The college offers baccalaureate degrees in accounting, business administration, and economics. Within business administration, students may choose to major in finance, management, marketing, or operations management. Honors degrees are available in all degree programs. The FORTUNE 2000 program provides comprehensive support for minority students with academic and career-related assistance to encourage successful matriculation, graduation and career placement.

Minors are offered in business administration and economics. In addition, for students enrolled in majors within the College, minors are also available in international business and management information/decision support systems.

Undergraduate students are admitted as new students into the Accounting, Business Administration, or Economics degree programs. Students already admitted to the University of Delaware who are matriculated in other programs may apply to change their degree program to accounting, business administration, or economics after earning 28 credits at the University. Applications are reviewed each October 15 and March 15 by the departments within the College. The chief criterion used in selection is academic performance. The average grade point of those accepted over the past five years is 2.8. Applications for admission to the minors are also reviewed and have similar criteria, although the MIIDSS minor applications are reviewed only once a year in March.

The Bachelor of Science in Accounting program is designed to prepare the student for an accounting career in industry, in government, or in public accounting. During the first two years, the accounting major follows a format of courses that enables the student to acquire a broad liberal arts background. The accounting program is designed to provide flexibility in the selection of humanities and social and natural science courses from broad groupings to augment the professional development of the student. The undergraduate accounting major includes work in accounting information systems, intermediate, cost, income tax, advanced accounting, and auditing.

The program provides preparation for the Uniform Certified Public Accountant Examination, the Certificate in Management Accounting and other professional certifications. Graduates who have completed the full curriculum meet the education requirements for admission to the New York State license examination for certified public accountancy.

Candidates for a Bachelor of Science degree must: (1) earn a minimum of 120 credits, (2) achieve a minimum cumulative grade-point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C in specified business, finance, economics and accounting courses. Of the required upper division ACCT courses (ACCT 302, 315, 316, 327, 413, 415 and 417), no more than two may be transferred from another institution.

MAJOR REQUIREMENTS

External to the College

**Humanities**
Twelve credits from the following departments:
- Art History
- English (except composition or similar courses)
- Philosophy
- Music (except credit for participation in instrumental and/or choral organizations)
- Theatre (except performance)
- Comparative literature, and literature courses in a foreign language.

**Social and Behavioral Science**
Three credits from the following departments: Anthropology, Psychology, or Sociology

**Skills**
- MATH 221 Calculus I
- MATH 230 Finite Mathematics with Applications
- MATH 242 Analytic Geometry and Calculus B
- MATH 230 Finite Mathematics with Applications
- MATH 241 Analytic Geometry and Calculus A
- MATH 242 Analytic Geometry and Calculus B
- MATH 243 Analytic Geometry and Calculus C
- STAT 201 Introduction to Statistics I
- STAT 202 Introduction to Statistics II

Three credits chosen from the following:
- ENGL 301 Expository Writing
- ENGL 302 Advanced Composition
- ENGL 312 Written Communications in Business
- ENGL 410 Technical Writing
- COMM 255 Fundamentals of Communication
- COMM 312 Oral Communication in Business
- COMM 350 Public Speaking
- COMM 356 Small Group Communication
- COMM 361 Interpersonal Communication

**Natural and Physical Science or Mathematics**
Six credits chosen from the following areas:
- Mathematics beyond Calculus I, Biological Sciences, Chemistry, Geology
- Physics, Physical Geography, Physical Science, Oceanography, Animal Science or Plant Science.

**Within the College**

**ECON 151 Introduction to Microeconomics: Prices and Markets**
- (minimum grade C)

**ECON 152 Introduction to Macroeconomics: National Economy**
- (minimum grade C)

**BUAD 301 Introduction to Marketing (minimum grade C)**

**BUAD 308 Operations Management (minimum grade C)**

**BUAD 309 Management and Organizational Behavior (minimum grade C)**

**BUAD 441 Business Policy (minimum grade C)**

**FINC 311 Business Finance (minimum grade C)**

**FINC 313 Financial Markets**

**FINC 313 Financial Markets**

**ECON 302 Banking and Monetary Policy**

**ACCT or FINC courses (at 300-Ievel or higher)**

**Within the Department**

**ACCT 160 Introduction to Business Information Systems I**

**ACCT 207 Accounting I (minimum grade C)**

**ACCT 208 Accounting II (minimum grade C)**

**ACCT 302 Accounting Information Systems (minimum grade C)**

**ACCT 315 Intermediate Accounting I (minimum grade C)**

**ACCT 316 Intermediate Accounting II (minimum grade C)**

**ACCT 350 Business Law I**

**ACCT 351 Business Law II**

In the following 4 required courses, a grade of C- or better must be earned in all but one:

**ACCT 327 Cost Accounting**

**ACCT 413 Income Tax Accounting**

**ACCT 415 Advanced Accounting**

**ACCT 417 Auditing**

Restrictions are enforced as follows:

**ACCT 207 and ACCT 208 - Sophomore status**

**ACCT 315 - Junior status**

**ACCT 316 - Junior status - Requires a grade of C- or better in ACCT 315**

**ACCT 327 - Junior status**

**ACCT 352 - Cannot be used for degree credit for accounting majors**

**ACCT 413 - Junior or Senior status - grade of C- or better in ACCT 315**

**ACCT 415 - Senior status - grade of C- or better in ACCT 316**

**ACCT 417 - Senior status - grade of C- or better in ACCT 316**

**ELECTIVES**

**Electives**

- Thirteen credits of elective subjects of which six credits may be taken outside the College of Arts and Science. For Economics, International Business, or Management Information/Decision Support Systems minors only, six credits from the College of Business and Economics may be elected in the elective category. A student who elects ROTC may apply twelve credits of ROTC to the elective category. No more than two credits can be from HPER 120.

**CREDITS TO TOTAL A MINIMUM OF**

**120**

**BUSINESS ADMINISTRATION**

Professional education in business administration serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of management in our society.

Students pursuing a program of study leading to the degree of Bachelor of Science in Business Administration will select one of four majors: management, marketing, finance, or operations management. The major in finance is administered by the Department of Finance within the College of Business and Economics and is described later. Students may also pursue a minor in international business and/or apply to the minors in management information/decision support systems, economics or a variety of other fields. A minor in business administration is also available to students majoring in other fields.

Each candidate for a degree must: (1) earn a minimum of 124 credits, (2) achieve a minimum cumulative grade point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C- in specified business, finance, accounting and economics courses. Students seeking a Bachelor's Degree in Business Administration may take only one of the four required upper-level courses in their major at another institution.

It is recommended that students take BUAD 301, 306, 309 and FINC 311 during the first semester of the junior year. A major is selected after taking these introductory courses. Students take six hours of professional electives during their junior and senior years to enhance their program. These electives are selected from any 300 or 400 level courses offered by the departments of Finance, Business Administration and Accounting (except ACCT 350 and ACCT 351).

All 400-level courses are restricted to Business Administration and Accounting degree candidates and to students whose programs require the course. Enrollment preference is given to majors in all courses.

DEGREE: BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

**MAJOR: MANAGEMENT**

SUGGESTED CURRICULUM

**CREDITS**

**UNIVERSITY REQUIREMENTS**

**ENGL 110 Critical Reading and Writing**

Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 20)

**MAJOR REQUIREMENTS**

Only one of the following will count toward graduation: ACCT 261 or ACCT 302.

Within the Department

Students must earn a grade of C- or better in all but one of the following:

BUAD 346, BUAD 446, BUAD 447, BUAD 448
BUAD 301 Introduction to Marketing (minimum grade C)
BUAD 306 Operations Management (minimum grade C)
BUAD 309 Management and Organizational Behavior (minimum grade C)
BUAD 346 Analysis of Operations Problems
BUAD 441 Business Policy (minimum grade C)
BUAD 446 Operations Planning and Control
BUAD 447 Quality in Operations
BUAD 448 Decision Support Systems for Operations

REQUIREMENTS FOR THE MINOR IN BUSINESS ADMINISTRATION

The minor in business administration provides students in degree programs other than in business with an opportunity to acquaint themselves with the basic concepts of business administration. Completion of the requirements for the minor provides a basic understanding of the language and major functional areas of business. The minor is awarded only to students who have applied and been admitted to the program. Applications are reviewed each October 15 and March 15. This program is not available to students whose major program requires all of the following courses. Students seeking a minor in Business Administration may only take one of the required Business or Finance courses at another institution.

Required courses for the minor are:

ACCT 160 Introduction to Business Information Systems I
ACCT 207 Accounting I (minimum grade C)
ACCT 208 Accounting II (minimum grade C)
BUAD 301 Introduction to Marketing (minimum grade C)
BUAD 306 Operations Management (minimum grade C)
BUAD 309 Management and Organizational Behavior (minimum grade C)
BUAD 311 Business Finance (minimum grade C)
BUAD/BUEC/ACCT/FINC elective (300-level or higher)

Prerequisites for these courses include:

ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C)
ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C)
STAT 201 Introduction to Statistics I
STAT 202 Introduction to Statistics II
MATH 221 Calculus I
MATH 230 Finite Mathematics with Applications

CREDITS TO TOTAL A MINIMUM OF 124

ECONOMICS

Economics, a social science, analyzes the market and non-market production and allocation of goods and services. The problems associated with society's effort to prosper in a world possessing finite resources provide the focus.

The program leading to a Bachelor of Arts degree with a major in economics for a student enrolled in the College of Arts and Science has the same group and language requirements as other Bachelor of Arts programs offered in the College of Arts and Science.

Both a Bachelor of Arts and Bachelor of Science degree are available to students enrolled in the College of Business and Economics. The group and language (Bachelor of Arts) or quantitative proficiency (Bachelor of Science) requirements for students enrolled in the College of Business and Economics are described below.

A minor program in economics is also available.
Students majoring in economics will be advised by the faculty of the Department of Economics.

Application for Major:

Any University student who is not an economics major but wishes to become one must apply for admission into the major. The principal criterion for acceptance is academic achievement, although it is also helpful to have taken some economics and quantitative courses required for the major.

Students may apply at the Office of the Department of Economics, 406 Purnell Hall. The department office will obtain a transcript to accompany your application. Applications may be submitted at any time. Decisions about acceptance will be made and notification will be mailed within one month.

---

DEGREE: BACHELOR OF SCIENCE

MAJOR: ECONOMICS

CURRICULUM | CREDITS
--- | ---

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing (with minimum grade of C) 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 20)

MAJOR REQUIREMENTS

External to the College: General Requirements

Skill Requirements

Writing: [minimum grade C] 3
A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content.

Mathematics:

MATH 114 or 170 Elementary Mathematics and Statistics 3
[designed for students who do not intend to continue the study of mathematics]

or

MATH 115 or 171 Pre-Calculus 3
[designed for students who intend to continue the study of mathematics]

One of the following:

MATH 221 Calculus I 3
MATH 241 Analytic Geometry and Calculus A 4

Successful performance on the college proficiency exam.

Quantitative Proficiency Requirements 12

Twelve credits of course work in the quantitative area. At least six credits must be taken in Mathematics at or above the 200-level except MATH 251 and 252. The remaining six credits may be chosen from other Mathematics courses at or above the 200 level. MATH 251 and MATH 252 may not both be counted toward a degree. These corresponding courses include ECON 311 and ECON 411, ECON 322 and ECON 433, and ECON 381 and ECON 483.

Departmental requirements and course descriptions are subject to continual revision. Up-to-date statements of requirements, course descriptions, and departmental policies are available in the department office.

MAJOR REQUIREMENTS

External to the College: General Requirements

Skill Requirements

Writing: [minimum grade C] 3
A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content.

Foreign Language:

Completion of the intermediate-level course (107 or 112) in a given language. Students with four or more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an exemption examination.

Mathematics:

MATH 114 or 170 Elementary Mathematics and Statistics 3
[designed for students who do not intend to continue the study of mathematics]

or

MATH 115 or 171 Pre-Calculus 3
[designed for students who intend to continue the study of mathematics]

One of the following:

MATH 221 Calculus I 3
MATH 241 Analytic Geometry and Calculus A 4

Successful performance on the college proficiency exam.

Breadth Requirements [See page 60]

Group A 12
Understanding and appreciation of the creative arts and humanities. Twelve credits representing at least two departments.

Group B 12
The study of culture and institutions over time. Twelve credits representing at least two departments.

Group C 12
Empirically based study of human beings and their environment. Twelve credits representing at least two departments.

Group D 13
The study of natural phenomena through experiment and analysis. A minimum of thirteen credits representing at least two departments including a minimum of one course with an associated laboratory.

Also acceptable are ACCT 207, 208, 261, any 200-level Mathematics and any BUEC courses.

**ELECTIVES**

- Electives 28-49

**CREDITS TO TOTAL A MINIMUM OF:** 120

Certain corresponding courses offered at different levels of difficulty will not both be counted toward a degree. These corresponding courses include ECON 311 and ECON 411, ECON 332 and ECON 432, ECON 340 and ECON 443, ECON 344 and ECON 444, ECON 360 and ECON 461 or ECON 463, and ECON 381 and ECON 483.

Departmental requirements and course descriptions are subject to continual revision. Up-to-date statements of requirements, course descriptions, and departmental policies are available in the department office.

**THE MINOR IN ECONOMICS**

The minor in economics provides students in other degree programs an opportunity to study the basic concepts and methodology in economics and to gain formal recognition for their efforts.

**Required courses in minor:**

Six courses (18 credits) with a grade of C- or better, including ECON 151, 152; one of the following four courses: ECON 251, 300, 301 or 303; and three additional courses at or above the 300-level.

**Application for minor:**

Same as application for major. (see page 123)

**DOUBLE MAJOR IN BUSINESS ADMINISTRATION AND ECONOMICS**

**Overall requirements:**

For graduation, 137 credits are required rather than 124 (business majors) or 120 (economics majors).

**Application and advisement:**

Students must apply to both degree programs for this option. The student’s double major program will be developed in consultation with an adviser.

**INTERDEPARTMENTAL MAJOR IN ECONOMICS**

The interdepartmental major consists of 51 credit hours selected from related fields with a minimum of 21 credit hours selected from each major field. In general, the Economics Department requires that the 21 hours of economics include ECON 151, 152, 302, 300 or 301, or 303. Before considering an interdepartmental major program, the student should strongly consider the option of a major in one field and a minor in the other.

International Relations is an established interdepartmental major in the College of Arts and Science. Interdepartmental majors have also been established for Economics and either French or Spanish, Economics and Political Science, and Economics and Mathematics.

Students wishing to explore the possibility of developing an interdepartmental major with other departments should arrange conferences with their faculty advisers and the appropriate department chairs to plan their programs. Approval of the program is also required by the dean of the college or colleges in which the student is registered.

See also the section on Interdepartmental Major (page 56) in the College of Arts and Science section of this catalog for the requirements for an interdepartmental major combining economics with any field in the College of Arts and Science. The application process for an interdepartmental major in economics is the same as the application for a major in economics.

**FINANCE**

Professional education in finance serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of financial management in our society. The undergraduate degree program in finance reflects the growing demand for greater financial management capability in banking and in the financial services related industries. Students majoring in Finance may also pursue a minor in international business and/or apply to the minors in management information/decision support systems or economics as well as minors offered outside of the college.

To earn the major in Finance, one must: (1) earn a minimum of 124 credits, (2) achieve a minimum cumulative grade point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the major, and (4) achieve at least a C- in specified business, finance, accounting and economics courses. Only one of the five required upper-level courses in Finance may be taken at another institution.

Students also take a broad range of courses throughout the University that are outside the College of Business and Economics. These include a specified number of courses in the humanities, sciences, social and behavioral sciences, and in disciplines that develop specific skills in mathematics, statistics, and written and oral communication. Additional electives are also required to give each student the opportunity to choose courses most consistent with his or her interests.
