Dear Dannie,

Thanks for your call. I'm glad you are about again. I hope to be out in a few days. Jimmy will show you the letter which I wrote a week ago in Cuernavaca but did not get mailed and will go forward when this does. We had quite a time with Marion's niece and her husband and three small children in the house for three weeks.

We will have to try to work out how to see each other, there is so much to talk about! It is still too cold to come here, the coldest winter we have ever had.

All our love to you all.

Faithfully,

George
