THE UNDER SECRETARY OF STATE
WASHINGTON

September 13, 1934

Dear Mr. Messersmith:

I have your letters of August 18th, 23rd and 31st, each of which deserves very cordial thanks, - especially is your letter of August 23rd of interest, for it contains a great deal of "gossip" and much information which has not previously come this way. I have turned it over to the Secretary, who has, I feel sure, taken it home to read in quiet.

Herbert Feis has come back and has given me a visible picture of your activities and surroundings. I do not believe he gave us anything new of Austria, because you are one of our best reporters, but he brought back personal touches which make me feel more than ever in close touch

The Honorable
George Messersmith,
American Minister,
Vienna.

with you.

Thank you again for these three interesting
letters.

Sincerely yours,

William Kelly
