The mission of the Alfred Lerner College of Business and Economics is to foster scholarship and to offer distinctive, innovative educational opportunities related to the successful management and leadership of organizations operating in an environment of scarce resources, rapid change, global competition, and advances in technology.

The Lerner College offers baccalaureate degrees in accounting, business administration, economics, and management information systems. Within business administration, students may choose to major in finance, management, marketing, or operations management, selecting one of these majors during the junior year. Honors degrees are available in many degree programs.

Minors are offered in business administration, economics, international business, and management information systems. Enrollment in minors is limited and certain qualifications must be met.

The Certificate in Business Fundamentals is also offered to non-business majors.

Undergraduate students are admitted as new students into the Accounting, Business Administration, Economics, or Management Information Systems degree programs. Students already admitted to the University of Delaware who are matriculated in other programs may apply to change their degree program to Accounting, Business Administration, Economics, or Management Information Systems after successfully completing the required microeconomics course, macroeconomics course, and calculus course, and earning a minimum of 28 credits at the University of Delaware. Students should consult with the appropriate department as to application deadlines within the Lerner College. Review for admission consideration will first be performed for students who have completed all their coursework (including the microeconomics, macroeconomics, and calculus courses) at the University of Delaware. The major criterion used for admission selection is academic performance. The average grade point of those accepted over the past five years is 2.8. Applications for admission to the minors are also reviewed and have similar criteria, although the Management Information Systems (MIS) minor applications are reviewed only once a year in January. Additional information and application forms are available in the four departments; application forms are also available on-line.

Note that Lerner College students who were previously dismissed for academic deficiency and are now applying for readmission to the University may be eligible for readmission into their degree program in the Alfred Lerner College of Business and Economics if they: (1) had met with the Lerner College’s assistant dean during advance registration of each semester and term in which they were dismissed, and obtained the dean’s prior approval to take courses in the University of Delaware Division of Professional and Continuing Studies to qualify for readmission into the Lerner College, (2) had a minimum of 60 earned credit hours at the time they were dismissed, (3) were enrolled as a Lerner College student at the time of their dismissal, and (4) have reduced their quality-point deficit to less than 7 after taking courses in the University of Delaware Division of Professional and Continuing Studies. Only courses that were approved by the Lerner College’s assistant dean prior to enrolling in the courses will count towards the reduction of deficits.

Also note that Lerner College students who have earned 59 credit hours or less at the time they were dismissed will not automatically be considered, nor are they guaranteed readmission into the Alfred Lerner College of Business and Economics. The major criterion for readmission selection is
academic performance. Upon dismissal from the Lerner College, the student must meet with the Lerner College's assistant dean to discuss and determine a University major that he or she is best academically qualified to pursue prior to enrolling in courses during the dismissal period. If a major in business continues to be the most appropriate major for the student to pursue, in order to qualify for readmission, the student must: (1) have obtained the assistant dean's approval, prior to the beginning of each semester or term, to take courses in the University of Delaware Division of Professional and Continuing Studies, and (2) have reduced his or her quality-point deficit to at least 0.

All dismissed Lerner College students who seek readmission into the Alfred Lerner College of Business and Economics, regardless of their total number of credit hours must, with prior approval of the assistant dean, take courses in the University of Delaware Division of Professional and Continuing Studies to reduce their quality-point deficit. Students will only be permitted to take a maximum total of 7 credit hours each semester or term in the Division of Professional and Continuing Studies during their dismissal period. If a major outside of the Alfred Lerner College of Business and Economics is determined to be more appropriate for the student to pursue, the student must meet with the dean of the college in which the major is offered and comply with that college's readmission policy.

### DEAN'S SCHOLAR PROGRAM

The Dean’s Scholar Program exists to serve the needs of students whose clearly defined educational goals cannot be effectively achieved by pursuing the standard curricula for all existing majors, minors, and interdisciplinary majors sponsored by the University. Driven by an overarching passion or curiosity that transcends typical disciplinary bounds and curricula, a Dean’s Scholar’s intellectual interests may lead to broad interdisciplinary explorations of an issue or to more intense, in-depth studies in a single field at a level akin to graduate work. In consultation with faculty advisors and the associate or assistant dean of their college, Dean’s Scholars design an imaginative and rigorous individual plan of study to meet the total credit hours required for graduation. Contact the associate dean in the Alfred Lerner College of Business and Economics or visit the Lerner College website at [www.lerner.udel.edu/deansscholar](http://www.lerner.udel.edu/deansscholar) for more information and the application.

### BUSINESS FUNDAMENTALS CERTIFICATE PROGRAM

The Certificate in Business Fundamentals is designed to provide non-business majors with an understanding of core business principles and to expose these students to key business tools. The Certificate may be attractive to students in a variety of majors outside of the Alfred Lerner College of Business and Economics to augment their major field of study and provide alternative career options.

The following required courses work together to provide these students with a fundamental understanding of the language and fundamental principles of business.

### ACCOUNTING AND MANAGEMENT INFORMATION SYSTEMS

The mission of the Department of Accounting and Management Information Systems (MIS) is to offer distinctive and innovative educational opportunities related to the professions of accounting and MIS, promote scholarship in Accounting and MIS, and to advance successful leadership in a rapidly changing technological environment. The Department offers majors in Accounting and MIS, as well as a minor in MIS, to undergraduate students.

The Bachelor of Science in Accounting program is designed to prepare students for an accounting career in industry, in government, or in public accounting. An Honors Degree option is available. During the first two years, the accounting major follows a format of courses that enables the student to acquire a broad liberal arts background. The accounting program is designed to provide flexibility in the selection of humanities and social and natural science courses from broad groupings to augment the professional development of the student. The undergraduate accounting major includes work in accounting information systems, intermediate, cost, income tax, advanced accounting, and auditing.

The program provides preparation for the Uniform Certified Public Accountant Examination, the Certificate in Management Accounting, and other professional certifications. Graduates who have completed the full curriculum meet the education requirements for admission to the New York State license examination for certified public accountancy.

Candidates for a Bachelor of Science degree must: (1) earn a minimum of 120 credits, (2) achieve a minimum cumulative GPA of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C- in specified business, finance, economics, and accounting courses. Of the...
required upper division ACCT courses (ACCT 302, 315, 316, 327, 413, 415, 417, and 425), no more than two may be transferred from another institution.

The Management Information Systems major is designed to prepare students for careers that leverage information technology in a business environment, enabling graduates to use information systems to manage the organization. An Honors Degree option is available. During the first two years, the MIS major follows a format of courses that enables the student to acquire a broad liberal arts background. The MIS program is designed to provide flexibility in the selection of humanities and social and natural science courses from broad groupings to augment the professional development of the student. The undergraduate MIS major includes work in programming languages, databases, system analysis and design, business problem solving, and project management. MIS majors are also required to select a professional concentration in one discipline of business (Accounting, Economics, Finance, Management, Marketing or Operation Management) to promote a thorough understanding of the issues, needs, and practices of that area of business.

Students in the Lerner College of Business and Economics may also take courses leading to the minor in Management Information Systems. Telephone: (302) 831-2961

DEGREE: BACHELOR OF SCIENCE IN  
ACCOUNTING  
MAJOR: ACCOUNTING

CREDITS

UNIVERSITY REQUIREMENTS
ENGL 110 Critical Reading and Writing  
(credits: 3)
Three credits in an approved course or courses stressing multi-cultural, ethnic, and/or gender-related course content (see p. 66-71)  
(credits: 3)

MAJOR REQUIREMENTS
Twelve Humanities credits from:  

Art History, History, English (except composition or similar courses), Philosophy, Music (except credit for participation in instrumental and/or choral organizations), Theatre (except performance), Comparative Literature, and literature courses in a foreign language.

Three Social and Behavioral Science credits from:  

Anthropology, Psychology, or Sociology.

Choose one of the following MATH combinations  

(Option I, II, or III):  

(credits: 6-12)

Option I
MATH 221 Calculus I  
MATH 230 Finite Mathematics with Applications

Option II
MATH 241 Analytic Geometry and Calculus A  
MATH 230 Finite Mathematics with Applications

Option III
MATH 241 Analytic Geometry and Calculus A  
MATH 242 Analytic Geometry and Calculus B  
MATH 243 Analytic Geometry and Calculus C  
MATH 201/202 Introduction to Statistics I and II  

One of the following:  

(credits: 3)
ENGL 301 Expository Writing  
ENGL 302 Advanced Composition  
ENGL 312 Written Communications in Business  
ENGL 410 Technical Writing  
ENGL 415 Writing in the Professions  
COMM 255 Fundamentals of Communication  
COMM 312 Oral Communication in Business  
COMM 350 Public Speaking  
COMM 356 Small Group Communication  
COMM 361 Interpersonal Communication

Six credits chosen from:  

(credits: 6)
Mathematics beyond Calculus I, Biological Sciences, Chemistry, Geology, Physics, Physical Geography, Physical Science, Oceanography, Animal Science, or Plant Science.

ECON 151 Introduction to Microeconomics:  
Prices and Markets (minimum grade C-)  
(credits: 3)
ECON 152 Introduction to Macroeconomics:  
National Economy (minimum grade C-)  
(credits: 3)
BUAD 301 Introduction to Marketing  
(credits: 3)
BUAD 306 Operations Management  
(credits: 3)
BUAD 309 Management and Organizational Behavior  
(credits: 3)
FINC 311 Principles of Finance  
(credits: 3)
FINC 313 Financial Markets  
(credits: 3)
ECON 302 Banking and Monetary Policy  
(credits: 3)
ACCT 160 Introduction to Business Information Systems I  
(credits: 3)
ACCT 207 Accounting I (minimum grade C-)  
(credits: 3)
ACCT 208 Accounting II (minimum grade C-)  
(credits: 3)
ACCT 302 Accounting Information Systems  
(credits: 3)
ACCT 315 Intermediate Accounting I  
(credits: 3)
ACCT 316 Intermediate Accounting II  
(credits: 3)
ACCT 350 Business Law I  
(credits: 3)
ACCT 351 Business Law II  
(credits: 3)

In the following 5 required courses, a grade of C- or better must be earned in all but one:
ACCT 327 Cost Accounting  
(credits: 3)
ACCT 413 Income Tax Accounting  
(credits: 3)
ACCT 415 Advanced Accounting  
(credits: 3)
ACCT 417 Auditing  
(credits: 3)
ACCT 425 Strategic Information Systems and Accounting  
(credits: 3)

PROFESSIONAL ELECTIVES
ACCT or FINC courses (at 300-level or higher)  
(credits: 6)
See ACCT course descriptions for enrollment restrictions.

ELECTIVES
in addition to required courses, sufficient credits must be taken to meet the minimum credits required for the degree. Elective courses should be chosen from outside the Alfred Lerner College of Business and Economics. For Economics, International Business, or Management Information/Decision Support Systems minors only, six credits from the Alfred Lerner College of Business and Economics may be applied to the elective category. No more than two credits can be from HESC 120.

CREDITS TO TOTAL A MINIMUM OF  

(credits: 120)
HONORS BACHELOR OF SCIENCE: ACCOUNTING

The recipient must complete:
1. All requirements for the Bachelor of Science in Accounting.
2. All of the University's generic requirements for the Honors Baccalaureate degree (see page 49 of this catalog).

The Honors credits in the major will normally include ACCT 207 and ACCT 208. They may include required courses from other departments in the Alfred Lerner College of Business and Economics. An ACCT course taken at the 600-level will count for Honors credit.

DEGREE: BACHELOR OF SCIENCE

Professional Concentration ........................................... 12

Twelve Credits from any one area of business, accounting, or economics. Students must select ONE of the following disciplines: Accounting, Economics, Finance, Management, Marketing, or Operations Management, and complete 12 credits of 300 and/or 400 level courses in that ONE discipline.

MIS ELECTIVES........................................... 6

BUEC courses 300-level or above (excluding BUEC 325) and CISC courses 200-level or above and approved by the student's academic advisor. CISC 220: Data Structures is strongly recommended as an elective course. At least one of these elective courses must be a CISC course.

ELECTIVES

In addition to the required courses, sufficient credits must be taken to meet the minimum credits required for the degree. Elective courses should be chosen outside of the Lerner College of Business & Economics. For Economics or International Business Minors only six (6) credits can be applied to the elective category. No more than two credits can come from HESC 120.

CREDITS TO TOTAL A MINIMUM OF ....... 120

REQUIREMENTS FOR THE MINOR IN MANAGEMENT INFORMATION SYSTEMS (MIS)

The MIS Minor is designed to provide students with an opportunity to acquaint themselves with the three interrelated areas of Management Information Systems: Business Foundations, Information Technology, and Project Management/Hands on Experience, and to explore the rapidly expanding field of computer-based management information systems. Applications to be admitted into the MIS Minor are submitted on-line each November and reviewed the following January. Enrollment is limited, admission is based on GPA and restricted to students who will successfully complete 60 credits prior to beginning the BUEC sequence in the Fall following a student's enrollment. The minor requires the following eight courses, with a grade of C or better in 21 of the 24 credits and an overall average of C or better for all eight courses in the minor. More information and applications are available at www.lerner.udel.edu/IIT.

Credits

ACCT 160 Introduction to Business Information Systems I .................................................. 3

BUEC 432 Problem Solving Project Management ................................................. 3

All substitutions must be approved in writing by the MIS Project Director PRIOR to taking ANY BUEC course.

BUSINESS ADMINISTRATION

Professional education in business administration serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of management in our society.
Students pursuing a program of study leading to the degree of Bachelor of Science in Business Administration will select one of four majors: management, marketing, finance, or operations management. The major in finance is administered by the Department of Finance within the Alfred Lerner College of Business and Economics and is described later. Honors Degree options are available in all the majors. Students may also pursue a minor in international business and/or apply to the minors in management information systems, economics, or a variety of other fields. A minor in business administration is also available to students majoring in other fields.

Each candidate for a degree must: (1) earn a minimum of 121 credits, (2) achieve a minimum cumulative GPA of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C- in specified business, finance, accounting, and economics courses. Students seeking a Bachelor’s Degree in Business Administration may take only one of the four required upper-level courses in their major at another institution unless advance permission is granted for credit earned in residential study-abroad courses.

It is recommended that students take BUAD 301, 306, 309, and FINC 311 during the first semester of the junior year. A major is selected after taking these introductory courses.

All 300- and 400-level courses are restricted to Business Administration and Accounting degree candidates and to students whose programs require the course.

Only one of the following will count toward graduation:

- ACCT 261 or ACCT 302, BUAD 346, BUAD 446, BUAD 447, BUAD 448.

- BUAD 301 Introduction to Marketing (minimum grade C-)
- BUAD 306 Operations Management (minimum grade C-)
- BUAD 309 Management and Organizational Behavior (minimum grade C-)

Students must earn a grade of C- or better in all but one of the following:

- BUAD 346 Analysis of Operations Problems
- BUAD 441 Strategic Management (minimum grade C-)
- BUAD 446 Operations Planning and Control
- BUAD 447 Quality in Operations
- BUAD 448 Decision Support Systems for Operations

One of the following International theme courses: 3

- ACCT 383 Introduction to International Accounting
- ACCT 395 Seminar: International Accounting
- BUAD 341 Environment of Multinational Corporations (cross-listed with ECON 341 and/or POSC 341)
- BUAD 382 International Business Management
- BUAD 383 Seminar on International Business
- BUAD 391 Seminar on International Management
- BUAD 393 Seminar on International Marketing Management
- BUAD 394 Seminar on International Operations Management

- ECON 305 Cooperative Economic Systems
- ECON 311 Economics of Developing Countries
- ECON 318 Economic History of France
- ECON 340 International Economics
- ECON 341 Environment of Multinational Corporations (may be cross-listed as BUAD 341 and/or POSC 341)
- ECON 344 The Making of the European Economy
- ECON 348 Industrial Policies of France
- ECON 405 The Planned Economics
- ECON 411 Economic Theory of Developing Countries
- ECON 441 Advanced International Microeconomics
- ECON 443 International Monetary Economics
- ECON 444 Analysis of European Economic Performance
- FINC 392 Seminar on International Financial Management
- FINC 415 International Finance

**PROFESSIONAL ELECTIVES**

ACCT, FINC, BUAD, or BUEC courses (at the 300 level or higher) 6

**CREDITS TO TOTAL A MINIMUM OF .... 121**

**HONORS BACHELOR OF SCIENCE: BUSINESS ADMINISTRATION: MANAGEMENT, MARKETING, OR OPERATIONS MANAGEMENT**

The recipient must complete:

1. All requirements for the Bachelor of Science in Business Administration (any major).
2. All of the University's generic requirements for the Honors Baccalaureate degree (see page 49 of this catalog).
The Honors credits in the major must include at least six credits of BUAD and/or FINC courses. They may include required courses from other departments in the Alfred Lerner College of Business and Economics.

**REQUIREMENTS FOR THE MINOR IN BUSINESS ADMINISTRATION**

The minor in business administration provides students in degree programs other than in business with an opportunity to acquaint themselves with the basic concepts of business administration. Completion of the requirements for the minor provides a basic understanding of the language and major functional areas of business. The minor is awarded only to students who have applied and been admitted to the program. Applications are reviewed each October 15 and March 15. This program is not available to students whose major program requires all of the following courses. Students seeking a minor in Business Administration may only take one of the required Business or Finance courses at another institution.

Required courses for the minor are:

<table>
<thead>

**CREDITS TO TOTAL A MINIMUM OF 39**

**REQUIREMENTS FOR THE MINOR IN INTERNATIONAL BUSINESS**

The minor in international business is designed to give increased understanding of the important international dimension of business and policy issues related to international business administration, finance, or accounting. The 18 credits required for the minor may also be used to meet other distribution requirements. Students interested in the Minor in International Business must apply to the Department of Business Administration prior to the second semester of their junior year. Also, students seeking a minor in International Business may only take one of the required Business or Finance courses at another institution.

Required courses for the minor are:

**ECONOMICS**

Both a Bachelor of Arts and Bachelor of Science degree are available to undergraduate students enrolled in the Alfred Lerner College of Business and Economics. The group and language (Bachelor of Arts) or quantitative proficiency (Bachelor of Science) requirements for students enrolled in the Alfred Lerner College of Business and Economics are described below. Honors degree options are available for both the B.S. and the B.A. Optional concentrations in Applied Economics and in Economic Theory and Econometrics are offered for interested students. In addition, students may pursue a double degree in Business Administration and Economics, or may declare an interdepartmental major in Economics. These options are described below.

A minor program in economics is also available.

A Bachelor of Arts in Economics or in Economic Education and a Bachelor of Science in Mathematics and Economics are available to students enrolled in the College of Arts and Science. These majors have the same group and language requirements as other Bachelor of Arts programs offered in the College of Arts and Science.

Economics, a social science, analyzes the market and non-market production and allocation of goods and services. The problems associated with society's effort to prosper in a world possessing finite resources are emphasized.

Students majoring in Economics are advised by the faculty of the Department of Economics.

**APPLICATION FOR MAJOR**

Any University student who is not an economics major but wishes to become one must apply for admission into the major. Applications can be submitted online through the student's SIS+ account. The principal criteria for acceptance are academic achievement, particularly in economics courses, and potential for academic success in economics. Students seeking admission to an economics degree program must complete at least 28 credit hours, including ECON 151 and 152, prior to submitting an application. In addition, students applying for the B.S. degree must complete either MATH 221 or 241 with a grade of C- or better.

DEGREE: BACHELOR OF SCIENCE
MAJOR: ECONOMICS

CURRICULUM CREDITS

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing (with minimum grade of C-) .............. 3

Three credits in an approved course or courses stressing multi-cultural, ethnic, and/or gender-related course content (see p. 66-71) ........................................ 3

MAJOR REQUIREMENTS

Second Writing Requirement: (minimum grade C-) ....... 3

A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. For a list of approved second writing courses see page 100-102.

One of the following: ................................................ 3-4

MATH 221 Calculus I

or

MATH 241 Analytic Geometry and Calculus A

Quantitative Proficiency Requirement ...................... 12

Twelve credits in courses within the quantitative area. At least six credits must be taken in Mathematics at or above the 200-level except MATH 201, 202, 205, 250, 251, 252, and 253. The remaining six credits may be chosen from other Mathematics courses at or above the 200-level (except MATH 201, 202, 205, 250, 251, 252, and 253), ACCT 208, 261, Statistics and Computer Science courses at or above the 300-level, BUAD 306, 346, and 446, BUEC 430 and 431, and ECON 415, 422, 423, and 426. A maximum of one economics course may be used to satisfy this requirement while simultaneously being used to satisfy Economics course requirements.

Breadth Requirements (See page 102-111)

Group A ............................................................. 12

Understanding and appreciation of the creative arts and humanities. Twelve credits representing at least two departments.

Group B ............................................................. 12

The study of culture and institutions over time. Twelve credits representing at least two departments.

Group C ............................................................. 12

Empirically-based study of human beings and their environment. Twelve credits representing at least two departments.

Group D ............................................................. 13

The study of natural phenomena through experiment and analysis. A minimum of thirteen credits representing at least two departments including a minimum of one course with an associated laboratory.

MATH 201/202 Introduction to Statistics I and II ........ 6

Related Work Requirement ........................................ 9

Nine credits chosen from any 300-level or higher courses in Accounting, Anthropology, Business Administration, Computer Science, Finance, Geography, History, Mathematics, Philosophy, Political Science, Psychology, Sociology, and Statistics. Also acceptable are ACCT 207, 208, 261, any 200-level Mathematics course except 201, 202, 205, 250, 251, 252, and 253, and any BUAD courses. Courses used to satisfy the Related Work Requirement may not be used to fulfill the quantitative proficiency requirement described above.

ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C-) .................. 3

ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C-) ............ 3

ECON 301 Quantitative Microeconomic Theory (minimum grade C-) .......................... 3

ECON 302 Banking and Monetary Policy (minimum grade C-) .................................. 3

ECON 303 Intermediate Macroeconomic Theory (minimum grade C-) ..................... 3

Five additional Economics courses, at least two of which are at or above the 400-level (minimum grade C-) ........... 15

Certain corresponding courses offered at different levels of difficulty will not both be counted toward a degree. These corresponding courses include ECON 311 and ECON 411, ECON 352 and ECON 453, ECON 354 and ECON 444, ECON 360 and ECON 463, ECON 381 and ECON 483, and ECON 390 and ECON 490.

Electives

After required courses are completed, sufficient credits must be taken to meet the minimum credits required for the degree.

CREDITS TO TOTAL A MINIMUM OF .......... 120

DEGREE: BACHELOR OF ARTS
MAJOR: ECONOMICS

CURRICULUM CREDITS

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing (minimum grade C-) ......... 3

MAJOR REQUIREMENTS

Second Writing Requirement: (minimum grade C-) ....... 3

A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. For a list of approved second writing courses see page 100-102.

Completion of the intermediate-level course (107 or 112) in a given foreign language. Students with four or more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an exemption examination .......................... 0-12

One of the following: ................................................ 3-4

MATH 114 or 171 Pre-Calculus (for students who do not intend to continue the study of mathematics)

MATH 115 or 170 Elementary Mathematics and Statistics (for students who do not intend to continue the study of mathematics)

Breadth Requirements (See page 102-111)

Group A ............................................................. 12

Understanding and appreciation of the creative arts and humanities. Twelve credits representing at least two areas.

Group B ............................................................. 12

The study of culture and institutions over time. Twelve credits representing at least two areas.

Group C ............................................................. 3

Empirically-based study of human beings and their environment. Cannot be satisfied by an Economics course.

Group D ............................................................. 13

The study of natural phenomena through experiment and analysis. A minimum of thirteen credits representing at least two areas including a minimum of one course with an associated laboratory.
Twelve credits of course work in the quantitative area, including the following.

- ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C-) .................................. 3
- ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C-) .................................. 3
- ECON 302 Banking and Monetary Policy (minimum grade C-) ................................................................. 3
- ECON 303 Intermediate Macroeconomic Theory (minimum grade C-) ...................................................... 3
- ECON 300 Intermediate Microeconomic Theory or ECON 301 Quantitative Microeconomic Theory (minimum grade C-) ................................................................. 3

Five additional Economics courses, at least two of which are at or above the 400-level (minimum grade C-) .......... 15

- ECON 15 1 Introduction to Microeconomics: Prices and Markets (minimum grade C-) .................................. 3

- ECON 300 Intermediate Microeconomic Theory or ECON 301 Quantitative Microeconomic Theory (minimum grade C-) ................................................................. 3

ECON 15 1 Introduction to Microeconomics: Prices and Markets (minimum grade C-) .................................. 3
- ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C-) .................................. 3
- ECON 302 Banking and Monetary Policy (minimum grade C-) ................................................................. 3
- ECON 303 Intermediate Macroeconomic Theory (minimum grade C-) ...................................................... 3
- ECON 300 Intermediate Microeconomic Theory or ECON 301 Quantitative Microeconomic Theory (minimum grade C-) ................................................................. 3

DEGREE: BACHELOR OF ARTS OR BACHELOR
OF SCIENCE

MAJOR: ECONOMICS

CONCENTRATION: ECONOMIC THEORY AND
ECONOMETRICS

The requirements for the major in Economics must be met. The following requirements must be met in place of the requirement for five economics courses, with at least two at the 400-level and the quantitative proficiency requirements for the regular B.A. or B.S. degree:

- ECON 422/423 Econometric Methods and Models I and II ................................................................. 6
- or ECON 822/823 Econometric Theory/Seminar in Econometrics

Two Economics courses at the 300- or 400-level .............................................. 6

- ECON 422/423 Econometric Methods and Models I and II ................................................................. 6
- or ECON 822/823 Econometric Theory/Seminar in Econometrics

Six additional 400-level courses in economic theory, chosen from ECON 406, ECON 426, ECON 443, ECON 444, ECON 461, ECON 463, or graduate level courses in economic theory by approval. A mathematics course at the 300-level of above may be substituted for one of the 400-level courses in economic theory.

Twelve credits of course work in the quantitative area, including the following ........................................... 12
- ACCT 261 Introduction to Business Information Systems I (prerequisite ACCT 160)
- Six credits in MATH at or above the 200-level (except MATH 201, 202, 205, 250, 251, 252, and 253)
- Any one of the following: ACCT 208, BUAD 306, BUAD 346, BUAD 446, BUEC 430, BUEC 431, ECON 415, ECON 422, ECON 423, ECON 426, STAT 352, or any BUEC courses.

ECON 422/423 Econometric Methods and Models I and II ................................................................. 6
- or ECON 822/823 Econometric Theory/Seminar in Econometrics

HONORS BACHELOR OF ARTS OR HONORS
BACHELOR OF SCIENCE: ECONOMICS

The recipient must complete:

1. All requirements for the Bachelor of Arts or Bachelor of Science in Economics in the Alfred Lerner College of Business and Economics.
2. All of the University's generic requirements for the Honors Baccalaureate degree (see page 49 of this catalog).

The courses in Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory must be taken in Honors sections.

Courses in Economics at the 600-level or higher may be considered as Honors courses.

THE MINOR IN ECONOMICS

The minor in Economics provides students in other degree programs an opportunity to study the basic concepts and methodology in economics and to gain formal recognition for their efforts.

REQUIRED COURSES IN MINOR:
Six courses (18 credits) with a grade of C- or better, including ECON 151, 152; or one of the following four courses: ECON 251, 301, 302, or 303; and three additional courses at or above the 300-level. NOTE: credit can only be received for one of ECON 251, 301 or 303.

APPLICATION FOR MINOR:
Same as application for major. (see page 200)
DOUBLE DEGREE IN BUSINESS ADMINISTRATION AND ECONOMICS

Students may work simultaneously toward a Bachelor of Science in Business Administration and a Bachelor of Arts or a Bachelor of Science in Economics.

OVERALL REQUIREMENTS:
For graduation, a minimum of 150 credits is required rather than 121 (business majors) or 120 (economics majors).

APPLICATION AND ADVISEMENT:
Students must apply to both degree programs for this option. The student’s double major program will be developed in consultation with an advisor.

INTERDEPARTMENTAL MAJOR IN ECONOMICS

The interdepartmental major consists of 51 credit hours selected from related fields with a minimum of 21 credit hours selected from each major field. In general, the Economics Department requires that the 21 hours of economics include ECON 151, 152, 302, 300, or 301, and 303. Before considering an interdepartmental major program, the student should strongly consider the option of a major in one field and a minor in the other. International Relations is an especially good interdepartmental major with Economics. Interdepartmental majors have also been established for Economics and either French or Spanish, Economics and Political Science, and Economics and Mathematics.

Students wishing to explore the possibility of developing an interdepartmental major with other departments should arrange conferences with their faculty advisors and the appropriate department chairs to plan their programs. Approval of the program is also required by the dean of the college or colleges in which the student is registered. See also the section on Interdepartmental Major (page 80) in the College of Arts and Science section of this catalog for the requirements for an interdepartmental major combining economics with any field in the College of Arts and Science. The application process for an interdepartmental major in economics is the same as the application for a major in economics.

FINANCE

Professional education in finance serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of financial management in our society. The undergraduate degree program in Finance reflects the growing demand for greater financial management capability in banking and in the financial services related industries. An Honors Degree option is available. Students majoring in Finance may also pursue a minor in international business and/or apply to the minors in management information systems or economics as well as minors offered outside of the Lerner College.

To earn the major in Finance, one must: (1) earn a minimum of 121 credits, (2) achieve a minimum cumulative GPA of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the major, and (4) achieve at least a C- in specified business, finance, accounting, and economics courses. Only one of the six required upper-level courses in Finance may be taken at another institution, unless advance permission is granted for credit earned in residential study-abroad courses.

Students also take a broad range of courses throughout the University that are outside the Alfred Lerner College of Business and Economics. These include a specified number of courses in the humanities, sciences, social and behavioral sciences, and in disciplines that develop specific skills in mathematics, statistics, and written and oral communication. Additional electives are also required to give each student the opportunity to choose courses most consistent with his or her interests.
