The College of Human Services, Education and Public Policy (CHEP) is an interdisciplinary, professional, service-oriented college that addresses some of the central intellectual and social challenges of our time — those affecting children, families, schools, communities, the environment, consumers and service institutions, and public policies.

CHEP offers undergraduate degree programs through the School of Education and through the Departments of Consumer Studies; Hotel, Restaurant, and Institutional Management; and Individual and Family Studies. In addition, an interdisciplinary major in Human Services, Education and Public Policy is available, as well as three minors: Disabilities Studies, Educational Studies, and Leadership.

Undergraduates have an unequaled opportunity to gain valuable practical experience that complements their academic studies by participating in internships and practicum experience in schools as well as in projects through CHEP’s public service and research centers, which provide research expertise and educational services to hundreds of clients annually.

### ACADEMIC ENRICHMENT OPPORTUNITIES

Many special academic opportunities are available to CHEP students. Undergraduates can be admitted to all of the majors in the College through the Honors Program and most academic areas offer an Honors degree. Many CHEP students also become involved in undergraduate research and work closely with faculty members in research apprenticeships. There is also a Summer Scholars Program that provides a stipend for students pursuing a summer research project. These undergraduate research opportunities may lead to a senior thesis if the student chooses to complete a Degree with Distinction.

Exceptionally talented and highly motivated students who have clearly defined educational goals have an opportunity to become a Dean’s Scholar. Students in this program are freed of most college requirements and develop individualized programs of study under the supervision of their faculty adviser. Selection of Dean’s Scholars is normally made during the sophomore year.

For additional information on these special academic opportunities, please contact:

### TEACHER EDUCATION PROGRAMS

Responsibility for the coordination of the teacher education programs rests with the University Council on Teacher Education (UCTE). Teacher education programs in specific areas are adminis-
tered by the Colleges of Agriculture and Natural Resources; Arts and Science; Health and Nursing Sciences; and Human Services, Education and Public Policy. For more information on teacher education programs, students who wish to prepare themselves to be certified teachers should consult the faculty advisor for the specific area of certification sought, as follows:

(all telephone numbers are area code 302)

In all its teacher education programs, the University of Delaware is guided by a unified conceptual framework. Programs aim to develop teachers who are reflective practitioners serving diverse communities of learners as scholars, problem solvers, and partners. While the specific course requirements in the programs vary widely, all support the conceptual framework and adhere to the standard that Delaware-educated teachers shall have mastered the fundamentals of a liberal education, shall have fulfilled the academic requirements of a major in their teaching field, be literate in the history, philosophy, psychology, sociology, and methodology of education, and shall have developed the skills of the teaching profession. All University of Delaware teacher education programs have a general education component of liberal studies, a major field or discipline component in the teaching field, and a professional education component of formal study in the educational foundation disciplines and clinical studies of curriculum design and teaching technique. In addition, all teacher education students benefit from early and graduated "hands on" experiential and instructional opportunities in schools.

Student teaching is required of all students who wish to obtain an undergraduate degree in teacher education. To participate in the student teaching program, students must satisfy their program's course prerequisites and criteria for admission to EDUC 400, Student Teaching, including minimum grade point averages. Students must also pass a teacher competency test as established by the University Council on Teacher Education. The appropriate teacher education program advisor (See the list of advisors for teacher education programs) should be consulted for the exact GPA requirements and other policies concerning qualifications for student teaching. Applications for student teaching must be submitted and approved prior to the student teaching semester. Deadlines and procedures for submitting applications for student teaching will be published each year. Students are expected to assume responsibility for their own transportation to and from the schools to which they have been assigned for student teaching.

Certification. The professional education unit of the University of Delaware is accredited by the National Council for the Accreditation of Teacher Education (NCATE). The individual teacher education programs have received State Approved Program status and have been recognized by national specialty organizations or by the National Association of State Directors for Teacher Education and Certification as having met their standards. Students who complete a University of Delaware Approved Teacher Education Program receive an institutional recommendation for teacher certification. To be certain of the University’s recommendation, students must complete the Approved Program in its entirety. Upon receiving the University’s recommendation, students must apply for certification through the individual state’s Department of Education. Most states require that students pass a standardized test to qualify for teacher certification. The Delaware Center for Teacher Education has information available to students on the testing requirements and the certification procedures.

**DELAWARE CENTER FOR TEACHER EDUCATION**

The Delaware Center for Teacher Education (DCTE) strengthens both pre-service and in-service teacher education, improves access for the education community to the University’s teacher education and professional development programs, and supports the state’s
efforts to enhance teacher and professional development in line with new state content standards and accountability requirements. For further information about DCTE generally, call (302) 831-3000 or visit the web site at http://www.udel.edu/dcte/

Of the programs and services within DCTE, the following are of particular interest to undergraduates.

The **ASPIRE** program encourages minority students to pursue a career in teaching. In addition to recruiting qualified minority applicants, ASPIRE provides students in all the University’s teacher education programs with academic support, if needed, and professional development activities.

The **Education Resource Center**, located on the ground floor in the Willard Hall Education Building, is a multimedia, special purpose library that provides both circulating and reserve collections for use by teachers, students, and administrators. In addition, the Resource Center offers courses for school library media specialist certification. For further information, call (302) 831-2335.

The **Office of Clinical Studies** assists faculty in implementing a program of field-based professional practice that includes several sequential phases of increasing involvement and responsibility and in placing students in appropriate clinical settings. For further information, call (302) 831-2319 or e-mail acase@udel.edu.

The **Office for Coordination of Intercultural Teacher Education (OCITE)** promotes overseas study programs, multifaceted oriented field trips, and cross-cultural service learning activities. For further information, call (302) 831-3648, e-mail ocite@udel.edu, or visit the web site at http://www.udel.edu/ocite.

The **Office of Educational Technology (OET)** works to develop innovative solutions to educational problems through the use of instructional technologies, support to school districts and professional development opportunities for teachers. OET sponsors an annual Summer Institute in Educational and Assistive Technologies. OET sponsors a multimedia users group, open to faculty members, teachers, and students. For more information, visit the web site at http://www.udel.edu/oet.

The **Office of Community and School Volunteers** serves as a focal point for University students interested in working in the schools. It includes the First State Mentor Corps, an AmeriCorps program that places college students in local elementary and middle schools as tutor and mentor children; America Reads program, which recruits students to tutor K-4 children in reading, and Project VISTA, another AmeriCorps program that places VISTA volunteers in schools to coordinate volunteer programs. For additional information about the First State Mentor Corps, call (302) 831-0883 or e-mail ediller@udel.edu; for America Reads, call (302) 831-8127. For Information about Project VISTA, call (302) 831-0520 or e-mail tclower@udel.edu.

**DISCOVERY- AND SERVICE-BASED LEARNING OPPORTUNITIES AND CLINICAL EXPERIENCES**

As a professional, service-oriented college, CHEP stresses opportunities for learning through experiences that require students to apply their academic training and encourage them to develop their newly acquired skills and knowledge. CHEP has a unique combination of facilities that provide a wide range of practical experience settings, and CHEP offers special programs that encourage personal and professional development. Undergraduate students can also learn from practical experience that complements their academic studies by working with faculty, staff and graduate students in CHEP’s public service and research centers. CHEP receives funding from the Delaware General Assembly to support undergraduates who are working on projects that benefit the people of Delaware. The following units offer special opportunities for undergraduate student participation:

The **Assistive Technology Laboratory** is operated by the School of Education to advance the preparation of preservice and inservice teachers, school psychologists, and speech therapists. A secondary mission is to promote research on the uses of technology to enhance learning, increase independence, and improve productivity in students with and without special needs. The center maintains a reference collection containing more than 3,000 books, articles, and reports in an on-line catalog that permits electronic searches, as well as a collection of educational software, assistive devices, communication aids, and multimedia technology. Also included is a computer laboratory for class instruction and individual student use. For further information call Joanne Jennings at (302) 831-6405, Al Cavalier at (302) 831-6309 or visit the web site at http://www.udel.edu/educ/cait.

**Clearinghouse for Abuse and Neglect of the Elderly**, a public service unit housed in the Department of Consumer Studies, contains the nation’s largest computerized collection of materials and resources related to elder abuse. The Clearinghouse offers technical assistance to professional and community agencies and organizations delivering services to abused and neglected elders. Opportunities are available for undergraduate and graduate students to participate in the delivery of technical assistance, as well as to engage in interdisciplinary research. For further information, call (302) 831-8714 or (302) 831-3525.

The **College School** provides a school-year program for children, ages 5-14, with learning differences. The curriculum provides individualized and innovative instruction for children who have previously had unsuccessful school experiences, with the goal of returning these students to more traditional classroom settings within an average of two to three years. The College School also serves as a research and clinical site for students and faculty in Education, School Psychology, Clinical Psychology, Health and Physical Education, Music, and many other disciplines. For further information, call (302) 831-1097.

The **Design and Textile Laboratories** provide applied learning opportunities for apparel design and fashion merchandising students. The Computer-aided Design Laboratory builds skills in graphic and pattern design, pattern grading and marker-making systems used in the apparel industry. The environmentally controlled Textile Laboratories allow for analysis of textile fibers, dyes and finishes. The Laboratory for Analysis of Cultural Materials conducts conservation research. In addition, students can use the Historic Costume and Textile Collection, with 2,500 historic textiles and apparel pieces, for design inspiration. For further information, contact Dr. Karen Stein, telephone (302) 831-8714 or e-mail kstein@udel.edu.

**Leadership Education at Delaware (LEAD)** is an innovative University-wide effort to link the academic and student life components of leadership education. The program draws upon students’ experiences, both on campus and in the community, and their academic programs in mutually reinforcing ways, enhancing all three. Students are encouraged to see themselves as potential leaders as they are challenged to address concrete issues in student life that require their direct participation and as they complete community service projects. For more information, contact the program director, Dr. Audrey Hellman, at (302) 831-1708 or e-mail aehellman@udel.edu.

The **Legislative Fellows Program** is a unique opportunity for qualified undergraduates and graduate students to work directly with members of the Delaware General Assembly. Fellows provide timely, nonpartisan research assistance while gaining a thorough knowledge of the legislative process that will be useful in a wide variety of careers. In addition, Fellows become acquainted with leaders throughout the state including elected representatives, agency directors, municipal officials, business heads and community activists. Selected through a competitive process, Fellows work in Dover twenty hours per week from January thru June and earn stipends comparable to a research assistantship. For more information contact Dr. James Flynn at (302) 831-4658 or e-mail jflynn@udel.edu.
HUMAN SERVICES, EDUCATION AND PUBLIC POLICY • DISCOVERY- AND SERVICE-BASED LEARNING

Professional Development Schools have been initiated by the Holmes Partnership, a national network of universities in partnership with schools, to provide professional training in teacher education, much the way teaching hospitals serve the medical education. The University of Delaware is working with several elementary and middle schools in the Milford School District. Undergraduate students in elementary education complete their clinical requirements at these sites. For further information, call (302) 424-3959.

The Reading Studies Program offers classes for students in grades K-12 who need help with reading, spelling, and writing. Students' classroom lessons are supplemented and reinforced with individualized computer programs in the program's computer lab. The center also provides remedial tutorials for students in secondary schools throughout the Christina School District funded by a grant from the district. Training in the remedial method used by the center is available for teachers, student-teachers, and parents during the summer in Intensive Literacy Instruction (EDST 524). For further information call (302) 831-2307.

The University of Delaware Laboratory Preschool is administered by the Department of Individual and Family Studies. The Laboratory Preschool, a model preschool program, provides appropriate developmental programs for children with and without disabilities; teaches University students to work with young children through classroom practicum experiences; provides opportunities for students, faculty and professionals to observe exemplary preschool programs and teacher role models; enables students to observe children ages two through six so the students can better understand development progression; and provides a research site for students and faculty. For further information, contact Alice Eyman, Director (302) 831-2304 or e-mail: aeyman@udel.edu.

The Vita Nova/Foodservice Laboratory is managed by the Hotel, Restaurant and Institutional Management (HRIM) Department and is located on the second floor of the Trabant University Center. The laboratory consists of Vita Nova, a student-operated, 65-seat dining room open to the public; a display kitchen; and a teaching and demonstration kitchen with state-of-the-art video and satellite capabilities. Students in the HRIM program use the facility to understand the challenges and dynamics of operating a business. On a daily basis, students rotate through management and skill-level assignments to learn the details required to exceed guest expectations. For further information, contact Paul Wise, Department Chair, (302) 831-6077 or e-mail: dlaws@udel.edu.

CHEP UNDERGRADUATE INTERNSHIPS AND RESEARCH ASSISTANTSHIPS

CHEP offers students many opportunities for public and community service research assistantships and internships through its research and public service units. Undergraduates are able to work closely with faculty, staff and graduate students, on key issues involving children, families, schools, communities, the environment, consumers and service institutions, and public policies. The following CHEP research and public service centers, profiled in detail in the chapter "Research Centers, Institutes, and Special Facilities," offer public and community research assistantships and internship opportunities:

- Center for Applied Demography and Survey Research
- Center for Community Development and Family Policy
- Center for Disabilities Studies
- Center for Educational Leadership and Policy
- Center for Energy and Environmental Policy
- Center for Historic Architecture and Design
- Delaware Education Research and Development Center
- Institute for Public Administration
- Mathematics & Science Education Resource Center
- School of Education
- School of Public Health
- School of Social Work
- School of the Arts
- School of the Humanities
- School of the Sciences
- School of the Social Sciences
- School of the Visual and Performing Arts

CHEP UNDERGRADUATE STUDENT SUPPORT SERVICES

CHEP is committed to students’ success and provides the resources and support services that will enable undergraduate students to fully participate in the opportunities available to them throughout their undergraduate years. CHEP's Office of Student Support Services supports academic advisement, coordinates orientation activities for new students, administers academic policy, and maintains students' records. In addition, CHEP promotes opportunities for students to enhance their undergraduate experience through the Dean’s Scholarships Program; undergraduate research; service, leadership and mentoring experiences; and study abroad programs. Students with academic questions and concerns, those interested in becoming involved in special opportunities available to CHEP students, and those experiencing academic difficulties are all encouraged to contact one of the following offices.

(all telephone numbers are area code 302)

Consumer Studies Dept.
211 Alison Hall
831-7814, consumer-studies@udel.edu

Hotel, Restaurant and Institutional Management Dept.
Rextrew House
831-6077, hrim-dept@udel.edu

Individual and Family Studies Dept.
111 Alison Hall
831-8490, ifs-dept@udel.edu

School of Education
120 Willard Hall Education Bldg.
831-2317

For additional assistance and information, all CHEP students are also welcome to contact the CHEP Office of Student Support Services, 106 Alison Hall, (302) 831-2301 or e-mail chep-oss@udel.edu.

MINOR IN DISABILITIES STUDIES

The College of Human Sciences, Education and Public Policy offers a minor in Disabilities Studies, with courses taught by an interdisciplinary team of faculty associated with the Center for Disabilities Studies. The minor in Disabilities Studies requires 18 credit hours, distributed as follows: all core courses listed below (9 credits) and three additional courses (9 credits) selected in consultation with and approved by the student’s minor advisor. These courses shall be chosen from each of the following topic areas: Human Development, Social Systems, and Service Delivery Methods. At least one of these courses must be from outside the requirements of the student’s major and outside his or her major department. All courses included in the minor must be completed with a grade of C- or better.

IFST/PSYC/SOCI 270 Families and Developmental Disabilities 3
EDUC 230 Introduction to Exceptional Children 3
HEPP 465 Senior Seminar in Disabilities Studies 3
Topic Area Courses 9

Information regarding courses recommended in the topic areas and the procedures for completing the minor can be obtained from the Center for Disabilities Studies, 166 Graham Hall, (302) 831-6974.

CONSUMER STUDIES

The Department of Consumer Studies addresses the design, development, analysis, delivery and use of products and services through its three undergraduate major courses of study. The Apparel Design major studies the conceptualization and production of products for apparel-related industries to meet consumer needs. The Leadership and Con-
Consumer Economics major and the minor in Leadership emphasize leadership studies and interdisciplinary analysis in examining the interaction between the for-profit, private non-profit, and public marketplaces and consumers. The Fashion Merchandising major addresses the planning, production, promotion and distribution of products in fashion industries to meet consumer demand. An Honors Degree option is available for each major.

An accelerated degree program is available for students majoring in Leadership and Consumer Economics. With careful planning and advisement, Leadership and Consumer Economics majors have the opportunity to earn a Bachelor of Science degree in a major and a Master of Public Administration (M.P.A.) degree in less than the usual six years. Additional information is available from the program office.

Students in all majors can benefit from the Department of Consumer Studies' collaboration with the Center for Historic Architecture and Design. Opportunities are available for students interested in material culture and preservation as they relate to apparel design, historic costume, dress and culture, and contemporary consumer behavior.

Students who wish to change from another major in the University are advised to contact the Department office regarding selection policies and procedures.

Telephone: (302) 831-8714
E-mail: consumer-studies@udel.edu.
http://www.udel.edu/cnst/

**GENERAL EDUCATION COURSES**

The following courses have been approved to fulfill humanities and science electives for students in majors offered by the Department of Consumer Studies.

**Humanities**

**Sciences**

Physical and Biological: Anthropology (ANTH 102, 104, 202), Biological Sciences, Animal Science, Chemistry, Entomology, Food Science, Geology, Marine Studies, Plant and Soil Science, Physics and Astronomy, Psychology (PSYC 314), Science.

**DEGREE: BACHELOR OF SCIENCE**

**MAJORS: APPAREL DESIGN (APD) or FASHION MERCHANDISING (FM)**

Both the APD and FM curricula consist of a core supplemented by courses specific to each major, facilitating a double major or transfer from either major to the other.

**CURRICULUM**

**UNIVERSITY REQUIREMENTS**

ENGL 110 Critical Reading and Writing (minimum grade C) .................................. 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content [see p. 57] .................................................. 3

**MAJOR REQUIREMENTS**

English Writing course .................................................. 3
Selected from courses approved for Arts and Science second writing requirement, page 81.

**CORE CURRICULUM COURSE CREDITS TO TOTAL............. 63-71**

**ADDITIONAL APPAREL DESIGN CURRICULUM**

**CURRICULUM**

**MAJOR REQUIREMENTS**

Nine credits selected from Art (ART), ........................................ 9
 Approximately half of the credits (recommended: one course) are to be selected from among those courses identified in the core curriculum for the major, and the remaining credits are to be selected from among Art courses identified in the core curriculum for the major.

**CORE CURRICULUM COURSE CREDITS TO TOTAL............. 63-71**

**ADDITIONAL APPAREL DESIGN CURRICULUM**

**CURRICULUM**

**MAJOR REQUIREMENTS**

Nine credits selected from Art (ART) ........................................ 9

**ELECTIVES**

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree. May include Military Science, Music, or Physical Education [Only two credits of activity-type Physical Education and four credits of Music ensemble and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree].

**CREDITS TO TOTAL A MINIMUM OF............... 120**

185
HONORS BACHELOR OF SCIENCE: APPAREL DESIGN

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Apparel Design.

2. All the University's generic requirements for the Honors Baccalaureate Degree (see page 43). Within these requirements, the twelve (12) honors credits earned in courses in the Department of Consumer Studies or in closely related areas outside the Department must be approved by the student's advisor. Of these, a minimum of six (6) credits must be taken in the Department of Consumer Studies.

ADDITIONAL FASHION MERCHANDISING CURRICULUM

MAJOR REQUIREMENTS

ACCT 207 Accounting I 3

or

CNST 217 Accounting Practice for Merchandise 3

ACCT 160 Introduction to Business Information Systems I 3

ACCT 352 Law and Social Issues in Business 3

BUAD 301 Introduction to Marketing 3

BUAD 309 Management and Organizational Behavior 3

BUAD 471 Advertising Management 3

BUAD 474 Marketing Channels and Retailing 3

ECON 152 Introduction to Macroeconomics 3

CNST 318 Fashion Merchandising Products 3

CNST 418 Advanced Fashion Merchandising 3

Additional CNST courses 6

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree. May include Military Science, Music, or Physical Education. (Only two credits of activity-type Physical Education and four credits of Music ensemble and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree).

CREDITS TO TOTAL A MINIMUM OF ......................................... 120

HONORS BACHELOR OF SCIENCE: FASHION MERCHANDISING

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Fashion Merchandising.

2. All the University's generic requirements for the Honors Baccalaureate Degree (see page 43). Within these requirements, the twelve (12) honors credits earned in courses in the Department of Consumer Studies or in closely related areas outside the Department must be approved by the student's advisor. Of these, a minimum of six (6) credits must be taken in the Department of Consumer Studies.

DEGREE: BACHELOR OF SCIENCE

MAJOR: LEADERSHIP AND CONSUMER ECONOMICS

CURRICULUM

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing (minimum grade C) 3

Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content (See p. 57)

MAJOR REQUIREMENTS

English Writing course 3

Selected from courses approved for Arts and Science second writing requirement, page 61

COMM 255 Fundamentals of Communication 3

BUAD 309 Management and Organizational Behavior 3

BUAD 473 Buyer Behavior 3

Business, Economics, Accounting, or Finance courses or any of the following:
POSC 341, POSC 453, POSC 454, POSC 455 9

Computer Applications course selected from 3

ACCT 160, CISC 105, FREC 435, PSYC 306

CNST 100 Leadership, Integrity and Change 3

CNST 200 Consumer Economics 3

CNST 300 Leadership in Organizations 3

CNST 400 Leadership and Power 3

CNST 440 Decision-making and Leadership 3

Electives chosen from 18

CNST 235, 242, 305, 310, 322, 332, 335, 340, 342, 401, 405, 422, 435, 442, 455 and other courses in Leadership and Consumer Economics

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree. May include Military Science Music, or Physical Education. (Only two credits of activity-type Physical Education and four credits of Music ensemble and four credits 100- and 200-level courses in Military Science/Air Force may be counted toward the degree).

CREDITS TO TOTAL A MINIMUM OF ......................................... 120

HONORS BACHELOR OF SCIENCE: LEADERSHIP AND CONSUMER ECONOMICS

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Leadership and Consumer Economics.

2. All the University's generic requirements for the Honors Baccalaureate Degree (see page 43). Within these requirements, the twelve (12) honors credits earned in courses in the Department of Consumer Studies or in closely related areas outside the Department must be approved by the student's advisor. Of these, a minimum of six (6) credits must be taken in the Department of Consumer Studies.

REQUIREMENTS FOR THE MINOR IN LEADERSHIP

The Department of Consumer Studies administers the minor in Leadership, which provides an opportunity for students from a variety of disciplines to gain a substantive introduction to the concept of leadership and the application of leadership to designing, managing, and evaluating change in our public, private, and non-profit institutions. The hallmark of the minor is a focus on how vision, integrity, change, communication, decision-making, and evaluation influence leadership and shape change in organizations and in the community.

The minor in Leadership requires 18 credit hours, distributed as follows: all core courses listed below (9 credits) and three additional
courses of restricted electives (9 credits) selected in consultation with
and approved by the student's minor advisor. One of these restricted
electives must be selected from approved COMM courses. The
remaining 6 credits must be selected from outside the student's major
field of study, and must be chosen from the following topic areas:
Leadership in Context; Integrity/Ethics; and/or Leadership Competencies. All courses included in the minor must be completed with a
grade of C- or better.

CNST 100 Leadership, Integrity and Change .................................. 3
CNST 300 Leadership in Organizations ........................................ 3
CNST 400 Leadership and Power ................................................ 3
Restricted electives ........................................................................... 9

Admission to the minor is by application. For further information,
contact the Department of Consumer Studies, 211 Alison West, (302) 831-8711.

PROGRAM IN ELEMENTARY TEACHER EDUCATION
(including Special Education)

The Elementary Teacher Education Program is designed to help students meet the following goals:

• become outstanding general elementary teachers and teachers of exceptional children
• develop a strong background in the academic subjects taught at the elementary level
• develop the employment flexibility and security to become a teacher of exceptional children and/or a regular elementary teacher, with additional options in bilingual education, English as a second language, and middle school mathematics, or science
• provide all children, including those with special learning needs, with the best possible education

The current elementary teacher education program has evolved as a result of a determined effort on the part of the faculty to coordinate their efforts with public school personnel in education. Programs of clinical experiences have gradually increased and improved because of the continuing contact with classroom teachers, principals, and administrative officers of local schools. The program curriculum is designed to provide students with a range of practicum experiences in a variety of settings. These practicum experiences begin with observation and tutoring of children in the freshman year and culminate with student teaching in the senior year. These direct experiences in actual classroom settings give the teacher candidate important opportunities to apply the knowledge gained in college courses to his or her work with children and to gain critical on-the-job training.

The program is divided into three general areas.

The General Studies area includes courses in the following subject areas: natural sciences, mathematics, social sciences, English/linguistics, and fine arts. A grade of C- or better is required in all of the courses in this area.

The Discipline area provides the teacher candidate with an opportunity to select one of the following disciplines: English, foreign languages, general science, mathematics, social studies, or language studies. A list of the specific courses that comprise each of these areas is available in the School of Education Office. If a student pursues certification in the Discipline area, a grade of C- or better is required in all courses in this area.

The Professional Studies area is designed to develop the candidate's teaching skills. The courses place strong emphasis on the development of teachers who can plan and implement appropriate educational experiences for children of varying levels of ability. A grade of C- or better is required in all of the courses in this area.

APPLICATION FOR CLEARANCE FOR UPPER DIVISION STUDY IN TEACHER EDUCATION

Students enrolled in the Elementary Teacher Education major wishing to begin upper-level work must make formal application and satisfy the requirements for Clearance for Upper Division Study. Students wishing to pursue teaching as a professional goal should secure a copy of clearance requirements from the School of Education Office, (Room 120, Willard Hall). Students will be notified of deadlines for making application for clearance.

The purpose of clearance is to assure that each student is satisfying requirements in the major and is prepared to undertake junior-level work including in-school clinical experiences. Students not meeting criteria are provided support services including study skills assistance, vocational counseling, and academic planning.

Students enrolled in the Elementary Teacher Education major wishing to begin upper-level work must make formal application and satisfy the requirements for Clearance for Upper Division Study.

Students wishing to pursue teaching as a professional goal should secure a copy of clearance requirements from the School of Education Office, (Room 120, Willard Hall). Students will be notified of deadlines for making application for clearance.

The purpose of clearance is to assure that each student is satisfying requirements in the major and is prepared to undertake junior-level work including in-school clinical experiences. Students not meeting criteria are provided support services including study skills assistance, vocational counseling, and academic planning.

Telephone: (302) 831-2573

EDUC 451 | Educational Assessment | 3
EDUC 486 | Educational Technology IV: Science, Social Studies, & Math Lab | 1

The Elementary Education Education program requires a certain minimum G.P.A. for enrollment in EDUC 400. Student Teaching, a course required for the degree. An advisor in Room 120 Willard Hall should be consulted for the exact G.P.A. requirements and other policies concerning qualifications for student teaching.

Students will complete two, nine-week placements in student teaching and will receive 6 credits for each nine-week placement.

For Certification in Special Education, the following courses are added to the core:

EDUC 410 | Assistive Technology | 1
EDUC 431 | Applied Behavior Analysis | 3
EDUC 432 | Curriculum for School Aged Exceptional Children | 3
EDUC 435 | Educational Evaluation for Exceptional Children | 3

Students wishing to complete certification in both elementary education and special education must apply for Clearance for Upper Division Study The criteria for applying for dual certification are available in the School of Education Office (Room 120 Willard Hall Building).

CREDITS TO TOTAL A MINIMUM OF: 125-134

PROGRAM IN EDUCATIONAL STUDIES

The Bachelor of Arts in Educational Studies program is designed for students who are interested in the subject of education as part of a liberal arts curriculum pursuant to education-related careers that do not directly involve classroom teaching. The degree does not prepare teacher candidates for certification. The program requires students to minor in an Arts and Science field related to education. Application to the program must include a writing sample and a letter indicating specialization interests within the program (naturally, the actual or proposed minor). Students are admitted no earlier than their sophomore year and must possess at least a 3.0 cumulative grade point average.

The program features intensive attention and guidance by faculty members, including personal advisement and a year-long research project culminating in a senior thesis. During the thesis process, students will intern with an educational researcher (on or off-campus) and will conduct the thesis under the direction of two faculty members. There is significant flexibility regarding the content of the thesis as a function of a student's background and interests. Students may select the program as a single major or as a double major with a field outside of education. An Honors Degree option is also available.

Students may change to the major in Educational Studies from any program in the University. An application form must be completed and submitted to the Coordinator of the Program along with the writing sample and statement of specialization interests.

Specialization equivalent to a minor in a related field | 18

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree.

CREDITS TO TOTAL A MINIMUM OF: 120

HONORS BACHELOR OF ARTS: EDUCATIONAL STUDIES

The recipient must complete:

1. All requirements for the Bachelor of Arts degree in Educational Studies.
2. All the University’s generic requirements for the Honors Baccalaureate Degree (see Honors Degrees). Nine Honors credits in the major must be at the 400-level or higher, and must include the program seminar.

188
REQUIREMENTS FOR A MINOR IN EDUCATIONAL STUDIES
The minor requires the 15 credits listed below. A grade of C- or better is required in all courses.
EDST 202 Human Development I
or
EDST 304 Educational Psychology: Social Aspects ........................................... 3
EDST 240 Professional Issues: Philosophical Perspectives ............................ 3
EDST 247 Professional Issues: Historical Perspectives ..................................... 3
EDST 258 Cultural Diversity, Schooling, and the Teacher .............................. 3
(fulfills University multicultural requirement)
EDST 665 Elementary Statistics ................................................................. 3

HOTEL, RESTAURANT AND INSTITUTIONAL MANAGEMENT
The Hotel, Restaurant and Institutional Management curriculum leads to a Bachelor of Science Degree (including an Honors Degree option) and is based in liberal arts, business and specialized courses in technical applications for the hotel and restaurant industries. Students are provided a foundation in the traditional academic areas to complement the state-of-the-art business and hospitality courses. The curriculum is structured to provide both a practical and a theoretical education. An integral part of the curriculum is the hospitality-related work experience. A documented and paid student work requirement of 800 hours is required prior to graduation. These combined work experiences assist in the preparation of students for the increasingly complex and challenging hospitality industry.

Transfer student applicants and those wishing to change from another major at the University of Delaware are considered on a space available basis. The chief criterion used in selection is academic performance. Applications are reviewed on October 15 and March 15.

Students in the Hotel, Restaurant and Institutional Management program also have the opportunity to participate in a 4 + 1 program with the College of Business and Economics. With careful planning academically eligible students can complete both their undergraduate degree in Hotel, Restaurant and Institutional Management and the Master of Business Administration degree in five years.

Telephone: (302) 831-6077

ELECTIVES
After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree. Electives may include Military Science, Music, or Physical Education. Only two credits of activity-type Physical Education and four credits of Music ensemble and four credits of 100- and 200-level courses in Military Science/Air Force may be counted toward the degree. Students are encouraged to develop fluency in a second language.

CREDITS TO TOTAL A MINIMUM OF .............................................. 120

189
HONORS DEGREE IN HOTEL, RESTAURANT AND INSTITUTIONAL MANAGEMENT

The recipient must complete:

1. All requirements for the Bachelor of Science degree in Hotel, Restaurant and Institutional Management.
2. All the University's generic requirements for the Honors Degree (see page 43).

HUMAN SERVICES, EDUCATION AND PUBLIC POLICY

This undergraduate major combines science, humanities, and social science requirements with a breadth of courses from the College of Human Services, Education and Public Policy. In addition to the Core requirements, which represent the interdisciplinary nature and service-learning focus of the College, students select a Primary Interest Area of at least twenty-four credit hours from among the Interest Areas offered by the academic units in the College. Students also select a Secondary Interest Area, typically in the form of an existing University minor; however, through advisement, special arrangements can be made to individualize the Secondary Interest Area. Students are encouraged to select interest areas that reflect their personal and career objectives.

Students desiring certification for teaching Family and Consumer Sciences in grades 5-12 in Delaware schools can major in Human Services, Education and Public Policy. As part of their academic program, they will be advised to complete the necessary content and professional course requirements to meet Delaware's licensure requirements. (Note: Under this option, the Primary Interest Area will total more than 24 credit hours, reducing elective credits available. Professional courses are not offered each year. Students must work with their academic advisor to determine availability.)

Detailed information on current requirements for certification is available from the Department of Individual and Family Studies. Students are encouraged to select interest areas that reflect their personal and career objectives.

A student who has already received a bachelor's degree from an accredited college (which includes a general studies component) can fulfill the requirements for certification in Family and Consumer Sciences above and apply for certification. For details, see Teacher Education Programs in the beginning of this chapter.

Telephone: (302) 831-2301
E-Mail: chep-osses@udel.edu

GENERAL EDUCATION COURSES

Students are required to select courses in the humanities and sciences as indicated below, including two multicultural courses and a second writing requirement. A list of courses that may be used to satisfy the program's requirements may be obtained from the Office of CHEP Student Services.

MAJOR REQUIREMENTS

1. All requirements for the Bachelor of Science degree in Hotel, Restaurant and Institutional Management.
2. All the University's generic requirements for the Honors Degree (see page 43).

DEGREE: BACHELOR OF SCIENCE

MAJOR: HUMAN SERVICES, EDUCATION AND PUBLIC POLICY

CURRICULUM

UNIVERSITY REQUIREMENTS

ENG 110 Critical Reading and Writing (minimum grade C-) ............................................. 3
Three credits in an approved course or courses stressing multicultural, ethnic, and/or gender-related content. Students should select one course in U.S. diversity and one in global diversity. May fulfill another degree requirement ................................. 3

ENGL 110 Critical Reading and Writing (minimum grade C-) ............................................. 3
May fulfill another degree requirement ................................. 3

HUMANITIES

Foreign Literature Elective; English 312; or Communications Elective ............................................. 3
Foreign Language or Humanities Electives ................................................................................. 6-8
Fine Arts Elective ....................................................................................................................... 3

MATHEMATICS AND SCIENCE

MATH 114/170 (or higher) or MATH 251 ................................................................................. 3
Science Elective with Laboratory ................................................................................................. 4
Science Elective .......................................................................................................................... 3
Science, Mathematics or Statistics Elective ................................................................................. 1

SOCIAL SCIENCES

History or Economics Elective ..................................................................................................... 3
History or Sociology Elective ...................................................................................................... 3
Psychology Elective .................................................................................................................... 3
Social Science Elective or ACCT 160 .......................................................................................... 3
Social Science Elective ................................................................................................................ 3

A second writing course is also required. It should be selected from the courses approved for Arts and Science (see list of courses approved for second writing requirement, page 81) and can be used to fulfill another degree requirement.

COLLEGE CORE REQUIREMENTS (minimum grade C- in each course)

The College Core includes courses from the various CHEP Departments and Schools and reflects the interdisciplinary intent of this major. Certain core courses may also fulfill Pathways requirements; please check with your advisor.

HEEP 100 CHEP Introductory Seminar ......................................................................................... 1
Pre-professional Skills Courses: Choose two of the following ....................................................... 6
CNST 100 Leadership, Integrity, and Change .............................................................................. 1
HRM 230 Decision Making and Skills and Techniques ................................................................. 3
HRM 140 Information Technology and Services Management .................................................. 3
HRM 238 Assessment, Evaluation, and Communication in Service Delivery Systems .............. 3
ENGL 312 Written Communications in Business ....................................................................... 1
CNST 325 Presentation Techniques ............................................................................................ 1

CHEP Interdisciplinary Courses: Select 9 hours of CHEP Special Topics (HEEP 160, 260, 360, 460) or other interdisciplinary courses from a restricted list, available from the CHEP Office of Student Services .................................................................................................................. 9

Special Topics courses vary each semester and are at various levels, from freshman to senior-level offering. Topics may include the following: Learning Across the Lifespan; The Family; The Physical and Emotional Wellness of American Youth; Communities and the Environment; Current Policy Issues; The Dignity of Service; Professional Autonomy and Public Accountability.

Primary Interest Area (minimum grade C- in each course)

Students will complete one of the following interest areas of approximately 24 credit hours (see below):

A: Material Culture of Architecture and Dress
B: Education and Community Services
C: Administration of Community Resources
D: Hospitality Services and Information Technology Management
E: Family and Consumer Sciences Education

Secondary Interest Area .................................................................................................................. 18

Students are encouraged to complete an approved University minor. Other options may be approved by the program advisor.

HEEP 400 Service Learning Practicum .......................................................................................... 3-6

Students will complete a required Service Learning Experience tied to the College Core or to their Primary Interest Area.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits required for the degree.

CREDITS TO TOTAL A MINIMUM OF ................................................................. 120

Interest Area A: Material Culture of Architecture and Dress

CNST 110 Visual World ................................................................................................................ 3
CNST 213 20th Century Design: Ethnic Influences ..................................................................... 3
CNST 214 Clothing, Design and Production since 1700 ........................................ 3

INDIVIDUAL AND FAMILY STUDIES

The Department of Individual and Family Studies offers undergraduate majors in Early Childhood Development and Education and in Family and Community Services, both with Honors Degree options. The curricula prepare students for challenging careers with individuals and families throughout the lifespan. Graduates become leaders in early education, family support, and human service programs, with many students pursuing advanced study.

The major in Early Childhood Development and Education is designed for students who plan on working with young children in school, family, and institutional settings. Certification options allow students to pursue careers as teachers and early interventionists. Certification requirements for state approved early childhood programs can be met by completing the identified course work for each certification option.

The program emphasizes developmentally appropriate, family-centered practices to meet the needs of all children, including those with disabilities.

Students in the Family and Community Services major choose one of two concentrations. The Human Services Concentration is designed for students wishing to work within public and private agencies serving clients, infants through the aged, and their families. Combining course work and clinical experiences, the program prepares students for positions in direct client services and/or management and administration in a variety of institutional and community settings.

The Family Research Concentration is designed for students with broad interdisciplinary interests and whose career plans may require subsequent graduate education. Students undertake a substantial research experience and develop an area of interest in a related field. Individualized programs prepare students for careers in government work, policy, advocacy, health, and social services.

Selection and retention policies for the Early Childhood Development and Education and Family and Community Services majors have been established and must be followed. In addition, there are limitations on the number of students that can be enrolled in each major. Students are responsible for travel arrangements and costs for clinical/internship experiences.

Telephone: (302) 831-8490

- Determined in consultation with academic advisor. Students seeking Early Care and Education certification complete 12 credits from the list of certification electives appropriate for working with children OK and their families. Students seeking Early Childhood Education certification complete IFST 463-Atypical Infant and Toddler, IFST 470-Families and Children at Risk, before student teaching, and 6 additional credits from the list of certification electives. Qualified students who seek an additional certification in Primary Education (K-4) must complete all requirements for the certification in Early Care and Education (OK). For this dual certification (OK and K-4), students must complete 12 credits of approved elementary methods courses as their certification electives. Enrollment in these courses is limited. An additional field experience is also required. Students seeking dual certification must have a major field index of 3.00 after 60 credit hours.

- EDUC 400 Student Teaching | 9-12 |
- (12 credits for dual certification)

- Prerequisites for EDUC 400: Student Teaching: a cumulative index of 2.50 and a major field index of 2.75 (information on courses designated in major field is available from Department Office) and a minimum grade of C- in all IFST courses, EDUC 306, and certification electives. Students seeking certification in one area will complete one 9-week placement of full days and one 9-week placement of half days for a total of 18 weeks and 9 credits. Students seeking certification in two areas will complete two full-day 9-week placements for a total of 18 weeks and 12 credits.
