Dear [Name],

I am perusing the Blue Book and Form 5 of my wife, and the Blue Book and Form 5 of myself herewith. I got your letter some time ago begging the letter to be kept from Gettincanon, and that I should return the whole for appropriate notation.

I wrote you two letters there under separate cover, but I
You not done as, as they are really full with so many
insurrections. I do not like to
trust them. Demand to the
public as there is no need
nuisance is getting delightful
if lost, but I am rending
them here with. Please ask
Wheatley to do the necessary
and the document can be
sent to me by register mail to New York for
Car of Harris. It will be
necessary for you to ask Goldsmith to bring the
relations back I am sure they will do it.

I have still not abandoned
idea of being able to sail
for New York on the 6 April but
feelure I can't do it, or
that I can't leave earlier
than the 14 April as the
Amerinds.

I have not been

humbled the forms that have

to be felt in at Sperry.

Can before we left (the result

from before such depatures)

I am sure that is not needed in

anticipated present operation.

All jest aside

Sincerely
