Dear Jimmy -

We have a quiet week end here with Fern Abbey and Kath Hughes. That week end will be more hectic but the Poel Drutys, the Brewster Stearns, and the Cammies. The garden of the house here is beautiful. Mabel, our old boxer, is getting used to the legs like his master! We have a new lot of ducklings for ornament the lawn. Angelito's little girl is very intelligent and occupies Bente's and Super's & Super's time more than we do.

We had a buffet supper at the house last Thursday and my 74th Birthday, and old friends spoke of you and June. The "Chickens Coop" in Mex. City is really small and I am always glad when we get to Cuernavaca and the larger rooms and open spaces. We would try to find a larger house

in Mexico City, but to find one
of only one place, is not easy.

Dwyer tells me that my old friend
Maurice Warr is to be Chairman of the
Board, and Rene Meyer, whom I do not
know, is to be head of the Executive
Committee. If he knows of other changes, he
did not mention them. He says that
the "young man" may have to stand
trial in Belgium but if he had any
details, he did not give them.

I suppose you and June are following
the World's Series. Sam & Grace are still
north with General & Mrs. Rodriguez for
the games.

Frederic Connelley leaves about middle
October to join Rysio in Valparaiso and
will be gone about six weeks. He misses
his visits to Mexico but he says he

+ Respira may spend several weeks with
us here after the first of the year.

I am feeling some better, and think
that the treatment for the lungs is
really helping me. I still can't ex-
plain to myself that they did not
find these bugs at the Baker Clinic.
The treatment is a bit rough - but I
can take it.

As I told you in my last letter
there is so much to talk about, that
I can't even begin in a letter.

We are in for a bad electrical
year, as the rains have been so poor.

This is just a word to tell you
that we often think of you all, &
that Marvin gives in affectionate

good wishes - Truly yours
George
