DAVOR

cknowledgements

The 1992 Blue Hen Yearbook, *Faces in the Crowd*, would not have been possible without the support of many individuals. The yearbook staff would like to deliver a special thank-you to many dedicated and caring individuals.

We would like to thank **Doug Martin**, our Herff-Jones representative, for his advice, support, and flexibility. **Neil Weidman**, from Davor Photography, was instrumental in helping us capture the unique moments of this year, as well as being one good listener! We would also like to thank **Nancy Allinger**, **Shirley Becker**, **Scott Mason**, and **Dawn Owens** of the Student Activities Office. Even when their office was busy with an incredible amount of work, they still made time to help the yearbook with any questions or concerns that we had. A special thank-you is extended to **Susan Nye** who typed and meticulously combed through the senior section.

Our gratitude is extended to all individuals who contributed their personal photographs for use in the Greek and Organization section.

We would like to also thank all the organizations that cooperated with our staff to help us cover the university in the fullest extent possible. While we make every effort to include as many groups as possible, those who do not respond to our attempts are not included in the yearbook.

To all our family and friends who had to deal with us at our most stressful times, our sincerest and warmest regards. We dedicate this yearbook to all the wonderful faces that made this yearbook possible.

Faces in the Crowd

Colophon

✓ Volume 81 of the *Blue Hen Yearbook* was lithographed by the Herff Jones company of Gettysburg, PA. The book is 384 pages long and printed with a 9" x 12" format. This year's edition had a press run of 1200 copies.

The cover was manufactured using the embossed process on a Nova Tex Etched Silver base material. The design was created by using black silk-screened paint and Prisma specialty foil finish. A black overtone rub was applied to bring out embossing details. Finally, the cover was textured with a hand-tooled grain. The theme graphic, "Faces in the Crowd", was designed by Karen Nye, Editor-in-Chief, with the assistance of the Herff Jones Art Department.

The book's endsheets were printed in four-color process with Prisma foil used to highlight the theme statement. Pages were printed on a 100 lb. stock with a Bordeaux Gloss finish. All caption and body copy was set using Century Schoolbook type. Headline treatments utilized decorative fonts and varied throughout the book.

This publication is a non-profit organization printed annually for the enjoyment of the university community. It is our hope that we captured the many true faces of the University of Delaware.
