Collins Accused Of Holding Up Board Of Health Bill In The House

Mayor Frazer Urges Action on April 10th—Council to Enlist Aid of Health Board—Say Bill Is Vital to Town

Collins Strongly Opposed To Measure

The real outstanding feature of the last meeting of the present Council of Newark held in the Hose House Monday night of this week, was the discovery on the part of the members that the recently drafted Board of Health bill recently approved by Council and sent to Dover, has been lost and had not been called up for a vote when the salons adjourned last Thursday until April 10th.

Mayor Frazer Explains

According to Mayor Frazer the bill was drawn by Charles B. Evans, Esq., attorney for the Council of Newark and submitted to that body almost two months ago. Mr. Evans then sent the bill to Representative Collins in Dover at the opening of the current session of the Legislature. It is known as House Bill 102 and was referred to the Corporation and Municipality Committee. It appears that the bill is still in committee.

It was pointed out by the Mayor at the Council session Monday night that Representative Collins is opposed to the bill and has expressed himself, and that the failure of the bill to pass may have been due to his unwillingness to bring it to a vote.

House Attorney Hutton was reached on the phone by Mr. Frazer and confirmed the fact that the bill had not been acted upon.

"This bill," said the Mayor, "is of vital interest to the town as it will protect for all time the present water supply." The local Board of Health will be enlisted to aid in getting the bill through on April 10th.

Mr. Collins Opposes Bill

When reached on the phone yesterday, Mr. Collins made the following statement:

"I believe this bill gives the town of Newark a very unwise delegation of power over the outlying community. Furthermore there is no source of appeal set up in the measure. I have been and still am strictly opposed to any move to bring it up for consideration on April 10th next.

Mr. Collins further stated that there would likely be but the single session on the 10th, and that the only business will be action on the Governor's vetoes. "The actual legislative session," said Mr. Collins, "is practically over for this term."

According to that statement, it will be hardly likely that the Board of Health bill will see the light of day on April 10th.

Council to Act

However, upon motion of one of the members, Council instructed Mayor Frazer to interview the local Board of Health with a view to urging them into a conference with Mr. Collins relative to the bill. Messrs. Blake, Penny, Jones, Strahorn and Herdman comprise that body. It was also suggested that a delegation go to Dover on the 10th in support of the measure.

Several Items of Business

The Board of Health Bill was the outstanding discussion of the other. (Continued on Page Seven.)

'JOE' MacFARLAN DEAD FROM INFLUENZA

Familiar Figure Around Deer Park Passes Away After Short Illness

Joseph C. MacFarlan died at the Deer Park Hotel Tuesday of this week from an attack of influenza, suffered about a week ago down in Virginia. The malady settled in his heart and death came very suddenly. He was 48 years old. He was taken ill on the estate of Mrs. Katharine Hitt, noted horsewoman at Middleburg, Va. James A. McKelvey, his former employer was sent for, and went to Virginia the latter part of last month, bringing Mr. MacFarlan home with him on March 22nd.

Funeral services will be held Friday in the United Presbyterian Church in Oxford, with interment in Faggs Manor Cemetery, about five miles from that town. The remains may be viewed at the Deer Park Hotel tomorrow evening between the hours of 7 and 9.

Lived Here Four Years

"Joe," as he was familiarly known throughout this section, came to Newark from his father's farm near Oxford. He was the son of John R. MacFarlan. Up until the first of the year he had been connected with the hotel here. For the past two months he has been employed on the Hitt estate in Virginia.

KENT HALL BILL LOST IN STATE SENATE

May Reconsider Measure When Legislature Reconvenes on 10th

During the course of the early morning hours on Thursday, the Senate defeated the bill authorizing the State to issue bonds to the amount of \$150,000 for the purpose of erecting a new dormitory on the campus of the Women's College here, to be known as Kent Hall.

The introduction of the bill called forth some lively discussion. The Senators were in a belligerent mood and openly stated that the House was holding back bills which should rightfully be pushed ahead to decision. This, according to one Senator's remarks, was the case in the School Appropriation Bill, which he intimated, was shelved to make way for other measures, among them, the Kent Hall bill. The Kent Hall bill was then defeated by the body. It may be revived on the reconvening April 10th. Great hopes had been held out for the passage of this measure and its failure to pass has caused keen regret to be felt among the women students, Alumnae, and friends of the University.

WEDDING

Morrison—Foster

Miss Eva Morrison, of Newark, and Mr. James S. Foster, of Philadelphia, were quietly married by Rev. Brown at the Methodist parsonage at Alexandria, Va., on March 10th.

PROHIBITION LEADER TO SPEAK IN DOVER

R. A. Haynes Listed for Saturday's Session of Conference

Federal Prohibition Commissioner R. A. Haynes, who will address the annual conference of the Methodist Episcopal Church in Dover, Saturday evening, is of the opinion that one of the most serious difficulties in connection with Prohibition Law Enforcement is the attitude of men, in both official and private life, who have a high standing in the community and great influence in their respective social, professional or business spheres. These men, Commissioner Haynes says, sanction and participate in the illegal traffic in intoxicating liquor although they would not knowingly wink at the violation of any other statute.

STATE BOARD HOLDS PHARMACY EXAMS

12 Applicants for Licenses in Two Divisions of Pharmacy Work

The State Board of Pharmacy is holding examinations this afternoon in the Board of Health Laboratory, on the campus of the University, with twelve applicants taking the various tests.

This morning the examination in practical pharmacy was given, with Dr. George W. Rhodes, a member of the Board and formerly local druggist, in charge. This afternoon, the written examination was given on various phases of the profession.

Two classes of applicants are represented, according to J. O. Bosley, secretary of the Board. Applicants for licenses as registered pharmacists comprise one class while applicants for the positions of qualified assistants are grouped in the other.

The members of the State Board who are in Newark today conducting the examinations are: T. H. Cappeau, president, of Wilmington; L. M. Kauffman, of Seaford; James W. Wise, of Dover; George W. Rhodes, of Newark, and J. O. Bosley, of Wilmington, secretary.

HIGH SCHOOL SPEAKERS TO SHOW THEIR WARES

Declamation Contest Tomorrow Night in Wolf Hall For Several Prizes

SIX ARE ENTERED

An event of great interest among the young people of town will be the Declamation Contest for members of the Newark High School, to be held in Wolf Hall tomorrow evening, starting at eight.

In addition to the efforts of the young speakers there will be several songs by the school, selections by the Senior Quartette, which entertained at the High School Play a few weeks ago, folk dances and solos by Miss Evelyn Worall, of the Junior Class.

The contest is somewhat in the nature of an elimination contest. The winners of the first two places will represent Newark in the County Contests at Delaware City on the 13th.

The winners there will then compete for the State title at Dover the following week.

Prizes will be offered tomorrow night, among them being ten movie tickets to the Opera House, a fountain pen donated by the Home Drug Co. and an Eversharp pencil given by W. E. Brown.

The entrants and their titles are as follows: Katinas Visit to New York, Anonymous, Anna Little; The Ransom of Red Chief, O'Henry, Justin Steel; The Arrival of William Greene Hill, Calhoun, Leonard Eubanks; Brier-Rose, H. H. Boyesen, Annie Simmons; The Jumping Frog, Mark Twain, Marion Roberts; The Colors, Mary Shipman Andrews, Florence Riley.

ELKTON MAY DROP OUT OF MARYLAND LEAGUE

Ralph Robinson May Be Cause for Failure to Start

The startling news reported Monday that Elkton might not have a team in the Susquehanna League this season seems to be a growing fact, according to the latest information.

It appears that the league officers are opposed to Ralph Robinson, a Newark boy, playing with Elkton, asserting that he is the rightful property of Elk Mills. Robinson has been living in Elkton for the required number of days as set down in the by-laws of the league and the Maryland team is firm in its position that Robinson is eligible to play with them.

It may be independent baseball for Elkton fans this year.

Meeting To Finance New Fishing Grounds To Be Held Tomorrow Night

Newark Anglers' Association Sponsoring Project—Would Provide Splendid Fishing, Boating and Bathing—Within Easy Reach of Town

Estimated Cost of Plan Will Reach \$3000

An important meeting of the Newark Anglers' Association and all those not belonging but interested in the Dayett Mill dam proposition is called for tomorrow evening in the Hose House, starting promptly at eight o'clock.

The meeting is primarily for the purpose of organization, and to devise ways and means for the financing of the work yet to be done on the Dayett Mill property, where it is expected the best fishing grounds in the State will be situated. Citizens of the town who love to angle for trout and bass and who wish to see such a project carried through are urged to be present at the meeting.

Will Cost \$3000

It is estimated that the task of carrying out the proposed plans will entail an expense to the Association of somewhere in the neighborhood of \$3000.

This cost is divided into two phases: first, the cost of clearing out the bed of the old dam, removing brush and debris; and second, the cost of building a new concrete dam.

It is an ambitious scheme for a new organization to attempt, but from all reports the members are ready to fight to the last ditch for their plans.

If completed, the dam will provide one of the finest boating, fishing and bathing ponds in the State. Three

miles of water will extend from the face of the dam. The average width of the sheet of water is estimated at 100 yards. According to Mr. Widdoes, at places along its length the stream will be nearly half a mile across.

After being well stocked with game fish, this pond will be a true fisherman's paradise. The natural surroundings along the banks of the old stream make it a most desirable spot. Camp sites will also be a feature of the proposed tract. Bathing and boating will be encouraged, and it is expected that many people will throng to the pond attracted by the pretty shore line and heavy growth of timber.

The site of the proposed dam is accessible to the stoned road through the Delaware Clarke property. Keeney station on the Delaware City division is but a stone's throw away.

To Talk Finances

The object tomorrow night will be to formulate some definite plan or method whereby the financing of the project may be successfully accomplished. Many suggestions have already been offered, and it is hoped that many more will come in tomorrow night. The Association is determined, according to one of its leaders, to carry the proposition through, and from this meeting will no doubt come the first definite plan.

FEW CANDIDATES FOR COUNCIL OPENINGS

Wilson and Beals Unopposed in Their District. Mayoralty Contest Booming

At the closing date for the filing of the names of candidates for the office of Mayor and Councilmen for the town of Newark last Saturday, but two contests have developed as the election date approaches.

The evident scarcity of candidates has somewhat taken the edge off what had been expected to be a spirited election. In the western district, E. C. Wilson stands alone, without an opposing candidate. The same situation holds in the eastern district with A. L. Beals standing for the two year term. John W. Grier is the only candidate for the unexpired term caused by the death of Robert J. Morrison.

In the middle district, there is a contest between Charles W. Colmery, the present member, and John Powell, the second new entry into the contests. *Frazer Vs. Geist*

Just to make up for the dilatory battles for Councilmanic berths which are evident, the contest for Mayor promises to be of more than passing interest. Walter Geist, the merchant of East Main street, is running as strong as ever, according to observers. He is being accorded the support of the East end of town and will make a strong fight for the office.

Mayor Frazer is also supported strongly and his boosters are confident of victory. The subject is the chief topic of conversation when a group of men get together, although there is little outward signs of a spirited campaign.

THREE DIRECTORS TO BE ELECTED APRIL 10

New Century Clubhouse Co. Announces Annual Meeting for That Date

The New Century Clubhouse Company will hold its annual stockholders meeting in the Clubhouse on Delaware avenue on Tuesday, April 10th, at 2 p. m.

Three directors will be elected and other business proper to come before the meeting will be transacted at that time.

CURTIS FAMILY RETURNS

Mr. and Mrs. Alfred A. Curtis and their daughter, Dorothy Fleming Curtis have returned to Newark after spending the latter part of the winter and early spring in Florida.

WELSH TRACT P.T. BODY IN SESSION

Pupils of School Entertain Parents with Fine Program

The Welsh Tract Parent-Teacher Association held the regular monthly meeting in the school on last Tuesday evening.

The president, Mrs. W. M. Coverdale, presided. The meeting was opened with the hymn, "Work for the Night is Coming," followed by the Lord's Prayer repeated in concert by the members. The pupils of the school gave the following entertainment:

Recitation, "Pussy Willow's Secret," Franklin Jarmon; dialogue, "The Royal Tarts"; exercise, "Garden Questions"; recitation, "The Good Luck Tree," Leona Reed; victrola record, "The Boy and the Birds"; dialogue, "That Lovely Hat," four girls; recitation, "The Village Blacksmith," Ruth Hutchison; dialogue, "The Simpleton," four boys; victrola record, "The Nightingale Song."

A special feature of the evening's program were the recitations, "Biddy's Trials and Tribulations" and "Coming Thru the Rye" by Mrs. Downs. These selections were given in a very pleasing manner and received much applause.

The attendance report was given by the teacher and the attendance buttons awarded to the pupils.

The subject for the month was presented by the members of the association. As the secretary called the roll each member responded with a quotation relating to the subject "How the Industries Contribute to the Child's Education."

After the meeting a social time was enjoyed and refreshments were served.

DAYTON GOES SOUTH

Harold Dayton, well remembered here as former pharmacist in W. E. Brown's drug store, leaves early next week for North Carolina, where he will manage a chain store conducted by the Eckerd Cut Rate Drug Co.

Mr. Dayton has been in the employ of that company for some months in one of their Wilmington stores.

DAIRY CATTLE CLUBS THRIVE IN COUNTY

Fifth Group Now Being Organized by County Agent Bauseman

A membership of one hundred twenty, a first prize ribbon won at the Delaware State Fair by a three-year-old Holstein heifer, owned and exhibited by Robert Connell, of Fairview, and a medal awarded a team composed of Ernest Milliken, of Coeche; Gordon Armstrong, of McDonough, and Irwin Armstrong, of Middletown, for winning the championship in judging dairy cattle at the Eastern States Exposition, 1921, is the record of the New Castle County Boys' and Girls' Dairy Cattle Club.

These one hundred twenty members comprise four clubs organized during the last five years. The fifth club is now under organization. As soon as the necessary enrollment is complete R. O. Bauseman, County Agricultural Agent of Newark, will personally select a carload of pure bred heifers from a good dairy section and will be responsible for supplying each member of the club with a selected pure bred heifer.

After the members secure their heifers the County Extension Service and the State Club Department spare no effort in giving the members every possible aid in making their initial start into the dairy business a success. The members are supplied with literature periodically during the years, all members are eligible to exhibit their heifers at the local shows and if successful exhibit them at the State Fair, all members are eligible to contest for membership on the live stock judging team that is sent annually, expenses paid, to the Eastern States Exposition, held at Springfield, Mass.

Diamond State Grange

Diamond State Grange at Stanton held its weekly business meeting Monday evening.

Five new applications for membership were received. These applicants will be obligated in the first and second degrees next Monday evening, and initiated in full form on the same date, together with another class of thirty new members.

Following routine business, a pleasing program was furnished by the lecturer.

PARENT-TEACHER BAKE TO AID SENIOR CLASS

April 14th Set For Sale; Proceeds to Help Towards Capital Trip

A bake will be given by the Parent-Teacher Association Saturday, April 14th, in the Primary School Building, beginning at 10 a. m. and lasting until all the goodies are sold.

The Parent-Teacher Association heartily favors the plan of the Senior Class of the High School to take a trip to Washington, D. C., this spring as a part of its graduation program.

The Senior Class Play realized a goodly sum toward defraying the expenses of the trip but the amount was not sufficient to cover the entire expense. So the Parent-Teacher Association has planned the bake to help the Senior Class make the Washington trip a certainty. The people of Newark will no doubt give their warm support to this new departure of the Senior Class.

The following committee is soliciting and will be glad to receive donations from the friends and members of the Association: Mrs. George Townsend, Mrs. Walter Hullihen, Mrs. Thomas Manns, Mrs. Major, Mrs. John Shaw, Mrs. George Medill, Mrs. Grant and Mrs. George H. Stewart.

NEW RACER FOR TYSON

A fast traveling trotter from the stables of Tommy Murphy, in Poughkeepsie, N. Y., arrived today in a special car with an attendant, consigned to Herman Tyson, the famous horse trainer and driver, who is now working with his charges daily out at the training quarters.

The new addition to the Tyson string has a mark of 2.06 1/4.

NOTICE

Have you a brother, husband or father in good standing in the Knights of Pythias Lodge? If so, will the ladies who are interested please meet at Mrs. C. T. Denney's home on Choate street, Wednesday

P.-T. Meeting

The local Parent-Teacher Association meets tomorrow evening in the High School.

Among other things, plans for furthering the influence of the Girl Reserves and Girl Scout units of the town will be discussed.

FORD TEAM WINS HIGH SCHOOL CONTEST

By a last minute spurt, in which they came from third place into the lead, the Ford Team, captained by Miss Aileen Shaw, won the High School Subscription Race which closed at 9 o'clock this morning. Their margin of victory was a matter of ten points.

Complete results have not as yet been tabulated. From the latest returns, Cadillac finished second, and Rolls-Royce third.

DR. HULLIHEN TO BROADCAST SPEECH FROM PITTSBURGH STATION SATURDAY NIGHT

Radio Fans In Delaware Will Have Chance To Hear President Of University Lecture
Topic Concerns Foreign Relations

DELAWARE BOY AT WESTINGHOUSE STATION

When radio fans in Delaware and states tune up their radio sets next Saturday evening to catch station KDKA, Westinghouse Electric Co., Pittsburgh, Pa., they will hear as a part of the evening's program an address by Walter Hulihan, president of the University of Delaware. The local fans will be particularly anxious to hear the speech, as everyone knows the speaker and it will afford an unusual opportunity to hear his voice broadcasted through space.

Dr. Hulihan will speak on the subject "International Debts and Our Foreign Relations." He has made a complete study of his subject from all angles so far brought to light in European developments and his talk is bound to be very interesting.

W. D. Smith in Department

In connection with the above account it will be of interest to local people to know that Walter Dent Smith, a member of last year's class at the University and editor of the University Review, is at present connected with the Westinghouse Company in their radio department and is engaged in preparing programs for the entertainments.

Engine Breaks Down

While returning from the futile run to Chestertown on Monday, the big fire truck of the Singery Fire Co. of Elkton broke down and had to be towed into its house.

The firemen were called to a fire which presumably was about to destroy Chestertown, but on the way down, they met the Middletown Company coming back.

Needless to say it was a costly run for the Elkton boys.

TWO PLAYS GIVEN BY PLEASANT VALLEY CLUB

Tomorrow Night Set For Entertainment in Ott's Chapel

The ladies of the Pleasant Valley Community Club will give two short plays tomorrow night in Ott's Chapel, starting promptly at eight o'clock. People in the community have been eagerly awaiting this event and from all reports the chapel will be filled when the curtain rises.

In the first of the two productions, Mrs. M. J. Cashell takes the leading part. The title of the piece is "Miss Susan's Fortune." The atmosphere of the play is old fashioned and most of the characters are in the roles of old maids. This play is very funny and is bound to entertain.

The second part of the program is entitled "Peggy's Predicament," and concerns the adventures of "Peggy" in busy, bustling New York, with plenty of startling situations to keep up the interest. As "Peggy," Miss Edna Doyle makes a decided hit and carries off the important part in splendid style.

Two Elkton Meetings

The Gleaners held their regular meeting last evening at the home of Mrs. Charles Grant, on West Main street. A large number of members were present.

The ladies of the Westminster Guild, one of the live church organizations in town, were entertained last evening also. They met at the home of Miss Ada Barr.

NEWS OF THE NEIGHBORHOOD

AS TOLD BY CORRESPONDENTS AND EXCHANGE

ELKTON FIREMEN
ARE ON THE JOB

Maryland Lodge Threatened by Flames Saturday. Slight Damage. Help at Chesapeake Blaze

The Singery Fire Company was kept busier than usual during the latter part of last week when it was called out to two fires in three days. On Saturday morning, week-end shoppers and business men of the town were startled by the fire bell and siren. Maryland, Lodge, on East Main street, was the scene of the blaze.

To show how quickly the local firemen swung into action, a member of the company who is employed in the postoffice, hearing the whistle, sprang from his desk and darted out the door. While the fire house is but a few doors away from the postoffice, this member barely had time to hop on the rear end of the truck as it tore down North street to the corner.

It was due to the quick response of the firemen that the building was saved. Flames were coming from the roof as the engine came up, but a line of hose was soon in action and the damage was only slight.

Store Burns in Chesapeake

On Wednesday evening last, Singery Fire Co. was called to Chesapeake City, and after a record run, found the blaze to be in Buchanan's store and dwelling. The Chesapeake firemen were battling nobly, but the flames had doomed the building. Combined efforts of the two companies, however, kept the blaze from spreading to nearby houses, despite the high wind blowing at the time.

Several Brush Fires

During the windy nights of the past week, several brush fires have broken out in the vicinity. On Friday night a large blaze on J. d. Hill attracted attention for miles around. The blaze was evidently under control. A lively fire broke out Sunday along the marsh below Elkton boat yard but was not considered dangerous.

CECIL COUNTY DECLARES OPEN
SEASON FOR OFFICE OF
COUNTY COMMISSIONER

Sixteen Citizens Are Gathered Under Tree Waiting With Longing Eyes For The Plum To Drop; Entry List Exceedingly Large This Year

EXPECT A MERRY BATTLE UNTIL ELECTION DAY

Now that the winter has been broken, and the various debating societies and chunk stove conferences have ended for another year, attention of Cecil county residents is being focused upon the extraordinary race for County Commissioner. The difficulty, according to one authority, is that they are liable to get in each other's way, and kick each other on the shins and get good and mad generally. For there are just 16 hats piled up in the ring, and sixteen anxious individuals playing games under the "plum" tree.

Latest Arrivals

Former County Treasurer Charles Gatchell, of Childs, and James P. McCoy, of Cecilton, are the latest gentlemen to enter the fray. Both of them have large followings in their communities. The names of all the other candidates have been printed in THE POST in previous issues. Every one of the sixteen candidates are as sure of the election as Harding is of his daily golf.

Which makes it very difficult. There will be fourteen gentlemen standing

on the outside looking in, no matter which way the tide turns.

There Must Be Some Attraction

Most everybody wants to be a Senator or a President. That's only human. And a chance to be Governor is not to be sneezed at. And they always have a big field in the race for Attorney-General, but when sixteen respectable, law abiding citizens come out for County Commissioner, all at once and with a bang, it leads one to believe that there must be a trick in it somewhere.

An informant tells us that the office pays \$2000 per annum, a desk and chair thrown in, daily paper delivered at your door, and nothing much to do. Of course, the salary is not to be compared to the desire to do something worth while for the county. Oh, No!

Furthermore, they say that it's been a mighty hard winter on the boys.

Two commissioners are to be elected for a term of two years each. May the best boss come under the wire first.

ARBOR AND BIRD DAY PROCLAMATION

The Arbor and Bird Day proclamation of Governor Denney reads in part:

WHEREAS, The planting and preservation of trees and the protection of bird life are economic necessities and are essential to our industrial life and our strength as a State and nation.

AND WHEREAS, By an Act of Assembly the governor is authorized to set apart each year a day to be designated as Arbor and Bird Day.

NOW, THEREFORE, I, William D. Denney, governor of the State of Delaware, do hereby designate

Friday, April 13, 1923, as Arbor and Bird Day for this State, and I do hereby urge and request its observance by all public schools, private schools, colleges and other institutions by the planting of trees and the adornment of the school and public grounds, and by suitable exercises, having for their object the advancement of the study of arbor culture and promotion of the spirit of protection of birds and trees and the cultivation of an appreciative sentiment concerning them.

116,080 FORDS SOLD
DURING FEBRUARY6,000 Cars a Day Production
Fails to Meet
Demand

With 116,080 Ford cars sold at retail in February a new record for the shortest month in the year has been established. February sales exceeded those of January by more than 15,000 and marked the eleventh month in which Ford sales have topped the 100,000 line.

This sales record bears out predictions made at the opening of the year that an acute shortage of Ford cars is certain and this shortage is expected to be felt within the next months with the increased volume of car buying which is always attendant upon the spring months.

Even the high production schedule set at the Ford Motor Company's factory, which will reach 6,000 cars and trucks a day about April 1, will be unable to meet the apparent demand for Ford products.

Anticipating a great increase in the demand for Ford cars during the present year the factory laid plans for increasing production to the 6,000 cars a day schedule and since January first had been constantly speeding up manufacture to reach this figure. Demand so far has been of such great proportions as to absorb nearly all production, and stocks in hands of dealers are at present the lowest they have been in months.

February sales of 116,080 cars were

made in the face of unfavorable weather conditions in many sections of the country which tied up freight traffic and prevented many deliveries. This was particularly true throughout the Northwest, the northern tier of states and in New England. In California, too, cold weather during a part of the month had its effect upon car sales.

Yet with even these unfavorable conditions, the February sales topped those of January by 15 per cent. and set a new high record for mid-winter selling. With February the eleventh month in which Ford car sales have gone over the 100,000, the total for this period is close to 1,250,000 cars.

Peak car sales usually are reached during the summer months with drops in the fall and winter. This feature of automobile absorption by the buying public has been completely changed during the last few months through the activities of the Ford dealer organization which has raised the "peak" line to include every month in the year.

A Tall Argument

An argument was in progress, Private Smart claimed that the tallest man was in his regiment, while Private White upheld his own regiment's claims.

"Why," said the first, "we've a chap in our lot who can light a cigarette from a lamp post."

"That's nothing," replied the other. "A fellow in my company's so tall that he has to kneel down when he wants to put his hands in his pockets." Pittsburgh Sun.

POSTPONED HEARING IN
CECIL MURDER CASENo Action Likely Now Until
Grand Jury Convened in
September

The hearing to be given John Webb, Charles Kessing and Mrs. Dora Vaughn, all of Barksdale, Md.; accused of the murder of Joseph Doranco, an Italian housekeeper, about two weeks ago, was postponed indefinitely last Thursday afternoon.

The hearing was first set for Wednesday of last week, but counsel for the defense asked for a postponement. The following day was then set for the case, but again a technicality put off the hearing.

The next session of the Grand Jury for Cecil County will convene early in September. Until that date, the three prisoners will be held in Elkton jail. Some rumors have been at large that the accused persons will waive the right to a hearing and the case will go directly into court.

Maintain Silence

Up until the present time all the prisoners have maintained steadfast silence. They are extremely sullen and suspicious of any attempt to question them.

Although Mrs. Vaughn is held as an accomplice in fact, some Elkton authorities believe her to be innocent of the crime. She is being held, however, until the actual facts of the case warrants her release.

The chief witness for the State, it is expected, will be the eldest of the Szymlik children, a boy, who asserts he saw the shot fired which killed "Italian Joe."

Elkton experienced a thrill when the news of the murder spread around town. The last trial which set the town at an acute angle of excitement was the Montgomery-U'Dell affair last summer. At that time the trial was the subject of discussion in almost every home. The coming case will no doubt draw large crowds to the old Court House. Those who are on the inside predict a speedy trial.

AT THE OPERA HOUSE

Foremost among the novels which have brought Booth Tarkington lasting fame, is undoubtedly "The Man From Home," which has now been translated to the screen and which will be shown at the Opera House Friday evening. With the action laid mostly in Italy, and several scenes in England and America, the story is a thrilling one and in its transference to the screen it has lost none of its intensity. Produced by George Fitzmaurice for Paramount, it has been invested with the customary fire and vigor expected from this virile director. One of the chief details is the excellent cast, which comprises such favorites as James Kirkwood, Anna Q. Nilsson, Norman Kerry, Dorothy Cumming and John Milner.

Being a pie target loses its zest—eventually. So after four years as a comedienne in which she received thousands of pies on jaws and nose, Dale Fuller has deserted the slapstick for serious drama.

Miss Fuller does a strong role in "Borderland," a new Agnes Ayres Paramount picture, which comes to the Opera House Wednesday, April 11th.

"Borderland" is a fanciful tale which will attract much attention because of its novelty. It has two distinct plots and two sets of characters. Included in the supporting cast are Milton Sills, Casson Ferguson, Bertram Grassby, Sylvia Ashton, Fred Huntley, Frankie Lee and Mary Jane Irving.

The Ruling Passion

Six men, sole survivors of a wreck, were cast upon a desert island where they abode for some months, till a man-of-war took them off. In his log the captain of the warship noted the racial characteristics of the six thus:

The two Irishmen had fought every day for the whole time of their sojourn.

The two Englishmen had not spoken to each other because they had not been properly introduced.

The two Scots had started a Caledonian society.—Glasgow Herald.

COAL ARRIVES IN TOWN
BUT DOESN'T STAY

Despite Approaching Spring,
Townpeople Storm Mc-
Neal Office for the
Precious Mineral

Early last week H. Warner McNeal received a few cars of graded coal in several sizes. After struggling all winter to satisfy insistent customers and to keep everyone as happy as possible, the coal baron decided that the townspeople should be notified of this great event. So he advertised.

The next day, he was besieged by orders for coal. All available wagons and trucks were in service and they even took it away in wheelbarrows. The coal disappeared like dew before the rising sun.

It was the first consignment of hard coal to be received in Newark for a long time, and the opportunity was entirely too tempting to householders for them to pass it up.

The cold snap that immediately followed testified to the wisdom of their decisions, for it is reported that many of the cellars were entirely empty prior to last week.

Loses His Car

An automobile belonging to Leroy Carr, of Elk Mills, was stolen last Friday evening while parked along North street, in Elkton, according to reports from that town.

Leroy was enjoying the movies when the affair occurred, and therefore had nothing whatever to do with it. When he prepared to pour away in his chariot, he found the chariot had soared away without him.

No trace of the stolen car had been found up until yesterday.

TWO NEARBY TOWNS THREATENED AS A RESULT OF WEEK-END FIRES

Odessa and Chestertown Menaced By Flames Fanned By High Winds. Two Buildings Go In Each Town. Losses Covered

FIVE FIRE COMPANIES GO TO ODESSA

Fire menaced two nearby towns during Easter Sunday and Monday, and for a time it was believed that the high wind would, in each instance cause much more damage than was finally reported. Not for many years have so many fires broken out in such a short space of time. Chesapeake City, Elkton, Odessa, and Milford were the towns really menaced, but brush fires throughout this section over the week-end caused many anxious moments among the farmers.

Odessa Threatened

On Sunday morning fire was discovered in Buckson's garage, a frame structure on Main street, Odessa, along the State highway. The building was old and the flames ate rapidly into the wood. Another building nearby belonging to Mrs. Joseph Enos, but unoccupied, was also ignited and burned before it could be saved. The flames were fanned by a high wind and many of the citizens became alarmed for fear the blaze would spread through the village. The local chemical engine fought valorously, but could not make much headway. With the blaze getting larger, hurry calls were sent to Middletown, Dover, Smyrna, New Castle and one company from Wilmington and engines from each town responded. It was found, however, that the fire had been confined to the two buildings and that there was no danger of a widespread conflagration.

At first the loss was estimated at \$35,000 but later reports show that the actual loss was in the neighborhood of \$12,000, partly covered by insurance.

Big Blaze In Chestertown

Monday morning residents of Chestertown were startled by the outbreak of a fire in the business section of the town which like the Odessa blaze, threatened the entire block.

Three buildings were burned to the ground. Sparks ignited several others but the fire companies on the scene managed to confine the blaze.

MAKING GOOD PROGRESS

Work on the new office building for the Continental Fibre Company's plant here is being pushed along rapidly. The work of excavating for the cellar was finished the latter part of last week. Forms for the pouring of concrete are being made and set in place. The building when completed will be modern in every detail, and will comprise many new features.

The buildings destroyed were.

Garage occupied by J. E. Speicher and owned by John H. Clendaniel, on Cross street. Speicher's loss, \$15,000; Clendaniel's loss, \$10,000. Partly covered by insurance.

Office and warehouse of Massey and Kilbourne, dealers in phosphate and dairy foods, loss \$8,000. Covered by insurance.

Dwelling owned by John H. Clendaniel, loss \$2,000. It was occupied by Samuel Frisbie, who lost his household goods.

Chestertown has a waterworks system and many fire hydrants, but no pumping engine. It has chemical apparatus, however, and for awhile when it appeared as if the flames might be swept to other buildings by the wind, Centerville, and Elkton, Md., and Middletown, Del., were requested to send their fire apparatus to assist in holding the flames in check.

The fire started about 10 o'clock in the morning in the Speicher garage, a large corrugated iron and frame building near the railroad station. What caused the fire has not been determined. The flames spread rapidly, and while some of the autos were removed two cars and much equipment were consumed in the building. The chemical apparatus did the best it could, but was unable to make much headway in extinguishing the flames, which spread quickly to the Massey and Kilbourne establishment, a large frame structure adjacent to the Speicher garage. This building and its contents were destroyed, as also was the dwelling owned by Clendaniel and occupied by Frisbie on the other side of the garage.

Fears were aroused because several large oil and gasoline tanks of the Hearn Oil Company, of Wilmington, were located less than fifty yards in the rear of the Speicher garage. The wind was blowing embers toward the tanks, but fortunately they did not ignite, although there were many anxious moments.

AT THE PLAYHOUSE

If the theatre going people admire a comedy with keen and clean dialogue and a straight-forward story, with real music set to sane words, which fit into the meaning of the situation into which they are introduced, and which will be sung by real artists, they will have an opportunity of gratifying their tastes when the new comedy, "Gabbette" is presented at the Playhouse, Wilmington, tomorrow, Friday and Saturday. The book of "Gabbette" was written by Sydney F. Lazarus and Frank Martins, and is in three acts. The period is today and the locale is the fashionable home of a well-to-do New Yorker and his wife. The music and lyrics were written by James Stanley Royce, the well-known writer of songs of high order. A great deal of pains has been gone to by the producers of "Gabbette" to make the musical portion of the play of more real merit than is usually presented in musical comedies. They have provided artists, too, who render the songs in an exceptional manner.

The cast of "Gabbette" is headed by Mlle. Maria Samson, late of the Royal Opera in Budapest, who only recently came to America, who will be seen in the title role. In the company supporting Mlle. Samson are Florence Stone, Carlotta Irwin, Jean Noral, Robert Dilts, Fred Hall, Ward Casady and Joseph E. Wall. The attraction is booked by the Erlanger office, and after a tour of several weeks will go into a Broadway theatre for a spring and summer run.

COUNCIL MEETING

(Continued from Page One.)
wise quiet meeting. The fact that it was the last meeting of the old Council did not call forth much comment. Business was disposed of in the usual systematic manner.

Mayor Frazer and Councilmen Beals, Widdoes, Wilson and Colmery were in attendance.

After all outstanding bills of the past month had been paid it was found that upwards of \$9,000 remained in the Treasury of the Town.

Fines to the amount of \$104 were received from Alderman Thompson in connection with his monthly report.

To Buy Siren

Councilman Wilson brought up the matter of the new fire siren, recently ordered by the town. A question arose as to whether the bill should be paid upon arrival or after a trial. A written guarantee accompanying the 1400 pound apparatus seemed to be sufficient reason for honesty in the matter, and it was decided that a check for the siren be mailed upon its arrival here. The total cost will be \$815.00.

its arrival here. The total cost will be \$815.00.

In connection with the impending paving of Cleveland avenue Mr. Beals moved that Mr. Frank Lutton be appointed to represent the town at the scene of the paving and see that its best interests will be protected.

Adopt Fireworks Ordinance

Perhaps feeling that a new Council might not feel in the same mood during the hot weather and for the final time getting the matter settled, Council moved the adoption of the Fire Works ordinance drawn up by Mr. Evans some two years ago and never acted upon. The ordinance as passed Monday night forbids the sale or use of fireworks except on the Fourth of July and the day or two immediately preceding it.

Council then adjourned sine die.

WEALTHY ELKTONIAN BURIED YESTERDAY

Miss Margaret Gilpin Buried in Private Cemetery at Meredith's Corner.

Miss Margaret Gilpin, considered the wealthiest woman in the town of Elkton, died last Saturday after a short illness. She was in her 80th year. She died at her home on Partridge Hill, near town.

The deceased was the owner of many valuable business properties in and around Elkton. One of them is the Postoffice Building in the center of Elkton. She took an active inter-

est in civic and religious affairs of the community, being especially interested in the welfare of the Union Hospital. She was a member of the Presbyterian Church, which she attended until shortly before her death. She was known all over the county by young and old alike.

The funeral was held yesterday afternoon from her late residence with interment in her private cemetery on her estate near Meredith's corner.

The deceased woman is survived by several nieces and nephews.

Constitution of the United States

(Continued from Last Week.)

Section 2. Representatives shall be appointed among the several States according to their respective numbers, counting the whole number of persons in each State excluding Indians not taxed. But when the right to vote at any election for the choice of electors for President and Vice President of the United States, representatives in Congress, the executive or judicial officers of a State, or the members of the Legislature thereof, is denied to any of the male inhabitants of such State, being twenty-one years of age and citizens of the United States, or in any way abridged except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such State.

Section 3. No person shall be a senator or representative in Congress, or elector of President and Vice President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath as a member of Congress, or as an officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may, by a vote of two-thirds of each house, remove such disability.

Section 4. The validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; but all such debts, obligations, and claims shall be held illegal and void.

Section 5. Congress shall have power to enforce, by appropriate legislation, the provisions of this article.

Article XV.—Section 1. The rights of citizens of the United States to vote shall not be denied or abridged by the United States,

or by any State, on account of race, color, or previous condition of servitude.

Section 2. Congress shall have power to enforce this article by appropriate legislation.

Article XVI.—The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration.

Article XVII.—Section 1. The Senate of the United States shall be composed of two Senators from each State, elected by the people thereof, for six years; and each Senator shall have one vote. The electors in each State shall have the qualifications requisite for electors of the most numerous branch of the State Legislatures.

Section 2. When vacancies happen in the representation of any State in the Senate, the executive authority of such State shall issue writs of election to fill such vacancies: Provided, That the Legislature of any State may empower the executive thereof to make temporary appointment until the people fill the vacancies by election as the Legislature may direct.

Section 3. This amendment shall not be so construed as to affect the election or term of any Senator chosen before it becomes valid as part of the Constitution.

Article XVIII.—Section 1. After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

Section 2. The Congress and the several States shall have concurrent power to enforce this article by appropriate legislation.

Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of the several States, as provided in the Constitution, within seven years from the date of the submission hereof to the States by the Congress.

Article XIX.—The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex. Congress shall have power to enforce this article by appropriate legislation.

BRIEFMarked up for Battery "E"
by
"The G. M."

Well, the Battery looked like it had been through the "Battle of Paree" last week.

Sombody said that being it was only Week, everybody was at church.

Capt. Davis was pleased to think that even church came before drill.

We know one man that was not at church. He was seen with a "petite demoiselle" on either arm about 8 o'clock.

Some of us are lucky that that particular misplaced eyebrow was not in the A. E. F.

We know another man who was not at church. Sh-h. He had a date with the dentist.

The lesser of two evils, he says.

The 1st Sgt. should have called the roll at the Gym meet last Wed. night. He would have found about 90% of the Battery "among those present."

Miss Parkhurst is to be asked to come around and teach us "to the march."

We have to hand it to the girls. Their worst one can do that movement better than our best one.

Lt. Mote has all the dope and is going to teach the Battery "I See You."

The non-coms. are to play that game every Thursday night about 8:30 in the movies, Les Jones and McCormicks. Also "church."

HEARD IN THE HALLWAYS

"Capt. Davis was around to the big military wedding last Wed. eve. getting some inside information. He says that he is to be married soon with a bigger wedding than Strong's."

"Col" Lane is to be groomsmen, Mr. Clancy, D. to be matron of honor; Pvt. Reynolds, B. and Tweed, bridesmaids; Pvt. Jackson, G. and Mr. Chas. ushers. He has not found the bride yet. To be announced later.

Sgt. Cook and Pvt. Dear Chas. are going to have theirs together.

EVERYTHING READY FOR
OPENING OF BASEBALL CAR-
NIVAL TOMORROW EVENING

Various Committees Have Arranged Their Tables Attractively And Many Features Are Expected To Be Ready For First Comers

DANCING EVERY EVENING; GOOD TIME FOR ALL

The three-day indoor Carnival for the benefit of the Newark Baseball Club opens tomorrow night in the armory on Delaware avenue, promptly at eight o'clock.

That announcement in itself is sufficient to bring out hundreds of people to the affair, but rather than leave the reader in the lurch, the official Correspondent begs leave to say a few more things about it.

As most everyone knows, the Carnival is for the primary purpose of raising money for the equipment and maintenance of a baseball team to represent the town this year in the New Castle County League. Several plans and suggestions were proposed after the organization of the officers had been completed. All decided however that a carnival was the best means in which to get results. It was pointed out that those who attend the carnival will have a glorious good time while they are spending their money and on their way home will not feel as though they had attended a Donation Party.

Plans All Ready

Under the eyes of the members of Executive Committee, the carnival plans have rapidly taken shape the past few days and it is now believed that all is ready for the opening night.

The Continental Band has offered its services to the cause, and its willingness to play has been greatly appreciated by the boys of the club. The tables are all in charge of men and women of the town who are donating their services, time, and in most cases, money to the affair. Cake tables, fancy tables, pastry and fish and tables are among those which will be in charge of the women of the town. And it is to them the Executive Committee owes many thanks for

Sgt. Jester says "Take heed, boys, look before you leap."

He's been dodging rolling pins 5 years now.

Bill Crow says that is nothing, he's been dodging not only rolling pins but flat-irons, cups, plates, etc for SIX-TEEN years.

We understand now why Bill changes scenery every spring.

Announcement on the bulletin board:

"Any man who brings in 10 recruits will be given an honorable discharge with character marked 'Excellent'."

It does not say but we think the "Reason for discharge" will be marked "Insanity."

We don't know how any one man is going to get 10 men when we only have six vacancies.

Bill Crow served refreshments at the dance Saturday night. That is, officially he did.

The Basketball Team had a good crowd at their dance altho Jim Smith told us he did not get quite enough for a new suit.

We know it sounds fishy, but it's the gospel truth, "Buck" Ramsey treated Bill Bland and the Soup-ply Sgt. to soda Sat. night.

Sgt. "Jim" Keeley is back on duty after a short time on "sick in quarters."

The boy was on the job Monday night at the "Serenaders dance." All he has to do is to look 'em over and the boys calm down.

We drill in the basement this week on account of the Baseball Team's Carnival on the drill floor. We more than likely will have another Battery Shoot at this time.

Last but not least THE PAYROLL IS OFF.

THE SPORTING TICKER

A Column Devoted to Clean Athletics and Sportsmanship, written by one who loves the Game.

POST-EASTER THOUGHTS

Several baseball leagues were scheduled to open their respective seasons last Saturday afternoon. We didn't feel equal to the ordeal of watching any of them get the campaigns under way. A few hardy souls were noticed trekking towards one or two parks along the wayside, however. And that sight brings to mind the fact that the old National game still has a strange hold on the sporting public.

Down at Elkton Saturday, the Susquehanna League opened in a blast of wind. Foot warmers and wristlets were at a premium; the players could feel their highly trained arms and legs creaking and groaning under the pressure of the cold; in short, it was a fine day for ice skating.

Ira Kilmon, the genial host of the Elkton Road Tavern, took up his war-bag and headed for Atlantic City Saturday. He stopped at all the larger hotels, gave them a few pointers on management, watched the Easter parade of fur coats and hot water bottles, and came home rejoicing.

This item really doesn't belong in the sporting column. It's an unusual bit of news, and the Ticker being an unusual column, everything fits, so let's hence to the next spasm.

Newark fans will soon have another glimpse of a great and famous ball player when Jack Coombs comes to town with his Williams College tossers on April 10th.

Wouldn't it be a treat for the youngsters to "listen in" when Jack and Vic Willis and Bert Everson get together? There are three men who know just about all there is to know about the art of pitching. Tales of the bitter pennant fights, of the wonderful feats performed by the players and teams of days gone by. Yes, it would be right nice.

And there will be, we venture to say, just a trace of sadness when they meet. Each year takes them along one notch in life; and each removes them further from the days of glory. For them, the past holds the flame; memories tumbling all over themselves in their eagerness to take shape in words.

You young chaps will have many, many miles to go before you can stand up beside these men and talk of old times. But you can listen. There is no law forbidding that. To talk when they are talking, well it better not be baseball talk.

Willis, Everson, Coombs—what a group!

Have you ever played Corner Ball?

It used to be played, according to authorities on the subject, only at public sales. It has more or less died out in Delaware but just across the line in Pennsylvania, the sport still rages every time a sale is being called at a farm. The players line the barnyard enclosure and "sock" each other with a baseball. There is a "mush" who dodges the ball as best he can. If hit, he returns the compliment. Some of those men from the fields and hills can throw a ball with uncanny accuracy. No matter how you run, jump, or twist, that ball will find its mark. It's a custom, a tradition, out there. A sale wouldn't be a sale without a game of corner ball.

Which leads us to remark quite casually that ambitious baseball pitchers might be benefited by a few lessons in Corner Ball.

SPORTS AND LEADERS OF MEN

It has been stated in several London papers that high officials in the British Government have lodged a formal protest with King George, pointing to the fact that the Prince of Wales is risking his life almost daily in playing around with his horses.

It appears that the future heir to the British throne is all wrapped up in cross country "hoss" racing, and has suffered some pretty nasty falls, each fall, of course, causing royal shivers to run up royal backs, and staid members of the official family to cover their faces. But the real people of England and the provinces, the taxpayers, the pillars upon which the Government is built, rejoice at the spectacle of their Prince going along with the Game.

We predict that when he reaches the throne of England he will start out as the most popular King in many generations.

The love of true Sport knows no caste, creed or race of men.

OUR JUNKETING CONGRESSMEN

Here's another item which by all the laws of newspaperdom should be placed in the Classified Ad Column, and read:

Lost: One Perfectly Good Senator from Delaware. Answers to the name of Ball. Said to be Somewhere Down South. Please return to His Loving Constituency.

In looking over the pictorial supplement of a New York paper the other day we found a view of one of Uncle Sam's battleships on maneuvers in Southern waters. On the deck was grouped a gathering of officers and civilians, and right smack on the front row sat our Senator.

Will Rogers, the inimitable comedian who is the latest contributor to the Almighty Syndicate, says:

"I see the members of Congress are all going away on voyages and golfing trips, etc. That's because they're afraid to go home and face their people."

Of course, that does not apply to anyone in particular—just everybody in general.

Wilmington In League

The new Atlantic League is a certainty, according to latest information. After much preliminary conferring and debating, it was decided to close the entries with seven clubs in the circuit.

Wilmington has been given a berth in the league and Manager McCloskey is combing the peninsula and the East for talent to represent the city.

An unusual feature of the league is the fact that seven clubs make it hard for the authorities to draft a schedule. Efforts to eliminate one team or add one have proved futile, and the league will function as best it can until help arrives. The season will open May 2nd.

WILLIAMS COLLEGE TO
ARRIVE HERE APRIL 10

Four-Day Training Period Including Game with Delaware in Wilmington

The Williams College baseball team is due to arrive in Newark next Tuesday for a four or five day training trip.

Under the tutelage of Jack Coombs, member of the great Athletic team several years ago, the New Englanders will work out on Frazer Field with the Delaware athletes and wind up their stay here with a game in Wilmington on Saturday, the 14th, with the Blue and Gold as their opponents.

No words have been received as to the strength of Williams this year. New York papers state that the cold weather has interfered with the practice and the team is as yet an unknown quantity. Jack Coombs is always pessimistic about his team, but is expected to turn out another good combination.

On Saturday evening, the 14th, there will be given a dance in honor of the visiting club by the Student Council of the University. The frolic, it is understood, will be held in Wilmington.
