## Mr. Donald Bichert Hears and Answers Cafeteria Complaints

By CYNTHIA C. KEEN

Students — have you been complaining about the long lines at meals? Or have you been wondering why certain changes have been made in the setup of our cafeteria? Here are some answers from Mr. Donald Bichert, Director of Dormitories and Food Services.

The most pressing problem for many students is the long line, especially at lunch time. This can be alleviated in two ways. First, those students who have more than one hour for lunch can make things much easier for their fellow students by eating at perhaps 12:30 or even 1:00. Also, even those who have only one hour can come at 12:30. Since there is usually almost no line at 12:30, a good number of students could eat then and still make their 1:00's.

The line at breakfast is again a problem of everyone wanting to eat at the same time. Between 7:00 and 7:30 only 115 people are served — although 420 could be. Surely a hundred or so students could get up 10 or 15 minutes earlier and save themselves and others an early morning wait in line.

### DINNER GUARANTEED

Mr. Bichert said he believes the line at dinner is fairly well spread out, however, he would like to assure the hundred or so students it might affect, that if they aren't in line by 5:00 they will still be served. "The cafeteria will stay open as long as is necessary to feed those in line, so, as long as you come in by 6:30 you will get your dinner."

Since the lunch line is the worst problem, Mr. Bichert gave (Continued on Page 7)

## McGuire and Roe Attend West Point Student Confo

PATRICIA MCGUIRE

THOMAS ROE

## Group Meets To Consider U.S. Security Meeting Enhances Student Awareness

Pat McGuire, AS2, and Tom Roe, AS1, will attend the Student Conference on United States Affairs at West Point, New York, Nov. 30 - Dec. 3.

The theme of the 12th annual conference is the "National Security Policy of the United States." As representatives, Pat and Tom will discuss possible advances in government in the next decade. They will also participate in discussion groups on The Communist Challenge, The Atlantic Community, Les-Developed Areas, Arms Control, or Building an International Order. Dr. Ralph E. Purcell, chairman of the political science department, will serve as a discussion group leader.

Although neither Pat nor Tom is a political science major, both were encouraged by their advisors to apply. Representatives were selected on the basis of scholastic achievement, awareness of international affairs, and participation in campus activities.

Tom said that the purpose of the conference is "to acquaint students with the present problems which the United States faces as a world leader."

More than 80 American and Canadian colleges and universities will be represented. The conference has received the Freedoms Foundation Award for helping to bring about a better (Continued on Page 8)

## E 52 Theatre Offers Saving On '61 Special Season Ticket

The E 52 University Theatre at the University of Delaware has announced the sale of special season tickets for its 1960-61 season which opens an Oct. 20. Season tickets are of special interest because of the large saving involved and the entertaining program of productions scheduled.

Featured among the five plays scheduled in Mitchell Hall by the E 52 University Theatre and the University Drama Group are the popular comedy about Philadelphia's Nicholas Biddle, "The Happiest Millionaire;" Shakespeare's "Twelfth Night;" William Inge's "Dark at the Top of the Stairs;" and the riotous musical spoof of the 1920's, "The Boy Friend."

### SAVINGS OFFERED

A combination season ticket covering five plays may be obtained for \$3.50, giving the purchaser a \$5.00 saving on a pair

of tickets, or five shows for the price of three. Single admissions are \$1.50, except for the price of three. Single admissions are \$1.50, except for the musical which will cost \$2.00.

Those desiring tickets for the three plays by the E 52 University Theatre only may purchase an E 52 season ticket for \$3.50.

For the convenience of theatre-goers, an arrangement has been made for installment plan payments, one-half of the total for the first play, and the remainder at the time of the second play.

Seldom have theatre-goers in the Delaware area been offered such good entertainment at so reasonable a cost. To take advantage of this offer, season tickets should be purchased before the opening of "The Cradle Song," Thursday, October 20. Persons desiring additional information or a copy of the University Theatre calendar are invited to write to E 52 University Theatre, University of Delaware, Newark.

## Cast Rehearses Now For Next Production; Present Play Oct. 20

CRADLE SONG — The cast of Cradle Song rehearses before their first performance in Mitchell on Oct. 20, 21, 22. Pictures from left to right are Cassandra Williams, sophomore; Maddy Fetterman, junior; Sally Megonigal.

By Mike Lewis

Director Turner Edge has announced the completion of the final week of rehearsals for THE CRADLE SONG, to be performed in Mitchell Hall Oct. 20, 21 and 22.

Leads Allison Ford, the Prior-ess; Cassandra Williams, the Vice-ress; Juliet Wittman, Sister Joanna of the Cross; Kay Salvatore, Teresa and Lyn Lockhart. Mummery, the Doctor, as well as the rest of the cast, will be operating under performance conditions from the Technical Rehearsal, Oct. 16 to the final Dress Rehearsal, Wednesday, Oct. 19.

Director Turner Edge's direction, played against Tech Director and Designer Alan Bil-

lings' sets, will be most recent performance in the area since last year's television production starring Helen Hayes (Continued on Page 8)

### Chagla to Speak

His Excellency Mahomedale Currim Chagla will be the guest speaker at the Mayor's UN luncheon. The luncheon will be held on Thursday, Oct. 27 at 12 noon in the Gold Ballroom of the Hotel DuPont.

Students are being offered a special rate of \$1.50 per ticket for the affair.

Anyone interested should get in touch with Mary Ann Baukalis in 210 Cannon Hall.

## Dr. Phillips Gives Talk On Philosophy

Dr. Bernard Phillips will give a lecture on "Zen Buddhism and psychotherapy" this Monday, October 17, 8:00 p.m. in the Morgan - Vallandigham room in the Student Center. The philosophy department urges all to attend.

Dr. Phillips has just returned from Japan and a year's study with the noted Zen Master, D. T. Suzuki. A book of Suzuki's writings which Dr. Phillips edited and wrote the introduction for will appear in the spring of 1961.

This is the first of a series of lectures entitled "Philosophy and (Continued on Page 8)

## "Sadie Hawkins" Turnabout Planned by WEC Committee

Plans for South Campus Weekend were disclosed by Barbara Starzman, chairman of Women's Co-ordinating Social Committee, at the weekly meeting of Women's Executive Council, held Wednesday, Oct. 5 in the Agnew Room of the Student Center at 7 p.m.

Because of the success of Women's Weekend held every spring, WCSC, a committee of WEC, is introducing a fall weekend including just as much fun but on a less expensive scale.

South Campus Weekend will

take place on Friday and Saturday, Nov. 18 and 19. On Friday night dorm parties will be held with music provided by records. Many of the women's halls are expected to participate in joint parties, and party hopping will be encouraged. Saturday afternoon, the gals and their guys will attend the Delaware vs. Bucknell game. That evening there will be a Sadie Hawkins Dance in the Student Center. Tickets for this event will be priced at a mere \$1.25 per couple.

Regarding other business, WEC reminds students that a suggestion box is placed in the Student Center for their benefit. Use it!

Those women students who find it impossible to eat lunch on Monday, Wednesday, or Friday because the line is too long are urged to report to the head of house in their halls, writing (Continued on Page 8)

## Mortar Board, O.D.K. Sponsor Annual Leaders Conference

Mortar Board and Omicron Delta Kappa, national honor societies, are sponsoring the annual Leadership Conference which will be held this year on Oct. 27th in the Morgan-Vallandigham Room of the Student Center.

They are inviting a member other than a president from a number of organizations. The invitation will be sent to the president of each group with the request that he choose for the delegate some club member who shows a leader's qualities.

The program will begin with registration at 4:45. At 5:00 there will be a dinner, and at 6:15 they will hear a speaker, Dr. Gorham Lane of the university's psychology department. A session of informal discussion and questions will follow.

Something new is being tried this year. Instead of workshops, a leadership booklet has been compiled and will be distributed at the conference. It is hoped the delegates will find the booklet useful.

## Dr. Allen Announces Rhodes Scholarships Applications Openings

Dr. Ned B. Allen, University of Delaware representative in charge of Rhodes Scholarship information, has announced that Nov. 2, 1960, is the deadline for applications to receive awards to enter Oxford in October, 1961.

To be eligible for a Rhodes Scholarship, the candidate must be a male citizen of the United States of at least five years' permanent residence. He must be unmarried and between the ages of 18 and 24. The applicant must have at least junior standing at a recognized degree-granting college or university and receive the official endorsement of his institution.

The qualities which Cecil Rhodes specified in his will as forming the basis of selection are: literary and scholastic ability and attainments; qualities of manhood, truthfulness, courage, devotion to duty, sympathy for and protection of the weak, kindliness, unselfishness, and fellowship; exhibition of moral force of character, and of instincts to lead and to take an interest in his fellows; physical vigor, as shown by fondness for and success in sports. Some definite quality of distinction, whether in intellect or character, is

the most important requirement for a Rhodes Scholarship.

The value of a Rhodes Scholarship is \$1900 per year and appointments are made for two years with a possible third year if the scholar's record and plan of study warrant an additional award. No restriction is placed upon field of study. A candidate may apply either in the state in which he resides or in a state where he has received at least two years of his college education.

Requests for information and application forms should be directed to Dr. Allen or to Dr. Courtney Smith, president of Swarthmore College, who is American Secretary of the Rhodes Scholarships.

## Wisdom Series

Films on outstanding men will be shown every Wednesday at 3:45 and 6:45 in the Wolf Hall auditorium.

The first film, an interview was shown on Oct. 6.

Topics of conversation ranged from Carl Sandburg's views on Abraham Lincoln to his opinions on the present world situation.

## Dr. G. Godbey Closes Classes

Dr. Gordon C. Godbey, director of the university extension division, has announced that extension classes have been called off for Wednesday and Thursday nights, Oct. 19 and 20 at P.S. DuPont High School.

The cancellation is due to teachers meeting at the school scheduled for these times.

On election day, Nov. 8, all extension classes throughout the state will be suspended, except Dr. Elie A. Salem's lecture in East Hall on the Newark campus at 8 p.m.

## Religious Club Has Breakfast

The Newman Club is holding a Communion Breakfast on Sunday, Oct. 23 in the Holy Angels cafeteria.

The Most Rev. Michael W. Hyle will speak at the Communion breakfast after celebrating the nine o'clock Mass at St. John's.

Breakfast tickets costing \$1 may be obtained before Oct. 19 from the Newman Club president Marianne Quinn, AS 2, vice-president Pete Barry, AS 3, secretary Ginny Haine, HE 1, or treasurer Tom Burns, AS 2.

## Arthur Lower Speaks In First Lecture of Winterthur Series

Dr. Arthur R. M. Lower, professor of history at Queen's University, Kingston, Ont., was the first speaker in the 1960-61 Winterthur lecture series.

He spoke in Wolf Hall auditorium on Wednesday evening, Oct. 12, on the subject, "The United Empire Loyalists."

Dr. Lower has been professor of history at Queen's University since 1946 and has held the James Douglas Chair in Canadian history since 1952. He has written a vast number of books and articles, including "Colony to Nation" and "This Most Famous Stream," for which he was awarded the Governor-General's Medal in 1947 and 1955, respectively. He received the Tyrrell Medal for work in history in 1947.

A veteran of naval service in World War I, Dr. Lower also has taught at Harvard, the University of Manitoba and the University of Wisconsin, where he was visiting professor of Commonwealth History.

His recent publications include "Canada, Nation and Neighbour," "Canadians in the Making," and "Evolving Canadian Federalism." He is a past president of the Canadian Historical Association and Section 2 of the Royal Society of Canada.

### NOTICE

Jewish Sabbath Services Friday, Oct. 14 at 7:30 p.m. Hill Room, Newark.

## IFC Workshop Hears Bradley

Tomorrow the Inter-Fraternity Council is holding a "scholarship workshop," designed to raise the fraternities' indexes.

Dr. Bradley, professor at the University of Richmond and Theta Chi National Scholarship Chairman, will speak to those attending the workshop. After this speech the meeting will break up into three discussion groups.

Invited to attend this workshop are the presidents, scholarship chairmen, and I.F.C. representatives of each fraternity; Dr. Pemberton, dean of the school of education; Dean Hardy, assistant dean of students; John E. Hocutt, dean of students; and Mr. Acuna, I.F.C. advisor.

The I.F.C. officers for this year are president, Donald Corkran, EG 2; vice president, Peter Hoffmaier, AS1; secretary John MacDonald, AS1; and treasurer David Fromme, EG 2.

**NAME:** John Hulse **AGE:** 27 **MAJOR:** Bus. Adm.

**PRESENT JOB:** Telephone Manager, Sioux City, Iowa

When John Hulse was a senior at the U. of South Dakota, he had his own set of "do's" and "don'ts." *Don't* become a mere cipher on somebody's payroll. *Don't* sit on the shelf waiting for your first taste of responsibility. *Do* get a job where you have a chance to show your stuff right from the start. *Do* the job.

John knew his B.S. in Business Administration could lead him into almost any field. He chose the telephone business and joined Northwestern Bell.

One of his first assignments: streamlining operating procedures for the telephone offices of Iowa's five largest cities. In this work John showed good judgment and sound organizing ability.

Today he is Telephone Manager of Sioux City, Iowa.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President  
American Telephone & Telegraph Co.

Besides managing day-to-day operations, helping plan tomorrow's telephone growth is an important part of John's job. A typical example is the work he does with the Sioux City Industrial Development Association. In this role, he's the answer man on projecting, planning and supplying the communications needs of new industry. He's shown above with Bob Sweeney, manager of the Sioux City Chamber of Commerce.

"You must always be thinking of the future in this business," John says. "We have to stay ahead. I think a man who has something to offer this outfit won't have a minute's worry about what it can do for him."

If you're a capable guy—looking for an action job with rapid rewards for the man who can handle it—you'll want to visit your Placement Office for literature and additional information.

BELL TELEPHONE COMPANIES

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt...and with the air and space vehicles of the future. Someone must chart its course. Someone must navigate it.

For certain young men this presents a career of real executive opportunity. Here, perhaps you will have the chance to master a profession full of meaning, excitement and rewards...as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant...and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

# Theta Chi, Sharp Hall Take Winning Prizes In Float Competition

Sharp Hall and Theta Chi topped first places in the Homecoming Float competition on Saturday, Oct. 8. The winners were announced during the half-time ceremonies of the Delaware-Lafayette football game. Each living group received \$25 and a trophy.

Sypherd Hall and Cannon Hall took second and third places respectively in the dormitory division. Delta Tau Delta received second place and Phi Kappa Tau took third place in the fraternity division. Second place winners received \$15 and third place winners received \$10.

Theta Chi welcomed the alumni "Home" to the Deer Park Hotel. The Deer Park miniature featured a motorized belt with moving figures emerging from the Park door. Members of the fraternity dressed as waiters and passed punch to the spectators as the float passed down South College Avenue.

"It's so easy when you use Jostoil" was the slogan of the Sharp Hall winners. A fighting Blue Hen cleaned up a prostrate Leopard with a Jostoil filled eye dropper.

The floats were judged by alumni, Mary Jane Guenver Cox, Baudey Grier; faculty, Miss Eva

J. McCreary, Dr. J. Fenton Dougherty; merchants, Herbert Grund, Jack Handloff.

## Registrants At All Time High

Robert Gebhardtshauer, assistant director of admissions and records has announced that a record number of students are under instruction by University faculty in 1960-61.

Late registrations concluded Saturday have brought the university's undergraduate body to 2,786, the graduate enrollment to 1,087 and the extension totals to 1,956.

University officials report that both the undergraduate and graduate totals are the highest in the university's history and that the rate of growth exceeds the predictions of a long range study completed several years ago.

Sign of the times on the campus is the congestion on walks during the intervals between classes. The university's maintenance staff already is planning to widen some of the major student thoroughfares.

## Dr. E. Erdelyi Comes To Staff

Dr. Edward A. Erdelyi, H. Rodney Sharp professor of electrical engineering at the university has been elected a Fellow in the American Institute of Electrical Engineers.

Fellows are chosen on the basis of important contributions to the engineering profession. Dr. Erdelyi was cited especially for "contributions to the theory of noise in electric machinery."

Dr. Erdelyi, who came to the university from Syracuse University, has had a varied career in industry and engineering education which has brought him international recognition. A native of Czechoslovakia, where he was an honor graduate of the Czech Technical University and the German Technical University of Brno, he received his Ph.D. in electrical engineering from the University of Michigan in 1955.

During World War II he made significant contributions to the analysis and development of electrical systems for large aircraft. Upon coming to the United States, he taught at Newark College of Engineering, the University of Missouri, Washington University of St. Louis and Detroit University. Later he was employed as an engineer with General Electric.

He has written many technical papers, especially in the areas of his special interest, motors and generators.

## Nagurski Discusses "Zhivago" For Group Of Cafe Intellectuals

By MARGE BARBALICH

The informal atmosphere drifted through the cigarette smoke and steam from the coffee, to find expression in the varied viewpoints of the "Cafe Intellectuals."

The scene was the small cafeteria in the Student Center. The time was 8 p.m. Sunday evening. Rows of tables were arranged to create two discussion groups, as professors, graduate students, and a small number of undergraduate students listened to lectures by two members of the university staff on two current literary works.

At the head of the first speaker's table, Miss Irene Nagurski commented on the various purposes of the much debated novel, "Dr. Zhivago" by Boris Pasternak.

Miss Nagurski began her lecture with a resume of Pasternak's biography and the conditions which influenced his novel. Coming from a cultural family, Boris could neither follow his mother's footsteps in the field of music, nor his father's career in art. At the age of twenty-two, Pasternak published his first volume of verse and from then on, concentrated on this field.

During the 1930's and 1940's, he had nothing published because of the disfavor he gained by refusing to propagandize his material. In 1954, a publisher smuggled a Russian manuscript of Pasternak's masterpiece, "Dr. Zhivago," out of the Soviet Union, and published it in translation.

Miss Nagurski went on to describe the background of the novel and various connotations in the meanings of some of the Russian names and inserted Russian words.

The meaning of the poetry section at the conclusion of the novel, and the central theme of the work were then opened to discussion with varying viewpoints welcomed. In this manner, each member of the group was able to compare his interpretation with those of the others.

In the far corner, Dr. Robert F. Jackson presented a similar lecture on "Strangers and Brothers" by C. P. Snow.

Because of the continued interest in the discussion, the session extended until 10 o'clock. It terminated with an invitation to everyone interested to attend the "Cafe" next Sunday evening when Dr. Frederic C. St. Aubyn will discuss "The Stranger" by Albert Camus, and Dr. George H.

Henry, will present comments on "The Deadly Game" by Friedrich Duerrematt. The session will be held in the small cafeteria of the Student Center at 8 p. m.

## Seniors Must Secure Forms Before Nov. 26

The Placement Office has received information from the National Security Agency that it's Professional Qualification Test for seniors majoring in Liberal Arts subjects will be given on the university of Delaware campus December 3 and all applications must be forwarded by November 26.

Copies of the Bulletin of Information and application forms may be obtained from the Placement Office.

Students interested in employment with the National Security Agency, upon graduation must qualify in this examination to be considered and interviewed by the Agency when it's representative visits our campus in the spring.

Mathematicians, Physicists or Engineers do not have to take the examination. They may sign up for interviews in the spring as they desire.

All applicants must be native born United States citizens of unquestioned loyalty and character and in good health.

## Semester Payment

Any student who have chosen to pay their first semester bill on an installment basis are reminded that the second payment was due Oct. 10, 1960.

This payment is 25% of the total charges.

Any student who fails to pay this payment within ten days after the above date, is subject to being dropped from the University.

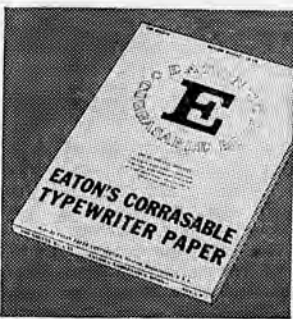

To err is human...  
to erase, divine with

## Engineer Tells Of Thin Shells In Brown Lab

Charles A. Keelen, structural engineer for the Portland Cement Association, delivered the second of nine lectures on thin shell concrete structures Monday, Oct. 10 at 7:30 p. m. in the Brown Laboratory auditorium.

Mr. Keelen, whose headquarters is in Pittsburgh, spoke on "Basic Concepts of Shell Design and Simply Supported Single Barrel Shells."

Mr. Keelen, a graduate of the Carnegie Institute of Technology, has been associated with PCA since 1941 and has presented lectures on prestressed concrete and concrete shell roof designs at several Eastern colleges and universities.

The seven lectures remaining in the series will be offered on succeeding Monday evenings through November 28.

when choosing and supplementing ones wardrobe, great care should be taken in the selection and fitting of the garment. at Roger Stuart these two criteria are given the utmost attention. the fit is impeccable from the break in the trousers to the proper contour of the collar. the selection, whether it be suits, sport coats, sport and dress shirts or knox hats, is in the finest traditional taste.

## Dateline

Since the Review goes to press early Tuesday morning, articles must be in the Review office by Monday night. Special exceptions are made for emergency news items which are late but which cannot be held until the next week.

The structure of our paper permits us to print either four, eight, 12, 16 etc. pages each week. There is a considerable difference in the amount of copy needed for each size paper. We must judge the number of pages which we plan to have on a particular week on Monday night. Therefore it is important that we have all articles on Monday night when we decide the size of our paper.

If we do not have enough news to fill a 12 page paper, yet more than is necessary for an eight page paper some stories must be eliminated in order to cut to the desired page number.

When cutting stories we first eliminate any story which could be used the following week. After doing this, if we still have too much copy, we must cut some "must run" material. Naturally if a story is late we would probably eliminate this first.

We strongly suggest that every campus organization appoint a publicity director. This person should be responsible for submitting all organization news to the paper by the deadline. Since our staff cannot, because of its size, cover the news of every organization at all times, this system would insure better campus news coverage.

We also urge department heads, individual faculty members, administrators and students to contact us concerning any thing which they feel newsworthy. They may contact us through campus mail, messages left at the office on the second floor of the Student Center, personal contact with staff member.

We aim to include all news of the campus in this weekly paper. Through our Review reporters we try to cover all newsworthy items. However, we know that it is impossible for us to cover all items. Therefore we urge you to take part as a reporter.

## 105 Occupants In Smyth Hall Share a Phone

By VIRGINIA ZEC

You say you have problems, Mr. Typical Young Delaware Student? You say you stayed up all of last night studying for this morning's English hourly and flunked it anyway? Well, that's the way the cookie crumbles. You say you spent all of next month's allowances last month and you've overdrawn your bank account again? — Don't worry about it — the government is in a similar fix. You say you've been trying to call your girl every five minutes for the past three hours and every time you dial the number, the line is busy? You say she lives on the fourth floor of Smyth Hall? Say no more, friend! Your problem is a common one.

You see, unfortunately, buddy, your girl owns only 1-105 of that phone. And, although the ten minute limit is strictly enforced, if all of the girls on the third and fourth floors of Smyth who use the third floor telephone, a grand total of one hundred and five in all, expect to spend ten minutes every evening talking to their fellows — someone is going to be disappointed.

The same holds true for the second floor girl, who has a 1-88 interest in her telephone, and the first floor girl who claims a 1-62 interest in her phone, or the basement gal who is somewhat better off with her 1-48 of the phone. The situation is about the same in many of the other women's dorms. Our communication system is practically nil.

Well, Mr. Typical Young Delaware Student, don't just sit there in that stuffy little phone booth — get out and do something! A major crisis is at hand! Students, unite! A solution must be found! Incidentally, did I tell you that my father is a walkie-talkie manufacturer?

## Letters to Editor

To the Upperclassmen,  
LOST, Lost, Lost

Will somebody please help us!!! I have been at the university for three weeks. And I am sure I have lost something which I will never have the chance to find again.

Come to think of it, I never lost it because I never had it. But everybody told me that I would find it at college.

DO YOU KNOW WHAT I AM TALKING ABOUT? 1,000 of my fellow University freshmen know what I am talking about.

Lost by the Class of 1964  
1. Freshman Tradition  
2. Collegiate Enthusiasm  
3. A chance to build class spirit.

4. An overall letdown by the upperclassmen

What's Freshman tradition? What's Freshman initiation? How is a Freshman suppose to act? I wish somebody had shown us. I am afraid that we lost it. We lost the beginning of college.

Thank you very much,  
Philip G. Houghton,  
Class of 1964

To the Editor,

We are wondering if you have any suggestions as to how to solve the following problem.

We realize that it is a nationwide problem of crowded conditions in universities; however, we do feel that there is one problem which can be solved with little difficulty.

It may sound trivial to others, but it is an extreme inconvenience to those who must live with it. To be specific, there are 103 girls on the third and fourth floors of Smyth Hall who must all use one phone.

As each girl is entitled to ten minutes usage of the phone, it is virtually impossible to make or to receive calls. We have inquired as to the possibility of getting another phone and have been told that the telephone company will not install additional phones because there are (Continued on Page 5)

## Keeper of the Flame

By BILL HAYDENS

Saturday, October 8 — This column will more than likely make me the most unpopular person on campus, but I have a few words to say about today's football game.

First, let me say that I am not, nor do I pretend to be, a sports expert. My views are merely those of a spectator.

Today, the University of Delaware football team made history. It is the first time in 23 years that they have lost three games in a row. It is the first time they have lost a Homecoming game.

Why? This year, we have one of the best drilled and coached teams in the country. Admiral Dave Nelson is one of the best (if not the best) coaches in the country. We have the best defensive (note I did not say offensive) teams in the East.

Then why do we lose?

First, the other teams seem to have been able to open holes in our offensive line. Second, we have great passers (Gary Hebert a prime example), but we lack competent receivers. Third, the other coaches are beating Dave Nelson at his own game.

Nelson was one of the coaches who fought hard and heavy to pass the ruling on two-point conversions. Guess what rule has hurt the Hens most? Other coaches have studied, used and adapted Nelson's style of playing, and worked up a number of counterplays to combat it.

What the Delaware team really seems to be lacking is that spark, that certain something, that spells (in great big capital letters) (Continued on Page 5)

## Dr. and Mrs. Allen Take Trip Around the World for A Year

Dr. Ned Allen, professor of English, and his wife Mrs. Margaret Allen, assistant art professor, spent the last year on a trip around the world. Dr. Allen lectured on English Literature to graduate students at the University in Agra, India on a Fulbright Scholarship, while Mrs. Allen photographed Indian architecture to use in her courses here.

The Allens left here June of 1959 and spent two months traveling through Europe and the Middle East before going to India.

"Indian people were varied as are most peoples, but they lived under unbelievable poverty," said Mrs. Allen. "The standard

of living is so low that the population increases at a faster rate than does the living standard. Haircuts were 10 cents, including tip. Shirts could be laundered and pressed for 3 cents."

The school at which Dr. Allen taught was of the British type. A student is instructed for three years and then given an examination on all three years' work. There are no tests before the exam.

On the way back the Allens stopped for seven weeks in Japan.

## Laundry Day Challenge To The Freshmen

By DAVID DUPREE

"I want my mommy!"

This, the laundryroom's universal sob, is uttered by the unsuspecting freshmen on their first trip to the washing machine.

This trip usually takes place after all the new clothes get shown off to the opposite sex and are accumulated in a back corner of the closet. The fatal step is made in desperation not desire.

On that ill-fated day, the reluctant frosh enfolds his accumulated duds and trudges to the laundryroom. There, with other unfortunate freshmen, he is confronted by a smiling quarter-gulping cheerfully sloshing mess.

During the wait for the machine, talk runs rampant, "What do I do?"

Then comes the big moment, the machine stops and waits in challenge.

The clothes go in, the soap goes in and in goes a quarter. Out come tangled clothes, preceded by billows of soap suds and no quarter.

The dryer comes next and with it another wait. At the conclusion of this period, a fiendish little bell falsely announces, "How dry I am."

Soon yater, after several more false alarms, the clothes come out still slightly moist and still more tangled.

Then comes the stark realization that clothes don't tumble from the dryer fully pressed, and: "I want my Mommy!"

## Parachuting Is Quickly Rising

On Tuesday, Oct. 18, at 7:30 in the M. & V. room of the Student Center a meeting will be held to inform people of the new sport of parachuting.

In the last year several members of our university have joined the Delaware Parachute Club. This club does most of its jumping at Baker's Air Field on Route 896, just south of the C&D Canal.

Parachuting is spreading rapidly in this country. The sport of parachuting appeals to people of college age particularly and for this reason many clubs have sprung up at colleges across our nation. Anyone who is interested in trying this sport or just watching it is invited to attend the meeting on Tuesday evening.

## EMPLOYMENT INTERVIEW CALENDAR

Week of October 24, 1960

Following is a list of the companies that will send representatives to interview students in the Placement Office, 14 West Main Street. Please check your department bulletin boards for details.

Monday, Oct. 24 — Standard Oil of Ohio

Tuesday, Oct. 25 — Group Meeting for Shawinigan Resins, 4:00 p.m. McLane Room, Student Center.

Wed., Oct. 26 — Shawinigan Resins Corp. United States Rubber Co.

Friday, Oct. 28 — Sun Oil Company.

## Dateline . . .

By Barb Heimann

Hi, collegiates!

In case any of you are wondering about the frequency of the Dateline, it will appear every other week in The Review. Usually there isn't enough news to warrant the column every week. I'd like to thank those who have left information for me on the bulletin board opposite The Review Office on the Student Center's second floor. I hope to find other good news there this week.

The following is for senior girls—those who have recently been married, and those who will be married before commencement; if any of you would like your new name to appear in the 1961 Blue Hen, please notify Toni Heeson, room 7, Cannon Hall. Let her know exactly how you'd like your name to be in print. Thanks.

Now let's get down to our social news. Recent pinnings on campus include Nancy Coale, '63 to Lee Stetson, '63 Sigma Nu; John Strode, '63 Sigma Nu to Carol Offner of Glassboro State Teachers College in New Jersey; Barbara Bitting, '62 to Jim Gorman of West Point; Betty Howe, '62 to Tom Schonauer, '62 Sigma Phi Epsilon; Tina Fortunato, '62 to Tom Polozzi, Tau Kappa Beta at Monmouth College; Laura Lee Meakin, '61 to Richard Elsworth, U. S. Naval Academy; Ginny Carswell to Ken Cestari, Sigma Alpha Epsilon, graduate at Columbia University; and Carlene List, '61 to Wayne Smith '60 Sigma Nu graduate. Best wishes!

Engagements have been announced for Pat Hayes, '63 and Wayne Tatman, '61 Kappa Alpha; Carol Wallwork, '63 and Tom Morse, a student at McGill University in Montreal; Ruth Ann Follett, '62 and Jack Terres, a '58 Delta Tau Delta graduate; and Joe Balaban, '61 Alpha Phi Omega and Judy Tragerman, a sophomore at State College of Education, New Paltz, New York. Wedding bells recently rang for Colette Behlke, of Wilmington and Johnny Watson of Sigma Phi Epsilon. Congratulations to all of you.

While glancing through the Wilmington evening paper last week, I came across a picture of Helen Poore, '61, on the sports page. For those of you who missed it, Helen . . . is the Journal-Every Evening entrant in competition to crown the queen of January's National Motorboat Show in New York City. Helen told me that she doesn't know exactly when the crowning will take place, but will keep me informed, after which I'll pass on the news.

Just a word about last week's Homecoming before closing. Although the football game itself was a disappointment, the halftime ceremonies were very impressive, as usual. Congratulations to all the girls who ran for queen, and especially to the runners-up, Nancy and Gail, and to Queen Robin.

Remember to let me have your new news.

'Til the next column.

Bre

# Men's, Women's Dormitories Choose Chairmen, Officers

This story, listing the officers of the men's and women's dormitory, is continued from last week.

Elections for various dormitory offices were recently held in the women's dorms. Several offices, including Honor Court Representative, Head of House, and Social Chairman, were filled at the close of the spring semester. Results of the balloting for other offices follows.

**Cannon Hall:** head of house, Lorraine Millelot, senior in education; assistant head of house, Carol Sinn, junior in education; honor court representative, Ann Simpson, junior in education; honor committee members, Judy Lynch, senior in arts and sciences; Carole Wagner, junior in home economics; Nancy Beane, sophomore in home economics; Mary Nold, freshman in arts and science; social chairman, Pam Foster, junior in arts and science; scholarship chairman, Harriet Ward, senior in home economics; treasurer, Shani Weaver, junior in arts and science; secretary, Cindy Ness, junior in arts and science; house manager, Susan Myer, sophomore in home economics; safety chairman, Barbara Stender, junior in home economics; late duty chairman, Pat Malek, sophomore in home economics; WAA representative, Alice Hale, junior in arts and science; SGA representative, Anne Tatnall, senior in arts and science; freshman representative, Nina Lou Ringler.

**Kent Hall:** head of house, Carlene List, senior in education; assistant head of house, Pat Wightman, junior in arts and science; honor court representative, Judy Lewett; social chairman, Paula Batchelder, sophomore in home economics; scholarship chairman, Beverly Pepper, sophomore in home economics; treasurer, Sandra Salzenberg, sophomore in arts and science; secretary, Trudy Springer, sophomore in arts and science and Karen Wilhelm, sophomore in home economics; house manager, Patty Dutton; safety chairman, Florence Helfrecht, sophomore in arts and science; late duty chairman, Jerry Gray, junior in education; WAA representative, Beverly Wilde, sophomore in education; SGA representative, Barbara Miller, freshman in education.

**New Castle Hall:** head of house, Sandra Williams, sophomore in education; assistant head of house, Linda Scatton, sophomore in arts and science; honor court representative, Pat Woodruff, sophomore in education; honor committee members, Phyllis Connolly, freshman, Catherine Crowe, sophomore in arts and science; Sallie Evans, junior in education, Linda Boardman, sophomore in home economics; scholarship chairman, Ann Milbury, sophomore in arts and science; treasurer, Judith Wolfard, sophomore in arts and science; secretary, Marilyn Hessian, junior in arts and science; house manager, Jeanette Leininger, junior in education; safety chairman, Alice Rittenhouse, freshman; late duty chairman, Marcia Post, freshman; WAA Representative, Janet Tush, sophomore in arts and science; SGA representative, Bonnie Arthur, sophomore in arts and science; freshman representative, Joyce Ryan.

**Smyth Hall:** co-ordinating head of house, Roberta A. Phillips, junior in arts and science; co-ordinating social chairman, Candy Rose, junior in education; honor court representative, Ginger Greene, senior in arts and science. **Unit A officers:** head of house, Bonnie Milspaw, junior in home economics; assistant head of house, Nancy Kamery, junior in arts and science; honor committee members, Ann Koontz, junior in arts and science; Pam Stavrou, sophomore in education; social chairman, Jane Barker, sophomore in education; scholarship chairman, Ann Omwake, junior in arts and science; treasurer, Pearl Winter, sophomore in education; secretary, Sheila Lamberton, sophomore in education; house manager, Gwen Wright, freshman; safety chairman, Sheila Gast, sophomore in education; late duty chairman, Carol Oliver, sophomore in education; WAA representatives, Sally Cordrey, sophomore in arts and science; SGA representative, Kay Ellis, junior in education;

freshman representative, Ellen Robinson.

**Smyth B:** head of house, Lois Johnson, junior in education; assistant head of house, Janice Crain, junior in education; honor committee members; Liz Mitchell, sophomore in arts and science; Sandy Preston, freshman; social chairman, Anita Cicone, sophomore in arts and science scholarship chairman, Erleen Nelson, sophomore in arts and science; treasurer, Mary Byington, junior in arts and science; secretary, Ann Bunting, junior in education; house manager, Janice Wilson, junior in home economics; safety chairman, Dot Wilson, sophomore in education; late duty chairman, Connie Ogg, sophomore in arts and science; WAA representative, Marge Adams, sophomore in education; SGA representative, Fran Whitaker, sophomore in home economics; freshman representative, Beverly Jones.

(Continued Next Week)

## Venture to be Redone in '61

Venture, the campus literary magazine, has adopted a new format for the coming year. The magazine will be redesigned to be smaller and more compact. Other major changes include additional positions, policy changes, and the return of Mr. Manheim as advisor.

Connie Parker, editor of Venture, invites all interested students to an open meeting Thursday October 20 at 4:00 in the Venture room in the Student Center.

The editorial board is looking for those students with new and creative ideas who are willing to work. A special invitation is extended to Sophomores and Freshmen who would like to work up to a staff position; emphasis is not only on those in Arts & Science, but in all schools.

Manuscripts, poetry, critiques, humor and art for the fall issue should be submitted to the VENTURE office by November 7. Work will be chosen on the basis of originality, literary value, and suitability to a college magazine.

## Cosmopolitans Gather Tonight

Students, both American and foreign, who are interested in attending the first meeting of the Cosmopolitan Club are encouraged to come tonight.

Slides of Belgium will be shown and a short discussion on Belgium will follow. Refreshments will be served and then the club will discuss and suggest plans for future programs and activities.

If there is sufficient interest, a panel program will be arranged to discuss questions that foreigners might have concerning our election system.

The panel, set up for October 28, will consist of three American student and three foreign students with a faculty member as moderator.

## Motorcade to Form

The Active Young Democrats will sponsor a motorcade to hear Senator John F. Kennedy speak at the New Castle County Airport on Sunday, October 16, at 1:30 p.m.

The motorcade will form at 12:30 p.m. at the Newark Shopping Center parking lot. Those persons wishing to drive and those needing transportation should be at the parking lot by 12 p.m. Senator Kennedy will speak at the "Operation Fire-cracker" site off Churchman's Road.

## Letters to Editor

(Continued from Page 4)

not enough calls made out for it to profit them.

Regardless of the profit consideration, we think that an additional phone is a necessity. There is already a booth on the fourth floor which could easily be used.

There are calls to be made, other than social, which we consider to be just as important and it is often impossible to make them.

After all, if the university expects to increase the enrollment, it should also expect to increase the facilities.

Thank You  
Lynn Stein and  
Lee Buckley

To the Editor:

While I agree with your main point in last week's editorial, I feel that the value of books like *The Ugly American* was underrated. The image created in the book is, essentially, true to a degree where it should be used for self-examination and evaluation.

After we have adapted foreign policy to the reality of foreign criticism, we should spread our idealism to the entire world. In conclusion, I feel we should take these works of fiction and the actual facts seriously so that we can evaluate our means to the final end—an effective system of selling the dream we Americans know as a reality.

Judy Wilder '62

## Keeper of the Flame

(Continued from Page 4)

ters) "champion." Last year's team had it, but this year's squad, as hard as they try, just don't have that spark. There are, however, occasional lapses when individual players show real pro ball quality.

Today's game, no matter what others say, was good (but not

## Juniors, Sophs Elect Officers

Jack Messman, '62, and Wayne Callaway, '63, were elected last week to fill the offices of treasurer and vice-president of their respective classes.

Messman, a chemical engineering major, is a member of Kappa Alpha Fraternity and the American Institute of Chemical Engineers. He served as a Junior Counsellor and as chairman of the Orientation Week Planning Committee. When not working in any of the above activities, Jack may be found managing the soccer team or serving on the Junior Class Steering Committee.

Callaway, a Dean's List Student, is a pre-med major. He is a member of Sigma Nu Fraternity and the track team. Wayne also worked for the Class Guide Service.

great) football. It was perhaps the best defensive ball I've seen in a long, long time.

We'll just have to wait until next year for another champion team. And we'll have that team, too. This year's squad shows a surprising amount of promise and potential.

**QUESTION OF THE WEEK:** What does Nelson do to his team during half-time? They seem like an entirely different squad during second halves.

**BITS AND PIECES:** Signs of our times: Outside the men's room in Wolf Hall . . . a signing bearing "Silence! Lecture in progress" . . . Why doesn't Congress pass a bill granting education aid to the federal government? . . . Good news for third and fourth floors, Smyth . . . tomorrow a phone is being installed in each girl's room . . . Be sure to pick up the first issue of COLLAGE at the newstand . . . very entertaining.

## Sports SLANTS

By Howard Isaacs  
Sports Editor

It is rare for anyone to question the strategy of grid coach Dave Nelson, mastermind of the formerly successful Delaware winged-T offense.

But the question arises as to why he ordered his team to punt with a minute left in the game against Lafayette, thereby eliminating any chance of victory and admitting that the game was lost.

This question becomes more to the point when one considers that Nelson is notorious for his TD conversion tactics, risking a loss in his all-out attempt to win. As reported last week, he has tried for the extra two points on every occasion but two in the last two years, rather than play it safe to tie with a one-point kick.

This call merely culminated a series of "bad breaks" and insufficient momentum that plagued the Hens all afternoon. Looking like a winning team on occasion, Delaware penetrated Leopard territory and had at least five opportunities to score. Three times Lafayette took over on downs, Delaware failing to come up with the big play. A penalty and an interception stifled the other two attacks.

Besides the advances that developed into threats, several never materialized because of fumbles. The Hens lost the ball on three occasions because of faulty handling. A fourth fumble was recovered.

In spite of this, Delaware gained more total yards than did Lafayette. Why is it that the Blue Hens match or outdistance their opponents but cannot run up a higher score? The Delaware offense doesn't seem to be able to rise to the stiffened resistance offered by the opposing defense once the Blues penetrate enemy territory.

Coach Nelson has been trying to come up with a winning combination in the line. He has been lucky to have several sophomore backs who are, at present, leading the club in rushing. This is doubly important now that the services of Dave Beinrer are lost for the remainder of the season.

Tomorrow the Hens tackle New Hampshire in an away tilt. Delaware has conquered the Wildcats seven times in a row, by such scores as 48-0, 59-6 and 50-12. The Hampshire coach has been around to absorb every one of the losses and is eying the game this year with vengeance.

The Hens need a victory badly and so does Admiral Dave. The Hen mentor lost his first Homecoming game last week since the building of Delaware Stadium in 1952. In addition he suffered his second shutout at Delaware, the first at the hands of Bowling Green in 1957.

## Nelson Develops Sophomore Talent in Rebuilding Attempt

With three straight defeats behind him and all hope of retaining the Lambert Cup and Middle Atlantic Conference titles gone, Delaware Football Coach Dave Nelson is concentrating on the development of as yet untapped talent among the sophomores in hopes of again building a championship contender in '61.

Not that he's giving up on this year — not by a long shot. Nelson is convinced that the Hens have the potential and ability to win, and there's that record of Nelson's never having had a loser in his previous nine years at the helm to think about.

### HENS HOPEFUL

With six more games to go Nelson thinks his Hens are going to give a lot of teams a lot of trouble, and he's hoping they will start this Saturday when they fly to meet the New Hampshire Wildcats at Durham. The Hens have nowhere to go but up in the rankings, and they have a tradition of never having lost to New Hampshire in seven outings to remember.

But at the same time, Nelson faces the fact that injuries to his key senior performers have hurt the Hens severely, especially when they were faced with an acute lack of depth at the outset. The loss of Halfback Dave Beinrer slowed down the ground game, and injury to End Dick Broadbent has made the passing less effective than expected.

The coaches are giving those who probably would not have started until next year, a chance to develop. Nelson last Saturday started three sophomores, two in the backfield and one on the line, and used at least six other ex-

tensively during the course of the afternoon. The sophomores already have given indication they can do the job.

### OPENINGS NOTED

There are openings for at least three new backs. Travis Cosaboom, currently the starting fullback, will graduate. Sophomore Dick Gemp is now being tried out in that position. Nelson also needs a halfback to replace Beinrer and another to use as swing man behind Junior Ken Schroeck. Tom Michaels and Ron McCoy are being used successfully in these roles, and are leading the Hens in rushing.

Defensively, Nelson has found that Karl Lorenz is particularly effective protecting against passes and punts, and he can be used on offense in the backfield.

On the line several sophomores are trying out in Broadbent's old slot. They are Dave Ennis, Tom Skidmore, and Ollie Baker.

## Maroon Placement Proves Victory Margin Over Hens

TOM MICHAELS, sophomore halfback, races around end in a conference tilt against Lafayette in Delaware's Homecoming Day game. Despite yardage picked up by the Hen backs, no scoring play could be mustered and the Leopards won on a second period field goal.

## Grid Yearlings Gain Victory; Take Opener Against Lehigh

In their first game of the season, last Friday, the freshman football team scored a 26-0 victory over Lehigh.

Although there are no official statistics recorded at a freshman football game, the facts of the game were given to the REVIEW by a reliable observer.

Delaware's frosh completely outclassed their opponents. They gained 364 yards in total offense while holding the men of Lehigh to a net of less than fifteen yards.

Mike Brown scored 181 yards of the total on 22 carries, averaging more than eight yards per carry. Brown also scored three of the Hens four touchdowns, crossing the goal line from the 2, 22, and 40 yard lines.

Pete Flink scored the other Delaware touchdown, crashing over the line from two yards out.

John Wallace kicked two extra points, bringing the score to 26-0.

Fran McCullian did the quar-

terbacking for the frosh while Brown, Saunders, Flink, Marshall, and Wallace did most of the backfield work.

The schedule:  
Oct. 21 Lafayette Away—3:00 P. M.  
Oct. 28 Bucknell Home—3:00 P. M.  
Nov. 4 Rutgers Away—11:00 A. M.  
Nov. 11 Temple Away—3:00 P. M.

## Blue Booters Top Cosmopolitans, 5-2

Avenging last years post-season loss to the Cosmopolitan club, the Blue Hen booters swept to a 5-2 victory prior to the opening of the regular season.

Rick Jones broke the ice for the varsity in the early minutes of the game, but the Cosmos rebounded with a tally by Antinio Marcel. At the end of the first quarter the Hens led, 3-0, on scoring boots by Earl Eikar and Chuck Quigley.

John Wilda and Art Haycock rounded out varsity scoring in the third and final periods respectively. Marcel accounted for the final Cosmo score.

### LOST AND FOUND

Lost: Trenchcoat; freshman; female. Will person who took my trenchcoat from cafeteria, in error, the day Donna blew, please see Jane Dyer, 114 Smyth Hall?

Your trenchcoat has an umbrella cover in pocket, my trenchcoat had red case containing rain hat in pocket.

## Sophomores Lead Blue Attack As Michaels, McCoy Set Pace

Sophomores continue to pace Delaware's running attack after three games. Tom Michaels and Ron McCoy have accounted for half of the Blue Hens' 449 yards gained on the ground.

McCoy was Delaware's leading ground-gainer last week with 53 yards as the Blue Hens went down to their third straight defeat, 3-0, at the hands of Lafayette. McCoy in 32 plays has moved to within 12 yards of Michaels' pace-setting 131 yards in 38 carries.

### HEBERT LEADS

Gary Hebert, junior quarterback, continues to do all the passing and leads the team in total offense as the Hens prepare to invade Durham, N.H., to meet New Hampshire tomorrow.

Hebert has connected on 38 per cent of his 42 aerial attempts for 208 yards, a touchdown and a conversion. His total offense average of four yards a play is tops among the regulars.

Captain Mickey Heinecken continues to lead the pass receivers with five grabs for 59

## Fumbles Stop Hen Offenses In Third Loss Delaware Leads In Offensive Statistics

By BOB LOVINGER

The Lafayette Leopards, capitalizing on a second quarter field goal and costly Blue Hen fumbles, defeated Delaware 3-0 last Saturday.

This was the third straight loss for the Hens who, until this game, had never lost a Homecoming contest under the direction of Coach Dave Nelson.

The Hens compiled a total offensive yardage of 245 yards while holding the Leopards to 179. This total came about chiefly through the efforts of Ron McCoy and Tom Michaels, both sophomores, and Ken Schroeck.

Michaels carried 11 times for a net gain of 26 yards, while McCoy netted 53 yards on 13 carries, averaging more than four yards per carry. This performance earned him the title of Sophomore of the Week, in a poll of the men in the press booth.

The statistics were very favorable to the Hens in passing Delaware's quarterback, Gary Hebert, performed well as a passer, completing seven passes in 17 attempts for a total of 96 yards while Lafayette's quarterback, Mike Dill, completed only six passes in 15 attempts for a total of 43 yards.

The Hens also outclassed the Leopards in punting. Pape Lukk, turning in a magnificent performance, averaged 44 yards per punt. Lukk's name was submitted by the sportswriters in the press booth for consideration as a lineman in the All East team of the week.

The only scoring of the game came in the second quarter, where Lafayette, after a steady ground attack moved the ball to the Delaware six yard line. Before they could mount their final offensive, they were penalized five yards for delay of the game. It was then that Walt Doleschal split the uprights on a thirty yard field goal, bringing the score to its 3-0 final.

The Hen offensive faltered several times because of fumbles or penalties. The highlight of the game occurred in the fourth quarter on a forty yard run by Schroeck and Hebert.

After the stout Hen defense forced the Leopards to quick kick, Michaels brought the ball to the 27. On the next play Schroeck

# Reburn Travels Thru U.S. As Danforth Award Winner

By KAY SMACK

Connie Reburn, H.Ec. '61, was announced last spring as the recipient of the 1960 Danforth Award. This award, which was begun in 1935 by William H. Danforth, is awarded annually to an outstanding Home Economics major from each state by the Ralston-Purina Company.

The purpose of this award is "To help students make decisions — to enlarge their horizons — to broaden their contacts . . ." Stressed at the fellowship is the Four Fold way of living — "Stand tall, think tall, smile tall, live tall" which covers the physical, mental, social, and religious phases of life.

On July 17, Connie, whose field is clothing and textiles, flew from Philadelphia to St. Louis, Mo., where she spent two weeks at Washington University.

Her first two days were spent at the Ralston-Purina Research Farm, where she and 48 other recipients of the Fellowship were shown how the company develops new products and feeds and how they are tested. Here they were given lectures on nutrition and saw home economists in test kitchens developing new recipes.

## ST. LOUIS STAY

During their St. Louis stay, the girls witnessed wholesale produce buying and distribution at the St. Louis Produce Market and also the Merchant's Exchange, the commodities exchange which works like the stock market.

At Stix, Baer, and Fuller Department Store, the girls were given a tour of the cafeteria, kitchen, and candy kitchen, as well as a fashion show previewing the fall styles. A talk on the home economists' place in retailing home furnishings was also presented.

The girls were also afforded a visit to Welek Fabrics, world noted for their fabrics.

## ADVERTISING FIELD

The Gardner Advertising Agency provided a day to view the advertising field. Here the girls saw a TV ad made from beginning to end and also visited the Home Economics Department whose job it is to set up backgrounds for ads and to make new recipes for the products.

At the Proctor and Gamble Company, they saw soap and

detergents being made. It is the job of the home economist in this company to interpret the needs of the nation to the company, to develop instructions for the products, and to work on promotion.

The trip included fun and entertainment as well as tours and instruction. At the St. Louis Municipal Opera, the girls saw two operettas — "Tom Sawyer" and "Rosalie." They also enjoyed a trip to the St. Louis Zoo as well as the Cardinal vs. Pirates game.

## CHURCH VISIT

Sunday included a morning visit to Mr. Danforth's Pilgrim Congregational Church which contains a chapel donated by him. The stay in St. Louis was ended with a banquet in the Caesar Room of the Ambassador Kingsway Hotel.

From Chicago the girls traveled by train and clipper ship to Muskegon, Michigan. The next two weeks were spent at Camp Miniwanka — an inter-denominational religious leadership camp-one of whose founders was Mr. Danforth. At the camp classes were given in various religious subjects such as: God in the Bible, achieving religious maturity, problems of modern faith, and religious horizons.

Connie feels that this trip provided her an insight to her profession and also a chance to profit from the ambitions and experiences of the other girls who shared her award.

# Dean Ayers Names Top Home Ec Majors Distinguished Students

Seven Delaware students majoring in home economics have been cited for outstanding accomplishments in their respective fields by Dr. Irma Ayers, dean of the school.

Named "Distinguished Students" on the basis of accomplishments during the last academic year were seniors Donna Lou Betts, Lynn Beard, Margaret Holloway and Mary Ann Stavish, juniors Miriam Lloyd and Betty Jane Riker and sophomore Jeanette Ann Newsome.

Miss Betts is majoring in child development. She is a member of the Home Economics Club, the women's chorus and is social chairman for her dormitory. During the last summer she worked as an assistant in the Maryland Extension Service.

## LYNN BEARD

Miss Beard, is a residence hall house manager, a member of the Women's Executive Council and the Home Economics Senate. She is a member of Kappa Delta Pi, education honorary, and other scholastic societies. A major in home economics education, she plans a teaching career.

Miss Holloway, also a prospective teacher is president of Alpha

Rho, home economics honor society, and a member of the Home Economics Club and residence hall committees.

## MARY ANN STAVISH

Miss Stavish, majoring in textiles and clothing, is a member of several class committees, the Newman Club and the Home Economics Club and has worked on the staff of The Needle and Haystack, a publication of the schools of agriculture and home economics. Last summer she worked on the college board of L. Bamberger and Company helping to produce fashion shows. She hopes for a career in merchandising and work with a magazine or pattern company.

Miss Lloyd is a member of the university's concert choir, the Home Economics Club and Beta Beta Beta, honorary society in biology. A foods and nutrition major, she plans to become a dietitian.

Miss Riker is majoring in general home economics. She has been social chairman for her dormitory, member of the Home Economics Club and a representative to the Student Government Association. She is interested in interior decorating or home demonstration work for a public utilities company.

Youngest of the "Distinguished Students" is Miss Newsome who was the outstanding freshman in the school of home economics. She is a member of the Home Economics Senate, her residence hall honor court and the women's chorus and was winner of the 1960 Danforth Scholarship. She hopes to become a teacher.

# Love Comes to Phys Ed Staff

Miss Alice Love has joined the staff of the Women's Physical Education Department. She is instructing freshman and sophomore classes in team sports.

A graduate of the University of Maryland, Miss Love did graduate work at the University of Florida where she received a M. P. H.

Before coming to the University of Delaware, Miss Love taught individual sports at the University of Florida.

asked to dispose of their silver before they turn in their trays, or to place paper in trash barrels in front of the receiving window. This involves more noise and is unsightly, but will add to efficiency. The kitchen, as it is now set up, is designed for a continuous flow of student traffic, not the peak - and - valley type present here. Changes have been made and more are planned for the near future to convert our kitchen to this sort of setup.

## PROBLEMS SOON ELIMINATED

Mr. Bickert believes that most of the current problems in service will be eliminated by student cooperation in the matter of lines. If students persist in coming in bunches as they have been, a priority system will be established at lunch time to insure

those students who have to eat in one hour an opportunity to get their meal. Other years the lines have evened out before this time of the year, however, due to the capacity load and the larger numbers of students involved, the adjustment this year has been slower than usual.

Upperclassmen will remember that food preference questionnaires were completed by students last semester. The results of these will be published in The REVIEW in several weeks, as soon as the mammoth job of tabulating the results has been completed. Another questionnaire will be circulated this fall, concerning breakfasts, desserts and salads. The lunch and dinner main course, form will be repeated next spring to assure the cafeteria of current student opinion.

## "HOME SWEET HOMECOMING"

A great number of people have been asking me lately, "What is Homecoming?" but I have been so busy trying to find out why my new sports car leaks that I haven't had time to answer. I am now pleased to report that I finally discovered why my sports car leaks—I have been driving it upside down—and so I am ready today to turn my attention to Homecoming.

Let's begin with definitions. Homecoming is a weekend when old grads return to their alma maters to watch a football game, visit old classrooms and dormitories and inspect each other's bald spots.

The weekend is marked by the singing of old songs, the slapping of old backs and the frequent exchange of such greetings as "Harry, you old polecat!" or "Harry, you old poreupine!" or "Harry, you old rooster!" or "Harry, you old wombat!" As you can see, all old grads are named Harry.

It is not just old grads who behave with such liveliness during Homecoming; the faculty also comports itself with unaccustomed animation. Teachers laugh and smile and pound backs and keep shouting "Harry, you old Airedale!" This unscholarly behavior is carried on in the hope that old grads, in a transport of *bonhomie* will endow a new geology building.

The old grads, however, are seldom seduced. By game time on Saturday their backs are so sore, their eyeballs so eroded, their extremities so frayed, that it is impossible to get a kind word out of them, much less a new geology building.

Even the football game does not improve their tempers. "Humph!" they snort as the home team completes a 101-yard march to a touchdown. "Do you call that football? Why, back in my day, they'd have been over on the first down! By George, football was football in those days—not this namby-pamby girls' game that passes for football today! Take a look at that bench—50 substitutes sitting there. Why, in my day, there were 11 men on a team and that was it. When you broke a leg, they slapped a piece of tape on it and you went right back in. Why, I remember the big game against State. Harry Sigafos, our star quarterback, was killed in the third quarter. I mean, he was pronounced dead. But did that stop old Harry? Not on your tinfoil! Back in he went and kicked the winning drop kick in the last four seconds of play, dead as he was. Back in my day, they played football, by George!"

Everything, say the old grads, was better back in their day—everything except one. Even the most unreconstructed of the old grads has to admit that back in his day they never had a smoke like Marlboro—never a cigarette with such a lot to like—never a filter so easy drawing, a flavor so mild yet hearty, so abundant, so bountiful—never a choice of flip-top box or soft pack.

So old grads, young grads, and undergrads, why don't you settle back and have a full-flavored smoke? Try Marlboro, the filtered cigarette with the unfiltered taste, and Homecoming will be a happy occasion and the sun will shine and the air will be filled with the murmur of wings and no man's hand will be raised against you.

At Homecoming time—or any time—try Marlboro's unfiltered companion cigarette—mild, flavorful Philip Morris... Regular size or king size Commander—a brand new and happy experience in smoking! Have a Commander—welcome aboard!

understanding of the American way of life.

Students attending the conference will hear distinguished speakers closely connected with the problems and objectives of United States foreign and security policies. A keynote address will be delivered Nov. 30, and another Dec. 2.

The conference will emphasize the country's drive to insure survival of the American standards.

and Dame Edith Anderson.

Undergraduates will be admitted with their identification cards. Graduate students and wives of all students may purchase season tickets at special rates.

## Phillips Speaks

(Continued from Page 1)

The "Predicament of Man in a World of Crisis," which the philosophy department offers as an examination of the ideas modern man lives and is influenced by. The lectures will be given by authors and recognized authorities in a dozen fields; none of these opportunities should be ignored by any serious student.

The topics are crucial points of our intellectual matrix as well as vitally important to a comprehension of our political, social, economic, psychological, and moral aspects of our world today.

down how long the line is and at what time. By doing this there is a possibility that these people will be able to get financial remuneration.

Thelma Balwin, AS'62, volunteered as a member of WEC to be in charge of the publicity for Women's Playbill which is headed by Dora Sherer, Ed. '60, as co-ordinating chairman.

Each member of WEC was asked to suggest girls who would be interested in working on the Parking Appeals Committee. This committee hears appeals of students concerning parking violations on campus.

HOW TO SQUEEZE  
A MILLION CALCULATIONS  
INTO ONE SECOND

Even though modern electronic computers work at almost unbelievable speeds, the scientist is way ahead of them.

Put quite simply, scientists have been thinking up complex problems faster than even the fastest computers could handle them. To close this gap, IBM created STRETCH, the world's fastest, most powerful computer.

The first STRETCH system will go to the AEC at Los Alamos to aid in nuclear reactor design. This goliath can do a million additions or subtractions a second. It can "read" the equivalent of four million characters per minute from magnetic tape. It can print the equivalent of three good-sized novels every hour. It can perform all these operations simultaneously, and if necessary

pause midway in the problem and tackle a more important one.

Creating such tools and putting them to work for science—or for business, industry, or government—is exciting, important work. It calls for talents and skills of every kind, from liberal arts to Boolean algebra to astrophysics.

So whatever your particular talents and skills, there may be just the kind of job at IBM you've always wanted. The IBM representative will be visiting your campus this year. Why not ask him about it? Your placement office can make an appointment. For further information about opportunities at IBM, write, outlining your background and interests, to:
