Two Questions For You

Every man having at heart the best interests of his family and other dependents should ask himself two questions, the answers to which will have a material influence upon the future of his estate. The first of these questions is:

What would be the shrinkage in the value of my estate when it passes on to my beneficiaries?

The second question, which can be answered only after careful study is:

How can I reduce to the lowest possible amount the shrinkage that will occur in my estate?

May we discuss with you the answers to these questions?

Here at Kells, out in the open with light and sunshine, is a shop, where Printing is done. Serious, but full of fun and good cheer, we believe that our Ideal, represented by Head, Heart and Hand in our Imprint, is the incentive that is making for our Success. By using a little thought with the type and mixing a little brains with the ink, we are turning out work that is winning the approval of those who know and appreciate good printing.
THIS BOOK DOES NOT CIRCULATE.
