## NEWARK MAKES MERRY WITH SOLDIERS

Owner of Green Hat Unknown

Newark had a royal good time on the evening of the Fourth at the fair held for the purpose of establishing a fund to supply pleasures and comforts for the draft men stationed in Newark.

A portion of the street adjoining the Catholic Church grounds where the fair was held, was roped off, and men and maids enjoyed the dancing to music furnished in turn by the soldiers and the Newark band. The sum of \$219.08 was turned over to E. L. Smith, Dean of the School, to be used as it seems best.

The hat worn by Miss Marion Campbell was won by N. G. or H. G. Barger. The initials are not plain. The check number was 62. The owner is requested to call phone 242, to receive the attractive bit of millinery. \$20.20 was realized by this novel feature.

Those present at the meeting included: Henry C. Stuart, Virginia; Marion Sansom, Texas; W. L. Brown, Kansas; John Gratton, Colorado; Eugene Funk, Illinois; N. H. Gentry, Missouri; C. W. Hunt, Iowa; Charles J. Brand and L. D. Hall, of Washington, D. C.

## SPEAKERS' TRAINING CAMP HERE

To be Held Thursday, Friday,  
and Saturday of this  
Week

A Speakers' Training Camp, under the auspices of the Delaware State Council of Defense will open in Newark on Thursday, July 11, and continue during the rest of the week. The camp will be organized by Dean Robinson, chairman Woman's Committee, Department of Education. Morning, afternoon, and evening sessions will be held in Wolf Hall. The staff includes Orrin C. Lester, of the National Red Cross Speakers' Bureau; Mrs. Elizabeth L. Schreiner, principal Philadelphia School of Expression and Dramatic Art; Augustus Thomas, Dramatist; and F. M. K. Foster, of the Department of English, Delaware College.

The Speaker's Training Camp is a part of the campaign program of the State Council of Defense, arranged by the Women's Committee of the State. The course is planned to make more efficient the man or woman engaged in war work.

The morning session is resigned for women; the afternoon session for men and women who are members of the Summer school, though others may be included. The evening session is planned particularly for men. Men and women will be welcome at all sessions, however.

The expense of instruction will be borne by the Delaware State Council of Defense. A fee of fifty cents will be charged for one day or one dollar for three days, to cover incidental expenses such as providing literature containing facts about the war, clerical work, etc. Each person registered will receive at the close of the Training Camp printed matter supplied by the government, which gives information as to what is being done and the conditions which the government must meet. It is suggested that those who come for the day bring luncheon with them if possible. The restaurants of Newark will provide for the others.

The first day's program follows: Morning Session—9 a. m., "Organization of Woman's Clubs," Presiding Officer; Lecture on "Simple Principles of How to Construct an Address," Orrin C. Lester. 10 to 10.30 a. m., Instruction in "Simple Principles of Voice Control," Mrs. Elizabeth L. Schreiner.

## Over Two Hundred for Soldier's Comfort

At the recent fair held for the benefit of the training detachment of drafted men located at Delaware College, the sum of \$219.08 was realized. About \$70.00 of this amount was obtained by voluntary contribution. The amount collected will be held as a fund for the purchase of those things that may be found necessary to contribute to the pleasure and to the mental and physical development of the detachment during its stay in Newark.

The management of the training school for drafted men desires to express its thanks and gratitude to all those who contributed to make this affair such a splendid success.

A cablegram received on Monday states that Mr. Thayer is safe.

Lieutenant McNeal with a number of Delaware College men, entered the Reserve Officers' Training School, at Camp Meade last January. Upon completing the training there he was commissioned as second lieutenant in the National Army. While at Camp Jackson, South Carolina, he responded to a call for volunteers in the School of Fire, and after qualifying, was sent immediately to France.

## Are Newark Children Healthy?

Uncle Sam asks for Statistics

## Every Mother Urged to Re- port on Thursday Evening

The Baby Weighing and Measuring Campaign which has occupied the attention of Wilmington mothers for the past month will be conducted in Newark for a week, beginning with a public meeting at the High School on Thursday evening, July 11, at eight o'clock. Miss Lockwood, chairman of Public Nursing, and Miss Jeannette Eckman, executive secretary of the Women's Committee of the State Council of Defense, will be present and explain the purpose of the work.

The babies will be weighed at the school house next Tuesday. The local campaign is in charge of Mrs. George L. Townsend who will be assisted by Mrs. Tiffany, Mrs. Houghton, Mrs. Brumley, Mrs. Robert Campbell, Mrs. Mercer, Mrs. William Dean, Mrs. T. B. Young, Mrs. C. C. Hubert, Mrs. Cannon, Miss Mary Hoffecker, and Mrs. Walter Plumley. Miss Agnes Medill, Miss Edith Spencer, and Miss Elsie Wright will act as registrars.

The campaign which is nationwide, is being conducted by the Defense Councils in co-operation with the U. S. Children's Bureau. The slogan is to save 100,000 children this year, by the simple means of discovering in time their tendencies and slight imperfections. Uncle Sam wants, at the same time, an accurate record of the physical condition of all children under the age of five years. Mothers therefore, who know from the family physician that their children can report 100 percent, are urged to come to the school house next Tuesday. The call is universal. In order to make the statistics accurate every child under five must be weighed and measured. All mothers out to the meeting Thursday evening and to the schoolhouse Tuesday!

## New Dressmaker Here

Mrs. M. J. Reinhart of Scranton, whose husband is a member of the group of draft men stationed at Delaware College for special training, has taken rooms at Mrs. Rebecca Gilpins, on Main Street. Mrs. Reinhart is an experienced dressmaker, and asks for the patronage of the community.

## ADAM GEIBEL TO SING HERE

Big Community Service Next  
Sunday

Newark is looking forward with pleasure to the service on the College campus next Sunday evening, when Adam Geibel, the well known composer and hymn writer will visit Newark. Mr. Geibel has been blind since early childhood. In view of the fact that churches of the town will unite in the service, and an invitation has been extended to the draft men and summer school students as well, a record breaking crowd is anticipated.

Dr. Mitchell has arranged to have the moveable grand stands in place for the service. A cordial invitation is extended to everyone.

## Lodge Officers to be Installed

There will be an installation of officers of Ivy Castle, No. 23, Knights of the Golden Eagles, of Newark, Delaware, on Saturday night, July 13, at 8 o'clock sharp. The entertainment committee has made preparations for a very pleasant evening. All members are urged to be present.

## HOME COMING DAY AT RED MEN'S HOME

Visitors from all Parts of State  
Expected

Members of the Delaware tribes and councils, Improved Order of Red Men, will hold their annual home coming at the Red Men's home, Newark, next Saturday. Arrangements for the home coming, under the jurisdiction of a standing committee of the order, Alexander C. Rogers, chairman, have been completed. It is expected that more than 2,000 members of the different tribes and councils will attend. Every tribe and council in the state will be represented.

Entertainment will be provided members of the Degree of Pocahontas, in the form of tableau, representing various patriotic and historical scenes connected with the country and the state. A picnic luncheon will be served in the grove in front of the Red Men's home. Joseph Nowrey, former mayor of Camden, who is the Great Chief of Records of New Jersey, is expected to deliver an address.

Among those who are expected to attend the home coming are Great Sachem, Alexander C. Rogers, who is chairman of the committee of arrangements; Great Prophet Emery B. Riggins, of Laurel; Great Senior Sagamore, Frank A. Gradwohl; Edward Sayers, Great Keeper of Wampum; Edward McIntire, Great Keeper of Records of Delaware; James B. McManus, Great Sannap; Milton W. Ferguson, Great Mishinewa, and Walter T. Young, Great Guard of the Wigwam, of Newport.

Past Great Sachems who are expected to honor the occasion with their presence are: Harry B. Sinclair, Charles McIntyre, William H. Ferguson, James H. McGlothen, David C. Rose and George G. Bryan. The committee of arrangements comprises three members of the order representing each one of the various tribes and councils of Wilmington, making a committee of about 50 members.

Arrangements now are being made for holding a moonlight excursion on the river, to some place if it is possible to obtain a steamboat suitable for the purpose. This excursion, the annual one of the order, will be held in August.

At the exercises next Saturday, the Mantion Tribe Five and Drum Corps and Minnehaha Tribe Band will provide music.

On August 15, the combined orders of Red Men of the States of New Jersey and Delaware, will present a fully equipped ambulance costing about \$4,000 to Camp Dix. This presentation is in line with the custom of Great Councils all over the country.

## Twenty Thousand Dollars Pledged

Pledges amounting to \$20,260 were turned in at the meeting in the Academy building on June 28, National W. S. S. day. The pledges were made by residents in the school districts number 39, 39½, 41, 41½.

## Patriotic Training Course

Brings Able Speakers Here

## Meetings Open to the Public

Among courses of special public interest in the Summer School of Delaware College, is the Patriotic Training Course, the purpose of which is to bring to the teacher information concerning the war, its causes, and the issues fundamental to it. The course includes a series of lectures which will be given in Wolf Hall four evenings a week at eight o'clock. The public is invited to share these lectures.

The first speaker is J. Vincent Crowne, Professor of History at the University of New York City. Owing to the fact that America is planning to celebrate the national holiday of France on July 13, an endeavor is being made to have Mr. Crowne be present on Saturday at the closing session of the Speakers' Training Camp, mentioned elsewhere in these columns.

During the week of Monday, July 15, Ex-governor Adolph O. Eberhart of Minnesota, will be the speaker. Mr. Eberhart is one of the most forceful and interesting characters in American life. Born in Sweden he came to this country alone when eleven years of age. "All that I am and all that I hope to be," he declares, "I owe to my adopted country." During his administration as governor of Minnesota two hundred school districts were consolidated. The State has one of the model prisons of the country and more money is spent in Minnesota to keep children away from it than elsewhere in the Union. The course affords a splendid opportunity for all who aim to be informed in these days of stirring world events.

## Hostess House Com- mittees Announced

The New Century Club building was thrown open to soldiers in the Selective Draft contingent, here for special training at Delaware College, last Sunday, under the direction of Miss Elsie Wright, chairman, assisted by a committee composed of Mrs. John Pilling, Miss Nellie Wilson, Mrs. J. P. Cann, Mrs. Blake, Miss Mary Johnston and Mrs. Geist. Hostess in charge during the week of July 8th are Mrs. J. P. Wright, and Miss Elsie Wright; the week of July 15, Mrs. Blake, and Mrs. Geist; week of July 22, Mrs. Cann, and Miss Wilson; week of July 29, Mrs. Counts, and Miss Johnston.

A victrola with records has kindly been loaned by Miss Elizabeth Bower, and many citizens have forwarded books and magazines for the men. The Committee wishes to announce that although all literature offered has not yet been collected, it will be called for in due time, and they wish to express their appreciation of the co-operation of all these people.

An informal dance was held at the clubhouse last evening. On Friday night there will be community singing, led by Mr. Koehler. Everyone is most cordially invited to be present. Turn out and make the crowd a representative one.

## To Design Combination Heater and Refrigerator Cars

Experiments are being made by the Bureau of Markets to determine proper designs for combination heater and refrigerator cars

used in the shipment of perishables. The heater equipment installed in these cars is intended to protect perishable products against freezing in winter.

## Silo Campaign Now On

The New Castle County Silo and Alfalfa Campaign which opened Monday morning, July 8, will continue through July 12. Meetings have been scheduled in every part of the county. The Campaign is under the direction of the New Castle County Farm Bureau Executive Committee and is being directed in each community by the Dairy and Soils and Crops Committees. Each committeeman in the county is in receipt of posters and bills and these have been posted in the more prominent places. The Executive Committee have given unlimited amount of time to scheduling these meetings, preparing the publicity and arranging for speakers, and it is hoped that a record audience will attend each meeting. Already there has been a great deal of interest expressed in the series of meetings and it is thought that facts can be presented to the farmers in a way that a large number of them will be able to see how they can afford a silo

whether they be a tenant or an owner.

Another feature that will be emphasized at these meetings is the membership to the Delaware State Milk Producers' Association and the Interstate Milk Producers' Association. Representatives from both Associations will be present and farmers will be shown how it will be to their advantage to be a member of one of these Associations. The Association to which a farmer becomes a member will be determined by the city to which he ships his milk. The farmers of the county have come to realize that if they are to receive a price for their milk whereby they can make a reasonable profit, it will be necessary for them to cooperate and state to the dealer what this price shall be, rather than the dealer dictating the price to the farmer. The representatives from the two Milk Producers' Associations will be present by request of the farmers. Every farmer in the county knows more or less the workings of these Associations, but they have requested that a competent man represent the Association at these meetings and present their proposition. There is no doubt that the farmers would

profit by becoming members of one of these Associations.

The schedule of meetings follows: Middletown, Brady's Milk Station, Monday, July 8, at 8:30 a. m.; Kirkwood, Milk Station, Wednesday, July 10, at 9 a. m.; Townsend, School House, Wednesday, July 10, at 8 p. m.; Newport, Paul Woodward Farm, Thursday, July 11, at 2 p. m.; Mt. Pleasant, Milk Station, Tuesday, July 9, at 8:30 a. m.; Hockessin, John Mitchell Farm, Wednesday, July 10, 1:30 p. m.; Newark, Milk Station, Thursday, July 11, at 8 a. m.; Talleyville, H. C. Passmore Farm, Friday, July 12, at 1:30 p. m.

### LINA CAVALIERI'S ROMANTIC LIFE STORY

Actress to Appear in Pictures  
at Opera House

Born in Rome, Italy, Lina Cavallieri for several years of her childhood romped among the barefooted peasant children of that city or played along its historic Vias. Her parents were humble Italians, poor but industrious, and her earliest memories are of a flower-filled cottage where her mother used to sing at her work and her father would come home with his hands filled with goodies for "the bambina."

It is not true that Lina Cavallieri sold flowers in the Piazza Colonna, for there was no need with a stalwart father to stand off the wolf from the door. Not that she would mind admitting it if it were true, for Cavallieri is, in spite of all the tragic and romantic episodes of her eventful life, simple and kind at heart.

Lina used to sing at her work and play, inheriting the habit from her beautiful mother who possessed a charming although untrained voice. One day she attracted the attention of a maestro—conductor of a small music hall. As her father had died, leaving his little family penniless, Lina was glad to accept the maestro's offer of a position with a very small remuneration. They paid her about sixty cents a performance, which at the time she thought too much, but refrained from protesting for her mother's sake.

Later she got another position from a rival music hall at a dollar a night and from then on, step by step, she rose until she became a favorite at the Roman "Eden" near the Ponte Garibaldi. Here she was paid the princely sum of twenty dollars a week.

At last Lina, la bella, drifted to Paris, the Mecca of all music hall singers where she soon became a celebrity getting ten thousand francs (about two thousand dollars) a month at the Folies Bergere. Not yet satisfied, she went on a tour of Europe, during the course of which she met Tetrazini and the tenor Marconi who told her that she ought to study for the opera.

For nine months or so she worked under the tuition of Mariani, making her operatic debut at Naples in "La Boheme." From there she toured all of Italy and later created the role of Thais at Milan, which some two years ago she sang (in French) at the Grand Opera House in Paris. That was just after her first season at the Metropolitan Opera House, New York, and the year after she took London by storm.

Madame Cavallieri has appeared in films occasionally, mostly for Italian companies, but her debut in Paramount pictures will be shown at the Opera House on Saturday 13th, when she will be seen in "The Eternal Temptress."—Adv.

### What the Department of Agriculture is Doing

#### Nearly 20,000,000 Food Leaflets Distributed

Nearly 20,000,000 United States Food Leaflets, carrying the message of war-time food saving, briefly told, have been distributed by the United States Department of Agriculture during the last six months. The actual count to May 15 shows that 18,321,340 leaflets have been distributed chiefly through organizations and by demonstrators who come in direct contact with individuals and communities where practical demonstrations, carrying out the suggestions made in the leaflets have been given in homes, schools, war kitchens and before women's and girls' clubs in rural and urban districts, farm bureaus, and so on. They have also been distributed through public libraries. Manufacturers and other dealers have purchased them in large quantities for distribution among their employees or customers. They have been translated in foreign languages and distributed among foreign-speaking people in many States. The leaflets were prepared by specialists of the Department of Agriculture and the Food Administration, and the latter also has distributed many millions of them.

#### Solving Illinois' Farm-Labor Problem

Illinois has enlisted more than 50,000 men from stores, banks, offices and non-essential industries to insure the harvesting of big war crops. These workers are expected to do much in solving the Illinois problem of producing 11,000,000 acres of corn and at the same time, harvesting 2,000,000 acres of wheat, 5,000,000 acres of oats, 3,000,000 acres of hay and large acreages of truck, fruit and other crops. The United States Department of Agriculture, working with the labor division of the Illinois Council of Defense and through county agents, county farm bureaus and business men's organizations throughout the State, has aimed to make sure that there will be no loss whatever in one of the largest plantings in Illinois' history.

#### Farm Tractors Relieve Labor Situation

Farm tractors are playing an important part in relieving the labor situation on the farms, farm labor specialists of the United States Department of Agriculture say. In Pennsylvania more than 2,300 tractors are in use. Through the Public Safety Commission tractors have been bought and are equipped with an operator and mechanic, and placed in communities. The farmers guarantee a reasonable acreage for plowing and pay from \$3.50 to \$5 an acre for the breaking of the land. This cooperation, according to the farm labor specialists, has meant much to small farmers who are unable to purchase tractors for their individual use. It also saves them the large amount of time and labor required in breaking land which is the slowest and most expensive operation on the farm.

#### Women as Assistants in Federal Meat Inspection

Inspectors in charge of meat inspection have been authorized by the Bureau of Animal Industry, United States Department of Agriculture, to select women as "assistants in meat inspection" at all stations where men are not available and it is possible to utilize the services of women. Because of war conditions the bureau is experiencing difficulty in obtaining inspectors and at a men as lay inspectors and a number of the larger stations women already have been employed as assistants. "It has been demonstrated," says a Bureau of Animal Industry statement, "that they are able to do efficient work in supervising the shipment and the receipt of products, labeling, branding, assisting in the sausage, canning and other similar duties."

### Work to Control Sweet-Potato Weevil

A force of experts to investigate the sweet-potato weevil, work toward its control and if possible its eradication, has been organized by the Bureau of Entomology, United States Department of Agriculture. Field workers and inspectors, to act in cooperation with state forces, have been placed in Florida, Georgia, Alabama, Louisiana, Mississippi, and Texas.

### Live Stock Associations Listed

A list of 340 National and State live-stock and poultry associations with the names of the president and secretary and their addresses has been compiled by the Bureau of Animal Industry of the United States Department of Agriculture and published as Yearbook Separate No. 742. During the last few years numerous requests from many sources have been received by the Bureau for lists of National and State organizations. This publication has been issued to furnish

such information. It will be sent free on request.

**Save and Sell Straw**  
Keep fire away from straw stacks and sell the straw for the use of the Army is the advice of the grain and hay marketing specialists of the Bureau of Markets, who point out the wastefulness of burning it, especially in view of the demand for it at the many Army camps. It is suggested that all straw be baled as soon after thrashing as possible. If assistance in marketing straw is needed, the grain and hay reporting service of the Bureau of Markets is ready to help.

**Pure Bred Calves****Distributed**

The Farmers' Trust Company of Newark, in cooperation with the Extension Department of Delaware College distributed at cost yesterday afternoon a car-load of pure-bred registered calves among the thirty-eight members of the Boys' and Girls' Pure Bred Dairy Cattle Club of New Castle County. A crowd of representative farmers witnessed the distribution and enjoyed the thrills of chance with the junior farmers as they cast lots for the calves they personally desired to possess. Several farmers had expected to purchase some of the calves in the event that the boys and girls should not take them, but they were disappointed in this respect, for every club member secured a calf. These calves will be fed and cared for under the direction of County Agricultural Agent, R. O. Bausman, and the Boys' and Girls' Club Department of Delaware College.

Thirty-five of the calves are Holsteins that were secured, from Livingston County, Michigan. Three of the calves are Guernseys—two of which were supplied by W. W. Blake Arkcoll, manager of the Bredablik Farm, the other was

secured by Dean H. Hayward of Delaware College for his daughter. The following members belong to the Calf Club:

**Wait**  
**Until the "Number" Answers**  
**or the Operator Reports**

**ONE** of the things that causes telephone congestion is the practice of abandoning calls. Very often a subscriber will call a number and if he doesn't get an almost instantaneous connection will hang up and try again later. He feels that minutes have elapsed while, in reality, it has been but a matter of seconds.

This hanging up of your telephone receiver means that your time, and the time and labor of the operator, has been wasted and the whole operation repeated later; then again if the called party comes on the line the operator must answer: "Party's gone" or "Excuse it, please."

Please remain at your telephone until the called subscriber answers or the operator reports. This will mean a saving in the time and effort of the three parties to the call, and involve less use of the lines and equipment at a time when the Telephone Company is striving to avoid unnecessary service congestion, when all its facilities are directed to the task of meeting the increasing general needs of the country.
