Dear Mr. Messersmith:

In accordance with our telephone conversation of this afternoon, I am pleased to attach a copy of the letter which we have received from the Reichsleitung of the Kampfbund des Gewerblichen Mittelstandes N.S.D.A.P.

This letter was obtained by inviting this society to visit our factory. They accepted our invitation and took the opportunity of going through our entire plant and getting full information. After this visit, they presented us with their letter, stating that they would be pleased to cooperate with us and give us their support. We might mention that we were treated in the very best manner by this society.

I want to take this opportunity on behalf of our company to sincerely thank you for the help and assistance you have given us. Your help has been very beneficial to us.

With kindest regards, I am

Very truly yours,

( Signed ) R.W. Burman
