Dear Jimmy -

I had a very interesting letter from your father but the news that your mother was not so well and having some tests. Bill Draper said he saw your father last Sunday & that your father said she was better. I do hope she is much improved now and will rapidly be entirely well. Draper & Buchanan said your father was fine.

Helene Boyton who had a heart attack last August and is well again is leaving by Pan Am this morning at 6.35 accompanied by a friend, and our maid Maria Tournier who lives with her now. She will have to stay at Cuernavaca most of the time to escape the altitude of Mexico City so Maria will

be spending most of the next week
there with her. I will leave in half an hour
to meet her at the air port and we will
go straight to Cuernavaca.

In showing my up and downs - not
feeling very fit. I keep going all the
time but haven't any pep. I leave here
Saturday Feb 23 for Washington & take the
train from there for Boston the same
evening & will be in the New England
Baptist Hospital early Sunday the 24th.
I expect to stay there until the following
Sunday and take a train from Boston
for Toronto and be in Toronto until
the evening of March 6 or 7 and then go
to New York or stop a night in
Greenwich to see you all. I want
to spend two days in Washington before
I leave to Mexico.

I sent a note to your father telling him
this & asked him to tell you. I will
call on phone some time Sunday the
24th from the hospital as I am
anxious for news of your mother & you
all.

There is much to talk about & I
hope to see you in Greenwich but I
have to get back to Mexico as soon as
I can as I do not like to leave
Marion for long.

I sometimes think that all that
is wrong with me is the years that
are piling up on me but I have
a thorough check up and the doctors
can keep me sane. It's mostly
that I have no pep.

This is just a hurried word

Before I leave for the air port
to meet Helene. Marion & Quackols
have already left earlier today for
Camara.

Hope this finds you & mother well
so much better. So give her my love.
My love to you and you all, and
looking forward to seeing you in only
briefly — Always fondly
