UNIVERSITY OF DELAWARE, NEWARK, DEL.

TUESDAY, FEB. 13, 1968

FBI Arrests Student For Card Burning

A university student has been arrested by the Federal Bureau of Investigation for burning his draft cards according to an unconfirmed report released just before press time.

Michael Billingsley, a 1967 graduate of the university now enrolled in extension, was arrested at 11:30 yesterday morning in Newark according to the report. He offered no resistance and was scheduled

to appear before the U.S. Commissioner in Wilmington yesterday afternoon.

Billingsley had walked into the News-Journal Newark Bureau office at Main and Chapel Sts. Jan. 9 and burned his draft card in front of News-Journal reporter Steve Kerstetter.

U.S. Attny. Alexander Greenfield was notified of the burning by James P. Ryan, Deputy Director of the Delaware Selective Service. The F.B.I. has been investigating Billingsley's alleged burning for three weeks.

Billingsley, who was one of the leading protest spokesmen in last fall's ROTC crisis, had written a letter to his local board on Dec. 4 announcing that he would not obey the Selective Service laws.

In a prepared statement released after the burning, Billingsley said, "The draft is immoral in that it also causes men to violate essential moral principles without recourse. The United States may say 'we force no men to kill against their will,' but it does force civilians to become soldiers, and then forces soldiers to kill, on threat of death in wartime, and anything up to death as the courts-martial decide in 'peacetime.' I cannot associate. I must object and withdraw from such systems. I must destroy these cards for public witness."

Concert Series, Flicks Slated

Foreign movies will be shown free this semester by the Student Center Council on Sunday nights in Wolf Hall. Friday and Saturday night flicks will now be 25 cents with student identification.

The Student Center Council will also sponsor a Little Concert Series; bus tours to art exhibits, theatres, concerts, and museums; art exhibitions; lectures; and other special films during the spring semester.

"We are very pleased with the improved program which we've planned for this semester," said Dick Quinn, AS8, Student Center Council president. "An exceptional group of people are working on the council this semester," continued Quinn. "Most of the credit for the success of these programs belongs to them."

He added, that because the ski trip during semester break had been such a large success, some weekend trips to the Pocono mountains might be scheduled.

CAMPUS FLICK

Films to be shown on Sunday at 8 p.m. in Wolf Hall include "Tom Jones," "The Caretaker," "Last Year at Marienbad," and "Masculine-Feminine." Newsweek magazine describes Jean-Luc Godard, director of the French movie "Masculine-Feminine," as one of the best of the new class of film directors.

Weekend flicks will be shown at 8 p.m. Fridays in Wolf Hall and Saturdays at 11 p.m. in the Rodney Room of the Student Center.

Included in this group of films are "The Little Foxes," "Seven Days in May," "The Spy Who Came in From the Cold," and "For Whom the Bell Tolls."

SEX WITHOUT GUILT

Lectures will include "Sex Without Guilt" by Dr. Albert (Continued to Page 6)

SGA TREASURER Tom Sandbach informs Senate of financial matters at a meeting held Sunday night.
Staff Photo By Shaun Mullen

SGA Fills Vacancies; Works On Convention

By JOHN DECO STANZA

Vacancies left by Senate resignations resulted in the election of six new senators at Sunday evening's Student Government Association meeting. Four men and two women senators were elected.

Chosen as senators-at-large were Victor Sadot, AS9 and Richard Zappa, ASO. Both are from the Harrington district, residing in Harrington E and A respectively.

In other men's elections

James Hatch, AS9, won the position of senator from West District. After one tie, Greg Wilson, ASO, a write-in candidate, defeated Gary Aber, BE9, for the Russell Senate seat.

WOMEN'S ELECTIONS

The Harrington women's district seat was won by Sue Greator, ASO, who along with Sondra Arnsdorf, AS9, south campus district, ran uncontested. The elections returned the voting member-

ship in the Senate to 36.

Steve Goldberg, AS8, spoke on WHEN, the proposed campus radio station. Goldberg stated that his committee had a meeting scheduled with dean of men Donald P. Hardy, for tomorrow. He said that he is hopeful for a final decision on the campus station by "late next week."

Goldberg added that Acting President John W. Shirley was fairly interested in the radio station. He made it clear that the ultimate decision concerning the station form and programming will be made by Shirley.

EQUIPMENT

Rollins Broadcasting Co. of Wilmington has indicated verbally that they would be willing to supply the university with some equipment. According to Goldberg, this included turntables and possibly an audio board. The former member of the Student Personnel Problems Committee urged the senate to bear with him at least one more week.

Tom Sandbach, AS8, SGA (Continued to Page 6)

Junior Counselors

Junior Counselor application forms are available in the Counseling and Testing Office, 216 Hulihan Hall. Men and women students who will be Juniors or Seniors during the 1968-69 academic year are invited to apply for selection. Interested students are urged to complete the application blank and schedule and interview before March 15. A small picture or snapshot should be fastened to the application.

Friends Fellowship Program

Meyers Speaks On Vietnam

An American civilian volunteer who has done three years of field work in South Vietnam will speak next Monday at 4 p.m. in the Ewing D&E room of the Student Center.

William Meyers resigned from the International Voluntary Services along with three other senior staff members in September 1967. The reason for their resignation was indicated in an accompanying plea delivered to President Johnson asking him to consider the severe suffering of the Vietnamese people and to understand the Vietnamese resentment of this war.

Meyers' talk will be concerned with this view which he bases on his own impressions of Vietnam drawn from personal contact with a cross-section of its people. He will focus upon the effects of the American "presence" and the war effort in that country.

DIRECT COMMUNICATION

Meyers who speaks Vietnamese has been able to communicate directly with Vietnamese people from many levels of society and has come to believe that more and more Vietnamese are turning against their government and the Americans who support it. It is this opinion that Mr. Meyers has expressed to numerous people in Congress and to the

various audiences which he has addressed since his return.

The program will be sponsored by the University of Delaware Friends Fellowship in an effort to provide the students with an opportunity to hear a "dissenting" view of the war in Vietnam. Immediately following the lecture will be a question and answer period as well as time to discuss the views and opinions of Mr. Meyers.

COLLEGE GRADUATE

Meyers, a resident of Souderton, Pa., is 26 years old and a 1963 graduate of Goshen College, Indiana. In June of 1963 he went to Vietnam with the IVS and worked for the first year as a volunteer in Kien Phong Province in the Mekong Delta, helping with rural education programs and community development. He then spent one year with a science education program in Hue, Central Vietnam, before returning to work in the IVS Washington office.

In June, 1966, he returned to Vietnam as a team leader in charge of the IVS program in the Mekong Delta region. He had forty volunteers under his supervision when he resigned along with the three other staff members last September.

THE TEMPTATIONS pour out the "soul sound" while performing intricate steps to the beat.

Temptations Tickets Available; Soul Sound To Arrive March 4

Tickets are still available for the Temptations concert which will dominate the stage at Carpenter Sports Building March 4 at 8 p.m.

The Temptations are one of the groups currently in wide demand for university performances throughout the country. Their "classical" soul-style singing is punctuated by a series of intricate dance steps performed to the beat.

COMPLICATIONS

In announcing the Monday concert, Dick Quinn, AS8, Student Center Council and Senior Class President, said that complications have arisen that were not present in past concerts.

The remodeling of Carpenter Sports Building and subsequent re-evaluation of the seating capacity due to fire regulations has reduced the seating capacity from 4,000 to 2,100.

Consequently the sponsoring organizations have been forced to charge \$4 per person.

(The Carpenter Sports Building is still approved, however, to hold more people than the Delaware Field House, scene of most recent concerts).

CREDITS

The Temptations have risen

in popularity over the past year to their present status among college students. They have established themselves as money-makers with more than 15 single hits and a half-dozen top selling albums. Their better known tunes have been "My Girl," "Since I Lost My Baby," "The Way You Do The Things You Do," "Ain't Too Proud to Beg," and "Beauty Is Only Skin Deep."

They have also appeared on numerous television shows including "Shindig," "Anato-

my of Pop," "It's What's Happening Baby," "Where the Action Is," "Shebang," "Never Too Young," "Shiverree," "Upbeat," "The Mike Douglas Show," and "American Bandstand '66."

The individual members of the Temptations are David Ruffin, Paul Williams, Melvin Franklin, Eddie James Kendricks, and Otis Williams. All are from the South. Franklin is considered the leader of the group.

THIS WEEK

ART EXHIBITION - Feb. 16-March 10, The Ruin By the Sea; an exhibition of sketches by Lionel Feininger, circulated by the Museum of Modern Art, New York City.

BRIDGE CLUB - Friday, 7:45 pm in T.V. lounge, Student Center.

CAMPUS FLICK - "Summertime" Wolf Hall at 8:00 pm, Friday. Admission 25¢.

HOUSE PARTY - North Campus, Friday, 8:00-12:00

INDOOR TRACK - Delaware vs. Penn (V & F). Delaware Field House Friday, at 7:45

INTRODUCTORY MEETING - Gamma Sigma Sigma Service Sorority 2nd semester tonight at 7:30 pm

LECTURE - Crime and Delinquency Series. Dr. Edwin M. Schur, "Drugs, Law & Society," Wednesday at 8:00 pm, Rodney Room.

SMOKER - North Campus, tonight, 8:00-11:00 pm.

SMOKER - South Campus, Wednesday, 8:00-11:00 p.m.

STUDENT RECITAL - Mary Woodmansee, piano. Friday, Mitchell Hall at 8:15 pm.

UNIVERSITY STRING QUARTET - 8:15 pm Thursday, Mitchell Hall.

WORKSHOP - Maryland-Delaware Workshop for the American Home Economics Association. Student Center from 5:00 pm on Thursday to 5:00 pm on Friday.

NOW SHOWING

MARK OF EXCELLENCE

'68 Chevrolet—Sale savings now on specially equipped Impala V8s:

Impala V8 Sport Coupe, 4-Door Sedan and Station Wagons—equipped with beauty and protection extras—are yours to choose from. Save money, too, ordering custom feature packages like power steering and brakes.

You've got nothing to gain by settling for less car.

(not even money)

'68 Chevelle—Prices start lower than any other mid-size car's.

Sized to your needs, both in 112" and 116" wheelbases, Chevelle delivers big-Chevy ride and comfort in a mid-size car at your kind of price.

'68 Camaro—lowest priced of all leading sportsters.

Sporty like Corvette, yet with family-style room. Features like Astro Ventilation and a 327-cu.-in. standard V8. No wonder Camaro's popularity is growing faster than any other sportster's in the industry.

Now you can "customize" your Camaro

with bold new striping, mag-spoke wheel covers, a spoiler out back, new "houndstooth" upholstery plus four new colors for Camaro: Corvette Bronze, British Green, Rallye Green and Le Mans Blue.

Be smart. Be sure. Buy now at your Chevrolet dealer's.

Jobs in Europe

Luxembourg—American Student Information Service is celebrating its 10th year of successful operation placing students in jobs and arranging tours. Any student may now choose from thousands of jobs such as resort, office, sales, factory, hospital, etc. in 15 countries with wages up to \$400 a month. ASIS maintains placement offices throughout Europe insuring you of on the spot help at all times. For a booklet listing all jobs with application forms and discount tours send \$2 (job application, overseas handling & air mail reply) to: Dept. O, American Student Information Service, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg.

Crime Lecture Series Continues

Dr. Schur To Discuss Law, Drugs

The controversial topic of "Drugs, Law and Society," will be discussed at the university on Wednesday evening in the third of a five-part series on crime in America.

Speaking at 8 p.m. in the Rodney Room of the Student Center will be Dr. Edwin M. Schur, who is the chairman of Tufts University's Department of Sociology in Massachusetts. The lecture, which carries one hour of degree credit for those registered for Soc. 6665, is also open to the public free of charge.

The series is presented by Delaware's Department of Sociology and the Division of University Extension under the E. Paul duPont Endowment for the Study of Crime, Delinquency and Corrections.

FREE LECTURES

Titled "The Threat of Crime in America," the series of free lectures is designated to explore the underlying causes for crime and law enforcement and to suggest possible improvements and solutions.

Dr. Schur, who is an attorney as well as a sociologist,

is the author of "Narcotic Addiction in Britain and America," and "Crimes Without Victims." Another book, "Law and Society," has just been published. Along with his books, he has also written numerous articles for professional publication.

TUFTS FACULTY

Prior to joining the Tufts faculty in 1961, Dr. Schur taught at Wellesley College and the London College of Economics. He received his law degree at Yale University and later his Ph.D. in sociology at the University of London.

Dr. Schur served as a panelist on the 1962 White House Conference on Narcotic and Drug Abuse. He is presently serving on an 18-member Massachusetts Commission on the Massachusetts Council on Addiction and Drug Abuse. He also serves on the advisory board for the National Association for the Prevention of Addiction to Narcotics.

The final two lectures to be presented will include, "Law Enforcement in Contemporary America," by Dr. Donal E. J. MacNamara, Associate Professor of Social Sciences at John Jay College of Criminal Justice, at the City University of New York. The last lecture will be "Crime and Correction," by Myrl E. Alexander, Director of the United States Bureau of Prisons.

Fraternity Rush Now In Progress

Spring rush 1968 continues this week as the ten fraternities compete for over 600 eligible freshmen. This week will mark the second set of both parties and smokers.

Tonight north campus fraternities will hold smokers while the five south campus houses will hold them tomorrow night. All smokers are from 7:30 to 10:30.

Parties will also be held this week for all rushees, Friday for north campus and Saturday for south campus. These parties will extend from 8 p.m. to 12 p.m.

END OF FORMAL RUSH

Tuesday, February 20, smokers will be held by all fraternities from 7:30 to 10:30 p.m. This will end the formal rush period and each fraternity will be required to maintain a quiet period until Feb. 22.

On February 21 freshmen will submit bids in Hullahen Hall indicating their preferences. These bids will be matched with each fraternity's list of prospective pledges.

The next day matched bids will be released in the Student Center at 4 p.m. Each rushee will then become a pledge of the respective fraternities.

CORDIAL INVITATION

To all freshmen and upper-classmen interested in pledging,

ing, the IFC extends a cordial invitation to all smokers this week. The purpose of these smokers is to present an opportunity for rushees to become better acquainted with each other, the brotherhood, and with the nature of the Greek System. The importance of this cannot be overemphasized, according to the IFC, because many advantages to fraternity membership become apparent only through experiencing fraternity life. Once again the IFC urges all rushees to visit several fraternities before making the important decision.

The Broader View

Tonight at 8:30 p.m. Channel 12, WHYY-TV, will broadcast Moliere's "The Forced Marriage," a "Repertory Theater USA" production by The McCarter Theater of Princeton, N.J.

Although supposedly concerned with man's inability to communicate with other men, this famous farce reveals eventually the fact that man not only cannot communicate, but that he often does not want to.

Tomorrow night at 10 p.m. Channel 12 will feature "The Philadelphia Matador." A native Philadelphian who is now a matador-de-toros in Spain dis-

cusses the artistry of the traditional bullfighter with a former sports correspondent for the N.Y. Times.

RESEARCH EXAMINED

On Feb. 15, Part I of "Drugs Against Cancer" will be broadcast at 8:30 p.m. on WHYY-TV's "Spectrum." This program will examine the research techniques through which the National Cancer Institute develops drugs for the control and eventual prevention of leukemia and tumors. (Part II of "Drugs Against Cancer" will be broadcast Feb. 22 at 8:30 p.m.)

A television adaptation of Brandon Thomas' Victorian play, "Charley's Aunt," will be presented by NET Playhouse on Channel 12 at 8:30 p.m. Feb. 16. A favorite farcical subject, the impersonation, will be featured.

CREATIVE PERSON

On Feb. 18 at 10:30 p.m. WHYY-TV's "Creative Person" series will present Broadway actor Ossie Davis and his actress-wife Ruby Dee.

At 10 p.m. Feb. 19, Channel 12 will broadcast "Are Parents People," starring Betty Bronson, on the regularly scheduled series "The Toy That Grew Up."

Young Democrats

According to Ed Custer, president of the Active Young Democrats on campus, a re-organization and elections meeting is scheduled for 4 p.m. Wednesday in the Ewing A room of the Student Center. Interested students are invited to attend.

The Week In Review

VIET CONG ATROCITY

SAIGON - Using women and children as shields, a large force of Viet Cong swarmed into the Mekong Delta town of Bac Lieu and burned more than 1000 homes. According to a South Vietnamese spokesman the Viet Cong attacked yesterday under cover of rocket and mortar fire, pushing women and

children in front of them as shield against South Vietnamese defenders.

Hampered by the human shield, South Vietnamese troops were unable to stop the destruction by fire of half the town.

The attack left thousands homeless.

LATIN AMERICA SUPPORTS PUEBLO CASE

WASHINGTON - For the first time in many years Latin America has reacted favorably to an action of the United States. Foreign minister Antonio Carrillo-Flores of Mexico recently called a news conference to express sympathy for the American position in the Pueblo crisis.

Other Latin American countries have had the same general reaction.

It is generally supposed that American efforts toward more understanding among the countries of the western hemisphere has prompted the unexpected show of good will.

DANES SEEK NUCLEAR BAN FOR GREENLAND

COPENHAGEN...The January 21 crash of a B-52 bomber carrying four hydrogen bombs has prompted the Danish Parliament, to seek non-nuclear guarantees for Greenland.

The Danish ambassador Torben Rønne will return to Washington this week to obtain a

written promise that nuclear-armed bombers will no longer fly over the Danish owned island, nor land at Thule Air Force Base, which is leased to the United States.

The search still continues for debris from the crash. Possible radiation has hampered progress.

RUSK URGES SUPPORT FOR TROOPS

ATLANTIC CITY, N.J. "There will be no question of the outcome" of the war in Vietnam if U.S. fighting men are backed on the home front, said Secretary of State Dean Rusk in a speech here Saturday night.

The expected North Vietnamese offensive, he continued, may well be the climatic

period of the struggle in Southeast Asia. If the citizens at home stand as firm as the troops on the front line, the push will not succeed.

Rusk also states that "North Korea will make a grave error if it interprets our restraint as a lack of determination."

STUDY PREDICTS INCREASED CITY SEGREGATION

WASHINGTON...The Federal government said today that the 20 largest American cities will have extreme economic segregation by 1975. "Today, 70 percent of all nonwhite pupils attend schools of 90 to 100 percent nonwhite enrollments," the U.S. Office of Education said, "By 1975, this proportion may have

reached 80 percent or more."

It said that the widening division between the cities and the suburbs is the most important problem of U.S. urban life. The poorer, less-educated nonwhite Americans are remaining in the cities, while the white urbanite is migrating to the suburbs.

PEGGY FLEMING OLYMPIC QUEEN

GRENOBLE, France - Peggy Fleming, 19-year old U.S. women's figure skating champion, won a gold medal at the Winter Olympics Saturday. Her free skating routine received near perfect scores as Miss Fleming easily defeated her

nearest competitors.

Following her victory, she was offered a half-million dollar contract to tour with the Ice Follies. However, Miss Fleming declined to make a definite statement about her future plans.

ELECTRONIC NAVIGATION DUE FOR DELAWARE RIVER

PHILADELPHIA...Key port interests have approved the first stage in a sophisticated electronic navigation system

for the Delaware River similar to the electronic positioning guidance systems used at airports.

STASSEN'S IMAGE 'TOPPED'

MILWAUKEE ... Harold E. Stassen, Republican candidate for the presidential nomination, has started wearing a hairpiece for his campaign in the Wisconsin primary.

The change in image is an effort to eliminate reflections caused by television lights shining on his bald head. Mr. Stassen is undecided whether or not to continue wearing the hairpiece.

YR Elects Trager As New Chairman

John Trager, BE8, was elected Chairman of the University Young Republican Club, at its meeting in the Rodney Room, last Thursday night.

75 members attended.

Also elected were George

Chamberlain AS9, Vice Chairman; Diane Firth, AS1, Corresponding Secretary; Linda Sniadowski, AS1, Recording Secretary; and Malorie Drake, ASO, Treasurer.

Jack Poehler, a university alumnus, Class of '64, has been selected as YR representative to the SGA Mock Convention Committee. He is a member of the Board of Governors of the Young Republicans of the State of Delaware, and also is on the New Castle County YR Board of Directors. He is a former State Chairman of College Young Republicans, and a past chairman of the university club.

The Young Republicans plan to hold a mock convention, in April, with a keynote speaker obtained from Washington.

Insight Out Politics Dominate Winter Olympics

By ANDREW STERN

With the war in Vietnam, world poverty, the population explosion and everything else that the present day world is famous for going on, the nations have reached another impasse over an event which is supposed to relieve these same world tensions.

The 10th Winter Olympic Games, in progress this week in Grenoble, France, have degenerated into merely political tests of strengths instead of the athletic contests that were planned centuries before in Greece. No longer is Olympic time a time to "lay down" weapons of war and through athletic competition insure world peace and friendship.

Even to the rules and operation of the Games itself there is political pressure applied. Avery Brundage, a Chicago businessman, who is head of the International Olympic Committee (IOC), is creating problems that the ancient Greeks never dreamt. Before the competition in Grenoble even started he decreed that no skier would be allowed to have the trademark of the skimmer displayed. This, he felt, would make the Games too commercial, which is rather hypocritical considering the other more flagrant violations of commercialism connected with the Games.

OVERTONES INCREASE

The political overtones to the Games have increased to a fever pitch in these Olympic Games because, simply, it is good propaganda for winning nations.

Take the Russians for example. Their athletes spend full time practicing their specialties while disguised as "Physical Fitness" graduate students. The hockey team, which has been playing together for almost ten years, has steamrolled all of their opposition. In fact, after the United States team was shellacked by the Russians one of the team mentioned that "they could probably play in the National Hockey League on par with the Black Hawks."

SEX TESTS

Another case in point is the innovation of "sex tests" during the Games. At first glance it would seem that "sex tests" would be a waste of time but since a Polish female high jumper was found to be a he, these tests were deemed necessary by the IOC. A rash of non-entries plagued the Games in the women's events. Once again it is the desire for propaganda material that presses nations to enter men in women's events.

The question that comes to the mind of almost every sports-minded person is: What value is the Olympics? Athletically the Games provide an incentive and arena for the top athletes of the world, however when nations look only upon the Games as a political move then the value decreases.

Personally, this writer would like to see the Russian hockey team play the Black Hawks and the Czech basketball team compete against the likes of Chamberlain, Russell, Lucas and the rest of our athletes who devote fulltime to their specialties. How fast would the other countries then return to the original "amateur" concept?

"WHAT'RE YOU SO NERVOUS ABOUT?"

Eliminates Racial Barriers LBJ Calls For Education Act

By WALTER GRANT.

WASHINGTON (CPS)-- President Johnson asked Congress last week to pass a new Educational Opportunity Act designed to eliminate economic and racial barriers to higher education.

The President said the proposed legislation would set a new and sweeping national goal: that every qualified young person, regardless of race or economic well-being, must have all the education he wants and can absorb.

The proposed Educational Opportunity Act of 1968 was outlined in the President's annual message to Congress about education.

In his special message, President Johnson also said he was directing the Secretary of Health, Education, and Welfare to begin preparing a long-range plan for the support of higher education. He said the plan, or "strategy," would include a "comprehensive set of goals and a precise plan of action."

In addition, the President recommended that Congress pass a Networks for Knowledge Act of 1968. "This pilot program will provide new financial incentives to encourage colleges and universities to pool their resources by sharing faculties, facilities, equipment, library, and educational television services," he said.

The proposed Networks for Knowledge Act would supple-

ment the effort launched last year by the National Science Foundation to explore the potential of computers in education, President Johnson added.

The President said the proposed Educational Opportunity Act would:

--Help a million and a half students attend college next year through the full range of federal student aid programs, including guaranteed loans.

--Strengthen the Guaranteed Loan Program by meeting the administrative costs of the banks who made these loans. With a service fee of up to \$35 for each loan, this program can aid an additional 200,000 students next year, bringing the total to 750,000, the President said.

--Provide \$15 million for new programs of tutoring, counseling, and special services so that the neediest students can succeed in college.

--Unify and simplify several existing student aid programs so that each college can devise a flexible plan of aid tailored to the needs of each student. The programs affected would be the National Defense Education Act Loans, Educational Opportunity Grants, and the College Work-Study program.

President Johnson said in his message that America is ready to declare a fifth freedom-- freedom from ignorance.

"Last fall, more than 50 per cent of our high school graduates went on to college. It is our goal by 1976 to increase that number to two-thirds," he said.

To help guarantee this freedom, the President said Congress must continue existing federal support for higher education. Specifically, he urged Congress to extend and strengthen the National Defense Education Act of 1958, the Higher Education Facilities Act of 1963, and the Higher Education Act of 1965.

The President, however, already has recommended a decrease of \$82 million in the amount of federal funds for construction grants to colleges.

THREE MEASURES

President Johnson also recommended three new measures to strengthen graduate education in the United States. First, he said, Congress should increase the federal payment available to help graduate schools meet the cost of educating a student who has earned a federal fellowship.

Second, President Johnson urged Congress to launch a new program to strengthen those graduate schools with clear potential for higher quality.

Third, the President urged Congress to increase government-sponsored research in universities.

Freshman College Planned At OSU

Columbus, Ohio-(I.P.) - The logical assignment for Ohio State University's new University College will be to serve as the college into which all new freshmen would enter and com-

Gilbert Gab's Spring Series Is Planned

The successful Gilbert Gab has planned to open its spring series on February 14, 1968, at 8:00 p.m.

The first discussion, entitled "Classical Liberalism, The New Left, and Contemporary Problems," features Dr. Levin and Dr. Bresler in the Gilbert D-E lounge.

The spring Gab will present an interrelated series of program that stress contemporary ideas and academic situations. "Classical Liberalism, The New Left, and Contemporary Problems," for example, will explore the basic similarities and differences of the liberalist and leftist philosophies and their possible application to modern issues.

Open, thoughtful discussion is the basic rule of the Gilbert Gab, and all interested students and faculty members are invited to come and share their ideas on February 14 at 8:00 p.m.

plete their first year of study, according to Dean Richard H. Zimmerman.

This plan -- the so-called common portal of entry concept -- now being developed by Dean Zimmerman and his University College staff following approval of such a planning concept by the university's Council on Academic Affairs, will enroll all freshmen on the main campus who are undecided in their choice of a college, as well as all freshmen and sophomores at Ohio State's branches in Marion, Newark, Lima and Mansfield.

Most University College freshmen on the main campus would be enrolled in one-year college-oriented programs prior to admission to degree-granting colleges as sophomores. A small group of freshmen on the main campus and some freshmen at the branch campuses would be enrolled in two-year programs of study preparatory to enrollment in the upper divisions of the various degree-granting colleges.

Admission of University College freshmen or sophomores to sophomore and junior years of the undergraduate degree colleges would be based on procedures established by each of the degree colleges.

Each college would establish minimum admission standards and the methods it would use in selecting its students.

Convention Steering Group Picked

Plans are moving ahead quickly for the mock conventions to be held at the university in April. A steering committee of eight people was selected at an organizational meeting last Thursday night.

Dr. Frederick Roberts, Robert Graham, and Virginia Strand represented the faculty and the Student Government Association. Tom Davies, Jeff Millstone, and Ed Ezrailson were chosen from the Democratic side, while Andy Stern, and Tom Povlitz represented the Republicans. One additional Republican is still to be named to the committee.

The steering committee will attempt to coordinate the activities of the mock convention and will work to establish rules and procedures for the dual con-

ventions.

It is hoped that fifty states will be represented in the conventions and the steering committee will evaluate several plans for selecting delegations.

One plan is that each dormitory and fraternity will be represented by one Republican and one Democrat. At a meeting of all representatives, states will be assigned to the housing unit. Additional seats will be filled by the Commuter Association and possibly by graduate students.

Students interested in par-

ticipating in the mock conventions should contact their dorm or fraternity presidents or the SGA office for further information. Students are needed to fill delegate seats and take part in the quadrennial affair.

What's it like to work for a giant?

Depends on the giant. If the giant happens to be Ford Motor Company, it can be a distinct advantage. See your placement director and make an appointment to see the man from Ford when he is here on:

I'd like a big job please.

Naval Research Laboratory

WASHINGTON, D.C.

An Equal Opportunity Employer

The Navy's Corporate Laboratory--NRL is engaged in research embracing practically all branches of physical and engineering science and covering the entire range from basic investigation of fundamental problems to applied and developmental research.

The Laboratory has current vacancies and a continuing need for physicists, chemists, metallurgists, mathematicians, oceanographers, and engineers (electronic, electrical, mechanical, and civil). Persons appointed receive the full benefits of the career Civil Service.

Candidates for bachelor's, master's and doctor's degrees in any of the above fields are invited to schedule interviews with the NRL representative who will be in the

UNIVERSITY OF DELAWARE

placement office on

FEBRUARY 19, 1968

Those who for any reason are unable to schedule interviews may write to The Director (Code 1818), Naval Research Laboratory, Washington, D. C. 20390.

WE'RE HEADED UP THE UP STAIRCASE

"GUT ISSUES"

"WHERE THE ACTION IS"

"DRAMATIC REVOLUTION"

FEDERAL SCHOOL REPORT says: The Philadelphia public schools are engaged in "the most dramatic revolution in a city school system in the post-war period." Reform in Philadelphia is "more widespread and far-reaching than in any large school system in the country."

DR. MARK R. SHEDD, new Superintendent of Schools, says:

"I will continue to support teachers who are able to examine, in a mature way, the gut issues of our day--war, sex, race, drugs, poverty. If we divorce school subjects from the guts and hopes of human beings, we can expect students to find them gutless and hopeless."

RICHARDSON DILWORTH, President of the Board of Education, says: "The city is where the action is. It's where the challenge is. It's where we are facing the great moral and social issues of our day. If you want action, come teach in Philadelphia. If you don't, go teach in the suburbs."

WE SAY: Come join our school revolution as a teacher. Get in on the action. Teacher salaries are rising rapidly. So is our school system. Come on up the up staircase. For further information, see our Representative who will be at Univ of Delaware on TUESDAY, FEBRUARY 27, 1968.

Reed And Barton Offers \$2050 In Scholarships

During the months of February and March, Reed and Barton, America's oldest major silversmiths, are conducting a "Silver Opinion Competition" in which valuable scholarships totalling \$2050 are being offered to duly enrolled women students at a few selected colleges and universities.

SCHOLARSHIP

University of Delaware has

been selected to enter this Competition in which the First Grand Award is a \$500 cash scholarship; Second Grand Award is a \$300 scholarship; Third Grand Award is a \$250 scholarship; Fourth, Fifth and Sixth Awards are \$200 scholarships; and Seventh, Eighth, Ninth and Tenth are \$100 scholarships. In addition, there will be 100 other awards

consisting of sterling silver, fine china and crystal with a retail value of approximately \$50.00.

ENTRY

In the 1968 "Silver Opinion Competition," an entry form illustrates twelve designs of sterling with eight designs of both china and crystal. The entrants simply list the three best combinations of sterling, china and crystal from the patterns illustrated. Scholarships and awards will be made to those entries matching or coming closest to the unanimous selections of Table-setting editors from three of the nation's leading magazines.

CAMPUS

Pat Phile, HEO, is the Student Representative who is conducting the "Silver Opinion Competition" for Reed & Barton at the University of Delaware. Application blanks and complete details concern-

ing the Competition have been placed in each dormitory and in various academic buildings. In addition, Miss Phile has samples of the twelve most popular Reed & Barton designs. If you have any questions or if you wish to see the samples, visit Miss Phile in room 114 Harrington D.

Through the opinions on silver design expressed by college women competing for these scholarships, Reed & Barton hopes to compile a valuable library of expressions of young American taste.

Time-Life Cites Quarterly For Alumni News Reporting

The university's alumni quarterly, the University News, has been cited for "significant improvement in alumni magazine publishing" by Time-Life, Inc.

The award was announced Jan. 17, at the Annual Awards Banquet of the American Alumni Council and the American College Public Relations Association at Haddon Hall, Atlantic City, N.J.

McLean Smith, Creative Director of the Time Education Department, presented the certificate of improvement to Elbert Chance, the university's director of alumni and public relations, who is editor of the magazine.

THIRD CITATION

It was the third citation for achievement in alumni affairs received by the university within a year. On July 2, 1967 the university received a \$1,000 Alumni Giving Incentive Award for improvement in Annual Giving among major public universities at the 52nd national conference of the American Alumni Council in San Francisco.

In July 1967, a paper by Russell B. Powers, the university's director of publications, was one of four chosen for presentation at the national American College Public Relations Association conference in Dallas, Texas, to exemplify ingenuity in the use of direct mail in alumni fund raising. Mr. Powers discussed a series of greeting card mailing pieces

which resulted from an original idea and copy proposed by the Alumni Office and layout and design furnished by his staff.

Chance said credit for the improvement should be shared with Miss Virginia Phillips, assistant to the director, who edits the Class Notes section of the magazine, and with Powers.

treasurer, read a letter from John Trager, BE8, president of the Active Young Republicans concerning a mock convention. In the letter Trager stated that he would not allow a Republican name to be used by a non-Republican organization. Nan Nutwell, AS8, SGA president, said the SGA is planning to use the Republican name despite Trager's opposition.

In other SGA action, Debbie Stehley, AS9, was recognized as the new parliamentarian. She also received the recommendation of Cheryl Yeager for the position of chairman of the SGA constitution committee. Yeager said that her duties as SGA vice-president necessitated her resignation. The Senate approved her request.

Nutwell urged the senators to think about nominations for three committees. These included student publications, student activities, and student personnel problems committees.

'Graduate' Offers Comedy And Pathos

What is a young man to do for an encore after captaining his cross-country team at school, pulling down high marks and winning a coveted Tupperingham Fellowship?

College graduate Ben Brad-dock is faced with a big question mark between he and his future. As if that isn't bad enough, he's still a virgin.

"The Graduate," directed by Mike Nichols of "Virginia Woolf" fame, doesn't completely provide the viewer with the answer to the first predicament, but has given us 105 minutes of comedy and a few touches of pathos in revealing how Ben manages to lose the latter. The flick, now playing at Cinema 141 near Prices Corner, is aimed right at the male undergraduate.

HOME COMING

Ben returns from his school "back East" to be greeted by his status-conscious parents and neighbors in what seems to be the typical Southern California community. He is worried and confused about his future and turns-off from the party his parents have thrown in his honor.

Along comes Mrs. Robinson, alcoholic wife of Ben's father's law partner. Played by the well-preserved Anne Ban-

croft, Mrs. Robinson unsuccessfully attempts to seduce the naive Ben. Later, after mustering some courage, Ben arranges a hotel rendezvous with her.

Many more such meetings follow until beautiful Elaine, the Robinson's daughter, arrives home from college. Against Mrs. Robinson's warning, Ben dates the girl (played by Katherine Ross) and falls in love with her.

MAD CHASE

True confessions, a chase to Berkeley after Elaine and Ben's hilarious intrusion into Elaine's sudden and parent-

forced wedding- the grand finale - follows.

Those who see "The Graduate" are sure to leave the theatre with a sore stomach (from laughing) yet with tear-in-eye. For those who have not seen the flick, pay close attention to the closing scene. Will Elaine find happiness with Ben? Will California ever be the same?

Whether "The Graduate" is one of the year's ten best movies, as advertised, is debatable, but it is undoubtedly the best attempt at exploring the ill-defined mentality of the male student that has come along in quite a while- or maybe ever.

CONSTRUCTION on the new Hillside Road Dormitory Complex is progressing rapidly. Hopefully, the complex will be open to students next September. Staff Photo By Fred Binter.

Depends on the giant. Actually, some giants are just regular kinds of guys. Except bigger.

And that can be an advantage.

How? Well, for one thing, you've got more going for you. Take Ford Motor Company. A giant in an exciting and vital business. Thinking giant thoughts. About marketing Mustang. Cougar. A city car for the future.

Come to work for this giant and you'll begin to think like one.

Because you're dealing with bigger problems, the consequences, of course, will be greater. Your responsibilities heavier. That means your experience must be better—more complete. And so, you'll get the kind of opportunities only a giant can give.

Giants just naturally seem to attract top professionals. Men that you'll be working with, and for. Marketing and sales pros working hard to accelerate your advancement. Because there's more to do, you'll learn more. In more

areas. You may handle as many as three different assignments in your first two years.

You'll develop a talent for making hard-nosed, imaginative decisions. And you'll know how these decisions affect the guts of the operation. At the grass roots. Because you'll have been there.

If you'd like to be a giant yourself, and you've got better ideas in marketing and sales, see the man from Ford when he visits your campus. Or send your resume to Ford Motor Company, College Recruiting Department.

You and Ford can grow bigger together.

advertising contributed for the public good

What's it like to sell for a giant?

Actually I'm quite big on it.

Bucknell Trims Hens

By STEVE KOFFLER
ASSISTANT SPORTS EDITOR

LEWISBURG, PA. A tough Bucknell team shot down the high flying Hens last Saturday night, 88-87, and prevented, at least for ten days, the Blue Hens walking away with the first MAC Middle Five Conference crown.

The Hens, now 6-1 in the Middle Five and 12-4 overall, have clinched at least a tie for the championship and need a win against Gettysburg February 24th to claim sole possession of the title.

In the early moments of last Saturday's game, both teams were testing each other, trading points, before Delaware finally surged ahead, scoring ten points and holding the Bisons scoreless during a four minute period.

The Hens upped their lead to eleven points 32-21 before Bucknell could turn around, and it appeared as though Delaware might run away with the game.

SLIM HALFTIME LEAD

Those thoughts went by the wayside however in the next five minutes. Bucknell clamped the lid on the Blue Hen offense and buckets by Tom Schneider, Jim Wherry, and Ed Farver cut the Delaware lead to three, 38-35. Delaware managed to stem the Bisons tide and held on to take their three point lead, 43-40, into the locker room at the half.

During the second half the lead changed hands four times. Early baskets by Schneider put Bucknell ahead, only to have Ken Barnett hit from the foul line and tie the score at 48 apiece. A fifteen foot jumper by Jim Couch and a tap by Barnett put Delaware ahead by four, 52-48, their largest lead of the half.

Bucknell knotted the score up again at 56-56, 58-58, and 60-60 only to see the Hens surge into the lead each time.

AHEAD TO STAY

With 9:30 left in the game Craig Greenwood hit on a layup

Hens Pin Albright; Finch Wins At 130

Delaware's wrestling team lifted its record to four wins against five losses with a 27-6 win at Albright Saturday afternoon.

Everyone but Ron Van Gorder in the 123 pound class and Larry Hopkins at 168 gained wins. After Van Gorder lost a decision, Gaylon Finch, who regained academic eligibility this semester, won by decision in the 130 pound class.

Jeff Wilkinson (137) won on points, Jim Burns (145) gained a pin, Pete Krape (152) won a decision and Doug Swift (160) won by default when his opponent used an illegal hold.

After Hopkins' loss, Rowan Perkins (177) won by decision and heavyweight Marty Weikart pinned his adversary.

The grapplers tangle with Drexel in Philadelphia Wednesday night at seven.

and was fouled by Loren Pratt. His three point play tied the count at 65-65. Bucknell's tenacious man to man defense held the Hens in check and the Bisons moved out to a 73-68 lead. Two more buckets by Pratt and one by Barnett evened the match again at 74-74 with 4:58 left to play. However twenty seconds later, Murphy and Farver scored on two fast breaks, and the Bisons were out in front to stay.

At this point Delaware coach Dan Peterson inserted his "Go" team composed of Barnett, Pratt, Vic Orth, Ricky Wright, and Wilt Cloud in an attempt to force Bison miscues. However, Bucknell maintained their poise and used their new found height advantage to up their lead to 85-78 at the two minute mark.

Barnett hit from the key and Pratt scored two on a one and one situation from the charity stripe, and Delaware drew within three, 85-82.

INTENTIONAL FOUL

With sixteen seconds showing on the scoreboard clock, Charley Parnell intentionally fouled Farver who hit one of his two shots. A foul on Greenwood sent Barnett to the line who sank his first and intentionally missed the second, grabbed his own rebound, and sent the ball through the hoop for two points. Bucknell let the clock run out on the in-bounds play, and walked off the court with an upset 88-87 victory.

Pratt and Wherry tied for game scoring honors, each netting 24. For Delaware Barnett, who has been scoring at a 17.1 clip, ended up with 16, while Parnell hit 14, and Mark Wagaman 13.

The Hens who had been 13th in the nation in shooting percent and 20th in the nation in total offense by latest NCAA statistics, shot 41.3% from the floor and an amazing 80.8% from the free throw line as compared to Bucknell's 45.7% and 53.8%.

REBOUNDS EVEN

The rebounding situation evened itself out. Each team pulled down 54 rebounds. High man in the game was Greenwood with 16, well above his team leading average of 12.9. Wagaman took rebounding honors for the Hens with 15, while Parnell had 12, and Barnett playing forward for the first time hauled down 11.

In the end it was turnovers that told the tale of the game. Delaware committed 14 turnovers to Bucknell's nine.

The Hens travel to South Hall on the Temple University campus tomorrow night to battle with perennial Eastern power Temple. Coach Harry Litwak's Owls are considered to be one of the best teams in the East, featuring Clarence Brookins, John Baum, and soph Drew Nolan. A win over Temple would probably thrust Delaware into the MAC playoff picture in early March.

Three Track Records Fall In Quadrangular Victory

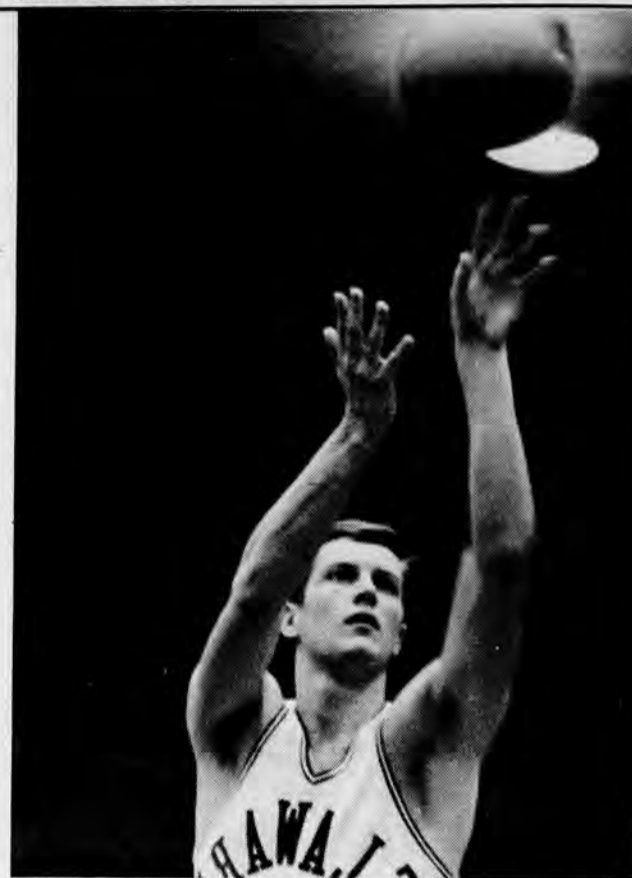

On Saturday afternoon, in a meet highlighted by the establishment of three school records, Delaware's indoor track

team won its annual quadrangular meet with Ursinus, PMC, and Albright.

Past .500 Mark

Swimmers Drop Drexel

Trailing 23-20 early in the meet, Delaware's swimming team came storming back for an easy 57-37 win over Drexel last Friday night in the Taylor Pool. The win put the Hens over the .500 mark for the season

with a 5-4 record. They have three meets remaining before the Middle Atlantic Conference championships on March 1 and 2 at West Chester, Pennsylvania. Delaware meets Gettysburg in their last varsity home meet today at 4 p.m. There will be a freshman meet to follow at 5:15 p.m.

Bob Locke paced the Hens' victory last Friday with two individual first place finishes. Captain Locke took the 200 yard freestyle with a 1:56.6 clocking and then won the 100 yard freestyle in 51.7 seconds.

Drexel got off to a good start with a come from behind victory in the 400 yard medley relay, as their freestyler caught and passed his Blue Hen opponent in the last 100 yards of the race. Locke then won the 200 and Lee Haggerty took first in the 50 yard freestyle to put the Hens in front. Dave Bent got a second for Delaware in the next event, the 200 yard individual medley.

The Dragons took their final lead of the evening in the diving competition by taking a first and a third place. Jim Roy captured a second place for Delaware. The Hens then proceeded to take firsts in all of the remaining events to finish the meet a 57-37 winner.

In order Tom Alloway won the 200 yard butterfly, Locke won the 100 yard freestyle, Barry Guerke took the 200 yard backstroke in 2:18.4, Jeff Coleman won the 500 yard freestyle, and Bob Wilson placed first in the 200 yard breaststroke. Delaware closed the evening with a lap and a half victory in the 400 yard freestyle relay. Guerke, Ken Schwartz, Gregg Wilson, and Ken Carmine won in 3:48.7. Drexel was slowed up slightly when one of their swimmers failed to touch the wall in a turn.

ton, and Don Fantine set marks in the meet at Delaware Fieldhouse, as the Hens' thinclads tallied 72 points to 36 for Ursinus, 18 for PMC and 10 for Albright.

Gordy set a new school record and tied the fieldhouse record of one min. 11.4 secs. in winning the 600 yd. run. He also won the triple jump, an event for which he already holds the school record.

Harrington took the two mile event with a record breaking performance of 9 min. 28.3 secs. while Fantine established a new mark of 7.7 secs in the 60 yd. high hurdles.

The outstanding individual performer of the meet however, was Bryant Heisinger of Ursinus who scored victories in the 60 yd. dash, the high jump, and broad jump. His time of 6.3 secs. in the 60 yd. dash ties the existing fieldhouse record for that event.

Other Delaware victories came from Bill Wheeler in the shot put, Bob Clunie in the mile, Steve Winters in the pole vault, Jimmy Smith in the 1000 yd. run and from the 2 mile relay team.

Larry Brewer broke a Delaware freshman record competing against the varsity with a high jump of 6 feet and 1/2 inches.
