Dear Dannie,

We hope your departure from the airport was not delayed Saturday morning. Bigwood thought we should not wait until the plane left as it was so cold outside where we could see departure. Later we ~~heard~~ read in the London papers that plane departures were delayed because of snow over Brussels etc. Hope snow did not interfere with golf Saturday afternoon.

We had a quiet week-end here in the hotel. Samuels saw Salomon Saturday afternoon and is lunching with him to-day. I think we can pull any teeth Salomon has; and he is opening his mouth so much that I think we will know how many teeth he has !

Monday and Tuesday we now have well planned and Marion and I will arrive at the Palace Hotel Brussels on Wednesday about noon or earlier in the morning. We will probably stop in Antwerp a few hours before going on to Brussels to have a preliminary look at old haunts.

Until Wednesday - with all good wishes from Marion and myself - and Marion's appreciation of the flowers you so thoughtfully sent her.

Faithfully,

Sg: George
