The college offers baccalaureate degrees in accounting, business administration, and economics. Within business administration, students may choose to major in finance, management, marketing, or operations management. Honors degrees are available in all degree programs. The FORTUNE 2000 program provides comprehensive support for minority students with academic and career-related assistance to encourage successful matriculation, graduation and career placement.

Minors are offered in business administration and economics. In addition, for students enrolled in majors within the College, minors are also available in international business and management information/decision support systems.

Undergraduate students are admitted as new students into the Accounting, Business Administration, or Economics degree programs. Students already admitted to the University of Delaware who are matriculated in other programs may apply to change their degree program to Accounting, Business Administration, or Economics after earning 28 credits at the University. Applications are reviewed each October 15 and March 15 by the departments within the College. The chief criterion used in selection is academic performance. The average grade point of those accepted over the past five years is 2.8. Applications for admission to the minors are also reviewed and have similar criteria, although the MI/DSS minor applications are reviewed only once a year in March. Additional information and application forms are available in the four departments. (Note that students who were previously dropped for academic deficiency and are now applying for re-admission to the University may be readmitted to their degree program in the College of Business and Economics if they 1) had a minimum of 60 earned hours at the time they were dropped, 2) were enrolled as a Business and Economics student at the time of the termination, and 3) have a quality-point deficit of 6 or less.)

ACCOUNTING AND MANAGEMENT INFORMATION SYSTEMS

The Bachelor of Science in Accounting program is designed to prepare the student for an accounting career in industry, in government, or in public accounting. During the first two years, the accounting major follows a format of courses that enables the student to acquire a broad liberal arts background. The accounting program is designed to provide flexibility in the selection of humanities and social and natural science courses from broad groupings to augment the professional development of the student. The undergraduate accounting major includes work in accounting information systems, intermediate, cost, income tax, advanced accounting, and auditing.

The program provides preparation for the Uniform Certified Public Accountant Examination, the Certificate in Management Accounting and other professional certifications. Graduates who have completed the full curriculum meet the education requirements for admission to the New York State license examination for certified public accounting.

Candidates for a Bachelor of Science degree must: (1) earn a minimum of 120 credits, (2) achieve a minimum cumulative grade-point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C in specified business, finance, economics and accounting courses. Of the required upper division ACCT courses (ACCT 302, 315, 316, 327, 413, 415 and 417), no more than two may be transferred from another institution.

DEGREE: BACHELOR OF SCIENCE IN ACCOUNTING
MAJOR: ACCOUNTING
CURRICULUM
CREDITS
UNIVERSITY REQUIREMENTS
ENGL 110 Critical Reading and Writing [with a minimum grade of C] 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 22) 3

MAJOR REQUIREMENTS
Twelve Humanities credits from:
Art History, History, English [except composition or similar courses], Philosophy, Music [except credit for participation in instrumental and/or choral organizations], Theatre [except performance], Comparative Literature, and literature courses in a foreign language 12
Three Social and Behavioral Science credits from: Anthropology, Psychology, or Sociology 3
Choose one of the following MATH combinations (Option I, II, or III): 6-12
Option I
MATH 221 Calculus I 3
MATH 230 Finite Mathematics with Applications 3
Option II
MATH 242 Analytic Geometry and Calculus B 3
MATH 230 Finite Mathematics with Applications 3
Option III
MATH 241 Analytic Geometry and Calculus A 3
MATH 242 Analytic Geometry and Calculus B 3
MATH 243 Business Geometry and Calculus C 3
STAT 201/202 Introduction to Statistics I and II 6
One of the following: 3
ENGL 301 Expository Writing 3
ENGL 302 Advanced Composition 3
ENGL 312 Written Communication in Business 3
ENGL 410 Technical Writing 3
COMM 255 Fundamentals of Communication 3
COMM 312 Oral Communication in Business 3
COMM 350 Public Speaking 3
COMM 356 Small Group Communication 3
COMM 261 Interpersonal Communication 3
Six credits chosen from: 6
Mathematics beyond Calculus I, Biological Sciences, Chemistry, Geology, Physics, Physical Science, Oceanography, Animal Science or Plant Science
ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C) 3
ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C) 3
BUAD 301 Introduction to Marketing (minimum grade C) 3
BUAD 306 Operations Management (minimum grade C) 3
BUAD 309 Management and Organizational Behavior (minimum grade C) 3
BUAD 441 Business Policy (minimum grade C) 3
FINC 311 Business Finance (minimum grade C) 3
FINC 313 Financial Markets 3
ECON 302 Banking and Monetary Policy 3
ACCT or FINC courses (at 300-level or higher) 6
ACCT 160 Introduction to Business Information Systems I 3
ACCT 207 Accounting I (minimum grade C) 3
ACCT 208 Accounting II (minimum grade C) 3
ACCT 302 Accounting Information Systems (minimum grade C) 3
ACCT 316 Intermediate Accounting I (minimum grade C) 3
ACCT 317 Intermediate Accounting II (minimum grade C) 3
ACCT 350 Business Law I 3
ACCT 351 Business Law II 3
In the following 4 required courses, a grade of C- or better must be earned in all but one: 6
ACCT 327 Cost Accounting 3
ACCT 413 Income Tax Accounting 3
ACCT 415 Advanced Accounting 3
ACCT 417 Auditing 3
See ACCT course descriptions for enrollment restrictions.
ELECTIVES
After required courses are completed, sufficient credits must be taken to meet the minimum credits required for the degree. Elective courses should be chosen from outside the College of Business and Economics. For Economics, International Business, or Management Information/Decision Support Systems minors only, six credits from the College of Business and Economics may be elected in the elective category. A student who elects ROTC may apply twelve credits of ROTC to the elective category. No more than two credits can be from HPER 120.
CREDITS TO TOTAL A MINIMUM OF: 120

REQUIREMENTS FOR THE MINOR IN MANAGEMENT INFORMATION/DECISION SUPPORT SYSTEMS

This minor was created to provide students within the College of Business and Economics with the opportunity to acquaint themselves with the rapidly expanding field of computer-based management information systems. Application to be admitted to the Management Information/Decision Support Systems minor are reviewed each March 15. Admission is limited to College of Business and Economics students. The minor requires the following five 3-credit courses, with a grade of C or better in 12 of the 15 credits and an overall C average for all five courses in the minor.

BUED 325 Modern Business Computing 3
BUED 330 Systems Analysis and Implementation 3
BUED 430 Information Planning and Data Management 3
BUED 431 Decision Support Systems 3
BUED 432 Systems Development 3

Note that selected course substitutions are made for the MI/DSS minor. Students completing the minor need not take ACCT 261 (if BSBA candidates) or ACCT 302 (if BSAC candidates).

BUSINESS ADMINISTRATION

Professional education in business administration serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of management in our society.

Students pursuing a program of study leading to the degree of Bachelor of Science in Business Administration will select one of four majors: management, marketing, finance, or operations management. The major in finance is administered by the Department of Finance within the College of Business and Economics and is described later. Students may also pursue a minor in international business and/or apply to the minors in management information/decision support systems, economics or a variety of other fields. A minor in business administration is also available to students majoring in other fields.

Each candidate for a degree must: (1) earn a minimum of 124 credits, (2) achieve a minimum cumulative grade point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the degree program, and (4) achieve at least a C- in specified business, finance, accounting and economics courses. Students seeking a Bachelor's Degree in Business Administration may take only one of the four required upper-level courses in their major at another institution.

It is recommended that students take BUAD 301, 306, 309 and FINC 311 during the first semester of the junior year. A major is selected after taking these introductory courses. Students take six hours of professional electives during their junior and senior years to enhance their program. These electives are selected from any 300 or 400 level courses offered by the departments of Finance, Business Administration and Accounting (except ACCT 350 and ACCT 351).

All 400-level courses are restricted to Business Administration and Accounting degree candidates and to students whose programs require the course. Enrollment preference is given to majors in all courses.

DEGREE: BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

MAJOR: MANAGEMENT

CURRICULUM

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing (with a minimum grade of C-) 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 22) 3

REQUIREMENTS FOR THE MINOR IN BUSINESS ADMINISTRATION

The minor in business administration provides students in degree programs other than in business with an opportunity to acquaint themselves with the basic concepts of business administration. Completion of the requirements for the minor provides a basic understanding of the language and major functional areas of business. The minor is awarded only to students who have applied and been admitted to the program. Applications are reviewed each October 15 and March 15. This program is not available to students whose major program requires all of the following courses. Students seeking a minor in Business Administration may only take one of the required Business or Finance courses at another institution.

Required courses for the minor are:

- ACCT 160 Introduction to Business Information Systems I 3
- ACCT 209 Accounting I (minimum grade C) 3
- BUAD 301 Introduction to Marketing (minimum grade C) 3
- BUAD 306 Operations Management (minimum grade C) 3
- BUAD 309 Management and Organizational Behavior (minimum grade C) 3
- BUAD 446 Operations Planning and Control 3
- BUAD 447 Quality in Operations 3
- BUAD 448 Decision Support Systems for Operations 3

Prerequisites for these courses include:

- ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C) 3
- ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C) 3
- STAT 201 Introduction to Statistics I 3
- STAT 202 Introduction to Statistics II 3
- MATH 221 Calculus I 3
- MATH 230 Finite Mathematics with Applications, 3

CREDITS TO TOTAL A MINIMUM OF: 42

REQUIREMENTS FOR THE MINOR IN INTERNATIONAL BUSINESS

The minor in international business is designed to give increased understanding of the important international dimension of business to students with a major in business administration or accounting. The 18 credits required for the minor may also be used to meet other distribution requirements. Students interested in the Minor in International Business must apply to the Department of Business Administration prior to the second semester of their junior year.

Nine credits must be taken from the following courses:

- ACCT 383 Introduction to International Accounting
- ACCT 395 Seminar International Accounting
- BUAD 341 Environment of International Corporations
- BUAD 382 International Business Management
- BUAD 383 Seminar on International Business
- BUAD 391 Seminar on International Management
- BUAD 393 Seminar on International Marketing Management
- BUAD 394 Seminar on International Operations Management
- BUAD 475 International Marketing
- ECON 340 International Economic Relations
- FINC 392 Seminar on International Financial Management
- FINC 415 Finance Seminar: International Finance

BUAD 341, BUAD 383, BUAD 391, FINC 392, BUAD 393 and BUAD 394 are taught abroad during the Winter Session. Students seeking a minor in International Business may take only one of the required College of Business and Economics courses at another institution.

Students must also take nine credits from an approved list of supporting courses in many departments. Included are all foreign language courses at the intermediate or higher level and courses that emphasize current international issues or provide background for understanding other countries or cultures. No more than one course can be taken in a single department. This list is compiled and updated by the undergraduate advisors in Business Administration

ECONOMICS

Economics, a social science, analyzes the market and non-market production and allocation of goods and services. The problems associated with society's effort to prosper in a world possessing finite resources provide the focus.

The program leading to a Bachelor of Arts degree with a major in economics for a student enrolled in the College of Arts and Science has the same group and language requirements as other Bachelor of Arts programs offered in the College of Arts and Science.

Both a Bachelor of Arts and Bachelor of Science degree are available to students enrolled in the College of Business and Economics. The group and language (Bachelor of Arts) or quantitative proficiency (Bachelor of Science) requirements for students enrolled in the College of Business and Economics are described below.

A minor program in economics is also available.

Students majoring in economics will be advised by the faculty of the Department of Economics.

Application for Major:

Any University student who is not an economics major but wishes to become one must apply for admission into the major.

The principal criterion for acceptance is academic achievement, although it is also helpful to have taken some economics and quantitative courses required for the major.

Students may apply at the Office of the Department of Economics, 406 Purnell Hall. The department office will obtain a transcript to accompany your application. Applications may be submitted at any time. Decisions about acceptance will be made and notification will be mailed within one month.

DEGREE: BACHELOR OF SCIENCE

MAJOR: ECONOMICS

CURRICULUM

UNIVERSITY REQUIREMENTS

- ENGL 110 Critical Reading and Writing (with minimum grade of C) 3
- Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (see p. 22) 3

MAJOR REQUIREMENTS

- Writing: (minimum grade C) 3
- A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content.
One of the following: .................................................. 3-4
MATH 114 or 170 Elementary Mathematics and Statistics
(for students who do not intend to continue the study of mathematics)
MATH 115 or 171 Pre-Calculus
(for students who intend to continue the study of mathematics)
MATH 221 Calculus I
MATH 241 Analytic Geometry and Calculus A
Successful performance on the college proficiency exam (0 credits awarded)

Twelve credits of course work in the quantitative area .......................... 12
At least six credits must be taken in Mathematics at or above the 200-level except MATH 251 and 252. The remaining six credits may be chosen from other Mathematics courses at or above the 200-level, ACCT 208, 261, Statistics and Computer Science courses at or above the 300-level and BUAD 306, 346, and 446, BUEC 430 and 431, and ECON 415, 422, 423 and 426. A maximum of one economics course may be used to satisfy this requirement and used to satisfy Economics requirements.

**CURRICULUM**

- **University Requirements**
  - ENGL 110 Critical Reading and Writing (minimum grade C) .................. 3
  - Three credits in an approved course or courses stressing ......... 3
  - Multicultural, ethnic, and/or gender-related content (see p. 22)

- **Major Requirements**
  - Writing: (minimum grade C) ............................................... 3
  - A writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content
  - Completion of the intermediate-level course (107 or 112) .................. 0-12
    - in a given foreign language. Students with four or more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an examination

One of the following: .................................................. 3-4
MATH 114 or 170 Elementary Mathematics and Statistics
(for students who do not intend to continue the study of mathematics)
MATH 115 or 171 Pre-Calculus
(for students who intend to continue the study of mathematics)
MATH 221 Calculus I
MATH 241 Analytic Geometry and Calculus A
Successful performance on the college proficiency exam (0 credits awarded)

**Breadth Requirements**

- **Group A**
  - Understanding and appreciation of the creative arts and humanities
    - Twelve credits representing at least two departments
  - The study of culture and institutions over time
    - Twelve credits representing at least two departments
  - Empirically based study of human beings and their environment
    - Twelve credits representing at least two departments
  - The study of natural phenomena through experiment and analysis
    - A minimum of thirteen credits representing at least two departments including a minimum of one course with an associated laboratory

- **Group B**
  - Nine credits chosen from any 300-level or higher courses in
    - Accounting, Anthropology, Business Administration, Computer Science, Finance, Geography, History, Mathematics, Philosophy, Political Science, Psychology, Sociology, and Statistics. Also acceptable are ACCT 207, 208, 261, any 200-level Mathematics courses not used to fulfill quantitative proficiency requirements and any BUEC courses

- **Group C**
  - ECON 151 Introduction to Microeconomics: Prices and Markets (minimum grade C) .................................................. 3
  - ECON 152 Introduction to Macroeconomics: National Economy (minimum grade C) .................................................. 3
  - ECON 301 Quantitative Microeconomic Theory (minimum grade C) .................................................. 3
  - ECON 302 Banking and Monetary Policy (minimum grade C) .................................................. 3
  - ECON 303 Intermediate Macroeconomic Theory (minimum grade C) .................................................. 3
  - ECON 401 Quantitative Microeconomic Theory (minimum grade C) .................................................. 3
  - Five Economics courses, at least two of which are at or above the 400-level
    - (minimum grade C) .................................................. 15
  - Certain corresponding courses offered at different levels of difficulty will not both be counted toward a degree. These corresponding courses include ECON 311 and ECON 411, ECON 332 and ECON 433, ECON 340 and ECON 443, ECON 344 and ECON 444, ECON 360 and ECON 461 or ECON 463, and ECON 381 and ECON 483

**ELECTIVES**

After required courses are completed, sufficient credits must be taken to meet the minimum credits required for the degree.

**CREDITS TO TOTAL A MINIMUM OF .................................................. 120**

The minor in economics provides students in other degree programs an opportunity to study the basic concepts and methodology in economics and to gain formal recognition for their efforts.

**Required courses in minor:**

Six courses (18 credits) with a grade of C- or better, including ECON 151, 152; one of the following four courses: ECON 251, 300, 301 or 303; and three additional courses at or above the 300-level

**Application for minor:**

Same as application for major (see page 123)

**Double Degree in Business Administration and Economics**

Students may work simultaneously toward a Bachelor of Science in Business Administration and a Bachelor of Art or a Bachelor of Science in Economics.
Overall requirements:
For graduation, 137 credits are required rather than 124 (business majors) or 120 (economics majors).

Application and advisement:
Students must apply to both degree programs for this option. The student’s double major program will be developed in consultation with an advisor.

INTERDEPARTMENTAL MAJOR IN ECONOMICS
The interdepartmental major consists of 51 credit hours selected from related fields with a minimum of 21 credit hours selected from each major field. In general, the Economics Department requires that the 21 hours of economics include ECON 151, 152, 302, 300 or 301, or 303. Before considering an interdepartmental major program, the student should strongly consider the option of a major in one field and a minor in the other.

International Relations is an established interdepartmental major in the College of Arts and Science. Interdepartmental majors have also been established for Economics and either French or Spanish, Economics and Political Science, and Economics and Mathematics. Students wishing to explore the possibility of developing an interdepartmental major with other departments should arrange conferences with their faculty advisers and the appropriate department chairs to plan their programs. Approval of the program is also required by the dean of the college or colleges in which the student is registered.

See also the section on Interdepartmental Major (page 56) in the College of Arts and Science section of this catalog for the requirements for an interdepartmental major combining economics with any field in the College of Arts and Science. The application process for an interdepartmental major in economics is the same as the application for a major in economics.

FINANCE
Professional education in finance serves to develop the capabilities of students so that they may assume positions of leadership and responsibility at all levels of financial management in our society. The undergraduate degree program in finance reflects the growing demand for greater financial management capability in banking and in the financial services related industries. Students majoring in Finance may also pursue a minor in international business and/or apply to the minors in management information/decision support systems or economics as well as minors offered outside of the college.

To earn the major in Finance, one must: (1) earn a minimum of 124 credits, (2) achieve a minimum cumulative grade point average of C (2.0) on all work undertaken at the University of Delaware, (3) fulfill the course requirements of the major, and (4) achieve at least a C- in specified business, finance, accounting and economics courses. Only one of the five required upper-level courses in Finance may be taken at another institution.

Students also take a broad range of courses throughout the University that are outside the College of Business and Economics. These include a specified number of courses in the humanities, sciences, social and behavioral sciences, and in disciplines that develop specific skills in mathematics, statistics, and written and oral communication. Additional electives are also required to give each student the opportunity to choose courses most consistent with his or her interests.

DEGREE: BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION
MAJOR: FINANCE
