List program changes for curriculum revisions:

Add HESC317, Strength and Conditioning Laboratory, (1-credit) to required courses

List new courses required for the new or revised curriculum:

(Be aware that approval of the curriculum is dependent upon these courses successfully passing through the Course Challenge list. If there are no new courses enter “None”)

one

Other affected units:
(List other departments affected by this new or revised curriculum. Attach permission from the affected units. If no other unit is affected, enter “None”)

none

Rationale:
(Explain your reasons for creating, revising, or deleting the curriculum or program.)

HESC317, Strength and Conditioning Laboratory, was added as a new course last year. The course serves as a co-requisite for HESC320, Principles of Strength and Conditioning, which is already required in the Figure Skating Coaching minor. HESC317 adds a practical, hands-on dimension to students’ understanding of strength and conditioning concepts that will be valuable for the students in the Figure Skating Coaching minor.

Program Requirements:
(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the present curriculum.)
