The activities of the college include elective lifetime sports courses, intramural sports, intercollegiate athletics, and four degree programs.

LIFETIME ACTIVITIES PROGRAM
A varied activity program featuring more than twenty different offerings each semester is available to all students on a credit basis. Courses are provided for all levels of ability and interests including beginners, intermediate, and advanced.

The objectives of the lifetime activities program are: (1) to provide students with knowledge and skills essential for leisure-time enjoyment, (2) to develop healthy exercise habits in students as well as a sound knowledge base in the scientific principles of physical activity, and (3) to provide an enjoyable atmosphere for learning skills that encourage lifetime participation.

DEAN’S SCHOLAR PROGRAM
Each year the College of Physical Education, Athletics and Recreation selects a number of highly motivated students who have clear educational goals and the ability to achieve those goals and appoints them as Dean’s Scholars. These students are freed of all college requirements so that they can build their entire program with faculty advisors. They are generally selected after they have finished their freshman year. Additional information is available from the Physical Education Advisement Office upon request.

DEGREE PROGRAMS
The college features a physical education program with four Bachelor of Science degree options: health and physical education, physical education studies, athletic training, and recreation and park administration. Each curriculum features a liberal arts base and opportunities for in-depth study in a specialty field. Internships or clinical experiences are available in each degree option.

BACHELOR OF SCIENCE IN HEALTH AND PHYSICAL EDUCATION
The Health and Physical Education program is approved by the National Association of State Directors of Teacher Education and Certification (NASDTEC). Students who complete program requirements are eligible for teacher certification through the individual states in the NASDTEC agreement.

BACHELOR OF SCIENCE IN PHYSICAL EDUCATION STUDIES
Students interested in graduate study, exercise physiology, biomechanics, fitness management or figure skating science enroll in this program.

BACHELOR OF SCIENCE IN ATHLETIC TRAINING
The athletic training education program at the University of Delaware is a National Athletic Trainers’ Association (NATA) approved undergraduate program awarding the Bachelor of Science Degree in Athletic Training (B.S.A.T.)
BACHELOR OF SCIENCE IN RECREATION AND PARK ADMINISTRATION

This program is designed to accommodate students interested in preparing for careers in the leisure service industry.

DEGREE: BACHELOR OF SCIENCE IN HEALTH AND PHYSICAL EDUCATION

MAJOR: HEALTH AND PHYSICAL EDUCATION

CURRICULUM

Superior figures indicate year or years in which the course is normally taken, e.g., Freshman year, etc.

UNIVERSITY REQUIREMENTS

ENG 110 Critical Reading and Writing (minimum grade C) 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 20).

COLLEGE REQUIREMENTS  [Minimum number of credit hours required]

Writing Course

A writing course involving significant writing experience including two papers with a minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. Appropriate writing courses are normally designated in the semester's Registration Booklet at "Satisfies Arts and Science second writing course".

Group Dynamics Course

A course chosen from the following:

COMM 356 Small Group Communication 3
EDVD 373 Psychology of Human Relationships 3

Area A—Communication Skills

Three credits from one of the following departments: English (writing/composition courses), Communication and Foreign Languages and Literatures

Area B—Humanities and Fine Arts

Three credits from the following departments: Art, Art History, English (literature), Music, Philosophy and Theatre. Specific courses from the College of Human Resources (Department of Textiles, Design and Consumer Economics)

Area C—Biological Sciences

Four credits taken in the Department of Biological Sciences

Area D—History and Social Science

PSYC 201 General Psychology 3
IFST 401 Foundations of Human Sexuality 3

Area E—Humanities and Fine Arts

Three credits from one of the following departments:

Anthropology (except physical), Black American Studies, Criminal Justice, Economics, Geography (except physical and meteorology), History, Political Science and International Relations, Psychology and Sociology. Specific courses from the College of Human Resources (Department of Individual and Family Studies)

Area F—Natural Science and Mathematics

NDTT 200 Nutrition Concepts 3
Mathematics course 3

MAJOR REQUIREMENTS

External to the College

EDST 201 Education in a Multicultural Society 3
EDST 304 Educational Psychology—Social Aspects 3
EDST 305 Educational Psychology—Cognitive Aspects 3
EDDV 400 Student Teaching 4

Students must have a minimum cumulative G.P.A. of 2.50, a g.p.a. in the major of at least 2.75, and have completed all required HPER courses except for HPER 340, HPER 426, HPER 430, and HPER 431 to register for EDDV 400

Within the College

Students may take a maximum of two beginning-level HPER 120 activity courses prior to enrolling in a similar activity within the major skill blocks; e.g., if the student feels a weakness in tennis, that person might wish to do a HPER 120 Tennis I course before enrolling in the major block tennis activity. After having completed a particular skill in the major program, students must register for the advanced-level course if desiring to do the same skill in the nonspecial (HER 120) curriculum; e.g., Tennis II, Self Defense II, etc. Major students are permitted four credits of Physical Education (HER 120) work under the above guidelines that may be counted toward graduation credit.

PER 140 Fundamental Skills Analysis (minimum grade C) 2
PER 150 Movement Education for Children (minimum grade C) 3
PER 214 Wellness: A Way of Life (minimum grade C) 3
PER 220 Anatomy and Physiology (minimum grade C) 3
PER 250 Motor Development (minimum grade C) 3
PER 276 Personal Computers in Health, Physical Education and Recreation (minimum grade C) 3
PER 300 Issues in Physical Activity Studies and Sports (minimum grade C) 4
PER 310 Health, Safety, First Aid and Emergency Care (minimum grade C) 3
PER 314 Methods and Materials in Health Education (minimum grade C) 2
PER 315 Methods and Materials in Drug Education (minimum grade C) 3
PER 324 Measurement and Evaluation (minimum grade C) 3
PER 325 Human Sexuality: Methods and Materials (minimum grade C) 3
PER 350 Mental Health (minimum grade C) 3
PER 342 Survey in Adaptive Physical Education/Recreation (minimum grade C) 3
PER 360 Psychology of Coaching (minimum grade C) 3
PER 426 Biomechanics of Sports (minimum grade C) 4
PER 430 Physiology of Activity (minimum grade C) 3
PER 431 Physiology of Activity Lab (minimum grade C) 1
Skill courses (minimum grade C) 3
PER 370 Practicum in Methods of Elementary Physical Education (minimum grade C) 3
PER 380 Practicum in Methods of Secondary Physical Education (minimum grade C) 3
PER 468 Teaching Seminar in Health/Physical Education (minimum grade C) 3

Students must have a minimum cumulative Grade Point Average of 2.50, a g.p.a. in the major of at least 2.75, and have completed all required HPER courses prior to enrolling in HPER 370 and HPER 380

ELECTIVES

Electives 4

CREDITS TO TOTAL A MINIMUM OF 128

DEGREE: BACHELOR OF SCIENCE IN PHYSICAL EDUCATION STUDIES

MAJOR: PHYSICAL EDUCATION STUDIES

NOTE: Students in this program must declare a Minor or a concentration consisting of a minimum of 15 credits.

CURRICULUM

Superior figures indicate year or years in which the course is normally taken, e.g., Freshman year, etc.

UNIVERSITY REQUIREMENTS

ENG 110 Critical Reading and Writing (minimum grade C) 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 20)

COLLEGE REQUIREMENTS

Minimum number of credit hours required. An additional twelve (12) credit hours is to be selected so that work completed in college requirements (Areas A, B, C, D, and E) will total at least 42 credit hours.

Writing Course

A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. Appropriate writing courses are normally designated in the semester's Registration Booklet at "Satisfies Arts and Science second writing course".

Area A—Communication Skills

Six credits from at least two of the following departments: English (writing/composition courses), Communication and Foreign Languages and Literatures

Area B—Humanities and Fine Arts

Six credits from at least two of the following departments: Art, Art History, English (literature), Music, Philosophy and Theatre. Specific courses from the College of Human Resources (Department of Textiles, Design and Consumer Economics) may be selected upon approval of the advisor.

Area C—Biological Sciences

Biology courses
Area D—History and Social Science
A minimum of nine credits from at least two of the following departments: Anthropology (except physical), Black American Studies, Criminal Justice, Economics, Geography (except physical and meteorology), History, Political Science and International Relations, Psychology and Sociology. Specific courses from the College of Human Resources (Department of Individual and Family Studies).

Area E—Natural Science and Mathematics
Mathematics course
A minimum of six credits from at least two departments
Includes courses in Anthropology (physical), Chemistry, Engineering, Entomology, Geography, (physical and meteorology), Geology, Health Sciences (natural science area), Mathematics (except MATH 251, 252), Physics (including Astronomy), Physical Science, Plant Science, Psychology (physiological), Statistics and Computer Science. Specific courses from the Department of Food Science, the College of Human Resources (Department of Nutrition and Dietetics) and the College of Marine Studies.

MAJOR REQUIREMENTS
Within the College
Students may take a maximum of two beginning-level HPER 120 activity courses prior to enrolling in a similar activity within the major skill blocks; e.g., if a student feels a weakness in tennis, that person might wish to do a HPER 120 Tennis I course before enrolling in the major block tennis activity. After having completed a particular skill in the major program, students must register for the advanced-level course if desiring to do the same skill in the nonmajors (HPER 120) curriculum, e.g., Tennis II, Self Defense II, etc. Major students are permitted to count up to four credits of Physical Education (HPER 120) work under the above guidelines that may be counted toward graduation credit.

HPER 214 Wellness: A Way of Life
HPER 220 Anatomy and Physiology
HPER 276 Personal Computers in Health, Physical Education and Recreation
HPER 300 Issues in Physical Activity Studies and Sports
HPER 305 Fundamentals of Athletic Training
HPER 324 Measurement and Evaluation
HPER 342 Survey in Adaptive Physical Education/Recreation
HPER 360 Psychology of Coaching
Coaching Technique courses
HPER 426 Biomechanics of Sports
HPER 430 Physiology of Activity
HPER 431 Physiology of Activity Lab

Skill courses

MINOR OR CONCENTRATION
At least 15 elective credits must be selected to satisfy a declared minor or concentration

General Electives
Sufficient elective credits must be taken to meet the minimum credit requirement for the degree

CREDITS TO TOTAL A MINIMUM OF 128

ELECTIVES

After required courses are completed sufficient elective credits must be taken to meet the minimum credit requirement for the degree. Students are encouraged to select advanced and/or specialized courses in the core subject matter areas and courses in biology, chemistry, physics, research methods, etc. Students interested in pursuing advanced degrees in allied health care professions should select the appropriate required courses for admission.

CREDITS TO TOTAL A MINIMUM OF 128

Incoming freshmen and transfer students interested in the athletic training major at the University of Delaware are admitted to “Athletic Training Interest.” At the completion of the freshman year, students desiring admission into the athletic training major must have completed the following:

1. Freshman Year – B.S.A.T. Curriculum:
   - BISC 106/116 4
   - ENGL 110 3
   - HPER 214 3
   - HPER 310 3
   - HPER 220 3
   - HPER 376 3
   - Elective 3
   - General Studies 3
   Total 16

2. Minimal overall cumulative index of 2.75;

3. Academic performance in the following courses will be evaluated for admission consideration into the B.S. in Athletic Training:
   - BISC 106 & 116, ENGL 110, HPER 220, HPER 276, HPER 305, HPER 214, HPER 310

4. Complete a minimum of 100 hours of direct observation in the University of Delaware training room under the supervision of qualified faculty/professionals;

5. Three letters of recommendation; Students must obtain the University of Delaware Athletic Training Education Program Admission Recommendation Form from the program director.

6. Completion of N.A.T.A. taping check sheet;

7. Successful interview with the Athletic Training Education Program Director and faculty. During the interview, students will be evaluated by the Athletic Training Education Program faculty, a senior student trainer enrolled in the program and/or a certified athletic trainer working in the profession. All evaluators will use a standard evaluation form.

N.A.T.A. guidelines state the student-clinical instructor ratio shall not exceed eight (8) students to one (1) clinical instructor during the course of an academic year. Acceptance into the program is based upon the stated criteria and the number of available openings in the program. Meeting the minimum admission requirements does not guarantee acceptance into the program. Offers of admission into the athletic training education program are presented on a competitive basis to those individuals who are most qualified. Students may apply for admission to the program at the end of each full and spring semester (January 15th and June 15th). Acceptance/rejection letters will be mailed to each candidate by February 1 and July 1, respectively.

Students interested in transferring from another institution, another College at the University of Delaware or another major within the College of P.E.A.R. must meet University and College of P.E.A.R. transfer requirements and complete the same requirements as freshmen in the Pre-Athletic Training Program.

Students enrolled in the University of Delaware Athletic Training Education Program meet with the Program Director to plan the clinical education experience. Students are required to gain clinical experience in the training room and at practices and home and away games in the men’s and women’s athletic program. The clinical experience is structured so the student trainer gains progressive development of technical skills and knowledge. Once students are admitted to the program, they are required to work five weeks in the training room. When this requirement is completed, they begin working with individual teams. Students are required to work with at least one men’s high-risk sport, one men’s low-risk sport, one women’s high-risk sport and one women’s low-risk sport, for a minimum of five weeks with each of the sports selected. Once this requirement is completed, the student, in consultation with the Program Director, is allowed to select specific sports for future assignments until completion of their clinical education experience. In addition, all candidates for NATA Certification must verify that at least 25% of their clinical hours credited in fulfilling the NATA Certification Requirements were attained in actual (on location/site) practice and/or games coverage with one or more of the following sports: football, soccer, hockey, wrestling, basketball, volleyball and lacrosse. The Athletic Training Faculty formally evaluates each student’s progress at the end of each semester.

Once students are admitted to the program, they are required to maintain the following minimum standards:

1. complete 200 clinical hours per semester;
2. cumulative index of 2.0;
3. satisfactory clinical education evaluations.

Students who do not maintain the above minimum standards are placed on probation and are required to correct all deficiencies by the end of the next semester. Students who do not correct deficiencies are dropped from the curriculum.

N.A.T.A. GUIDELINES FOR CERTIFICATION

1. Completion of the Athletic Training Education Program.
2. Minimum of 800 hours practical work under the supervision of the training room staff. The hours must be accumulated over a minimum of two years and not more than four years. No more than 400 hours may be accumulated in one year.
3. Completion of the NATA Competency Evaluation Checklist.
4. Proof of current American National Red Cross Advanced First Aid Certification and CPR. Must be current on examination date.
5. Proof of graduation (official transcript).
COACHING SCIENCE MINOR

This minor will help students develop a personal coaching philosophy, an understanding of the body, how it performs, injury and injury prevention, teaching of skills and progressions, sport psychology, and a variety of team responsibilities. A practicum or field experience will be required in the student’s chosen sport in order to further enhance the development of coaching skills and philosophy.

The Coaching Science Minor requires 18 credits. Students applying for the minor must have completed at least one semester of full-time study with a minimum GPA of 2.25. A minimum grade of C- is required in all courses for the minor.

This minor requires the following courses:

<table>
