Ground Broken For West Wing To Gym

**Campaign Closes Monday With
\$48,000 Pledged; Wing Will
Contain Modern Pool**

With the last dollar of the \$48,000, necessary for the complete plan, pledged Monday, ground was broken at once for the building of an additional West wing to the gymnasium of Delaware College. This wing will contain a modern swimming pool, large enough to accommodate swimming meets.

The \$48,000 to build the wing was raised in a two weeks' campaign conducted by a student committee of Delaware College. Pledges are still coming in and it is estimated that the amount pledged will run to \$50,000. The main purpose of the new wing is to provide a pool for Delaware's crack swimming team. It will also increase the playing floor of the present gymnasium and allow for reversible bleachers, that are expected to put both swimming and basketball on a paying basis. The new addition will be 50 by 100 feet.

The suggestion for this improvement was made by Edgar Reese, Jr., captain of the swimming team, and other students last spring. Alex. J. Taylor, well known engineer and an alumnus of Delaware became much interested in the project. He not only aided materially in the campaign for funds but will also have charge of the construction work.

Many alumni also aided in the drive. Frank Collins, an alumnus as chairman of the local committee, did valuable work and raised considerable money for the enlarged "gym." Dr. Walter Hullahen, president of the University; A. G. Wilkinson, business administrator, and other officials and members of the faculty of the University also greatly aided the students in their campaign.

DR. BENNER TALKS ON U. S. CREDITOR POSITION

**Tells Hercules Club U. S. Is Greatest
Creditor Nation; Predicts
Political Realignment**

At the regular monthly luncheon of the Hercules Club in the du Pont-Biltmore Monday, Dr. C. L. Benner, head of the Department of Economics, University of Delaware, addressed the members on "The New Creditor Position of the United States." Dr. Benner mentioned the controversy between United States Senator Carter Glass, of Virginia, and the Coolidge administration, and expressed the feeling that the new creditor position of the United States is going to mean something in years to come.

Dr. Benner emphasized that before the outbreak of the World War this was a debtor nation, European nations owning bonds and stocks in this country to the extent of five billion dollars. When the conflict ceased in 1918, the position of the United States had been changed from that of a debtor to a creditor with approximately fifteen billion dollars invested abroad. Loans to the foreign countries have increased since the cessation of the war and today the United States is a creditor nation to the extent to twenty-two billion dollars.

Dr. Benner stressed the point that this country is the world's greatest creditor nation, having succeeded Great Britain in this position, and predicted that with a continuance of foreign loans and the necessity for payment of interest by the foreign countries the United States will, within the next twenty years, find a realignment of political parties.

AMBULANCE CALLS

Mrs. I. Newton Sheaffer was taken to the Homeopathic Hospital, Wilmington, last Wednesday evening in the Newark ambulance, by Ira Shellander. It was thought that she was suffering from appendicitis, but fortunately this was not the case and Mrs. Sheaffer returned to her home later in the week.

Sunday evening an Italian, whose name could not be learned, was taken to the Delaware Hospital by Ira Shellander.

Last evening Mr. Thomas M. Smith was taken to the Flower Hospital. Alfred Ewing and Bert Crow attended the ambulance.

Chamber of Commerce Dinner November 8

The Chamber of Commerce Dinner Committee has arranged a well-balanced and interesting program for the annual dinner which will be held in Old College on November 8. William J. Highfield, of Wilmington, will be the speaker of the evening. He will bring with him a Philadelphia quartette. In addition there will be several acts of vaudeville. George Madden's Orchestra will furnish instrumental music.

New Debating Course at Delaware College

A new course, English 79, Public Speaking and Debating, is offered this year at Delaware College, University of Delaware.

The course, which is given by Professor Grant Lewis, is the outgrowth of the interest in debating which so many of the men at Delaware have evidenced in the last few years and it is thought that it will aid the debating team in the ambitious program which its members are contemplating for this year.

There has been no college credit given for work on the debating team, although a great amount of time has been required of its members; but the new course will give the desired practice and will allow one credit each semester. The course is designed to give the theory and practice of public speaking and debating, and to develop at Delaware a more active interest in collegiate forensics.

It is hoped that during the year, at least one intercollegiate debate may be held in Wilmington, so that the many friends of the University there may have an opportunity to see what the college debaters are doing. Also it is hoped that a freshman team may be organized, and that a series of debates may be arranged between it and the Wilmington High School team.

Members of last year's debating team have formed an honorary debating society, with the idea of petitioning, in the future, the Delta Sigma Rho, National Honorary Forensic Society.

The members of the group are: Philip Cohen, president; Samuel Handloff, manager; Lawrence Elliott, secretary-treasurer; J. D. Craven, Leslie Moore, and Isaac Quillen. The team held three debates last year; with the University of South Carolina, by whom they were defeated when they upheld the affirmative of the prohibition question, and a dual debate with Schuylkill, both of which Delaware won.

Professor Lewis is also coach of the debating team, succeeding Professor Matthews, who has resigned to take over the work of coaching the members of the dramatic organization.

INJURED STUDENT ON ROAD TO RECOVERY

Raymond Simmons, a freshman at Delaware College, was dangerously injured last Friday when he fell from the back of a truck at the corner of South College and Delaware avenues. He was riding on the truck with a number of other students when he tumbled out, striking the back of his head on the road.

He was picked up unconscious and rushed to the Flower Hospital, where Dr. Downes attended him. Fearing a fractured skull, his family was notified and his sister came to Newark that night from Montclair, N. J. Sunday he was taken to the Delaware Hospital in the Newark ambulance, Alfred Ewing and Ira Shellander making the trip. After a consultation of surgeons, it was decided to puncture his spine and avoid an operation on his head. The Delaware Hospital reports today that his condition is considerably improved.

Delaware Red Cross Ends Active Year

**P. S. Du Pont Named To Remain
At Head Of Chapter; Unit
Helped In Every Phase
Of Work**

At the annual meeting of the Delaware Chapter of the American Red Cross held last week in Dover, Pierre S. du Pont was named to again head the chapter. It was revealed that the Delaware unit with 30 active branches and 2725 members had passed through the most active year of its history.

Henry P. Scott, chairman of the executive committee, called the meeting to order and presided. The reports show that the Delaware Chapter has in some measure, large or small during the last fiscal year, touched upon practically every Red Cross service, including Home Service to Disabled Soldiers, Junior Red Cross, Home Hygiene, Public Health Nursing, First Aid, Life Saving, Swimming, Disaster Relief and Production.

Officers

The nominating committee report was adopted and the officers named declared elected for the next year, as follows: President, Pierre S. du Pont; vice-presidents, S. D. Townsend, Henry M. Ridgely, Dr. G. Layton Grier; treasurer, Henry M. Canby; secretary, Miss Emily P. Bissel.

Executive committee—Henry P. Scott, chairman; Miss Madelein Draper, Pierre S. du Pont, Mrs. Pierre S. du Pont, Miss Anne B. Gray, Mrs. J. Montith Jackson, Frank M. Jones, Mrs. Florence Kirby, Mrs. George W. Marshall, Mrs. James Penniwell, Mrs. Willard Hall Porter, Mrs. Henry B. Thompson, Mrs. Henderson Wier and Mrs. Thomas W. Wilson.

Prior to the routine business of the meeting, Mr. Scott read a printed report of the year's work of the National Red Cross Association, noting in detail the many disasters or national scope during the past twelve months and the aid extended by the Red Cross.

The report of Henry M. Canby, treasurer of the Delaware Chapter, was read by Mr. Scott, showing receipts for the year to have been \$114,617.46 and total expenditures for the year of \$96,474.25, leaving a balance of \$18,222.24.

The largest items of expense were those given to the Florida disaster, amounting to \$17,006.34, and to the Mississippi disaster of \$75,590.36.

"Y" CONFERENCE AT WOMEN'S COLLEGE

The conference of the Christian Associations of Delaware, Maryland and District of Columbia will convene at Women's College October 21-23. The young men of the conference will be housed in the Delaware College dormitories; the young women will be taken care of at Women's College and in Newark homes. All of the delegates will be served meals in the Women's College dining-room.

The present president of the Association is Frank Witter of the University of Maryland. The last conference was held at Blue Ridge College, New Windsor, Maryland.

SETTLE COLLISION DISPUTE

Ralph Allen and Francis Barney were both arrested by Chief of Police Keeley Saturday afternoon after cars they were driving collided at Delaware avenue and Academy street. Both machines were damaged and each driver contended the fault for the accident was with the other driver. After some testimony was heard before Magistrate Thompson the two drivers decided to settle the matter by Barney paying \$5 towards the damage to Aiken's car after which the case was dismissed.

AWARD BRIDGE CONTRACT

At a special meeting of the Town Council, held Monday night, sealed bids were opened for the building of a new bridge over the race near Paper Mill Bridge. The contract was awarded to The Consolidated Engineering Company, of Baltimore, whose bid of \$3,170 was low. Other bidders were James H. Hutchison, of Newark, \$3,298; A. Mitchell & Son, New Castle, \$3,390.

The Paper Mill Bridge, itself, has been declared unsafe, and the Council has petitioned the County to replace it with a modern structure.

British Locomotive Runs Through Newark

A fitting climax to the close of the Baltimore and Ohio centenary exhibition and pageant was the test run of the King George V locomotive of the Great Western Railway of England, pulling a Baltimore and Ohio train of passenger cars from Baltimore to Washington and from Washington to Philadelphia and return to Baltimore on Monday. The train passed through Newark going East, at 12:20 p. m., and West at 3:45 p. m.

This will mark the first time that an English locomotive, it is believed, built for an English railroad, will haul an American passenger train. It is just a little over 100 years ago since the first English locomotive ran on the American continent. The Stourbridge Lion pulled a tiny load for the Delaware and Hudson Company.

To Extend Del-Mar-Va Referendum Campaign

**Will Ask Northern Counties To
Join Association And Participate In Program**

With working committees being completed to launch the campaign to reneance the Del-Mar-Va Eastern Shore Association in the five central counties where the original referendum vote on continuance was taken, plans are also under way to extend the referendum into the northern tier of Peninsula counties and into the two Virginia counties. In both of these sections the referendum vote will be conducted in a somewhat different manner than that which has been taken.

The Referendum in the northern counties will not concern itself with the matter of continuation, that having been determined, but will ask whether business and agricultural leaders in the northern counties desire to join in with the Association and participate in the benefits of its program, or whether they prefer going it alone.

In the two Virginia counties the referendum will be taken in conjunction with the Eastern Shore of Virginia Chamber of Commerce. This will be a joint affair and concern itself mainly with a working program for the future.

Talking of the campaign to raise the \$100,000 quota for a period of three years, Harvey J. Hill, who will actively head the campaign, had the following to say:

"The success of this campaign depends entirely on the active work of the county leaders. A large number have openly pledged themselves and many others are on record as expressing their willingness to enter into the work wholeheartedly. Without these leaders giving their time and effort we could not make progress, but with them living up to their agreement to work and aid in the campaign I feel that its success is assured."

While the working committees are being formed in the five central counties and the campaign to raise their quota gotten underway, the referendum will be taken in the northern and southern sections. This procedure, according to Association officials, will greatly facilitate the carrying out of the campaign and give information as to the desires of each section before a final working budget is decided upon.

The questions on the Referendum Ballot for the northern counties are being worked out by a special committee representing that section. These sections will be asked specifically, among other things, whether they desire to be included in Association advertising, or desire to work in co-operation with its Traffic and Marketing Bureaus. The Association program for the coming year is concerned with many agricultural problems of general interest and all sections that so desire will be included within the general range of operations.

HALLOWE'EN PLAY!

A play will be held in the Sunday School room of the M. E. Church on October 20th. A silver offering will be taken at the door.

BREAKS LEG

Ellis Rittenhouse, a student in the Newark High School, sustained a broken leg during football practice, last Thursday.

Newark Schools Will Close Friday Noon

**Pupils To Have Half Day To See
Lindbergh; Board Studies
District Finances**

In order that the Newark school pupils may see the Lindbergh celebration in Wilmington, Friday, the schools will open that day at 8 o'clock, instead of 8:45, and close for the day at 12.

The safety questionnaires which, cooperating with the Delaware Safety Council, the school distributed to all pupils, aroused considerable interest and many excellent surveys were handed in, the pupils having made a complete inventory of their homes as regarded fire and other hazardous possibilities.

A definite plan of class organization, controlling social and business procedure, was put into effect in the Newark schools this week, in all grades from 4 to 12. It includes financial budgets and programs anticipating the life of each class. The matter of the class trip to Washington in its senior year and its memorial to the school is provided for in the plan and the expenses will be taken care of by a sinking fund that will gradually be established throughout the progress of the class through the schools. Dues in varying amounts will be paid by the class members and these moneys will be deposited in a savings account, drawing interest. Class accounts will be audited annually at the same time that the athletic, cafeteria and districts accounts are audited. This plan will put the class finances on a business like basis and will do much to teach economic responsibility to the class members.

Mr. A. E. Fletcher, local manager for the Gas Company, has announced that the Gas Company will present attractive prizes to girls in the home economics courses for excellency in baking.

An extensive and appropriate program is being planned for National Education Week, which will occur the second week in November.

Board Meets

The Board of Education, Newark Special District, held their regular monthly meeting Thursday night. A thorough study was made of the district finances. The board approved the appointment of Miss Clara Davis as teacher in the primary department of the colored school, replacing Mrs. Pauline Stuard, resigned.

KNIGHTS OF PYTHIAS IN ANNUAL SESSION

**Officers to be Elected at the State
Meeting on Thursday**

A morning and afternoon session will feature the annual meeting of the Grand Lodge of Delaware, Knights of Pythias, on Thursday at the Pythian Castle, Ninth and West streets, Wilmington, in which past chancellors from all parts of the State will participate. Grand Chancellor Walter P. Carrow, of Dover, will welcome the delegates at 10. Reports will be heard, and other routine business transacted. At 2, the sessions will be resumed and the annual election of officers held.

From present indications it is believed that Frank W. Fisher, of Wilmington, grand vice-chancellor, will head the Grand Lodge. Other officers are: Joseph B. Green, of Wilmington, grand prelate; Mark L. Garrett, of Wilmington, grand keeper of records and seals; M. D. Fisher, of Wilmington, grand master of exchequer; Curtis C. Trump, grand master-at-arms; John A. Adams, grand inside guard; Harry J. Cable, grand outside guard. ARREST SOLICITORS

On complaint of a member of the Newark Chamber of Commerce, Chief of Police Keeley, on Monday arrested two solicitors, who were canvassing Wolf Hall, selling tobacco. Arraigned before Magistrate Thompson for soliciting without a license, they pleaded guilty, but claimed ignorance of the Town ordinances. They were released on condition that they would leave the Town immediately.

It is requested that all members and their friends come to the party this year and again make it a scene of merriment and help to chase old man "Gloom" away.

It is also requested that everyone come masked so as to put more spirit in the party. The fun will start at 8 o'clock.—Secretary.

"BROADWAY NIGHTS"

A sermon against gambling will be unfolded on the screen of the Hanark Theatre tonight in "Broadway Nights" which shows how the love of a man and a woman was tossed away with a pair of dice and only regained when the man, played by Sam Hardy, realized he couldn't "pass" forever.

The film features lovely Lois Wilson, who recently rebelled against playing opposite any more horses in "western" pictures and broke her contract with Famous Players to become a free-lance actress.

School Children Enter Health Poster Contest

Thousands of school children of Delaware are preparing to enter the Health Poster Contest to be conducted by the Delaware Anti-Tuberculosis Society. The contestants have just a month to prepare their posters which must be in the hands of the Anti-Tuberculosis Society by November 8th.

Two sets of prizes will be awarded. One set will be given for the best health posters from the special district schools and another set for the state schools.

The first prize in each class will consist of \$10.00 in cash to purchase some needed equipment.

The second prize in each class will consist of \$5.00 in cash to purchase school equipment.

There will be three honorable mention awards in each class consisting of "Health Training in Schools" by Theresa Dansvill or "A Health Education Procedure for the Grades and Grade Teachers" by Kathleen Wilkinson Wootton.

The subject of the poster may be any good health rule. The size is left to the discretion of the teacher. The name and address of the school and the teacher's name must be on the back of each poster. Posters should not be folded or creased. All posters should be sent to the Delaware Anti-Tuberculosis Society, 911 Delaware Avenue, Wilmington, or to the officers of the county supervisors of education at Wilmington or at Dover or Georgetown.

The posters will be judged for their educational value in teaching good health habits, for the originality displayed and for neatness. All posters for which prizes are awarded will be retained by the society.

The judges will comprise Mrs. Donald S. Ashbrook, Miss Rachel Taylor, of the University of Delaware, and H. B. King, superintendent of elementary schools of the State Board of Education.

The posters will be on exhibition at the fall meeting of the Delaware State Teachers' Association in Milford on November 11th and 12th.

\$100 FOR PRIZE PLAY

Every High School student in Delaware has a chance to win a cash prize of \$100 for writing a play the basis of which is the establishment of some good health habit. The contest is under the auspices of the National Tuberculosis Association and the final date for receipt of the plays is May 1, 1928.

All replies should be sent to the Delaware Anti-Tuberculosis Society, 911 Delaware Avenue, Wilmington. A second prize of \$50 and a third prize of \$25 cash are offered. There will also be five honorable mention awards, each carrying a prize of \$10, which are available for other plays showing special merit.

According to the rules of the contest it is open to public high schools, junior and senior and to private and parochial schools of the same grade. Plays must deal with some aspect of individual or community health or hygiene. They must be produced before an audience and must run no longer than forty minutes. The plays must represent the combined efforts of a class or group of high school students because the contest is not intended for individual students.

The plays must be accompanied by a statement signed by the principal

of the competing school to the effect that the play as submitted has been produced before an audience. The plays must be typewritten and mailed flat, not rolled, and be plainly marked with the name of the school and name of the principal or teacher.

Already students of several Delaware high schools have announced their intention of competing for the prize.

Miss Helen H. Thomson, executive secretary of the Delaware Anti-Tuberculosis Society is sending to each high school principal copies of a pamphlet containing the regulations for the contest.

Miss Thomson has also received several replies from schools which have decided to enter the health poster contest which will be judged at the meeting of the Delaware State Teachers' Association at Milford on November 10 and 11.

Last year there were many score of schools that entered this contest and the judges had difficulty in deciding the winner because of the cleverness displayed by the competing students.

"THREE HOURS"

Corinne Griffith's powerful drama, "Three Hours," a screen version of May Edginton's story, is the feature at the Hanark Theatre this Thursday and Friday.

In some respects Miss Griffith's newest picture resembles her famous success "Black Oxen." As in the previous picture, one of the high lights of

the story is the heroine's transition from plainness to beauty. In "Black Oxen," the change was due to pathological rejuvenation, but in the new film the transformation is accomplished by a stolen wallet!

A brilliant array of screen talent will support the star in this latest offering, including John Bowers, Hobart Bosworth, Paul Ellis, Ann Schaefer and Mary Louise Miller.

PRIZE LUNCH BASKET

Twin sisters, Dolly and Polly Rouse, of Bethel Grove, Arkansas, recently won the 4-H Club demonstration contest for girls in that State, by their skill in packing a school lunch.

Apple pie, biscuit sandwiches, fried egg and fried meat were taboos in the ideal packed lunch. Dainty peanut butter sandwiches were wrapped in waxed paper. Small cold cream containers were filled with jelly. A ripe tomato, fruit, a bottle of milk and a straw completed the selection.

It is very important that these votes should be mailed within forty-eight hours to the studio at Strawbridge and Clothier's. No telephone or telegraph messages will be considered; but a post-card is advised. These votes count sixty per cent of the final vote; that of the committee counts only forty per cent. Any one in any State may vote, but Delaware singers will expect the loyal support from the "home folks."

The Newark entrants are Miss Murray and Kennedy Fell.

GREAT FIRES IN HISTORY

By Myra Hall

The first fire that we have any record of is the burning of Rome in 65 A. D. It started at Circus Maximus, and lasted eight days, burning most all of the city. The Christians were accused of starting the fire.

Hamburg was the next largest city that suffered with fire, it burned 1,992 houses and destroyed \$35,000,000 worth of property. The Royal palace was burned it cost around \$25,000,000 to be rebuilt.

In Baltimore in 1904 a gas explosion caused a fire which was driven by a heavy wind and in thirty hours spread over 140 acres and destroyed \$50,000,000 worth of property.

The Chicago fire in 1871 is said to have been started by a kerosene lamp being tilted over. It covered 2,741 acres of land. The total loss was \$160,000,000.

Another fire known in Boston which started in a dry goods store, burned sixty-five acres. The loss of twelve lives and about \$75,000,000 worth of property was immense.

Philadelphia has been visited by many fires but none of such damage as the Chicago fire. In 1850 a fire of explosions caused thirty-nine deaths and about 100 persons injured. The loss was 400 buildings burned.

(Myra Hall is a pupil in Grade 7-I, Newark Public School.—Ed.)

AN ECHO

A friend has sent us the following letter which Mayor Kendrick, of Philadelphia, sent to Colonel Bradley, commenting on the latter's treat to Newark children. The letter goes to show that the appeal of happy childhood means a great deal, even to the busiest men.

CITY OF PHILADELPHIA

Office of the Mayor

October 15th, 1927.

Col. Walter T. Bradley,

812 Thompson St.,

Philadelphia, Pa.

My dear Col. Bradley:

I want to thank you for having sent me the newspaper accounts of your splendid and liberal treat to the children of Newark, Del. in connection with their visit to Downey Bros. Circus and the "trimmings" that accompanied it. I happen to be personally acquainted with Downey, who furnished some animal acts for me when I was Potentate of Lu Lu Temple. I also enjoyed reading all about your early boyhood days in the little town of Newark and think it was just splendid of you to go back home and entertain the kiddies from your boyhood town.

I have been ill for the past week and am still confined to my home but able today for the first to attend to my correspondence.

The day and the unusual treat will long be remembered by the children and the good people of Newark, Del. and I am sure that it occasioned you much general happiness. Acts of kindness like this are too few in this world and I wish that other men of influence and wealth would pattern after your philanthropy.

With assurance of my high regard and admiration, and with best wishes to you and Mrs. Bradley in which Mrs. Kendrick joins, I remain—

Sincerely and in the Faith,
W. Freeland Kendrick,
Mayor.

Mr. Edward A. Walton, the Director of the Bureau of Decorative Information of the J. B. Van Selver Company gave a most interesting talk on the history of interior decorating, showing that the masculine influence predominated until the last of the nineteenth century, the time of our grandfathers. Then in the beginning of the twentieth century the mothers selected the furnishings for the entire house, although they began in a timid spirit. He said that no part of the room should occupy the attention, and that decorative art was the crystallizing of our own personality. There should be a definite expression of the people in the home, and that the homes should be as logical as the minds.

He also said that mementoes of the past in our furniture speak of past traditions due our children. Just what the Star Spangled Banner means to us, so should the surroundings be to the children.

Comfort was ahead of beauty, for if a thing was comfortable it would be beautiful, but true decoration for the entire family requires serious thought and experience. However, the home must fit the pocketbook, but be in keeping with the mentality. The family's necessities should be diagnosed and not how the home will be for a party or entertaining the bridge club.

At the conclusion of this delightful talk questions were answered, and Mr. Walton showed and explained a few samples of materials to be used in interior decorating.

POULTRY SHOW WILL BE HELD NOV. 28 TO DEC. 3

The Tri-State Poultry Association has completed arrangements for the annual poultry show, which will be held in the Armory from November 28 to December 3. Admission will be free to the public. Premium lists are now ready and will be mailed on request to the secretary, N. J. Lannan, box 85, Elsmere, Del. Requests so far assure the management of a larger show than in previous years, and three judges of National reputation have been secured to place awards: Newton Cosh, Melvin Cosh, of Vineland, N. J., and Harry Wolsieffer, of Millville, N. J.

Special features of the show will be ringside judging of the best cockerel, best pullet, and best exhibition pen in the show. The winners will receive handsome Rosette ribbons. Harry Wolsieffer, expert breeder and judge will speak during the show. Dr. Kent, noted poultryman and feeding expert, will deliver a lecture, illustrated by moving pictures, loaned by the Quaker Oats Company. All the breeders and poultrymen and the public in general are invited to visit the exhibition and lectures. Dr. Kent and the judges will answer any questions asked by poultrymen and give all assistance possible to help improve conditions and quality of their flocks.

Thirty members of the Tri-State Poultry Association, went to Atlantic City in a special bus, on October 12, to attend the New Jersey Poultry Exhibition and created such an impression that a number of entries and several commercial displays were received. A pleasing feature of the exposition was the winning of prizes by birds owned by R. L. Cloud, Wilmington, Del.; Lannan Bros., of Elsmere, Del., and Clyde Robinson, Newark, Del., members of the association.

We are blind until we see

Nothing is worth the making
If it does not make the man.

Delaware Loses To Hampden Sydney, 20-0

Put Up Sensational Fight; Reybold, Staats, DiJosephs Injured; Will Be Out Of St. Johns Game

Last Saturday the University of Delaware football team travelled to Hampden-Sidney, Virginia, to meet a 20 to 0 defeat, and disaster in the way of injuries. However, they were not disgraced for they put up a gallant fight against the strongest combination that they have met this year.

The toughest part of the game was injuries to Captain Reybold, Staats and DiJosephs which will keep them out of the St. Johns game this Saturday. With Kane also on the sidelines, Coach Rothrock has a real problem in overcoming the St. John's jinx.

Hampden-Sidney College put on the field a fast, hard-playing combination that made their scores in spectacular runs and passes. On the third play of the game, Jones, the Virginians' right-half, broke loose and ran the ball 42 yards to Delaware's 12-yard line, and then carried it 11 more yards on the next play. Ruffner took it over for the remaining yard. Hampden-Sidney scored again in the second quarter with a long pass and a plunge, and in the final minutes of the game, Peach, Hampden-Sidney quarter, skirted end for 55 yards and another touchdown.

Delaware opened up their aerial attack in the second quarter and carried the ball to the 10-yard line on two occasions, only to lose it. In the last half every other Delaware play was a pass, but they lacked the final punch to take the ball over the line.

Peach, of Hampden-Sidney, with his kicking and running, was the star of the game, while Taylor and Creamer played sensational football for Delaware.

The St. John's game this Saturday will be played on Frazer Field, the kick-off at 2:15.

Line-up:

Delaware	Hampden-Sidney
Nobis..... L. T.	Worden
Reese..... L. G.	Nance
Reybold..... C.	Hudson
Russo..... R. G.	Savage
Staats..... R. T.	Myles
Barton..... R. E.	Allen
Taylor..... L. H. B.	Ruffner
Loveland..... R. H. B.	Jones
Creamer..... Q. B.	Peach
Draper..... F. B.	Cox

Score By Periods
Delaware..... 0 0 0 0—0
Hampden-Sidney..... 7 6 0 7—20

Substitutions—Hampden-Sidney: Montgomery for Cox, Gatewood for Peach, Beattie for Ruffner, Blanton for Savage, Lawson for Gatewood, Myles for Allen, Hughes for Hudson, Reverley for Myles, Willis for Jones.

Jones for Willis, Curry for Scott; Delaware: Butler for Draper, Rose for Creamer, DiJoseph for Draper, Green for Reybold, Speakman for Barton, Flinn for Staats. Officials—Referee, Epps, V. P. L.; Umpire, Compton; Head linesman, Lewis, Virginia. Time of periods, 15 minutes. Touchdowns, Ruffner, Montgomery. Points after touchdown, Nance 2.

FOR THE HOUSEWIFE

WHITE SAUCE HAS HIGH FOOD VALUE, FOUNDATION OF MANY OTHER SAUCES

French chefs are noted for the excellence of their sauces. It is said that the good chef always keeps on hand a supply of white, brown, Bechamel, and tomato sauce. With these as bases, he is prepared to make a whole series.

White sauce is the most popular of them all, and may be used for all sorts of creamed meats and vegetables. When properly made and used in the right proportion, it always adds to the appetite appeal of the food used with it.

Since it contains butter and milk, white sauce has high food value. Care should be taken in using it, however, that not so much is used that the flavor of the meat or vegetable is impaired.

In the following recipes for white sauce and its variations, evaporated milk is recommended, for, by its use, a more satisfactory sauce will be obtained than is possible in any other way.

White Sauce—2 tbsp. fat, 2 tbsp. flour, 1/4 tsp. salt, dash of pepper, 1 cup evaporated milk, 1 cup hot water.

Melt the fat in a double boiler, add the flour, pepper and salt and stir until perfectly smooth. Add the hot water slowly, stirring at the same time. Boil until thickened. Add the milk and cook over hot water 10 minutes longer. Yield: 1 1/2 cups sauce.

Mock Hollandaise Sauce—1 tbsp. butter, 2 tbsp. flour, 3/4 cup evaporated milk, 1/2 tsp. salt, 1 tsp. lemon juice, 1/4 tsp. pepper, few grains cayenne, yolks of 2 eggs, 1/4 cup butter.

Prepare as for white sauce. Stir in beaten yolks after sauce is cooked. Add the 1/4 cup butter bit by bit and finally the lemon juice. Yield: 3/4 cup sauce.

Tomato Sauce—1 tbsp. fat, 1 tbsp. flour, 1/4 tsp. salt, dash of pepper, 1/2 cup evaporated milk diluted with 1/2 cup water, 1 1/2 cups tomato puree.

Prepare a white sauce of the fat, flour, salt, pepper and diluted milk. When ready to serve add hot tomato puree. Yield: 5 servings.

Mushroom Sauce—1 cup evaporated milk diluted with 1 cup water, 2 tbsp. butter, 2 tbsp. flour, 1/2 tsp. salt, dash pepper, 1 cup mushrooms, chopped.

Prepare a white sauce of the butter, flour, salt, pepper and evaporated milk, add mushrooms after sauce begins to thicken and simmer for ten minutes.

Cheese Sauce—Add 1/4 cup grated cheese to white sauce recipe above and cook over hot water until cheese is just melted.

Bechamel Sauce—2 tbsp. butter, 3 tbsp. flour, 1/2 tsp. salt, Few grains pepper, 1/2 cup evaporated milk, 2 cups broth, 1 slice onion, 1 slice carrot, bit of bay leaf, 8 peppercorns, sprig of parsley.

Simmer the meat broth with the seasonings 15 minutes and strain. Melt the butter, add the flour and gradually stir in the hot broth. Boil 3 minutes, add the evaporated milk and heat to boiling point. Yield: 2 cups sauce.

Creamed Salmon—1 1/2 cups flaked salmon, 1/2 cup evaporated milk, diluted with 1/2 cup water, bit of bay leaf, 2 tbsp. flour, 2 tbsp. butter, sprig parsley, 1/2 slice onion, 1/2 tsp. salt, pepper.

Scald diluted milk with bay leaf, parsley and onion. Make a white sauce of the milk, butter, flour and salt and pepper. Add fish and serve on toast or with boiled potatoes. Yield: 4 servings.

THE ONLY WAY

"Do you think two people can live as cheaply as one?" as the young man anxiously.

"I used to think so before I was married," replied his friend.

"And after you were married?" asked the young man, still more anxiously.

"I found that they had to."

PRIMA-DONNA CULTIVATES NEW HOBBY

Cyrena Van Gordon Expert at Making Dainty Desserts

Cyrena Van Gordon, prima donna of the Chicago Civic Opera Company, achieved stardom on the stage in a single night. However, she possesses another achievement which she prides herself on almost as much as she does her singing. She is an exceptionally good cook.

Miss Van Gordon has a hobby of experimenting with new recipes. Between her matinee and evening performances she often prepares a tasty dinner. This she claims is real relaxation.

"Desserts in the warmer weather," says Miss Van Gordon, "equal in importance the balance of the meal. To some, especially the children, the dessert often offers the only nourishing food during the day. Milk, butter and eggs may be used generously in the tempting puddings and custards, while they are frequently slighted when served in the main course."

Miss Van Gordon is generous in passing on to the home manager her favorite recipes.

Cream Puffs—1 cup boiling water, 1/2 cup butter, 4 eggs, 1 cup bread flour.

Put butter and water into a saucepan. When it comes to boiling point, add flour all at once and stir vigorously. Keep over fire stirring constantly until it leaves the sides of the pan. Remove from the fire and add unbeaten eggs one at a time, beating until thoroughly mixed between the addition of eggs. Drop by spoonfuls into well-oiled muffin tins. Bake 40 minutes in a 400° F. oven (hot oven). With a sharp knife make a cut in each large enough to admit cream filling. Frost with uncooked chocolate icing. Yield: 12 large sized puffs.

Cream Filling—1/2 cup sugar, 1/2 cup flour, 1/4 tsp. salt, 2 eggs, 1 cup evaporated milk diluted with 1 cup hot water, 1/2 tsp. vanilla and 1/2 tsp. orange extract.

Mix dry ingredients, add eggs slightly beaten, and pour on gradually the scalded diluted milk. Cook 15 minutes in double boiler, stirring constantly until mixture thickens and

afterwards occasionally. Cool and flavor.

Chocolate Icing—1 1/2 squares chocolate, 1/2 cup scalded evaporated milk, Yolk of 1 egg, few grains salt, 1/2 tsp. melted butter, 1 cup confectioner's sugar, 1/2 tsp. vanilla.

Melt chocolate over hot water, add evaporated milk gradually, then salt, egg yolk and butter. Stir in sugar until of consistency to spread. Add flavoring.

Raspberry Parfait—Add crushed red raspberries to servings of vanilla ice cream in parfait glasses. Top with whipped cream sauce.

Vanilla Ice Cream—1 cup cream, 1 cup evaporated milk, 1 cup milk, 2 tsp. vanilla extract, few grains salt, 1/2 cup sugar.

Scald the milk and add the sugar and salt to dissolve. Cool, add the evaporated milk, cream and flavoring. Freeze in a 1:6 salt-ice mixture. Makes 1 quart cream.

Whipped Cream Sauce—1 cup cream, 1/2 cup powdered sugar, 1/2 cup evaporated milk, few grains salt.

Combine the evaporated milk and cream. Chill, then whip until stiff. Add the sugar and salt. Keep in refrigerator until ready to use.

Veal Cutlets

Cut veal steak about 1/2-inch thick into pieces the size of cutlets. Dip in bread crumbs, beaten egg diluted with 1 tablespoonful of cold water, then in

crumbs again. Melt in a saucepan 1 tablespoonful each of butter and lard and brown the cutlets on both sides, taking care not to scorch. Pour over a brown sauce and leave to simmer about an hour, or until the meat is very tender. Occasionally add a little water if necessary. There should be about 2 tablespoonfuls of the sauce to be poured over each portion of potato when the dinner is served.

Brown Sauce for Cutlets

In a small pan melt 1 teaspoonful of butter and brown in it 1/2 of a tablespoonful of flour. Remove from the fire, add a little liquid from 1/2 cupful of stock or water and blend well; add the rest of the liquid and boil one minute to get a smooth sauce. Add 1/4 teaspoonful of salt, 1/4 teaspoonful of Worcestershire sauce and 1/4 tablespoonful of chopped parsley.

THE NEW ERA IN TELEPHONE COMMUNICATION

It takes less than half as long to make an out-of-town call today as it did seven years ago.

The average time required in 1920 was four minutes. Today, it is less than two minutes.

If you called a point over 200 miles away in 1920, you waited about fifteen minutes for the connection.

Today very few such calls require as much as ten minutes,

and most of them go through in less than five minutes.

An outstanding accomplishment!

Greater speed has brought a tremendous increase in the use of out-of-town service.

This new-era art is making neighbors of a whole nation—and already has brought within the sound of your voice practically the entire English-speaking world.
