March 6.

Dear Family,

We had a fine trip over but too fast. We felt almost completely lost but have lost 10 pounds.

I really had quite a time in Natchez.

I was quite ill at your father's and was nervous or more difficult than I have ever known him.

The trouble basically is that he can't hear the idea that any one else can have anything to
In her affairs. He knows that it has to be so, and really accepts it, but he can’t reconcile himself to it. This leads him to try to treat others like that. But our lawyers, etc. as the say, were hired hands and it doesn’t work. Music in New York – and again on the way on the boat – the trial. Booth & others were ready to come out on us because he

instant interference. It was all painful & difficult but had to be done. So far as Westphal is concerned. Sophia has to obey in the background and the Board of Westphal, and West of the people in Brussels understand this. I certainly feel it the way the English friends feel.
I think I can take care of the instruction. It is far too difficult. 

Tell me your wish in a letter. 

I know how dear your book is to me & how much I admire it & want him - but I know why I was very to be a friend - and am too old to change. Do not be concerned for this useless thing.
Ritz Hotel, London, W. I.

That fellow met us at the boat. He is a fine fellow, fond of construction. He was all day yesterday together a very hot day.

Please come and stay for a few days. You will be planning to leave on 4th.

Sincerely, 

It would be much better if he went to Munich instead of coming here
Ritz Hotel,

This is not easy. The job here will not be easy but I feel confident we can do it. Love to you both from Munich.
