## Schoolboys Smash Records at Delaware College Meet

### Baltimore Poly Captures First Place in Class I Schools, Georgetown Winner in Class 2; 19 Athletes Carry Off Inter-Class Honors

Records were smashed right and left at the Annual Inter-scholastic and Inter-class track and field meet of Delaware College held on Joe Frazer Field, at Newark, Saturday afternoon.

The class of 1919 won the inter-class meet by scoring 52 points, the class of 1918 finished second with 42 points and the 1917 athletes were third with a total of 41 points.

The Baltimore Polytechnic Institute romped away with first honors in the first class high school events with a total of 35 points, Jacob Tome Institute was second with a total of 32 1-4 points. Wilmington High School was third with 18 1-2 points, Chester High School scored 12 1-4 points and the Wilmington Conference Academy of Dover scored 10 points.

First honors in the class two high schools went to Georgetown with 34 points. Sudlersville finished second with 15 points and third place was a tie between Wicomico and Lewes high schools, each scoring 10 points. The other schools and the points they scored follow: Elkton, 8; duPont, 5; Chesapeake City, 4; Middletown, 4; Newark, 4; New Castle, 5; Caesar Rodney, 3; Dover, 3; North East, 3.

In the class 1 high school events Wooster established a new record in the twelve pound shot put, heaving the iron ball 41 feet 1 3-4 inches; McDonnell of Wilmington High, went sailing through the air a distance of 10 feet 6 inches, in the pole vault, breaking Wilmington High's record of 9 feet 6 inches, made by Goldberg in 1910, smashing the record in first class high schools of 9 feet 9 inches, and setting up a new height for Joe Frazer Field. Mathews of Tome Institute, broad jumped 20 feet 4 3-4 inches, which is also a new record in this event, and Lee of Chester High, lowered the half-mile record of two minutes 7 4-5 seconds by covering it in two minutes 6 2-5 seconds.

One of the outstanding features of the meet was the excellent showing made by athletes representing down state schools. In this class Carey of Georgetown High, covered the mile run in 5 mins. 14 1-5 secs., breaking the former record of 5 mins. 14 2-5 secs., held by Barr, of Georgetown High. The record of 4 mins. 1-5 secs. for the relay race in second class schools, received a slashing when the Sudlersville High School boys romped home in the time of 3 mins. 59 1-5 secs. Another one to go by the boards was the performance of Jones of duPont High School, who made a broad jump of 19 feet 4 inches, smashing the former record of 18 feet 8 3-4 inches, made by himself last year.

Although there were some spectacular races in the inter-class events, only one record was lowered. The class of 1919, composed of Fitzpatrick, O'Toole, Craig and Plam, won the one mile relay race

and hung a new record of 3.43 1-5 a fifth of a second better than the old mark.

Craig and Bratton were the individual stars in the inter-class events. The former cleaned up in the century and the furlong dashes, and the latter won first place in putting the sixteen pound shot and high jump. Craig took the lead in the 220 and kept about a yard in front of Heinel until about the last ten yards when he made a spurt and won handily. It was one of the best races of the day.

The one mile inter-class run was close. Tyson went out in front at the sound of the gun. At the first quarter, Taylor went into the lead and at the three-quarter Tyson again sprinted and passed Taylor but on the home stretch Taylor challenged him and won out by twenty yards.

The most hotly contested race of the day was the class one mile run. At the word "go," Sproul, captain of Wilmington High School, sprinted to the head of the big field and coolly set the pace for the first half mile, closely followed by Barkley and Baker of Tome Institute. At the half Barkley went to the lead, then Baker came from behind and at the three-quarters Sproul was third. It was a pretty race, the three runners were running stride for stride, while the other contestants were yards behind. In the home stretch, Baker nosed out Sproul by inches, but was disqualified for cutting in front of the runners and Sproul was declared the winner of the race.

Lee of Chester High School, ran a spectacular race in the half mile run. The Chester runner used his head throughout. He kept with the bunch until reaching the final turn, when he broke loose and won by several yards. His time of 2.06 2-5 smashes the former record of 2.07 4-5 held by Grubb of West Chester High.

The feature of the class two events was the performance of A. Jones, of Sudlersville in the quarter mile run. The Maryland athlete took the lead at the start and was never headed. He was pushed hard at the finish by Pool. It was a pretty race, all of the contestants being bunched at the end. Summaries:

## Agricultural Club to Present Play

On Monday evening, June 12, the members of the Agricultural Club of Delaware College, assisted by local talent, will present Pinero's popular comedy, "Dandy Dick," in the Newark Opera House. The play will be a part of the Commencement program.

The "Ag" Club, which has been very successful in its dramatic activities, promises in "Dandy Dick" a play of the highest type and one that will redound to the credit of the college. With Mrs. Herman Tyson as the guiding figure it is not at all unlikely that this comedy will surpass in interest and enjoyability "The Jonah" or "Looking For Mary Jane."

## Many Thanks

The officers of the Y. M. C. A. wish to thank Mr. Thomas Davis

for his kind present of two pictures for Purnell Hall; also Mr. John Edgar for the two Cigar stands which he presented for the smoking room.

## Students on Inspection Trip

The Juniors and Seniors in agriculture spent Thursday and Friday of last week visiting, with Professor Grantham, a number of the leading farms of Chester County, Pennsylvania. They paid special attention to the various systems of farm management as practised by the best farmers in that section.

## To Enter West Point

Karl Browne Schilling, a former member of the class of 1918, having passed the examinations for West Point will enter that institution June 14.

## Tag Day a Great Success

Tag Day, held for the benefit of the Y. M. C. A. proved a great success. Many of the students were busy selling the tags at the college and about town, where many willing purchasers were found. The neat sum of thirty-five dollars was made.

## The St. Johns Debate

The debate with St. Johns on last Thursday evening was an event over which every Delaware man should be elated. Not only did it result in a most deserved victory for Delaware but it may be the means together with the one held at Annapolis in the winter, of arousing among the students an enthusiasm which will make possible regular annual debates with other colleges. There is no reason why Delaware cannot have a debating team. It was demonstrated on Thursday night that we have men who are capable of representing us in oratorical contests. Since this is so the only other thing necessary is the support and the encouragement of the student body.

The attendance Thursday night was much smaller than it should have been. Unfortunately there were several things which kept a large percentage of the students away. But allowing for all of these things there should have been twice as many students present as there were. Less than fifty men of the college thought it

worth their while to attend a most interesting and instructive debate. Even the students from the Women's College lent more encouragement to the affair than did we of Delaware who were more directly interested.

To Dr. Greenfield, through whose efforts the debates with St. Johns were arranged, and to the men who have given their time and energy in order that the affair might be a success, the Review extends hearty congratulations.

General Funston has sent half of the U. S. Army into Mexico and left the other seven men to guard the border.

## W. C. D. Notes

Miss Rich—"What are concepts?"

Jean—"They are both remote and abstract."

Miss Rich—"Yes, that is what they seem to be to most of the class."

In the modern and material age dreamers, such as Mary Jane, to whom romantic thoughts were formerly attributed, concentrated no more on love, but on "fabrikoid."

On Thursday morning, May 10, Mrs. Belt of Massachusetts gave an interesting talk on the canning of chickens. The speaker told of her work in the state of Massachusetts, where she instructs farmers' wives in the novel and recent branch in the culinary art.

On Saturday evening, May 6, Miss Brassington and her sister Miss Susan Brassington gave a very enjoyable recital at the Women's College. Miss Susan Brassington rendered several delightful vocal selections, among which were French, German, and Spanish songs. Miss Brassington accompanied her on the piano. She also played several piano solos, foremost among which was Fritz Kreisler's "Caprice." The music was greatly appreciated by all who were present.

Mary Wright in Physics class—"Dr. Harter, does lightning occur where thunder is?"

### Delaware Wins Debate

Delaware won the second of the series of debates with St. John's College by a unanimous decision. The debate was held in the college oratory on Thursday evening, May 11. The question was: Resolved, that the Federal Government should compel every able-bodied male citizen between the ages of 18 and 24 years to take under adequate provisions, at least one year of military or naval training. By mutual consent of the two teams, the question of preparedness against pacifism was eliminated from the debate. Delaware defeated the affirmative, St. John's the negative side of the question. The team which represented Delaware College was composed of Wm. S. Levey, T. S. Carswell, and W. T. Mitchell; while St. John's was represented by L. J. Miles, J. T. Duke and N. D. Woodward. The judges were Wm. J. H. Cotton, Ph. D., head of the commercial department of the Wilmington High School; Henry M. McCullough, President of the Maryland State Senate, and Charles B. Finley, States Attorney for Cecil county. Dr. K. Roberts Greenfield acted as chairman.

Each speaker was allowed 12 minutes for his opening speech, 3 minutes for his rebuttal. In their opening speeches, the affirmative tried to prove the following points: first, that we are in actual danger of war, and that our present army and navy is too small to meet that danger; second that our present and proposed methods of increase for the army are impractical; and third, that this system would not be opposed to American ideals, but would strengthen morally and physically the men taking part in it. The negative brought forward the following points: first that one year is not sufficient to give a man a thorough military training, and that the only result of the proposed system would be to deprive a man of one year of the most valuable part of his life; second, that the system would be distasteful to the citizens of this country, and would also be a great waste of money; third, that our past history does not warrant such a change, for our armies in the future as well as in the past can always be recruited from volunteers.

Mr. Finley, in announcing the decision of the judges, said that, while they congratulated the St. John's team upon their excellent work, they had decided unanimously in favor of the team representing Delaware College.

This debate will be the last one to be held with St. John's this year. It is hoped that next year a similar series of debates can be arranged, since the results obtained this year have been so interesting and encouraging.

### Delaware Shows Improvement In Match With Swarthmore

The Blue and Gold tennis team showed marked improvement in the match played with Swarthmore last Wednesday. Humphrey was substituted for Sumwalt and put up a good game. "Abe" Gutowitz was the only Delaware man who won any sets.

The team has been seriously handicapped this year by poor weather, thus only a few practice games were played before the real hard work began. However, there are bright prospects for a winning combination as shown by the earnest playing of the men last Wednesday.

Score: Singles—Pyle, Swarthmore defeated Walls, Delaware, 6-1, 6-0; Burdell, Swarthmore, won from Humphrey, Delaware, 6-3, 7-5; Shidle, Swarthmore best McMillan, Delaware, 6-3, 6-0; Gutowitz, Delaware, defeated Dunham, Swarthmore, 6-8, 7-5, 6-4.

Doubles—Dunham and Pyle, Swarthmore, defeated Walls and Gutowitz, Delaware, 6-3, 6-4; and Shidle and Burdell, Swarthmore, defeated McMillan and Humphrey, Delaware, 6-3 and 6-2.

Final Score—Swarthmore 5, Delaware, 1.

### Agricultural Notes

Last Tuesday Dean Hayward, accompanied by Judge Hastings, attended a large sale of Holsteins at Blairstown, N. J. Judge Hastings purchased five high-class cows to add to the excellent herd which he maintains on his farm at Dover.

Professor McCue spent Thursday of last week with County Agent Pence at Dover.

The College Farm has sold to Mr. Thomas Miller of Elkton a two-year old Guernsey heifer whose dam has recently made an official record of over 10,000 lbs. of milk and 530 lbs. of butterfat.

Among the recent visitors to the College Farm were Mr. and Mrs. Hartley of Duluth, Minn. Mr. Hartley, who is particularly interested in Guernsey cattle, passed compliments on the excellent herd owned by Delaware College.

## DELAWARE COLLEGE

Now is the time for high school students to be making their plans for attending college next year. Why not go to a college near your home, a college which your friends are attending, a college which is growing faster than any other in the East? Delaware College offers splendid opportunities to the earnest students who come to it after completion of a full high school course. Tuition is free to all Delaware students. Thirty-one instructors to 232 students (one instructor to about every eight students) gives the students the benefit of individual instruction.

### The Smoke of Men Who Win

A fresh-rolled "Bull" Durham cigarette almost says "Speed up!" right out loud. Keen-eyed, clear-headed young fellows smoke "Bull" Durham because it has the sparkle and the "punch"—the youthful vim and vigor. Every time you "roll your own" with "Bull" Durham you open the door to Hustle.

## GENUINE "BULL" DURHAM SMOKING TOBACCO

"Bull" Durham is unique among the world's tobaccos. It is distinguished from all others by its wonderful mildness, its delicious mellow-sweet flavor and its distinctive aroma.

That's because it's made of the very choicest of rich, ripe Virginia-North Carolina "bright" leaf—the smoothest and mellowest tobacco in the world.

You get a lively smoke and a satisfying smoke when you "roll your own" with "Bull" Durham.

## MT. ST. MARY'S BEATS DELAWARE 11-3

Hit "Blue And Gold" Pitchers Hard And Win Easy Victory

Delaware was defeated by the strong Mt. St. Mary's team here last Wednesday in a slow and uninteresting game. The visitors took the lead in the opening inning and maintained their advantage until the end. With two men out in the first, Mt. St. Mary's made two tallies on a single and a homer. Delaware made one bid to overcome this lead in their half of the first but the needed hit was not forthcoming. The fast Maryland team continued its batting rally in the fourth and in this inning drove Hoch from the mound. Webb who attempted to do the rescue act was no better and the visitors had things all their own way during the rest of the game.

Up until the ninth Delaware had not scored but in this inning they made a belated rally which might have resulted in a victory had not the visitors such a commanding lead. H. Horsey he first man up in this inning, singled. Doherty followed with a homer the fifth of the game. Fidance kept up the rally by beating out a hit to second. Stewart was the first out when he flied to the infield. Taggart drove a double to center scoring Ferguson but Ferguson and Spruance could not connect safely and the rally ended. Score:

## Delaware Alumnus Dies

After a long illness Homer W. Collins, Class of 1908, Civil Engineering Course, died on Monday, May 8, at the home of his parents in Dover. For several years after his graduation Collins lived in Colorado. He held a position with the Fort Laramie Railroad until ill health forced him to resign. He was a member of the Kappa Alpha Fraternity.

## Dean Smith Has Luck

On Thursday afternoon, Prof. E. Laurence Smith took a highly successful fishing trip on the Christiana Creek.

The Dean had dug half a tomato can full of fishing worms in his back yard. These were not the proper thing for Fall fish—the object of the journey, but this misfortune offered little hindrance to so experienced an angler.

One of the students, whose name we withhold at his request, was deluded into making the trip. The unavowed purpose of the Dean was that this unfortunate youth should carry the fish.

The sport began at the famous fishing grounds where the Elkton road crosses the Christiana Creek.

Luck was with the Dean. Within two hours the first fish—a "Sunny," was landed. Fortune followed fast. Within another hour, after a thrilling fight, the game keepers bag was swelled by the second prize—a Centrarchidae Eupomotis gibbosus,—that is another Sun fish.

The two sportsmen followed the creek for many yards. But no more bites, they turned back at McSwat's barn. On reaching home the measurements were found to be as follows, length of first catch, 15-8 inches and the second, which proved somewhat larger, 21-7 inches. Thus the total length of the string was 343-56 inches. Indeed a splendid afternoon's achievement! The fish weighed 23-8 ounces, that is of course, when taken together.

The Dean is receiving congratulations from all his friends.

## Among the Colleges

Oliphant is the first man in the history of West Point to win the "A" in all four major sports. The student Council at Harvard has passed a resolution recommending compulsory membership in the Harvard Union, the club in which membership is open to all students.

Columbia regained first place in the list of heavy batting teams last week, the first ten nines now standing as follows: Columbia, .316; Lehigh, .304; Dartmouth, .260; Harvard, .230; Lafayette, .228; Brown, .223; Yale, .223; Fordham, .209; Army, .207; and Georgetown, .206. The Navy is hitting for .204, and Princeton for .203. Winters, of Lafayette, who has hit for .500 in five games, heads the list of batters.

Professor Hills represented the College at the annual meeting of the American Guernsey Cattle Club held in New York City on Wednesday, May 10.
