Honorable Cordell Hull,
Secretary of State,
Washington, D. C.

Dear Mr. Hull:

We have had prepared a memorandum entitled "Current Aspects of the Oil Confiscation in Mexico" reviewing the Mexican oil question from the beginning down to the present stage, which we expect to use for public dissemination, perhaps publishing it in the form of an article. As we believe it may be of interest to you, we are enclosing a copy.

Yours sincerely,

T. R. Armstrong.
