Dear Bernie - This is just a note to tell you how much Louisa and I both enjoyed your letter - and how sorry we are that Harriet is not feeling as well as she was before, as you write, a check up at the hospital. I hope it comes out well and that the doctors have been able to help her adjust to feel more normal.

Low blood pressure can make you feel just as bad as very high pressure.

Helen Johnson yells here a treat attack last night and has received only well in arriving with a friend and friend her mother meat house, on Saturday Mr. 16 and we will take them from the air port straight to Cuernavaca, she will have to stay in Cuernavaca, I believe, so Marion will be spending the
Next week weeks here instead.

Tell the girls how much I love them.

I am leaving here for Boston
Saturdays Feb 23, I will fly to
Washington that day and take the night
train to Boston, and I should be in the
New England Baptist Hospital by about 10 am.
Sunday the 24th, I plan to stay there
a week or so. I do not plan
leaving from there to Vermont
until after the Vermont meeting. I will
then go to New York for no more than 2 days
and Washington for 2 days and go
from Washington to New York. I hope to
be back here not later than March 15.
I'm glad Helene will be here, too.
Dear [Name],

While I was gone, I found better than I did here. The measures are not as bad, but I feel very well. I think you need to take better care of yourself. I have been feeling quite well most of the time. My left arm is getting better, and the doctors say it is due to better circulation. Perhaps they will help me in the next few weeks. I am not in much pain anymore.

I will telephone you from the hospital as soon as I can. I want to talk to you about my plans. I am going to New York next month, and I am planning to spend a few weeks in the States. I hope you can join me in June in the States as usual.

Love,

and that is wonderful. Well, going I
don't write them actually but not
because I'm not thinking of them. Please
write them the news in this letter, so
I don't forget to write them before I
leave for the West.

Mexico is well. The cats are

from you on the return.
I'll tell you in the phone when I'll see you. In any event, I leave the undated, but I leave the Broad medal in which I'll tell you in the phone when I'll see you.
