Dear Jenny,

This is just a short note to thank you for your letter of Nov. 25. We spent the week and so around it turns out, and the Millers and Glenn were with us. Our visit the Ellis + Stanis will be with us.

The treatment for Ellis was certainly helped me, and so does the treatment for the Walkin River, but that at the best will be a clean operation. I mean to be fished as a fish, for sure. The few days I have an acute of "fever" the first since I was in Mexico, and the doctor has ordered me to play at times for a few days.

There isn’t much news here. A friend of ours from Texas, Delaware, Kate W救人, has been with us for six a month, and is leaving for home tomorrow. Floyd Reason has had what the doctors think may have been a slight coronary, as he is in the hospital for several weeks but is home now. Anne has been in the States to be with Mary Ann,
while she is having tea just now, and
it has been quite a problem to keep her
from knowing that Floyd has been sick. He
is getting on well but will have to slow up
his pace for he goes to town in business as
well as going out at night. Brenda Stites
has been tried by the doctor & also home
at night for at least two weeks - he is
very busy, and you know how he likes to
go out at night. Anne does seem to
be eating up prematurely that a lot
of us here. Mr. new store is keeping
coming with Brenda, but he goes too hard.
Don't mention Floyd. Brenda's illness to any
one.

I'm thankful that we need have been with
you in your father's funeral. I hope your
mother is better. I will be writing often very
soon, with little one so urgent to do -
we have very little.
I don’t think Benito has at his command anything like the amount of money you mention. He is a very cunning man, and while I feel he can’t return in any capacity to the Argentine. For years, he can make a lot of trouble, and his followers can make noise in Argentina. The situation there has not improved, and will not until some strong man can get control, and that is no more difficult than

The candidate for the Presidency here is as good as one can expect, but there

thing planning up there unless the President

days ago in his sleep, and he apparently

had had no final words to his knowledge.

He was only 47. It gave quite a shock
I did not know him well
but he seemed like a pleasant person. Nor
capable he was, I do not know.

Hulse, I understand you are the best of

Dr. Brown many times and we admired
you very.

Our last to love, and to see
the family, and told you further that
I will write him soon.
