Dear Connie,

I have been wanting to write you a letter but I
have been very busy.政体 is away and returns this
next Monday. There were to take a week off and go
to Southern Mexico with his wife and son. He is simply
tired out and too much to do and too many problems
and others. I urged him to take a week days
off. I hope he is not here. The company Syndicate
is making a lot of trouble and cheese getting, not in
accord with the labor contract, and yesterday they
put into effect some new steps in connection
with selling so that one person is practically
put out of business. The people in the 30 and ourselves in
the only people make money except if
the customer comes in to pay a bill. There is
no help that I can see coming from the
Government for the labor side of the Government.
is arriving August 19 and leaves on August 25 on the same plane as John.

Ernie Tupper tells me that Red has bought a house in San Francisco so that she can live there the Fall. She says they are leaving the city Sept. 20. She is a very nice girl, if I am not very much mistaken. Tupper will make a better man for the company than Doper.

I had to interrupt this letter at this point as we had to go and call on Mrs. Vanquinta Grady. We were with her for Margarita Grady. She was with me first in Buenos Aires in 1928 and then in Berlin and Vienna and Washington. He is retiring and leaving Mexico to return to Buenos Aires. It was a most kind offer for him. I am fond of you and I think he is returning too soon. He is only 62.
and simply tell our people to give our
listeners what they ask. Martinez is in charge
while Marshall is away a few days. He
and he called me early this morning. About
a good part of the day in the office, but the
only give comment or opinion - but I'm glad to
do what I can.

We go to Luxembourg tomorrow, and will probably
fly back Wednesday evening. We have lots of rain,
and heavy rain at that. We are both well.
I appreciated your letting to Bolton. We had
those little times to see each other, as he
did not arrive only on August 22 and
leaving August 25 in the morning. Immediately
he arrives on August 22 he is to go on
to Brussels with Forler & Soper. Taylor
If he bonds close on in the Service. I know that he would be quite a job as Ambassador but he is dead set on retiring. He says no man in his family has lived beyond 68 and she wants a few years' official. He was the most serviceable term to the Service.

There is no lack of news as to your picture. And at least one bit of good news — and that is that the President and the Ambassador will go to the Inter-American meeting at

It was essential that he should succeed. I do not think possible to me

I did not that I ceased to bring it
about. Never was I not anxious to go.

The poor man has too much on his shoulders.

I shall be writing again next week.

It is time for a late dinner now

as we stayed at the planet too

long. Please see how I good

with to you all —
