HAMPSON GARY

No. 253 Broadway
New York

Dec. 13, 1932.

Dear Mr Messersmith:

Please give yourself no concern over this Einstein matter. As far as I can make out it has only served to emphasize your fine services for the U.S. in your posts abroad.

As you are away from home and may feel nervous, I write to say forget it for all is well.

With kindest regards,

Yours sincerely,
Hampson Gary.

Mr George S. Messersmith,
American Consul-General,
Berlin.
