that more cases are being found today largely because of the State Board of Health's Mobile X-ray Unit which brings its free X-ray service to practically every town in the state, as well as to many of Delaware's industrial plants.

Last year the Mobile Unit X-rayed 24,864 people in Delaware and found 153 probable cases of tuberculosis. The remainder of the 340 cases found were discovered in the tuberculosis clinics, of which there are seven throughout the state, and by private physicians.

Although deaths from this disease in the state have been cut in half during the past 20 years, tuberculosis claimed the lives of 130 persons in Delaware in 1948, and in 1947 was 6th in the cause of deaths in the state and 7th nationally. A decline in the mortality rate in Delaware is expected, however, since the case finding program has been expanded.

Early diagnosis and early treatment are the real foes of tuberculosis, and the aim of the Mobile Unit is to find those people who have the disease and do not know it. Public health officials, the medical profession and tuberculosis associations for years have emphasized the warning signals of tuberculosis in pamphlets and newspapers and over

the radio, but there appears to be a relatively fixed number of tuberculosis victims who disregard the telltale signs, and hence do little about it until it is too late.

The warning signs are usually sufficiently noticeable to attract attention, and they include a cough that persists, loss of weight and easy tiring. Of course, these symptoms can be present in the absence of tuberculosis, but it is sheer folly to assume that such is the case unless the doctor has found it to be so.

Tuberculosis not only can be brought under control, but it can be entirely wiped out, says the State Board of Health. If people will have periodic X-rays and thus let "early discovery lead the early recovery."

Veteran's Forum

Q—I am a World War II veteran. Is my wife eligible for treatment at a VA hospital?

A—Not unless your wife is an ex-servicewoman. Dependents of veterans are not entitled to hospitalization under the VA.

Q—I want to give the beneficiary of my NSLI the right of choosing, in the event of my death, either a lump sum settlement or any of the available monthly payment plans. If I designate no option, will she have this right?

A—No. Payment in a lump sum may be designated only by the insured. However, if you provide for lump sum payment, she may have her choice of available plans.

Q—The automobile furnished me by VA was totally wrecked in an unavoidable accident. Will VA give me another one?

A. There is no provision under the law to provide more than one automobile to an eligible veteran.

Q—Must a disabled veteran go to a vocational school or may he go to a liberal arts college, a high school, or similar institution under the Vocational Rehabilitation Act?

A—He may enroll in any VA-approved educational institution or training establishment offering the course of training which Veterans Administration has found that he needs to insure his proper rehabilitation in line with his own desires.

Levy Court Gives \$250 To Children Aid Fund

The Levy Court has granted \$250 to the Aid to Dependent Children fund from unappropriated funds in the court's budget.

The money is part of the supplementary payments by the court to the State Board of Welfare to be used for those severe cases which cannot be given enough help under the maximum ADC grant set up in the 1947 session of the General Assembly.

Rites Held Yesterday For Samuel B. Morrison

Funeral services for Samuel B. Morrison, 76, who died Saturday in The Memorial Hospital, were held yesterday afternoon at the Jones Funeral Home. Interment was in White Clay Creek Cemetery.

Mr. Morrison, a farmer of near Ogle-town, had been a patient at the hospital 10 days. The son of the late Samuel W. and Mary J. Morrison, he had spent his entire life on his farm.

Surviving are two brothers, J. A. Morrison, of the same address, and Robert M. Morrison, of St. Georges.

Additional Personals

Mr. and Mrs. George Strainline, of 333 South College Avenue, have returned from a vacation of several weeks in Tampa, Florida.

Miss Mary Medill, of South College Avenue, was maid of honor at the wedding of Miss Bettye Mae Barton and Mr. James Edmund Orr on last Saturday afternoon in the Immanuel Baptist Church, Wilmington.

Mrs. R. T. Jones, Miss Marjorie Jones and Miss Harriet Ferguson left last week-end for a vacation to Miami, Florida.

Mrs. Floyd Mays, of Ogletown Road, has recently returned home after a four week's stay in Fries, Virginia, where she had been called due to the death of her father, Mrs. Mays' brother.

Mr. H. H. Shaffner, of Fallon, Nevada, is spending sometime with her.

MISS ALFREDA CROSSAN TO WED MR. HERMAN GRAY
 Mrs. Alfred V. Crossan, Yorklyn Road, Hockessin, was hostess on Saturday evening to a party announcing the engagement of Miss Alfreda Crossan, daughter of the late Florence W. Crossan and Alfred Crossan, to Mr. Herman Gray, son of Mr. and Mrs. William T. Gray, Sr., of 177 East Delaware Avenue, Newark.

Miss Crossan is associated with the Home Crown and Cook of Wilmington. Mr. Gray is associated with his father's business establishment in Newark. Guest included the families of the engaged couple.

ASCOUGH-EASTMAN ENGAGEMENT ANNOUNCED
 Mr. and Mrs. Howard M. Ascoug, of Philadelphia, Pa., announce the engagement of their daughter, Miss Emily Ruth Ascoug, to Mr. Arthur B. Eastman, Jr., son of Mr. and Mrs. Arthur B. Eastman, of Newark.

Miss Ascoug is a graduate of Abington, Pa. High School. Mr. Eastman is a graduate of Newark High School and the University of Delaware.

Both Miss Ascoug and Mr. Eastman are employed by The American Viscose Corporation in Philadelphia.

MISS DOROTHY KEELEY'S ENGAGEMENT ANNOUNCED
 Mr. and Mrs. Paul P. Keeley, of Newark, announce the engagement of their daughter, Miss Dorothy Mae Keeley, to Mr. Robert Donald Lindamood, son of Mrs. Grace Lindamood, of Port Deposit, Md.

Miss Keeley is a graduate of the Newark High School and is employed by Chrysler Corporation.

Mr. Lindamood attended Tome Institute and is now employed by Wilco Equipment Co.

The wedding will take place in the near future.

DELEGATES NAMED AT D. A. R. MEETING
 The February meeting of the Cooch's Bridge Chapter, D. A. R., was held on Saturday afternoon, February 5, at the home of Mrs. Ira F. Jones, of 196 West Main Street.

Mrs. Oscar Morris, Mrs. James Merritt and Mrs. Edward Lake, of the Junior Group were hostesses with Mrs. Nelson Clark and Mrs. Ira Jones as advisors.

Miss Towers of the Veterans Administration Hospital, gave a very interesting talk on the social service work at the hospital. The Cooch's Bridge Chapter presented Miss Towers with an afghan for use at the hospital. This afghan was made possible by the kindness and generosity of Mrs. Ruth McKinsey, who not only donated the wool but the work as well.

Mrs. Glenn S. Skinner, state regent, reported on the national board meeting of the N. S. D. A. R. held in Washington on February 2, 1949. Cooch's Bridge Chapter voted money to be contributed to the preservation of the California Red Woods and the Bell Tower of Valley Forge, national projects supported by the D. A. R.

Delegates for the 38th Continental Congress elected were: Miss Anna Frazer, regent, delegate; Miss Elizabeth Weick, first alternate; Mrs. Harvey Bounds, second alternate; Mrs. Oscar Morris, delegate; Mrs. A. B. Eastman, first alternate; and Mrs. Edward W. Koch, second alternate.

GENERAL MEETING OF S. C. S. MONDAY EVE.
 The general meeting of the Woman's Society of Christian Service of the Newark Methodist Church will be held on Monday evening, February 14, at 8 o'clock.

Mrs. Edward Ginther will be in charge of the program entitled Hawaii, Paradise of the Pacific.

Come and note the exhibit.

The Newark Post

The Newark Post, Newark, Delaware, Thursday, February 10, 1949

FILLIN' IN

We've often heard friends tell lurid tales of what it means to be trapped in an isolated phone booth, but, until about a week ago, we never took them very seriously.

All one needed in such a crisis, we used to claim, was "presence of mind." We knew this because we had read once in a magazine article that "presence of mind" leads to resolute, decisive action and is the stuff that heroes are made of.

We tended, therefore, to take it rather coolly last week when we found ourselves a prisoner in a booth in a busy train terminal. After the first shock of discovering the folding door securely jammed, we faced up to the situation in a manly way. We concentrated on "presence of mind" and resolute action.

In this we were disappointed. We soon found that, through "presence of mind" may be useful to people on sinking ships or in burning buildings, it gets you little or nowhere in a jammed phone booth. This is because one's chances for action, resolute or otherwise, are limited. There isn't much else to do except rattle the door and hope you attract a passerby.

There were plenty of these, of course, but they were for the most part bustling, preoccupied chaps, bent on catching trains. One or two looked our way, smiled vaguely, glanced at their watches and kept going.

It was then, we admit, that a sense of foreboding, a feeling that all might not go well, first assailed us, but we took a new heart when we noticed a salesgirl staring at us curiously from behind a magazine counter across the way. We quickly flattened our face against the glass of the door, assumed an expression of dire distress and waved a handkerchief as a further signal for help. Her look of curiosity immediately turned to one of stony affront, and we saw her beckon to someone out of our line of vision. It proved to be a policeman, who, after going into a huddle with her, came over and peered in at us menacingly. We saw at one that the girl had mistaken our s. o. s. for a bizarre attempt at flirtation and had loosed the Law on us.

We pretended to be busy with the phone until the cop finally went away. Left with shaken nerves, we, nevertheless, quickly seized on a new straw of hope. We were sitting with the receiver in our hand, and our hair-spring mind instantly saw that here was a sure-fire contact with the outside world.

It was with a singing heart that we rang up the operator, outlined our plight in a few breathless sentences and demanded immediate succor. She questioned us skeptically, then transferred us to the complaint department, which casually referred us to the maintenance department, where a bored voice suggested we call the station master. The latter, sensing the growing desperation in our voice, promised to dispatch a rescue expedition promptly.

We sat back to wait and were drawing our first free breath since our incarceration, when we began to notice a certain stuffiness in the booth. Immediately, we were on our feet, clutching at our throat and clawing the glass. There was, we figured, only so much oxygen in a phone booth, and we knew our supply must be near exhaustion. There is no doubt that we would have soon gasped out our last had not we chanced to look up and see a wide open ventilator in the ceiling. This restored our breathing almost to normal.

We now pressed our face close to the glass once again in an effort to sight our rescuers. By rolling our eyes to either side we got a view down the length of the station and could see several uniformed gentlemen looking anxiously in booths along the way.

At length they neared ours and that flooding relief that prisoners must know when they see the turnkey approaching their dungeon for the first time in 20 years coursed through us.

It appeared to be the stationmaster in the vanguard of the group. He marched briskly up to us, looked in, jerked open the door without trouble, apologized for interrupting us, said he was looking for a booth with a jammed door, and, before we could find our voice, slammed the door again.

We fell upon it almost instantly with desperate sobs, but it was too late. The men were out of hearing, and the door was as tightly jammed as ever. What was worse, we found we had used our last bit of change in calling the stationmaster.

It is needless to recount what followed, how we wiled away hours waving dollar bills at small children with lollipops who whimpered and went away; how we stripped buttons from our coat and tried to feed them into the coin box to get the operator again; how we tapped Morse distress signals through the walls when the booth next to ours was occupied; and how we carried on an outright flirtation with the magazine girl who this time, instead of calling the police, coyly returned our advances, became infatuated with us, then bored.

It is enough to say that we finally fell in an exhausted heap, only to be awakened in the grey dawn by a woman with a pail and a mop, who exhorted us to sober up, renounce our evil ways and return to our family.

Gene's Diner

U. OF D. CAGERS TO FACE HAVERFORD ON SATURDAY. TANKMEN MEET TEMPLE U.

Full Sports Card Scheduled; Martin's Wrestlers To Travel To Gettysburg; Swimmers Will Meet Philadelphia Owls Here

University of Delaware athletes will stage a full program of sports contests Saturday, three at home and two away.

Coach Joe Brunansky's cagers will meet the Haverford quintet in Carpenter Fieldhouse at 8:30 p. m. after a preliminary at 7 o'clock between Coach Bob Siemen's Blue Chicks and the Haverford jayvees.

The Delaware swimmers, in one of their best seasons in years under the training of Coach Harry Rawstrom, will meet the Temple Owls in Taylor Pool at 4 o'clock.

Fish And Game Unit Lists Report For '49

A total of \$64,230.93 in fees and licenses were collected by the State Board of Game and Fish Commissioners the past year. Expenses came to \$70,311.41, according to the report.

Residential hunting licenses provided the chief sources of income, \$23,360.15. Next was \$17,775.50 for dog licenses. Other items were: non-residential fishing licenses, full term, \$7,148.75; fines, \$3,567; residential fishing licenses, \$5,236.40.

There were 330 arrests for violations of regulations.

Among the 330 arrests and convictions were 120 for unlicensed dogs; 87 for permitting dogs to run at large; 17 for shooting ducks after hours; 16 for residential hunting with a license; 14 for non-resident fishing without a license, and 10 for hunting in closed season.

There were also four arrests for stealing dogs; one for carrying a gun while training a dog; nine for using an unplugged gun; three for digging muskrats; eight for hunting on Sunday and two for hunting on a game refuge.

During the year the commission released some 7,000 rabbits, 1,548 pheasants and 1,910 quail throughout the state. A total of 18,000 fish, consisting of bass, pike, crappies and perch, were caught by the wardens from the gate holes of ponds throughout the state and released statewide in the ponds for fresh-water fishermen.

The wardens destroyed a total of 4,461 dogs, including 1,388 in New Castle County; 1,638 in Kent and 1,385 in Sussex.

Expenditures of the commission included \$2,780 for the chief warden; \$900 for the commissioners and \$25,720.56 for other employees; \$24,337.86 for operations including \$7,460 for the purchase of rabbits; \$5,631 for the purchase of pheasants; \$5,705 for the purchase of quail, and \$12 for deodorizing skunks used at the Harrington Fair.

County Is Host To Delaware Crop Show

The annual crop show of the Delaware Crop Improvement Association opened Monday at the University of Delaware, in connection with the Farmers' Week program. T. Harold Little, president, Delaware Crop Improvement Association, Newark said the premium list includes classes for corn, small grains and seeds, hay and white potatoes. The exhibit closes tomorrow.

Cash awards, as well as ribbons, will be awarded to the first four winners in each class, and in some classes, cash awards will be given to the top seven exhibits.

Cash awards, as well as ribbons, will be awarded to the first four winners in each class, and in some classes, cash awards will be given to the top seven exhibits.

W. HARRY

DAWSON

Away from home, Coach Shack Martin will take his wrestlers to Gettysburg to meet the Bullets, while Roy Rawstrom, gymnastics coach, will take his acrobats against the Army at West Point.

Last Saturday night the Blue Hen cagers threw up a tight defense to beat Washington College, 58 to 46, in the Fieldhouse, after they had previously defeated the Shoremen at Chestertown, Md., 51 to 50 in a game that the Marylanders had led up to the closing seconds.

Although Delaware's Jim McFadden set a new team record for scoring in one game, with 18 points, it took the top three Hens to outscore Washington's scintillating forward, Nick Scallion, who sunk 26 points. But Scallion was a one-man team—his teammates were able to hit the hoop for only 20 points among them.

The Hen defense was so tight at times that Washington had to depend on foul shots for their points. During the third quarter they were held scoreless for eight minutes, and throughout the entire second half they were allowed only six field goals.

While the Hen wrestlers lost to the Drexel Dragons, 17 to 13, Saturday afternoon, they took two falls as compared with only one for Drexel. The Dragons won on decisions.

Delaware's Ted Youngling, stalwart football guard, remained undefeated with a fall over heavyweight Bob McCrum, while Dave Scott pinned Drexel's Hans Peters in the 155-pound class and Hank Paris took a decision over Ival Gural in the 175-pound event.

In a preliminary match Perkiomen prepsters outclassed Delaware's yearlings with five falls and a decision as compared with the Chicks' two falls, scored by Bob Smith, 155-pounder, and Jack Gruebner, heavyweight. The Perks won, 23 to 10.

NHS Girl Cagers Defeat A. I. After Bowing to Conrad

Overwhelms DuPonters, 24-18; Inched Out By Conrad, 31-33

The Newark High girls' varsity basketball team overpowered A. I. duPont, 24-18, last week. Aileen Ritchie was high scorer with 12 points.

Patsy Wilson was runner up with eight counters. The Newark J. V.'s lost to A. I., 31-33.

Earlier on Tuesday, the girls lost to Conrad, 25-17. M. Shannon was high scorer with 13 points, and Patsy Wilson followed with nine. The Jacket J. V.'s won in a 20-18 thriller.

JACKETS DOWN CLAYMONT FOR SECOND TIME; PLAY AT P. S. DUPONT TOMORROW

After Snappy 68-43 Win Over Indians, Newark Falts At Archmere on Tuesday, 47-36, To Follow P. S. Tilt With Friends

Newark High's courtmen jumped momentarily back into the win column last Friday when they handed Claymont a tidy, 68-43 setback before the home fans.

They failed to maintain the pressure, though, Tuesday night at Archmere where they absorbed a 47-36 defeat.

Tomorrow, the Jackets meet P. S. duPont, and next Tuesday they are scheduled for an encounter with Friends School.

The Jackets' one-sided triumph last Friday was the second in the year over the Claymont Indians. The home club led throughout and climaxed the route with a 25-point outburst in the third quarter.

Phil Harrison found himself in form that evening, leading the Newark attack with ten action shots. Next with 16 points, closely followed Ferro with 13.

Against Archmere, the Jackets took an early lead and were ahead the half, 17-13. The third quarter proved fatal, through, with Archmere wracking up 16 points against Newark's Yellowjackets. The Archies, anxious to revenge an earlier defeat of year by the Jackets, maintained the advantage in the final stanza with points against 12.

Nagle's 15 points were high for the Jackets; Records was next with 11.

Plant Not Financing Firemen In Tourney

An article last week which stated that the Continental-Diamond would finance the plant's bowling team on its trip to Atlantic City for the National Bowling Tournament was incorrect.

The Wilmington Major League, in which the local team competes, is providing funds for all outfits in the league, including the Firemen. The money is being drawn from prize money reserves.

Continental will play at the shore resort on Feb. 14-15. Its opponents have not been announced as yet. Keglers from throughout the nation will compete in the 60-day event for cash awards, the top being \$1,500.

Army Commissions Are Now Available

Second Army Headquarters has set up the procedure for screening applicants seeking direct appointments as Second Lieutenants in the Regular Army, under a new regulation which offers commissions to former officers of any of the armed forces and to officers now serving in the Army. It was announced recently by Captain Walter G. Runte.

These Regular Army appointments are in addition to those offered to distinguished military graduates of the Reserve Officers' Training Corps and to officers selected from the competitive tour program.

To be eligible the Captain said, applicants must be between 21 and 27 years old. However, this maximum age limit may, in some cases, be increased according to period of commissioned Army service after December 31, 1947.

Forms and help in filling them out may be obtained through Professors of Military Science and Tactics in colleges, through military districts in the Second Army Area and at your local Army and Air Force Recruiting Main Station located in Room 349, Post Office building, Wilmington, Delaware.

DEADLINE ON ACP REPORTS

Must Be In By February 15

Delaware farmers who have completed conservation work on their farms during 1948 under the Agricultural Conservation Program are reminded to turn in their performance reports by February 15, in order to receive payment for practices they have carried out.

C. E. Ocheltree, chairman of the State Production and Marketing Administration Committee, announces that February 15 is the last day on which performance reports for 1948 conservation practices will be accepted. Reports may be filed with community committees or they may be turned to county ACA offices in Newark, Dover or Georgetown.

It is not necessary for every person on the farm who helped with the farm's operations to report on the practice; however, each person who is to receive the payments must sign the application.

Conservation practices for which assistance payments may be made include application of lime and fertilizer, seeding of winter cover crops, seeding permanent pasture, and open ditch drainage.

When filing reports, eligible farmers are requested to have a certification from an acceptable person that open ditch drainage was done and that it meets the requirement set up in the program. If application is made for payment for lime or fertilizer applications or seedings, receipts, seed tags or other evidence of purchase should be available.

Home Garden Now For Planting Time Soon

As the days grow longer, home gardeners are looking forward to the time when they can actually plant the garden. While planting time isn't here yet, it is the time to plan, says Robert Stevens, extension horticulturist for the University of Delaware.

Many seed catalogs are out now, but Stevens warns that before you order you should plan definitely what you will need.

Before making a paper plan, consult the entire family as to their likes and dislikes. Make sure you do not plan a garden any larger than can be taken care of. It is easy to plan a large garden, but too difficult to plant it, but it is really hard work to take care of it. A small garden well cared for will produce more than a large garden full of weeds, says Stevens.

The next step is to make a plan on paper, drawn to scale. A scale of 1/4 inch to equal one foot is usually convenient. Outline the shape of your garden, then put down the length and width, space between rows, length of rows, names of vegetables to be planted each row, and the names of late maturing to follow the early ones. Keep the following points in mind in drawing the plan:

Tall growing crops such as corn should be kept away from small crops such as beets and carrots.

Corn should not be planted in a single row. Make several planting rows wide to insure good pollination.

Provide for succession crops, to produce early followed by a crop.

Do not plant large amounts of crop at one time. Space plantings several weeks, to give a longer growing season.

Provide plenty of vegetables for freezing and storing.

Do not overplant new varieties, vegetables the family does not like. Simple plans for home vegetable gardens are available from the Agricultural Extension Service, University of Delaware, Newark, Del.

Of 30,000 Vets In Exhaust 52-20 Pay

Of 803 of Delaware's estimated 30,000 veterans of World War II have received the readjustments allowance of \$40 a week which jobless veterans can get for 52 weeks.

It was revealed recently in the bi-monthly report of the Unemployment Compensation Commission, received by Governor Elbert N. Carvel.

A total of 17,175 veterans have received one or more checks through the "Club."

The report, in sections dealing with unemployment benefits, showed that a total \$1,012,817 was paid out in 1948, and \$833,845 in 1948, representing a decline in jobless claims.

100 Pct. Of U. S. Farm Families Have Phones

Forty-five per cent of the nation's farm families now have telephones compared with 25 per cent in 1940, the American Telephone and Telegraph Company recently reported.

Mr. T. said its Bell System had 1,050,000 telephones in rural areas about 2,370,000. The Bell System operates about four-fifths of the nation's telephones.

There also are demanding and getting better types of service. The old crank models with crank on the side are being replaced by modern type instru-

Start Farm Safety Contest In Delaware

Home Demonstration And 4-H Clubs Join In Project

A Delaware farm and home safety contest, sponsored by the Delaware Agricultural Extension Service and the Delaware Safety Council, will be carried on from Feb. 1 through Oct. 31, announces Miss Louise Whitcomb, extension home management specialist at the University of Delaware.

According to Miss Whitcomb, this contest comes as a result of the farm and home safety survey which has been under way in Delaware for nine months. The survey shows that the leading cause of accidents during this time was falls, a total of 183, both in the home and on the farm grounds.

The contest is designed to reduce the number of falls and other accidents by eliminating accident hazards. Home demonstration clubs and 4-H clubs throughout the state have entered the contest, and any organized rural group is eligible to participate.

A safety chairman has been appointed in each club entered in the contest. Each month, a safety letter stressing the safety "Job of the month" will be sent to the chairman, who will ask club members to inspect their homes and remove the accident hazards described in the letter. The safety chairman will keep a record of hazards thus eliminated.

Final winners in the contest will be determined on the percentage of club members participating in the program, total number of hazards removed by the club, and a written story by the safety chairman telling of the club's activities in getting across safety information to club members and other people in the community. Prizes will be awarded the groups achieving the most outstanding safety records over the nine-month period.

New Fraternity Moves Into Main Street Dwelling

Delta Tau Delta, newest national fraternity of the University of Delaware campus, now is occupying its own house for the first time, under a recently-completed rental agreement.

The 12-room brick structure at 230 East Main Street, Newark, has been leased by the fraternity from St. John's Roman Catholic Church. The house formerly was occupied by Dr. Carl J. Rees, of the university's faculty.

With dormitory facilities for about 25 members, the house already is providing living quarters for 23, of whom 15 moved from university dormitories, thus making additional rooms available there for assignment from the waiting list of Dean of Men J. F. Daugherty.

In addition to the sleeping quarters, the house contains study, social, and

Salesman Peddlestuff says—

I like to greet my customers with a smile. I like to arrive at my job all fit and ready to pitch in and do a full day of selling. That's why I'm so sold on forgetting about traffic and parking problems. No jangled "traffic nerves" for me. Not when I can ride from home to work and back again for less than it costs to park my car all day. And that's why I say I'll:

CLUBWOMEN HEAR PANEL DISCUSSION

Committees Make Reports At Century

Mrs. William J. Barnard was unanimously elected an honorary member of the Newark New Century Club at its meeting this afternoon. Mrs. J. Pearce Cann presided.

Mrs. L. A. Stearns reported on the Dover meeting of the State Federation. The Newark Club has been asked to cooperate in the program to recruit student teachers and to acquaint high school students with the opportunities to be found in the teaching profession. Miss Etta Wilson heads the committee planning this program.

Reports were heard from Mrs. Joseph McVey on Christmas boxes sent to Stockley, Mrs. W. O. White, hospitality chairman, who is planning the spring luncheon with the assistance of Mrs. Herman Handloff and the ways and means committee; and from Mrs. W. Earl Armstrong on the legislative forum in Dover.

A collection of antique fans and parasols belonging to Mrs. H. O. Ladd, of Brandywine Hills, and Mrs. Herbert Dorn, of Newark, was discussed by Mrs. Ladd, who has been interested in fans for many years. She showed fans in a variety of materials ranging from paper and fishbones to carved ivory, sandalwood, feathers, and embroidered silks. In a brief sketch of the historical role of fans, Mrs. Ladd stated that fans are mentioned in Chinese records dating 3000 B. C.

A panel discussion on current trends

as they compare with events of the post-Revolutionary period was the feature of the meeting. Gloria Rose, Doris Davis, and Harris Notary, students at the Wilmington High School, participated in the discussion, with Richard Cantwell of P. S. duPont High School as moderator. The group, under the leadership of Miss Edith Johnson, teacher of history in the Wilmington High School, was introduced by Mrs. E. R. Bohn, coordinator of United Nations Information in the Wilmington public schools.

Tea was served by Mrs. Leon Gilmore, assisted by Mrs. Kenneth Steers, Mrs. Leon Ryan, Mrs. Newman Rose, and Mrs. John E. Russell. Miss Anna Fraser presided at the tea table which was adorned with a centerpiece of spring flowers presented by Mrs. Edward Richards.

Town Treasurer Lists \$24,786 In Cash On Hand

The town had \$24,786.28 cash on hand at the end of business in January, according to Vernon C. Steele, town treasurer.

Other assets included \$22,362.32 at the Newark Trust Company and \$2,423 at the Farmers.

Major item of revenue for the month was \$15,894.31 in electric light receipts. Another lucrative source of income was the electric power returns which came to \$20,694.49. Next largest was \$2,647.44 in water rents.

Total income plus December's cash balance came to \$60,853.19, less disbursements of \$36,066.91.

TOWN PENSION PLAN

The proposal to introduce a pension plan here for town employees is still under study by a Council appointed committee, headed by Dr. Charles N. Lanier.

Dr. Lanier has promised to offer his recommendations for such a plan at the next Council meeting in March.

Eighth Graders Give Minstrel Show Here

A minstrel show, based on a script compiled and adapted by the students, was presented by Mrs. Catharine Bonney's homeroom 8-4 in an assembly last week at the Newark schools.

Interlocutor for the show was Burnley Miles, dressed in top hat and tails. End men were George Jochen, Herbert Marin, Bill Carrow, and John Smith. "Special Announcements" were given by Bobby Roberts.

Danny Palmer presided over the assembly. Jo Anne La Fontaine led the devotions.

The planning committee included: Elaine Muller, Marilyn Robertson, Burnley Miles, Eleanor Davis, Samuel Gray and George Jochen. Mrs. Bonney was the advisor.

The committee gathered and adapted the jokes. A "How Do You Do" by the chorus opened the show. Some original greetings were extended.

Grace Berry To Give Series Of Recitals

Miss Grace E. Berry, of the University of Delaware's music faculty will offer a series of six public lecture-recitals to be presented in the lounge of Warner Hall on successive Thursday evenings at 7 o'clock beginning Feb. 17.

In the opening piano recital of the series Miss Berry will perform works

of Bach, including the Fifth French Suite, Chromatic Fantasia and Fugue, two and three-part inventions, and Preludes and Fugues from the Well-Tempered Clavier.

On Feb. 24 the program will be devoted to works of Rameau, Couperin, Daquin, and Scarlatti. On March 3, Miss Berry will discuss the sonatas of Mozart; on March 10, the works of Beethoven; March 17, works of Chopin, and in the concluding one on March 24, the works of Chabrier, Debussy, Ravel, and contemporary composers.

Miss Berry, who has studied with Robert and Gaby Casadesu in Fontainebleau, France, is continuing study with the two French artists, and will be heard in several out-of-state concerts during the spring.

NHS Staff Tours GM Assembly Plant

Sixty-five members of the Newark schools faculty toured the General Motors assembly plant on Boxwood Road, near Wilmington, this afternoon. Classes were dismissed at 1 p. m.

The tour, part of the in-service training program for the teachers, is aimed at bringing them up to date on what is going on in the world of industry.

Before leaving here, the staff was given a detailed outline of the organization of the plant and the methods of assembling cars.
