

Miss Lyan, chairman of the Public Health Nursing Section of Delaware State Nurses Association, broadcast this morning over WDEL on a program covering the activities of Delaware's Public Health Nursing. With her was Katharine Franklin, director of the Division of Public Health Information of the State Board of Health.

LACK OF FEED FOR POULTRY FORESEEN

Six Ways To Aid Problem Outlined By Farm Expert

Delaware poultrymen are worried about the feed situation and are wondering whether feed will be available for their poultry. The poultry feed situation is tight and it does not look as if it will get much better in the near future according to W. C. Skoglund, extension poultryman for the Delaware Agricultural Extension Service.

Skoglund looks at the situation this way. He says during the war they used more feed than we produced in the State and we depended upon the government stored surplus and Canadian imports. Now we are on our own and we have the added problem of supplying wheat to help prevent famine in foreign countries.

The wheat order recently put into effect will further cut the mill feeds available by more than 600,000 tons. Another government order placing restrictions on the use of corn, grain sorghums, oats, barley and wheat limits manufacturers to 80 per cent of grain used in 1945.

Equally serious is the protein situation and processors are required to set aside 10 per cent of their April production of soybeans, cottonseed, linseed and peanut meal. Meatscraps and tankage are critically scarce and deliveries have decreased.

But the situation is not hopeless according to Skoglund. Six ways to help meet the situation are: Comply with the 1946 goals which recommend a 17 per cent reduction in chickens, 10 per cent in turkeys, and 30 per cent in broilers; cull laying flocks and remove all non-layers, do not fill feed hoppers too full; grow more grain on the farm; utilize pasture or emergency green feed for growing stock; and guard against feed loss from rats.

The use of poultry pastures and emergency green feed for young stock can save up to 20 per cent on the feed bill. It is estimated one rat will eat or destroy 100 pounds of feed each year.

MRS. REES IS DRIVE HEAD

To Aid Alumni Fund For U. of C.

Mrs. Carl J. Rees, 230 East Main Street, Newark, Delaware, will serve as local chairman for the University of Chicago Alumni Foundation campaign for funds this year. A graduate with the class of '27, Mrs. Rees is one of 1,100 alumni who will lead the drive across the country.

The 1946 annual alumni gift is expected to reach \$150,000. This gift is presented annually on Alumni Day, June 8, this year, to Chancellor Robert M. Hutchins at an afternoon session in which he makes his annual university report to the alumni. In the past three years of annual giving, the gift has always been over \$120,000.

A campaign by committees of the Alumni Foundation is being conducted simultaneously in 300 American cities. Although the University of Chicago is one of the younger universities of the United States it has awarded degrees to over 40,000 individuals.

Fourteen Year Old Boston Bull Dies

"Judy," the 14-year-old Boston Bull Terrier, owned by Mrs. J. Harvey Diekey, died on Friday. Registered with the American Kennel Club in New York, "Judy" was sired by Pequin Boy out of Triske Dare.

Winner in several dog shows, "Judy" was chosen best dog in the non-sporting group on three successive years in the Newark Dog Shows of 1939, '40 and '41.

Veterinarians claimed the dog's age was equivalent to 98 years in a human life.

ASK JUMP IN LEGUME SEED GROWTH

Payments To Farmers Are Offered

The U. S. Department of Agriculture has announced a special payment available to Delaware farmers to increase the production of legume seed. Demands for legume seed has been steadily increasing both in this country and in allied and liberated areas.

Because of the continuing need for seed, the Agricultural Conservation Program for 1946 will make payments to farmers for increasing production of seeds in short supply. It now appears that the most serious shortage will be for alfalfa, alsike and red clover seed.

Under the regular provisions of the 1946 program, Delaware farmers will receive payments of \$3.50 per acre for harvesting seed from a good stand of crimson clover, hairy vetch, red clover or alsike clover.

The new special payment announced by the government in addition to the acreage payment will be a payment of seven cents a pound for alfalfa and alsike seed and nine cents a pound for red clover.

The payments will be figured on a clean seed basis and will be made for seed sold into commercial channels before January 1, 1947.

Why not get HOT Water Automatically?

It costs less than 4¢ a day!

FLAG STOP SCHEDULED

B. & O. Arranges Trial Service

Local train users who have occasion to return to Newark after six o'clock, from Philadelphia and New York, will welcome the news that the through B. & O. train from New York will make flag stops to discharge passengers here, enroute south, about 9:30 p. m. daily, effective April 28.

Known in railroad circles as Train No. 7, this heavy, through train flag stop will be included on the new B. & O. time tables which make their appearance the last of this month. If this service is not taken advantage of, the stop will be removed from the B. & O. schedule, after a fair trial period.

The arrangement is the result of a personal request made by George E. Ramsey of B. & O. President R. B. White. In advising Mr. Ramsey that the stop would become effective April 28, Mr. White said, "Travel between Wilmington and Newark will not be a factor in considering the importance of this stop as we can not delay a long, through train for local travel of this character."

COUNTY GIVES PAY INCREASES

Levy Court Grants Raises To Fifty-Six

The Levy Court adopted a resolution last week granting salary increases to 56 employees as of April 1 in a move to bring the salaries of New Castle County employees not covered by statute into line with other salaries. Those covered and their new annual salaries are:

County engineer's office: Agnes R. Kalodi, \$2,000, plus 10 per cent; E. Maxwell, \$2,000, plus 10 per cent; E. Frank Fuller, Charles H. Scott, James J. Dougherty, David Martell, Allen R. Binkley and E. B. Harshman, \$2,100, plus 10 per cent; Lawrence W. Riley and William M. Tasco, \$1,900, plus 10 per cent; Thomas J. Fitzsimmons, \$2,375 plus 10 per cent and Harry H. Pierce, \$2,475, plus 10 per cent.

County police and ambulance employees, numbering 25, were given increases to \$2,100, plus 10 per cent.

Other county employees granted in-

What's your Insurance Question?

Insurance Question:

Could you be sued because of injury or property damage caused by your car—even though somebody else was driving it?

Answer:

Yes! There are cases on record where the owner has been sued, even though he was not driving the car at the time of the accident. You'll never have to worry about this risk, though, if you have adequate protection—and the right kind of protection—under a Hartford Automobile Liability and Property Damage policy.

LACK OF DORM SPACE AT U. OF D. IS CRITICAL

Housing Crisis Is Discussed By Dr. Sypherd At Dover Meet

Scores of girls and boys now in high schools throughout Delaware may never have an opportunity to obtain a college education unless funds are soon provided for the early erection of a women's dormitory at the University of Delaware, Dr. W. Owen Sypherd, University president, stated this morning.

Lack of adequate housing facilities for students combined with the continuing return of hundreds of ex-servicemen has already made it necessary for the University to adopt a priority system for admissions, it was pointed out. Because other universities throughout the nation are also overcrowded with students, admission preference at those institutions is also being given to residents of their respective states.

Dr. Sypherd's comment followed a talk before the Kiwanis Club of Dover last night by John N. McDowell, Director of the University's Office of Alumni and Public Relations, in which the need for financial aid from the state for building purposes was emphasized.

In his talk McDowell stated that no early permanent solution of the housing problem can be foreseen and pointed out that the failure of the state legislature to approve at its 1945 session the governor's post-war building program has rendered the situation more acute.

The Governor's program was based on a report of the State Post-war Planning Commission which recommended the construction of a women's dormitory at the university at a cost of approximately \$250,000.

Elaborating on the need for State aid to help meet this and other problems, the speaker stated that no State funds for building purposes have been allocated to the University of Delaware in the last 15 years—although the institution's physical plant has been expanded during that period by the erection of buildings costing approximately \$1,500,000.

In addition, he said, two other buildings will soon be erected at an estimated cost of \$500,000 from funds provided for that specific purpose by a request of a former trustee now deceased.

Of the \$2,000,000 provided the university for building purposes in the last 15 years, all but about \$164,000, which came from the Federal Government, was received from private sources, McDowell stated.

NEW VET GROUP IS ORGANIZED

Limited To State Activity

Officers for the newly formed state veteran organization known as the Delaware Veterans of World War II were elected at a meeting Tuesday night in Washington Heights.

The purpose of the organization is to maintain the interest of veterans in purely state and city matters affecting their welfare, to have its representatives observe the operations of municipal, county, and state agencies, and to maintain a record of the actions of Delaware's representatives in Congress. It is planned to poll the membership on governmental activities affecting veterans' interests and to present a united front based on the outcome of such polls.

Because of the purely state nature of the organization it is declared that competition with the major veteran bodies is contemplated, but that cooperation will be sought.

STATE IS THIRD IN TRAFFIC CONTEST

The State of Delaware placed third in the eastern division of the National Safety Council's traffic safety contest for 1945, results of which were announced last week.

The event marked the fourth time in 11 years that Delaware has placed among the top three in its division. The state was awarded first place in 1935 and received second place honors in 1939 and 1941.

A reduction of one per cent in highway fatalities was reported by Delaware in 1945.

A permanently awarded bronze plaque signifying the third place position will be presented representatives of the state during the annual safety congress which will be held in Chicago in September.

J. James Ashton, manager of the Delaware Safety Council stated yesterday that a great many factors are considered in the judging for the awards. Traffic deaths and accidents are of primary importance but all phases of the highway safety program as carried out in each city and state are judged on the basis of achievement in addition to any report on the reduction of fatalities.

Meanwhile, Delaware safety officials are planning to participate in the regional and national campaigns to reduce highway fatalities for highway accident figures in the state and the nation have shown a sharp increase in the first three months of this year. A large group of Delaware safety officials will attend the sixteenth annual Safety Conference and Exposition to be held in New York City April 9-12.

TAX REFUNDS ARE MAILED

Approximately 50,000 checks totaling \$1,750,000 and representing refunds to state residents on their 1945 federal income taxes were mailed last week according to Collector Norman Collison of the District of Delaware, U. S. Bureau of Internal Revenue.

About 10,000 more refund checks will be mailed between now and the end of June, completing that work, he said.

Collector Collison also announced that the mailing of the refund checks this year is more than three months ahead of last year's schedule. Last year a grand total of about 46,000 refund checks were mailed to Delaware federal income taxpayers. The refund checks this year average between \$35 and \$40, it was stated recently.

A total of approximately 125,000 federal income tax returns was filed in the district of Delaware in the period between last Jan. 1 and March 15, Mr. Collison said.

Palm Sunday Services At Head of Christiana

Services will be held in the morning at the Head of Christiana Presbyterian Church on Palm Sunday. Sunday School will begin at 10 a. m. and the morning worship will be held at 11 a. m.

Frank H. Butterworth, superintendent, will be in charge of the Sunday School. The lesson will be "How Jesus' Friends Responded." The annual Sunday School election will be held during the school hours.

The pastor, Rev. Evan W. Renne, will deliver the sermon at the morning worship on "The Christ of the Jerusalem Road." The choir will present special music. All are welcome to attend.

LIONS HEAR WM. B. SWAN

Assessment Talk Given

Former University of Delaware athlete and Conrad High School coach, Dick Roberts, currently Rehabilitation Councilor of the Delaware State Board of Vocational Education, was the guest of Irvin Cashell at the Tuesday evening dinner meeting of the Newark Lions Club, at the Country Club.

President T. D. Smith presided over the dinner session before turning the meeting over to Dr. P. K. Musselman who introduced William B. Swan as

Notary Public.

My commission expires May 24, 1947.

the speaker for the evening.

Mr. Swan held his listeners interested with a thorough discussion of assessment rates in effect in Newark, showing a complete knowledge of his subject.

Owner of considerable property within the corporate limits of Newark himself, Mr. Swan dwelt briefly on current local assessments touching here and there on inequalities existing due to failure to change the rates and assessments in keeping with current times.

Lewisville Methodists Plan Good Friday Services

Five ministers will take part in a Union Good Friday Service to be held at St. John's Methodist Church, Lewisville, Pa. Beginning at 8 p. m., April 19th, the service will be based on the "Seven Last Words on the Cross." The ministers taking part are: Rev. Evan W. Renne, The Rock and Head of Christiana Presbyterian Churches; Rev. John H. Thompson, New London Presbyterian Church; Rev. William T. White, New London and Kemblesville Methodist Churches; Rev. Samuel O. Parsons, Leeds and Moores Chapel Methodist Churches and Rev. Howell O. Wilkins of St. John's Church.

Special music has been arranged. Grace Ewing will sing "I Walked Today Where Jesus Walked." A choir of 40 voices composed of Young People from the Rock Church, New London Churches and St. John's will sing "There Is a Green Hill Far Away." The St. John's Choir will sing a special selection. Everyone is invited to attend.

Speaking of the physically handicapped veterans, Congressman Michener of Michigan said: "They are not looking for something for nothing. They are only asking for genuine Christian consideration and for an opportunity to use their talents for their own benefit and for the benefit of society."

U. OF D. OPENS VET CENTER

Vocational Aid For State Vets

Veterans will be interviewed and tested to help them choose vocations at the Veterans Administration guidance center of the University of Delaware, which opened recently in the Charles B. Lore School, Fourth and Bayard Avenue, Wilmington.

The center expects to handle nine or ten veterans daily.

Henry Weitz, of Rahway, N. J., is director of the guidance center, which is being operated by the university under a contract with the VA. Arthur M. Porter, one time director of the Delaware Red Cross, is chief of the guidance center, representing the VA.

Miss Margaret R. Black of Cecilton, Md., a graduate of the university which is under contract to the VA to operate the center, is psychometrist. A secretary supplied by the university completes the present staff.

STATE THIRD OVER QUOTA

Third To Finish Red Cross Drive

Delaware was the third state in the North Atlantic Area to pass its quota in the recent Red Cross campaign for funds. The nine states in the area are, Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, and Delaware.

The status of the state was revealed recently as the final figure for the \$359,065 drive was disclosed by the Delaware Chapter. The total raised was \$377,031, while a few scattered reports are still coming in. An additional \$527.90 brought the total collected in the women's division to \$37,118, more than \$7,000 in excess of its quota. Millsboro, in branch area No. 10, reported a final subscription of \$2,456.55, with a quota of \$1,500. Harry Bunting is chairman of the area with headquarters in Dagsboro.

Antiques To Be Exhibited At St. Thomas' On May 11

An Antique Exhibition, featuring furniture of the Chippendale period, will be held in the Parish House of St. Thomas' Episcopal Church on May 11, from 1 to 6 p. m.

In addition to furniture, there will be bric-a-brac, china, glassware, particularly Venetian glassware, and other interesting Americana.

The committee, under the direction of John R. Ernest, includes the following: Mrs. R. A. Gagnon, Miss Harriet Bailey, Miss Eugenia Wright, Miss Martha Wright, Miss Edna Samson, Mrs. F. D. Puncke, Mrs. Raymond Schultz and Mr. Parker Thomas.

Class 5B Activities At Newark School

Miss Mary Melvin's Class of 5B has named its club "The Busy Bee Club."

The group is making a chart on "Good Posture" for the week, and so far has made excellent progress on it. Tadpoles and tulips are being spied upon by wondering eyes, as the privacy of their habitats is being inspected for growth.

Miss Margaret Morrison's Class of 4A is getting ready for a spelling bee with Mrs. Virginia Nichols class of 4C.

Open House At Local School Tonight At 8 P. M.

An invitation to attend open house at the Newark Public Schools tonight at 8 p. m., has been extended by Superintendent Wilmer Shue to all parents and friends of the school.

Projects will be on display, and all teachers will be available for conference. Refreshments will be served.

Later the same evening the Parent-Teacher Association will meet to discuss a proposed new report card. An open discussion of the proposed referendum will also be conducted. The election of the Nominating Committee will follow.

FARM WIVES ARE URGED TO FIGHT FOOD LACK

Savings Can Help Improve Food Supplies

Delaware housewives can join the fight against famine by reducing the amount of wheat and wheat products, fats and oils they use in preparing their family meals.

Appeals are being made by Nicholas Magnasco, Assistant Food Manager for Delaware, to women's organizations in the State, to do their share as consumers toward increasing the world food supply.

The following suggestions are made by Miss M. Gertrude Holloway, Extension Nutrition Specialist to Delaware housewives.

1. Substitute potatoes for bread in menus occasionally. One small serving of potato can replace a slice of bread nutritionally and the potato offers some Vitamin C, besides.
2. Let potato salad take the place of a sandwich at lunch occasionally.
3. Use potatoes for breakfast in the place of cereal.
4. Top meat pies and other baked dishes with mashed potatoes instead of pastry crust.
5. Use cooked or dry oatmeal as a binder in meat loaf in the place of bread crumbs.
6. Use corn meal in hot breads and save flour.
7. In the place of a rice pudding, make Indian pudding using cornmeal.
8. Use part barley when available in soups in the place of rice or spaghetti.
9. Prevent the waste of bread. Store bread in moisture proof paper in the refrigerator or keep in a well-ventilated box in a cool place. Seal and sun the bread box often.
10. Use dry bread for toast. Vary the family's toast—make French, cinnamon, hot-milk of Melba toast occasionally instead of dry or buttered toast.
11. Turn odds and ends of bread into bread crumbs for coating croquettes and lopping baked dishes.
12. Use left over bread in bread puddings.
13. Store flour carefully in a cool, dry place, safe from insects and rodents.

Susky League Managers To Meet On Monday At 8 P. M.

With the opening of the Susquehanna League drawing near President C. Ellis Deibert has called a meeting for next Monday night at the Havre de Grace High School at 8 p. m.

At that time matters of importance will be discussed, and all managers are urgently requested to be present.

LIMITS ON FARM REPAIR

Farms Included In New Rulings

Limitations placed on farm home and building construction and repair by recent government order are much the same as war-time restrictions. Delaware farmers must make application as previously to their county Triple-A office.

Applications are necessary in the case of a home where building or repair costs are more than \$400 a job including labor. Application must also be made for barn or other farm structures where the cost is more than \$1,000 a job.

The cost is figured on a job basis. The restrictions do not limit the number of buildings within the \$400 and \$1,000 exemption. This is different from the war-time order where the limitation was on the total amount of building for the year.

The order does not apply where actual building or repair had started on or before March 26, but the restrictions do apply if the materials merely were on hand and no building started.

4 ENLIST FROM HERE

Join Up At Local Office

Four local youths enlisted recently in the U. S. Army through the local recruiting sub-station in the basement of the postoffice, according to Sgt. Williams in charge.

Those who have joined up for a tour of duty with Uncle Sam are: William L. Sullivan, 85 Delaware Avenue, who was assigned to the Tank Corps; Edward P. Dean, of Newark; Louis McCleary, 12 Park Place, assigned to Ordinance; and Alfred E. Lindell, Academy Street, now a member of the Quartermaster Corps.

All four signed up for a three year span.

Students Undertake Aquarium Project

Miss Jane E. Smith's 2C Class is starting on an aquarium project which is to continue over a period of several weeks.

The children procured the snails, tadpoles, and water grass with Miss Smith's supervision. The purpose of the project is to watch the development of the tadpoles.

Second Graders Learn Better Reading Habits

Mrs. Helen D. 2B Section is conducting a weekly "Story Hour" every Friday afternoon for the benefit of teaching the children better reading habits. Pupils take turns bringing refreshments for the class during the "Story Hour."

Next week the class is going to dye Easter eggs and make baskets, as a special surprise for mother and dad.

COMMITTEES ARE CHOSEN FOR FLOWER MART MAY 9

Prepare For Twenty-Fifth Annual Event In Wilmington

The Wilmington Flower Market, held annually in Cool Spring Park, will observe its 25th anniversary on May 9th. Mrs. Joseph Y. Jeanes heads the committee in charge of the Market as general chairman and working with her as vice-chairmen are Mrs. Petrus W. Meyerling and Mrs. William A. Henry. Mrs. S. John Pyle is serving as treasurer, assisted by Mrs. Spencer Brownell, Jr., while Mrs. H. Kirkus Dugdale holds the office of secretary.

Members of the advisory committee include Mrs. Thomas E. Brittingham, Jr., Mrs. David H. Stockwell, Mrs. Francis V. duPont, Mrs. Frank G. Tallman, Mrs. George P. Edmonds, Mrs. Ernest duPont, Mrs. Philip J. Kimball, Mrs. Lamont duPont, Mrs. William A. Worth, Mrs. A. D. Warner, Jr., Mrs. Chichester duPont.

Mrs. Stanley R. Stager is taking care of the section devoted to the sale of growing plants, while Mrs. J. Harold Wiley, with the assistance of an able committee, will run the cafeteria. Mrs. Elbert Dent, Mrs. William Palmer, and Mrs. Paul J. Nowland are sharing the responsibility of the market produce, while Mrs. Harold Brayman is chairman of the rotogravure committee. Miss Margaret Garrigues and Mrs. Wendell Broad are arranging for the prizes, and Miss Margaret Aspril is in charge of the publicity. Mrs. Russell A. Applegate is in charge of the grounds, while Mrs. Davis Lewis and Mrs. Beverly Stevenson are organizing the toy booth. Mrs. E. W. Wildrick is making plans for the children's entertainment and Mrs. P. B. Stull heads the committee for the Caledonian Market. Mrs. Forest C. Noble will be in charge of cut flowers and Mrs. George P. Edmonds the exhibits.

FARM WAGE RATES EQUAL LAST YEAR'S

County Wage Boards Study Current Rates

Suggested Delaware farm wage rates for 1946 are equal to or slightly higher than the rates established last year according to a review of the recommendations of the County Farm Wage Boards.

The county farm wage boards recently concluded hearings on prevailing wage rates under the regulations governing the recruitment and use of foreign and inter-state labor. This action is a part of the Emergency Farm Labor Program administered jointly by the Labor Branch of the Production and Marketing Administration and the Delaware Agricultural Extension Service.

The suggested rates are for general farm work and for specific harvesting operations. The rates will be established after review by the state director of the Extension Service. Though

reviewed by the director the wages are the result of the suggestions of the boards who arrive at their recommendations after a study of current wage rates and an analysis of trends in labor supply and demand.

Members of the New Castle County board are: Victor Kohl, Middletown; E. H. Shallcross, Middletown; Vaughn Ginn, Middletown; Harris McDowell, Middletown; and County Agent John Webster, Newark. Chairman in Kent County the board members are: William Jump, Houston; Isaac Thomas, Maryland; A. B. Thomas, Camden; William Jensen, Kenton; and County Agent William E. Tarbell, Dover. Chairman, Sussex County members are: Wilson Baker, Georgetown; E. L. Kratz, Greenwood; Charles Mille, Rehoboth; Irvin Hudson, Selbyville; E. Dutton, Seaford; and County Agent William Henderson, Georgetown. Chairman.

Your are most welcome at this station. Why not drop in and get the Army's story at first hand? If more convenient, drop a card and a recruiting representative will arrange to talk with you at your convenience.

KNOW YOUR REGULAR ARMY
UNITED STATES ARMY
RECRUITING SERVICE

Those people who have been complaining about no after-dinner trains from Philadelphia stopping to discharge passengers in Newark should personally thank Councilman George E. Ramsey whose individual efforts are responsible for B. & O. President R. B. White's edict affecting this situation, effective Sunday evening, April 28.

Although expressing the opinion that stopping a long, heavy through train in Newark would not be profitable, President White, for personal reasons, has granted Mr. Ramsey a thorough trial period in which to determine if residents of Newark actually do need, and will use, such a stop if and when it is made possible for them.

To this end, B. & O.'s fast train south, from New York, will make flag stops here about 9:30 each evening to discharge homeward-bound passengers. Mr. White is going to keep a record of passengers using this service and whether or not it is continued will depend entirely upon the volume of business the stop influences. . . . exclusive of Wilmington-to-Newark travel. This is certainly fair. And Mr. Ramsey's efforts on behalf of Newark residents certainly are commendable.

Wonder if the installation of parking meters on Main Street, as being considered by the Town Council, would really help the current congested parking situation . . . or make it worse. Aside from the revenue from such meters, we wonder if motorists wouldn't take advantage of the cheap nickel-an-hour parking to leave their cars on Main Street for long periods by merely dropping in another nickel every sixty minutes.

Personally we think that strictly-enforced fifteen-minute parking on both sides of the street is the right answer . . . but, to be effective, it would be rigidly enforced every day . . . not a day this week and another day next week. Once motorists acquired the fifteen-minute habit the solution would be automatic.

Parking meters, while generally used in quite a few larger cities, are never popular. Residents and tax-payers kinda resent paying to park on the streets they have paid for and kept maintained . . . and rightly so. We pay taxes for the upkeep of town streets and should not be doubly assessed for the privilege of parking. While the meters might be an easy way out for the administration, it is not the ideal answer.

"A Parent," who apparently didn't think enough of his, or her, conviction to sign their name, writes: "Think it would be a good idea to write an article to parents—concerning the behavior of children in the school; particularly in the high school. The way they whistle and holler during class is disgraceful. No wonder the teachers are hard to get and keep. I think this is just as important as learning the value of money."

We don't think much of this letter. In the first place it is obviously from a teacher, else how would a parent know what kind of behavior goes on in classroom? In the second place, the schools don't teach or try to teach the value of money. In the third place, it is the teacher's duty to maintain decorum in the classroom and if they can't keep order they are not good teachers, in the general sense of the word.

So, Mister, or Madam, if you have any more squawks about children's behavior in school, take it up with school officials where such a problem rightfully belongs . . . and if you have anything more you want printed in this newspaper, sign your name or save your breath.

Victor G. Willis, Jr., of Elkton, has entered the race for the Democratic nomination for county commissioner from the First District of Cecil County. There are five other candidates seeking the same nomination in the primaries, June 24.

Nylons were on sale at the Newark Department Store Tuesday morning . . . the line formed at the right and extended down the paper store under the watchful eye of Police Chief Bill Cunningham . . . the supply, however, wasn't as long as the line and the coveted gam coverings were exhausted in an hours time.

Nick Cimino, popular shoe repairer, who has been doing a flourishing business in the M. Pilnick Building, is going to have to move and make way for expansion of well-liked Mike's shoe emporium.

Rumored that the university would like to acquire the Louis Hoffman & Sons Main Street frontage to make an entrance, from Main Street, to the field house and athletic field. . . . Speaking of Hoffmans, Abe is back from the wars and again practicing law with his brother, in Wilmington.

Hear that Margaret "Peggy" Cronin has purchased the old Pemberton property, between Pilnick's and the Newark Department Store, and will move her Victory Shop there when forced to vacate her present location.

Also, that the Atlantic Gasoline people have bought the old George W. Griffin property, on the southeast corner of Main and Elkton Road, and want to put a service station . . . which is meeting with no little opposition from neighboring property owners . . . these same neighbors haven't any love for the new, red neon lights which blaze around the portico of the Deer Park Hotel, either. A girl may love a man for his attentions but she sure can hate him for his intentions.

The Easton, Maryland, Star-Democrat says: "There are so many reasons

NEWARK NINE MEETS BROWN AWAY FRIDAY AFTERNOON; DROP CLAYMONT OPENER 1-0

Coach Mercer Announces Schedule Changes; Brown And Elkton Replace Middletown And New Castle On Card; Date Changes In duPont Games Given

After dropping their opening match Tuesday with Claymont by a 1-0 count in a tight hurling duel, the Newark Yellow Jackets will be out to register their first win of the season when they meet Brown Vocational on the latter's field this Friday afternoon.

In the Claymont fracas, both sides managed to collect only two safeties in seven innings, but the Eagles succeeding in bunting theirs to squeeze across the winning run.

why people who live in small towns have a better time than those who live in big cities that it isn't even funny.

"As far as we can find out, the small towns have got along better during the critical years than the cities have. And, if there is anything worth having in city life that we haven't got right here at home, we don't know what it is." Theirs our sentiments exactly.

Local Guard Cage Team Wins State League Title

The State Guard Basketball League title went to Company G of Newark when they defeated Company E of New Castle, 46-47, in the State Armory Tuesday night. Tied for the league championship at the end of the season, the teams decided the title in the one game play-off.

Davis was the top scorer for Newark piling up 22 points, dropping in ten action shots and two fouls. Donovan was runner-up in the scoring with 4 points.

Other members of the local team are: Henderson, Griffin, Faulkner, George, and Pollari.

TRACK WAGERING MAY HIT NEW HIGH

\$6,000,000 Betting Day Is Foreseen By Turfmen

In view of the steady rise in race betting the first \$6,000,000-betting day may not be far away, according to track experts.

At Jamaica recently, despite the abolishment of the daily double a record opening day crowd of 55,961 wagered a new first day mark of \$3,412,875 on the seven race card.

While this is under Jamaica's all-time records of 64,670 and \$4,349,835, respectively, it compares to last year's opening day figures of 42,179 and \$2,471,956 and shows that the upward trend of the last few years is still dominant.

Back in 1940 when pari-mutuel betting was legalized in New York experienced racing men believed the \$1,000,000-day to be the ultimate in daily wagering. But by 1943 million-dollar days had become commonplace and in last year's record \$450,663,190 betting total there were seven \$4,000,000 days and the present high of \$5,016,745 set at Belmont on Sept. 22.

"In view of these upward trends which have baffled the experienced guessers," to quote the 1945 report of the New York Racing Commission, "it is hard to predict what heights racing will reach. It is felt, however, that it is in a healthy condition and growing rapidly in popularity."

In other words, with more betting machines available this year, the \$6,000,000-day seems possible this year.

New all-time betting marks were set at Bowie, the track in the Maryland backwoods and at Bay Meadows in San Mateo, Calif.

At Bowie 25,000 wagered \$1,163,992 and saw Gustave Ring's Happy Buckle (\$940) beat the 2 to 5 favorite, Hillyer Court, by a nose in the \$7,500-added Bowie Handicap.

LOCAL HOUND TOPS 13 INCH CLASS AT BEAGLE CLUB TRIALS ON SUNDAY

Little Creek Dottie, Owned By Francis Cochran Wins In Its Class; Wilmington Hound Wins 15-Inch Class Runnings

Little Creek Dottie, owned by Francis Cochran of Newark was the top hound in the 13-inch class in the monthly running of the Eastern Beagle Club A. K. C. sanctioned Class B field trials last Sunday over the estate of S. Hallock duPont at Milford Roads.

Winner of the 15-inch class was Fisher's Skeet, owned by George H. Keenan, of Wilmington.

MELRATH, ADAMS WIN IN DOUBLES

Melrath and Adams, Newark, top-flight local keglars and mainstays of unbeaten Newark All-Stars, finally found a valiant pair willing to oppose them in doubles competition. The opposition, the first to develop since Adams and Melrath announced their willingness to take on all challengers, was provided by Kelly Bassino and Bus Stewart, outstanding Wilmington bowlers, who, nevertheless, found the going a little too rough against the Newark lads on the local alleys here last week.

Adams and Melrath outpointed their rivals in two out of three games and also took total pins. Adams turned in 607 points and Melrath 500 for a total of 1107 while the best Wilmington lads could do between them was 1056.

The Newark All-Stars, who have been burning up the local alleys to the discomfiture of all comers for some weeks, plan to take on the Danita team again this week, offering them a 300 point handicap as before. The last match under the same terms, although close, finally went to the All-Stars.

Kelly Bassino	168	188	212-568
Bus Stewart	154	149	185-488
Totals	322	337	397-1056
Howard Melrath	163	168	169-500
Melrath Adams	190	189	228-607
Totals	353	357	397-1107

Little Creek Dottie is out of Connie and is sired by Field Champion Champney's Mack. Fisher's Skeet is out of Fisher's Flit and sired by Field Champion Rob Roy.

Other winners are: 15-inch class, second, Red Creed Mazie, owned by John Mullens, Boxwood; third, Bantam Jimmy, owned by Herbert Thomsen, Marshallton; fourth, Rei Mar Fox, owned by A. E. Shamberger, Reids town, Md.; reserve hound was Edman's Indiana Girl, owned by John Edman, Newark.

13-inch class winners, second, The blewied Eve, owned by Morris Stanley, York, Pa.; third, Haley's Lads, owned by William Fisher, Jr., Wilmington; fourth, Concord Betty, owned by William Winant, Wilmington; reserve hound, Oakdale Fay, owned by Edgar Lawson, Newark.

The trials were run under the weather conditions with game plentiful. Dinner was served at noon in the clubhouse under the direction of the wives of members.

Judges for the trials were: 13-inch class, Felix Beatty and William F. Hogen of Baltimore, Md.; Alonzo L. Cates, of Wilmington, was field marshal; 15-inch class judges were Robert Simms, of Coatesville, Pa., and Joseph Gallagher, of Baltimore, Md. Gus Myers of Wilmington was the field marshal.

El Salvador has a coast line of about 160 miles; a population of about 1 million. Its capital is San Salvador. Chief products are coffee, sugar, tobacco, indigo, timber rice balsam and hides.

GRANGE MEETING MONDAY

Pencader Nets \$400 On Card Party Recently

Over 50 members attended the semi-monthly meeting of the Pencader Grange No. 60 on Monday night with worthy Master William Brooks presiding.

A total of \$400 was netted by the recent card party, with C. C. Brooks, chairman of the affair turning in \$200. Clifton Ellis, in charge of chance drawing, reporting another \$200. The money was turned over to the treasurer, Mrs. Florence Brown.

The evening's program, in charge of Audrey Brooks, consisted of a vocal solo by Dorothy Conner, a violin solo by Charlotte Laws, a guitar solo by Julia Nemes, a piano solo by Anna Ellis and a duet by Al Kish and Bud Clark. Val Nardo accompanied on the piano. Refreshments were served by the hospitality committee.

At a recent meeting of the Pencader Grange with Mrs. Mary Pedrick in charge, a program for the spring concert was drawn up as follows: Peace I Leave With You; Holiday For Strings; The Holy Hour; Wid de Moon, Moon Moon; My Moonlight Madonna; Lord We Pray Thee; April Showers; and The Fireman's Bride.

A card party is planned by the club for this Saturday night with Audrey Brooks in charge of prizes. All are welcome.

The next meeting of the Music Club will be held this Friday night at "Strawberry Farm" with Mr. and Mrs. Hugo entertaining.

EXTENSIVE FFA COURSE AT SCHOOL

30 Study Farming At Newark High

It's a case of not only the farmer but of the entire farm moving into the city these days in Newark, where an active little farming community complete with barn, chickens and seed beds is operating directly in the center of town. The "barn" is the old Main Street School Building where the students of the vocational agriculture course at the Newark High School are learning to be Future Farmers of America.

Feature of the course is the U. S. approved pullorum clean hatchery in the school from which over six hundred chicks are being hatched each week.

Operated by the "Ag" students under direction of Frank Mercer, vocational agriculture instructor, the hatchery is the only registered Delaware incubator for white leghorn chickens.

Thirty students are enrolled in the course which is an elective one, giving a credit rating only when a student completes a project, which may include crop raising, calf fattening, chicken raising and other types of farm activity.

One such project carried on in the school itself is the chicken hatchery developed by James Fox, a senior, assisted by others. Every week until about the middle of April, eggs are placed in the incubator, twenty-one days later the chicks are hatched, selling for about 15 cents apiece.

Another project underway is the hot bed established behind the school for which the boys pooled their orders for seeds and formed a cooperative seed sale. Various types of repairs to farm machinery is also being done by these future farmers of America.

EVANS GETS MERIT AWARD IN CONTEST

In Nation-Wide School Contest

Richard Evans, 17, Newark High School senior, has been awarded a Certificate of Merit in the annual scholarship competition held by the National Administrative Board for Pepsi-Cola Scholarships. It was announced today by Frederick B. Kurtz, principal. The award was won in a competition involving over 27,000 seniors from 8,500 high schools throughout the United States.

The Certificate of Merit winner is the son of Mr. and Mrs. George T. Evans, 256 South College Avenue. He is vice-president of the Senior Class, business manager of the school paper, and was school representative at the Model UNO Conference sponsored by Temple University. He became eligible to enter the competition when elected by his classmates as being among the top five per cent of the class "most likely to succeed."

Other Newark seniors who took the tests were: Robert Boyden, Thelma Thompson and Ilo Toivonen.

Two scholarships were awarded in each state and the District of Columbia, one in each territory, and 19 additional scholarships went to Negroes in states having a separate school system for Negroes. This year's scholarship winners in Delaware are Donn Devine of Claymont, and Peter Harris of Wilmington.

Jane Fouracre from Newark Special School District, Newark, who is attending Pennsylvania State College, and Ralph Wilgrade, from Claymont High School, who is attending the University of Pennsylvania, were Delaware's scholarship winners last year.

EDUCATORS MEET HERE

County School Heads Convene

A meeting of the Secondary School Administration of New Castle County was held in the Newark High School last evening.

A dinner was served by the Home Economics group under the supervision of Miss Mildred Stahnecker. Table decorations were furnished by Miss Estell Kintigh.

Guests included: Dr. Thomas Howie and Fred Graef from Alexis I. duPont School, Clarence Fulmer from Wilmington High School, William White from Brown Vocational, H. E. Stahl and Haig Kuppian from Claymont School, Clarence Cummings from Conrad, Ellis Leckrone from Middletown, Mr. Frederick Kutz and Mr. Wilmer Shue from Newark High School. Former Superintendent Carlton E. Douglass was guest of Superintendent Shue.

Dairy Calf Club To Be Formed In County

A special meeting to organize a New Castle County Calf Club will be held Friday, April 12, at 7:30 p. m., in Recreation Hall, Newark.

The purpose of this program is to provide an opportunity for farm boys and girls to become owners of purebred Guernsey animals, to provide additional educational activities for promoting knowledge of the breed, and good dairying practices. All 4-H Dairy Project members are eligible to become members of the club.

Featured at the meeting will be a talk by Mr. Delmar Young, Extension Dairy Specialist, on "Possible Opportunities in a Guernsey Calf Club," and a movie, "The 4-H Guernsey Calf Club," shown through the courtesy of Daniel E. Harris, secretary of the Delaware Guernsey Breeders' Association.

UNIVERSITY PLAY FETE ON APRIL 27

50 Schools Invited To Send Groups

Invitations have been extended to approximately fifty public and private schools throughout the state to organize theatre parties of students to attend the Fourth Delaware Play Festival to be held at the University of Delaware on the afternoon and evening of Saturday, April 27. It was announced today by Dr. C. R. Kase, director of the University Dramatic Center.

Performances by seven Delaware school and community theatre groups will be presented during the course of the program. So that there may be no restrictions on public participation in the Festival, arrangements have been made by the University so that there will be no admission charge for any performance.

The Festival will provide not only an opportunity to see these performances by the best theatre groups in the state, but also the chance to hear the performances evaluated and discussed by a nationally known theatre director who will serve as critic judge. However, in order to carry out the spirit of the Festival, no awards will be made.

The afternoon performances, beginning at 1:00 p. m., in Mitchell Hall, will feature performances by Ursuline Academy representing the private schools, The Curtain Club of Laurel High School representing the Sussex County public schools, and performances by representatives of Kent and New Castle County public schools. Trials to determine the selection of the last two have not yet been held.

Beginning at 8:15 p. m., three more plays will be presented by the Wilmington Drama League, the "Y" Players, and the University Drama Group of Newark.

CHEMISTRY STAFF GETS NEW MEMBER

Dr. Gerster Joins University Engineering Staff

Announcement was made today by Dr. W. Owen Sypherd, President of the University of Delaware, of the appointment of Dr. Jack A. Gerster as assistant professor of chemical engineering.

With this appointment, Dr. Sypherd stated, the staff of the Division of Chemical Engineering has been brought up to full strength so that the large influx of veterans seeking instruction in that field can be handled adequately.

Dr. Gerster, who already has assumed his new duties, came here from Cleveland, Ohio, where he was employed as a chemical engineer by the Grossell Chemicals Division of the DuPont Company. During a large part of 1944 and 1945, it was disclosed, Dr. Gerster was on leave from the DuPont Company and employed on the Manhattan Project.

At Delaware he will supervise an advanced distillation project which the University of Delaware is conducting for the Rubber Reserve Office of the Reconstruction Finance Corporation. This project has to do with the fundamentals of extractive distillation as utilized in the synthetic rubber program.

A pilot plant distillation column for this research is now in the course of construction and when completed will provide distillation equipment unequalled by any university in the country.

A junior member of the American Institute of Chemical Engineers, Dr. Gerster also is a member of the American Chemical Society and Tau Beta Pi, Sigma Xi, and Phi Lambda Upsilon, honorary scholastic and scientific fraternities.

BOOK GIVEN IN HONOR OF DEAD YOUTH

Pierson Family Presents Pyle Edition To Town Library Sunday

A copy of "Ernie Pyle in England" was presented to the Newark Public Library last Sunday by the Pierson Family Association in memory of Pfc. John Frame, a graduate of Newark High School, who was killed in France on January 23, 1945, while serving with the Seventh Infantry Regiment.

Mrs. Elizabeth Dresner, historian of the Pierson Family Association made the presentation at the library in the presence of the deceased youth's parents, Mr. and Mrs. Adolph Frame, of near Tweed's Mill.

Pfc. Frame was a sixth generation descendant of Jacob Pierson, fisherman and former owner of "Pierson River Shore," along the Elk River, in Maryland, from whom the association gained its name. Decision was made at the annual meeting of the 325 members of the Pierson Family Association last summer to donate an Ernie Pyle book to the library in honor of the lone member of the clan to be killed during World War II. He was inducted into service in 1943.

There are two surviving brothers of the youth, S. L. C. Thomas Frame, who saw service on the famed battleship Missouri and T. J. James Frame, now stationed in Korea.

VOTE LIST REDUCED BY 1600

Check-Up On Registration List In County

More than 1600 persons have been stricken from the permanent voting lists in the first five Wilmington wards in the check-up being conducted by Thomas W. Adamson, secretary of the Permanent Registration Commission.

The check-up will eventually include the whole of New Castle County, where Mr. Adamson believes that approximately 15,000 registered voters will have their names removed from the voting ranks for failure to comply with permanent registration regulations.

Those receiving the notices, who have not moved from their old voting residence and have conformed to the permanent registration regulations, may appeal at the Registration Bureau on the dates set forth on their notice to keep their name listed. Those who have not conformed to the law must re-register on set dates in order to vote at any future election in Delaware.
