March 10/59

Dear [Name],

I should be sending you back a pamphlet you sent me some weeks ago with my interesting letter, but I wish to pass it on before returning it. I will do so soon.

More is coming here on the 12th week, and leaves again on Sunday 15th. I understand they are just completing the preliminary report they were originally supposed to have ready for the President on March 1. In my opinion, it will have to be a very preliminary report, as the amount of work involved is so large, and I am told by friends to hurry in many places, that it will take a long time to make a really

Validated
The day before leaving for Cuernavaca, and then he cabled here when he is coming back here.

There are many problems for the company, and for the country. It is still too early to be clearly what attitude the government will take, not only towards the workers in the industry, but many others.

I have not been able to get to doing any real working for I have a good deal to keep me occupied during the day we are in Mexico City and when we are in Europe. I really do nothing.

It is not clear as to just what MacMillan has in mind with his trip but can a lot be learned. He will not be another
challenged, but internal political and economic factors in England may cause England to take positions that will be dangerous.

I had planned to see my doctor in Boston in early May, but I feel so better at times I may make a brief trip to Boston to have a checkup in the next weeks. The annual meeting of my lodge is to be early this year - some time around May 26-29. I want to be in Toronto. There are some problems of the company still have to be

described frankly.

As I am writing, I hear thunder and it is raining. I hope it means
we will have a good rainy season again.

I wonder whether Alexander is coming over again this year. Have you any idea? I
would not be surprised if he did.

Tell Jenny I thought I owe him a letter
and hope to write him soon.

Many love to her & best wishes to

You all —

Yours truly
