Saturdays, Aug. 23rd.

Dear [Name],

Thanks for your letter of Aug. 11 with the report on Spain, which reached me on our arrival here last Tuesday. The trip, five days in trip from Havana to Cape Cadiz, was uncomfortable. The weather here is fine and untroubling, and I feel better already.

I must spend a few days in New York, then return to Wilmington, return to Wilmington, then I want to spend at least a week at Hot Springs. I must to look in Havana about...
Oct. 3 at the latest. The chances are
we shall be in New York, probably at

half past one. I will surely see you
if you are in New York then.

It seems to me if you are in
New York when we are there, the
very thing looks as though it
took about eight or 17 at

the latest.

This is just a word to let
you know my plans so far as
I can form them now.
3.

This Court is most primitive but comfortable, no telephone, no electric light, to neighbors. In being absolutely lazy - this is the first letter I've written in a week!

Looking forward to seeing you.

All greetings.
