Dear Jimmy -

Mervin & I were here from Dec. 20 to Jan 2 when we returned to the City as I had to have my shots for Malaria fever yesterday. We intended to remain in Mexico City for the week end but it was so cold, and our little house would not warm up with electric heaters, so we returned to Cuernavaca last evening where we have a fireplace in my room. We have had the coldest weather I have ever known in Mexico - it is really cold in Cuernavaca. We have had 9° below zero in Mexico City and Cuernavaca several nights. There are real norches in the gulf and on the Pacific side. It can't last many days longer.

We had a nice Xmas. We had the

Motors + Bollendergers + Katz
and Ellis here for almost two
weeks. on Xmas night we had
a big party at the house, and
on New Years night The Cousins and
Arlingtons had a beautiful party. I didn't
go to the New Years party as I go to
bed early (about ten) these days. The
Matter fern is very weakening and I
have a bout with it every afternoon.
I feel fine in the morning and about
2 to 3 o'clock in the afternoon it starts
kicking up. I feel as tho I had a temperature
around 104 and when I take my tem-
perature it is normal or just a little
below. It is a long drawn out
treatment, and when I got my shot
in the arm yesterday - the doctor
said it would be several weeks before
I had real relief. I have talked with

Mavis Sanborn + Bill Richardson
and others who had the same
thing years ago and then it took
about 6 months or more to get relief.
The only thing I can do is to have patience.
The urinary and intestinal infection I had
are much better. How much of this
dreary recital!

Mavis + I thank you + Jane
very much for the subscription to
World Report. You should really not
do this - but we appreciate your
thought of us very much.

We are here alone this week
and, as our friends are returning
from Xmas + New Year.

Cuernavaca is growing a lot
every year. All kinds of people
coming here! Barbara Hutton is

building a home which they
may well cost a million dollars.
Lots of Mexicans are building
extravagant houses. We think to our
old friends - because that sort does not
interest us.

We have a difficult situation
at home aroused by the President's
illnesses, and the whole world picture
as well is upset by it. I keep
pretty much in touch with friends
from the North who come here for
business. We will have a hard
year during 1958.

We so often think of you all.
I was interested that you father
made a trip to Washington and I
am happy that is just as well

as he does. The years we
carry cannot be disregarded.
I hope your mother is feeling better.
Please give all at the house our
love & good wishes for the New Year. We're
& I wish for you & Juan and the
children a new year filled with all
good things. I cannot tell you how
often ~~we~~ we think of you all with
love & affection.

Benito has announced leave,
so no more for today.

All the best from us both -

Fondly

George

Thanks for your recent
letter.
