

Revd. Aug. 17
C. H.

August 9, 1950

Dear Brosens:

I am delighted to have your note of July 31. Things are going rather somewhat better here, but we have many problems, but they are the things which one has to live with in this business. I cannot write you at any length, but I send you herewith a copy of a note which I have just sent to Le Paige. I am hoping very much that Mr. Heineman may be able to return for our General Meeting in Toronto on September 14. I should say really not for our General Meeting, because that is not so important, as for some Board meetings which will take place about that time when we have to discuss some important matters connected with Mexlight. I also look forward very much to seeing him. I note with interest that if circumstances permit, you are planning to leave for Europe in the second fortnight of August and will probably go to New York and expect to include Mexico in your trip. This is good news. Maryssael and I are leaving here on September 7 by air for the Board meetings and the General Meeting in Toronto on September 14, and I will return to Mexico City around September 20. I shall be in Washington several times during my stay North. Maryssael is planning to leave for Belgium around September 20 and will be gone about a month. You will probably be seeing him, therefore, in Brussels.

Marion continues to improve and is really almost her normal self. She joins me in all good wishes to you both, and I am looking forward to seeing you both in New York and here, and in any event in Mexico City on this trip. I do hope that circumstances will be such that you can make the trip.

Cordially and faithfully yours,

George S. Messersmith
Chairman of the Board
