The College of Human Resources' programs combine professional preparation with a strong liberal arts curriculum. The diversified baccalaureate programs provide opportunities for careers in business; industry; public, private, and government agencies; and education.

In addition to the specialized college courses necessary for competence in one's selected professional major, the curricula includes courses in the humanities, the sciences, and the social sciences. Most academic programs also provide practicum/internship experiences that enhance employability; or for those planning to pursue a graduate program, research apprenticeship experience is available.

Each student's academic advisor, a faculty member with expertise in the student's field of interest, will assist in selecting courses and experiences that focus on the student's interest and professional goals. For example, careful selection of liberal arts requirements and elective courses allow students to pursue a minor or an area of interest outside of the college, a double degree, double major, or interdepartmental major.

Human Resources' students are encouraged to enrich their academic program by participating in the college's visiting student programs, study abroad experiences, seminars, and the college's numerous student organizations.

There are several special academic opportunities for exceptionally talented and highly motivated students. Students in each academic program are eligible to participate in the University's Honors Program, undergraduate research, and Degree with Distinction. Also, the college's Dean's Scholar Program provides qualified students with the opportunity to share the responsibility of developing an individualized program focusing on the student's academic interests.

**GENERAL EDUCATION COURSES**

The following courses from outside of the College of Human Resources have been approved to fulfill humanities, science and social science electives.

**HUMANITIES**

- Art, Art History, Communication, Comparative Literature, English
- Foreign Language (including: ARAB, CHIN, FREN, GRMN, HEBR, ITAL, JAPN, LATN, PORT, RUSS, SPAN)
- Foreign Languages and Literatures, Jewish Studies, Linguistics, Museum Studies, Music, Philosophy, Theater, Women's Studies (WOMS 100, 203, 205, 208, 209, 210, 214, 216, 221, 318, 320, 324, 325, 326, 328, 330, 338, 339, 353, 380, 381, 382, 389, 465, 471, 480)
- Center for Science and Culture (CSCC 229, 241, 245, 246, 250, 330, 365, 368, 369, 444)

**SCIENCES**

- Physical and Biological Sciences
- Anthropology (ANTH 102, 104, 202)
- Biological Sciences, Animal Science, Chemistry, Entomology, Food Science, Geology, Marine Studies, Plant and Soil Science, Physics and Astronomy, Psychology (PSYC 314), Science

**SOCIAL SCIENCE**

INDIVIDUAL AND FAMILY STUDIES

The Department of Individual and Family Studies offers three majors for students interested in understanding life-span development within the family. Students in the department have the opportunity to complete an Honors degree in each of the academic programs.

The Family and Community Services major is designed for students wishing to work within public and private agencies serving clients, infants through the aged, and their families. Combining course work and clinical experiences, the program of study prepares graduates for positions in direct client services and/or management and administration in a variety of institutional and community settings.

The major in Early Childhood Development and Education is designed for students who plan on working with young children in school, family, and institutional settings. Certification options allow students to pursue careers as teachers and early interventionists. Certification requirements for state approved early childhood programs can be met by completing the identified course work for each certification option. Students are strongly encouraged to work closely with academic advisors in designing their program. The program emphasizes developmentally appropriate, family-centered practices to meet the needs of all children, including those with disabilities.

The major in Human Development and Family Processes is designed for students whose career goals require subsequent graduate education in Human Development and Family Processes or related areas. Students are afforded the opportunity to engage in a significant research apprenticeship including an honors component for qualified students.

Selection and retention policies for the Early Childhood Development and Education and Family and Community Services majors have been established and must be followed. In addition, there are limitations on the number of students that can be enrolled in each major. Students are responsible for travel arrangements and costs for clinical/internship experiences.

#### HONORS BACHELOR OF SCIENCE: FAMILY AND COMMUNITY SERVICES

The recipient must complete:
1. All requirements for the Bachelor of Science degree in Family and Community Services.
2. All of the University’s generic requirements for the Honors Baccalaureate Degree (see page 30).
3. Three additional requirements:
   a. Senior Seminar (IFST 465) must be taken as an Honors section.
   b. Achieve a 3.4 GPA in major.

ELECTIVES

Electives ...................................................................... 18

May include Military Science, Music, or Physical Education. (Only two
credits of activity-type Physical Education and four credits of Music or-
ganization credits and four credits of 100-200-level courses in Mili-
tary Science/Air Force may be counted toward the degree.)

CREDITS TO TOTAL A MINIMUM OF ............................... 127

HONORS BACHELOR OF SCIENCE:

HUMAN DEVELOPMENT AND FAMILY PROCESSES

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Human
   Development and Family Processes.

2. All of the University's generic requirements for the Honors Bac-
calaureate Degree. (see page 30 of this catalog.)

3. These additional requirements:
   a. Honors Research credits may substitute for the IFST 466 (6
      hours) supervised research currently required in this major.
   b. Senior Seminar (IFST 480) must be taken as an Honors section.
   c. Achieve a 3.4 GPA in major.

NUTRITION AND DIETETICS

Programs in the Department of Nutrition and Dietetics integrate
chemistry, biology, social science and business courses with the
study of nutrition.

The Dietetics major leads to the attainment of certification as
Registered Dietitian by the American Dietetic Association (ADA)
and has approval status by the ADA Division of Education Accredi-
Students in this major complete the professional practice requirement after the Bachelor of Science degree by completing an ADA dietetic internship or alternative. See the Graduate Catalog for information on the Dietetic Internship Program.

A second major in the Department is Applied Nutrition. The first two years of coursework is nearly identical for the Applied Nutrition and the Dietetics major. The students are admitted to the Dietetics major after successful completion of three semesters of coursework in the Applied Nutrition major. A 2.5 cumulative grade point average is included in the criteria for admission.

The Applied Nutrition major is designed for the student who can creatively combine the study of nutrition with other academic areas. The curriculum is flexible so that a focus such as Gerontology, Communication, Food service Management, or Fitness may be incorporated. The Applied Nutrition major also serves as the entry major for students who later apply to Dietetics in their sophomore year. Students who plan on becoming a Registered Dietitian and on conducting counseling and the related activities of a dietitian/nutrition counselor should complete the Dietetics major.

The Nutritional Sciences major meets the needs of students who want to focus strongly on the science aspects of human nutrition. As a professional program, it prepares students for careers in dentistry, veterinary and human medicine, laboratory research in nutrition, or positions with companies or agencies requiring the extensive use of a strong science and human nutrition background. It provides students with a strong foundation for graduate work in human nutrition and related fields (e.g., physical therapy) as well as may be considered primarily as a professional degree. Students planning on career-related employment upon graduation are encouraged to plan their electives in a concentrated area of interest such as journalism, dietetics, food science, child development, chemistry, biological sciences, or other related fields.

Opportunities exist for students to participate in the American Dietetic Association and the Society of Nutrition Education.

Selection and retention policies for all majors in this department have been established and are available from the department office.

**HONORS DEGREES IN THE DEPARTMENT OF NUTRITION AND DIETETICS**

Students can earn an Honors Bachelor of Science Degree in Applied Nutrition, Dietetics, or Nutritional Sciences by completing the following requirements:

1. All requirements for the Bachelor of Science Degree in the respective major.
2. All the University’s generic requirements for the Honors Bachelor of Science Degree (see page 30 of this catalog).

**MINOR IN NUTRITION**

Requirements for a minor in nutrition requires NTDT 200, NTDT 400, NTDT 401 plus 6 credits in Nutrition and Dietetics at the 300-level or higher. A 2.0 grade point average is required for admission; a minimum grade of C- is required in all courses in the minor. Note that CHEM 214 and CHEM 216 are necessary prerequisites for NTDT 400 and NTDT 401.

A minimum grade of C must be achieved for credits to count toward the fulfillment of 26 credits in NTD; a minimum grade of C in 200-level courses must be achieved to proceed to upper-level courses; only 300-level courses and a maximum of four credits of Special Problems/Independent Study [NTDT x56] may count toward the fulfillment of this requirement.

- NTD 200 Nutrition Concepts ........................................... 3
- NTD 400 Micronutrients ................................................. 3
- NTD 401 Macronutrients .................................................. 3
- NTD 421 Nutrition Research Methods ................................ 2
- NTD 440 Nutrition and Disease ....................................... 3
- NTD courses (300-level or higher) ................................... 9
- NTD course ......................................................... 3

**ELECTIVES**

**Electives**
May include Military Science, Music, or Physical Education. (Only two credits of activity-type Physical Education and four credits of Music organization credits and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree)

**CREDITS TO TOTAL A MINIMUM OF ................................. 120**

## TEXTILES, DESIGN AND CONSUMER ECONOMICS

The Department of Textiles, Design and Consumer Economics addresses the design, development, analysis, delivery and use of products and services through its three major courses of study. The Apparel Design major studies the conceptualization and production of products for apparel-related industries to meet consumer needs. Students in Consumer Economics study the interaction between individuals/families and the marketplace, emphasizing the effects of resources and public policy on consumer welfare. The Textiles and Clothing: Merchandising major addresses the planning, production, promotion and distribution of products in fashion industries to meet consumer demand.

Internal transfer applications are evaluated on a rolling basis. Students are advised to contact the Department office regarding selection policies.

**DEGREE: BACHELOR OF SCIENCE IN HUMAN RESOURCES MAJORS: APPAREL DESIGN (APD) or TEXTILES AND CLOTHING: MERCHANDISING (TC)**

Both the APD and TC curricula consist of a core supplemented by courses specific to each major, facilitating a double major or transfer from either major to the other.

**CURRICULUM**

**UNIVERSITY REQUIREMENTS**
- ENGL 110 Critical Reading and Writing (minimum grade C) ..... 3
  - Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 20)
- MAJOR REQUIREMENTS
  - External to the College
    - **Humanities**
      - English Writing course ........................................ 3
      - Selected from courses approved for Arts and Science second writing requirement, page 59
      - COMM 225 Fundamentals of Communication ................... 3
      - or COMM 312 Oral Communication in Business ................ 3
    - **CREDITS FOR TOTAL A MINIMUM OF ............................ 120**
  - Art 129 Design in Visual Arts .................................... 3
  - Art 130 Drawing: Tools and Techniques .......................... 3
  - **Foreign Language**
    - Two modern foreign language courses ............................ 0-8
    - Students with fewer than two high school years of a particular foreign language will be placed in a 105 language course and will then take 105-106. Students with two or three years of a particular language will be placed in a 106 language course and will then take 106-107. Students with more than three years will be placed in a 107 language course and, upon completing 107, will be advised, but not required, to take a 200-level language course. Students with four or more high school years of a foreign language may attempt to fulfill the requirement by taking an exemption examination and will then be advised, but not required, to take a 200-level language course.
  - **Sciences**
    - CHEM 101 General Chemistry ...................................... 4
    - CHEM 102 General Chemistry ...................................... 4

- TDCE 324 Apparel Design II .......................................... 3
- TDCE 333 Fashion Design and Forecasting .......................... 3
- TDCE 424 Apparel Design III ......................................... 3
- TDCE 433 Mass Market Apparel ........................................ 3

**ELECTIVES**

**Electives**
May include Military Science, Music, or Physical Education (Only two credits of activity-type Physical Education and four credits of Music organization credits and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree)

**CREDITS TO TOTAL A MINIMUM OF ................................. 120**
HONORS BACHELOR OF SCIENCE: APPAREL DESIGN
The recipient must complete:
1. All requirements for the Bachelor of Science degree in Apparel Design.
2. All the University’s generic requirements for the Honors Baccalaureate Degree (See page 30). Within these requirements, the twelve (12) honors credits earned in courses in the Department of Textiles, Design and Consumer Economics or in closely related areas outside the Department must be approved by the student’s advisor. Of these, a minimum of six (6) credits must be taken in the Department of Textiles, Design and Consumer Economics.

ADDITIONAL TEXTILES AND CLOTHING: MERCHANDISING CURRICULUM

MAJOR REQUIREMENTS
External to the College

Business
ACCT 207 Accounting I 3
or
TDCE 217 Accounting Practice for Merchandising 3
ACCT 352 Law and Social Issues in Business 3
ACCT 260 Introduction to Business Information Systems I 3
BUAD 301 Introduction to Marketing 3
BUAD 309 Management and Organizational Behavior 3
BUAD 471 Advertising Management 3
BUAD 474 Marketing Channels and Retailing 3
ECOM 152 Introduction to Macroeconomics 3

Within the Department
TDCE 318 Fashion Merchandising Products 3
TDCE 418 Advanced Fashion Merchandising 4
Additional TDCE courses 6

ELECTIVES
Electives 9-17

May include Military Science, Music, or Physical Education (Only two credits of activity-type Physical Education and four credits of Music organization credits and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree).

CREDITS TO TOTAL A MINIMUM OF 120

HONORS BACHELOR OF SCIENCE: TEXTILES AND CLOTHING: MERCHANDISING
The recipient must complete:
1. All requirements for the Bachelor of Science degree in Textiles and Clothing: Merchandising.
2. All the University’s generic requirements for the Honors Baccalaureate Degree (See page 30). Within these requirements, the twelve (12) honors credits earned in courses in the Department of Textiles, Design and Consumer Economics or in closely related areas outside the Department must be approved by the student’s advisor. Of these, a minimum of six (6) credits must be taken in the Department of Textiles, Design and Consumer Economics.

DEGREE: BACHELOR OF SCIENCE IN HUMAN RESOURCES

MAJOR: CONSUMER ECONOMICS

Economics course(s) 3
Accounting course(s) 3
Finance course(s) 3

Any of the following:
POSC 454 Public Administrative and Organizational Theory 3
POSC 455 Public Budgeting and Financial Management 3

Computer Applications
ACCT 260 Introduction to Business Information Systems I 3
GISC 105 General Computer Science 3
FREC 435 Microcomputer Use in Agricultural Economics 3
PSYC 306 Computer Application in Psychology 3

Within the College

Human Resources courses (IFST, HRIM, HURE, NTDT, TDCE) 9
Six credits from two departments other than TDCE

Within the Department

TDCE 200 Consumer Economics 3
TDCE 335 Consumer Financial Management 3
TDCE 342 Consumer Laws and Regulation 3
TDCE 440 Advanced Consumer Economics 3

Electives chosen from:
TDCE 235, 242, 310, 322, 340, 400, 401, 422, 435, 442 and other courses in Consumer Economics 15

ELECTIVES
Electives 12

May include Military Science Music, or Physical Education (Only two credits of activity-type Physical Education and four credits of Music organization credits and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree).

CREDITS TO TOTAL A MINIMUM OF 120

HONORS BACHELOR OF SCIENCE: CONSUMER ECONOMICS
The recipient must complete:
1. All requirements for the Bachelor of Science degree in Consumer Economics.
2. All the University’s generic requirements for the Honors Baccalaureate Degree (See page 30). Within these requirements,
the twelve (12) honors credits earned in courses in the Department of Textiles, Design and Consumer Economics or in closely related areas outside the Department must be approved by the student's advisor. Of these, a minimum of six (6) credits must be taken in the Department of Textiles, Design and Consumer Economics.

HOTEL, RESTAURANT AND INSTITUTIONAL MANAGEMENT

The Hotel, Restaurant and Institutional Management Program curriculum is based in liberal arts, business and specialized courses in technical applications for the hotel and restaurant industries. Students are provided a foundation in the traditional academic areas to complement the state-of-the-art business and hospitality courses. The curriculum is structured to provide both a practical and a theoretical education. An integral part of the curriculum is the hospitality related work experience. A documented and paid student work requirement of 800 hours is required prior to the Level I and II practicums during the junior and senior year. These combined work experiences assist in the preparation of students for the increasingly complex and challenging hospitality industry.

Students in the Hotel, Restaurant and Institutional Management program also have the opportunity to participate in a 4 + 1 program with the College of Business and Economics. With careful planning academically eligible students can complete both their undergraduate degree in the College of Human Resources and the Master of Business Administration degree in five years. Additional information is available from the program office.

DEGREE: BACHELOR OF SCIENCE IN HUMAN RESOURCES

MAJOR: HOTEL, RESTAURANT AND INSTITUTIONAL MANAGEMENT

CURRICULUM

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing [minimum grade C] 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content [see p. 20] 3

ELECTIVES

Electives 16-24
May include Military Science, Music, or Physical Education. Only two credits of activity-type Physical Education and four credits of Music organization credits and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree. Students are encouraged to develop fluency in a second language.

CREDITS TO TOTAL A MINIMUM OF 120

HONORS DEGREE IN HOTEL, RESTAURANT AND INSTITUTIONAL MANAGEMENT

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Hotel, Restaurant and Institutional Management.

2. All the University’s generic requirements for the Honors Degree (See page 30).

INTERDISCIPLINARY STUDIES IN HUMAN RESOURCES

This major combines science, humanities, and social science requirements with a breadth of courses in the College. In addition to the core requirements in the College of Human Resources, the student also selects twenty-one additional credit hours from the College. The courses that the student does select should reflect his or her personal and career objectives.

The student also has an opportunity to individualize the academic program through eighteen credit hours required in an area of interest outside the College. These courses should support a specialized program within the college and enhance the student's personal and career goals. If approved by the appropriate department, these courses may also fulfill the requirements for a minor.

Because of the opportunity to individualize the academic program, the Interdisciplinary Studies major is appropriate for students:

- whose career or personal goals can best be achieved by combining University-wide liberal arts courses, our College's area
of specialization, and an area of interest/minor outside the College; or
• seeking Home Economics teacher certification.

Students desiring certification for teaching home economics grades 5-12 in Delaware schools can major in Interdisciplinary Studies in Human Resources or another home economics related program in the College of Human Resources. As part of their academic program they will complete necessary content and professional course requirements. (Note: Professional courses are not offered each semester. Students must work with their academic advisor to determine availability.) These requirements which are necessary for the Standard Certificate include:

• A minimum of 24 semester hours including human development/learning, methods of teaching home economics (including clinical experience), identifying exceptionalities, effective teaching strategies, multicultural education and student teaching evenly divided between middle and high school levels; and
• A minimum of 36 semester hours with at least one course from each of the following areas:
  Housing/home furnishings/home equipment
  Consumer/family economics
  Home management
  Child development
  Family life/parenthood education
  Foods/nutrition
  Textiles/clothing
  Computer literacy

Student teaching requires a cumulative index of 2.50, a major field index of 2.75 and C- grade in required courses. (Additional information is available from program coordinator.)

In addition, if a student has already received a bachelor's degree from an accredited college (which includes a general studies component) they can fulfill the requirements above and apply for certification.

For additional details, see Teacher Education Programs in the College of Education section of this catalog.
