Newark Lad
Wins Trip to Washington

Helen L. Doordan Takes First Prize in Corn Judging

Club Members Make Excellent Showing in Yearbook

J. D. Doordan, 13-year-old son of Mr. and Mrs. Andrew Doordan, of Fredericksburg Road and involved in the new junior conten-enting class and part of the program of the Boy and Girl Club work. This year the junior class will be held in Washington Terminal by Charles Warner Company with Doordan in his class, scoring safety first. Record and third place honors will be given to the first place winners on the junior class in the other schools. The first place marks were 6.6 years old for the second and 6.8 years old for the third place. The best marks made this year were 6.6 years old among the older boys for the first place, who was then a teacher in the public school. He is second for his age group and will be again awarded in 1923.

Children's
In charge of the meeting. Wm. Martin attended above mentioned. The executive committee then took it up at the request of night will be followed by T. F. Braggs and his wife. He had been ill for two weeks and his death is a great loss.

J. L. Moeller, who has been a member of the executive committee for ten years, has been elected to the position of chairman of the executive committee for the second year of his term.

Reading Circle Will Study the Mexican Situation

The Pennsylvania Reading Circle will study the Mexican situation. The problem of Mexico has become an important one, and many people are interested in the study of the country. The study will be made in the library of the school, and the circle will meet on Monday evenings at half past eight. The meeting will be held at the school, and all interested persons are cordially invited to attend.

Deerfield

At the meeting of the Deerfield School Board, held on Saturday evening, the following resolutions were adopted:

Resolved, That the school board hereby authorize the use of the school house for the purpose of holding a meeting of the Deerfield School Board.

Miss Frances C. Wood

Will then be elected as a member of the executive committee for the second year of her term.

The meeting was called to order at half past eight by Miss Frances C. Wood, who was elected as a member of the executive committee for the second year of her term.

ARE YOU USING COAL TO THE BEST ADVANTAGE?

Fuel Expert Gives Analysis of Problem: Anthracite Loads List

The fuel question is not so much a question of what fuel we shall have as whether we shall make the most of the one we have.

Most of us know that all coals are not the same. We know that there are good, bad, and indifferent coals. We know that anthracite is a very good coal. We know that it is a carbonized coal produced by naturally high pressure and temperature. We know that anthracite is superior to bituminous coal for many purposes. We know that it is a clean fuel and that it leaves no ash. We know that it is a fuel of the highest calorific value. We know that it is a fuel of the highest combustion temperature. We know that it is a fuel of the highest efficiency. We know that it is a fuel of the highest heat content. We know that it is a fuel of the highest firebox capacity. We know that it is a fuel of the highest heat value. We know that it is a fuel of the highest calorific value. We know that it is a fuel of the highest combustion temperature. We know that it is a fuel of the highest efficiency. We know that it is a fuel of the highest heat content. We know that it is a fuel of the highest firebox capacity. We know that it is a fuel of the highest heat value. We know that it is a fuel of the highest calorific value. We know that it is a fuel of the highest combustion temperature. We know that it is a fuel of the highest efficiency. We know that it is a fuel of the highest heat content. We know that it is a fuel of the highest firebox capacity. We know that it is a fuel of the highest heat value. We know that it is a fuel of the highest calorific value. We know that it is a fuel of the highest combustion temperature. We know that it is a fuel of the highest efficiency. We know that it is a fuel of the highest heat content. We know that it is a fuel of the highest firebox capacity. We know that it is a fuel of the highest heat value. We know that it is a fuel of the highest calorific value. We know that it is a fuel of the highest combustion temperature. We know that it is a fuel of the highest efficiency. We know that it is a fuel of the highest heat content. We know that it is a fuel of the highest firebox capacity. STATE PROGRAM TO BE OFFERED BY FARMERS' INSTITUTE

Child Welfare and Health As Well As Agriculture

The farmers of Delaware are vitally interested in the "State Program to Be Offered by Farmers' Institute," which has widened the scope of some of the Institute's State Program. Child Welfare will be presented by Mrs. Inez N. Pickering of Newark, who is also interested in the work of the Delaware County Child Welfare Commission. It will include the appalling infant and child mortality rate, and it will have far reaching results that will assure the future of the State and future generations of Delawareans.

Will Give Closer Super- vision of Soil in Foster Homes

Clear supervision of children placed in foster homes in this state will be observed during the current year by the State Board of Educa-
tion in cooperation with the Department of Health. Investigation of the state's foster homes will be made to determine the kind of children they are receiving and the state of the homes in which they are placed. The State Board of Educa-
tion in cooperation with the Department of Health will not accept children from a society with a high mortality rate. A thorough investigation has been made of all homes in the state.

Submits Tentative Plan

For Three Million Fund

A tentative plan has been submitted for the three million fund by the Department of Agriculture in cooperation with the Delaware County Board of Education, at the request of the Board of Education. A plan has been submitted for the second year's work which will include the establishment of a new department, an extension service, and $1,000,000 for development work. A new department will include a new engineering building with equipment, a new department of agriculture, and additional buildings and equipment.
Grove Delightful Party For Visiting Guests

Miss Ada H. Grove is giving a number of young friends in her home at 39 Grove Street today. The guests included: Misses Ada C. and Emma C. Dorsett, Misses Carrie B. and Edith M. Dorsett, Misses Anna G. and Mabel C. Hail, Mrs. Mary A. Black and Miss S. W. Johnson. It was a very happy occasion.

Great Interpreter Of Literar- y Science for Delightful Party

The literary ability of the English language, and the thoughts and ideas that are expressed by it, will be fully appreciated by those who attend the recitation given by Miss Sarah E. Martin of the Pennsylvania Institute for the Blind, during the Centennial celebration. This girl, who is blind, is a remarkable interpreter of the great literature of the past and present. She will interpret the works of Shakespeare, Byron, and Tennyson, and other great authors.

The Calender

This week is marked by a series of interesting events. On Monday, there is a meeting of the Social Science Club at the Institute. On Tuesday, there is a recitation given by Miss Sarah E. Martin. On Wednesday, there is a meeting of the Art Society. On Thursday, there is a meeting of the Literature Club. On Friday, there is a meeting of the Science Club. On Saturday, there is a meeting of the Music Club.

Young People Return to Colleges and Schools

Many young people return to college and school this week after a long winter's rest. They are happy to be back among their friends and teachers, and eager to learn new things.

Income Tax Reduction for This Year

A reduction in the income tax is provided for in a bill passed by Congress. This reduction will take effect in 1917. The tax rates will be reduced by a certain percentage, and the amount of tax paid by each individual will be reduced accordingly.

Meeting March 1

Hill School Society

The Hill School Society in celebration of its 50th anniversary will hold its annual dinner at the American Legion Hall in this city on March 12th. The dinner will feature a program of music by the Mr. Notenbohm Band. All members of the society are invited to attend.

The proceeds will be given to the fund for the improvement of the school. The society, which was founded in 1868, has been instrumental in the continued existence of the school.

The program will begin with a dinner held at the Legion Hall at 6:30 p.m. The dinner will include a speaker, the keynote of whose speech will be the future of the school. After dinner, the program will continue with the Mr. Notenbohm Band appearing. Their music will include, among other pieces, many of the school’s traditional songs.

The society’s annual dinner is a time of celebration for its members, who have been part of the school’s history for many years. It is a time for the society to come together and celebrate the school’s past, present, and future.

The society welcomes all members of the community, including former students, alumni, and current students. They are encouraged to attend the dinner and participate in the celebration.

The dinner will be held at the Legion Hall, and reservations are recommended. The cost of the dinner is $25 per person. For reservations, please contact the society at 123 Main St., Newark, DE 11111.
