Three trophies will be presented. The Mayor Brothers Trophy will be awarded to the "most valuable senior" the Newark Department Store Trophy for the member of the squad who has "contributed most to team morale," and the Touchdown Club Trophy for the "outstanding lineman" in the annual All-Star game played in August for the benefit of the Delaware Foundation for Retarded Children.

Aetna Fund Drive Approaches Goal As Campaign Ends

The annual campaign to obtain operating and maintenance funds for Newark's volunteer fire department was officially concluded yesterday, with a total of \$17,555.55 received toward the 1961 budget goal of \$19,540.

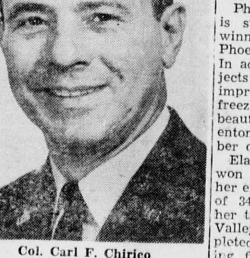

With less than \$2,000 to go, and with returns still expected from business firms and individual donors, Aetna President John List expressed satisfaction with the results of the campaign, and his belief that the goal would be attained.

Those who have not made their contributions for the support of Newark's volunteer fire department and protection of local life and property, are urged to mail their donations.

Newark's volunteer fire-fighters receive no pay, and financial assistance from city, county, and state is inadequate to provide necessary protection for the district.

"The attainment of our fund goal is necessary," John List concluded yesterday, "if Newark's volunteer fire department is to continue to provide adequate protection in this ever-growing area."

The award cited the colonel's efforts "in serving the national defense of the United States by steadfast endorsement of the association's objectives."

Colonel Chirico resides with his wife and son at 302 Radcliffe Drive, Nottingham Green. He is commander of the Delaware-East Pennsylvania sector of the XII Army Corps, and is responsible for Army Reserve and ROTC activities in Delaware, East Pennsylvania, and the Delaware Peninsula.

Five Field Fires, 2 Within Minutes Occupy Aetnamen

Volunteer Firemen Fight Saturday, Sunday Blazes In Series Of Area Alarms

Five field fires and a blazing dump kept volunteer firemen of the Aetna Hose, Hook and Ladder Company on the jump last Saturday and Sunday, with two field fires on Saturday reported within two minutes—and three fire alarms received within seven minutes.

At 1:45 p.m., 19 volunteers led by Chief Knotts with two engines extinguished a field fire off Chaucer Drive in Brookside's field off Chaucer Drive.

And the echoes of the first fire siren blasts had scarcely rolled away when two more field fires were reported—at 1:50 and at 1:52.

Assistant Chief Andy Walp led 14 men with two trucks in quelling a brush blaze on the Vannoy farm off New London Road, and Capt. John Smith with nine volunteers and one engine extinguished a field fire at 901 Barksdale Road.

On Sunday at 11:45 a.m., Captain Smith and 19 firemen with two trucks responded to an alarm for a burning dump off Creek Road, and at 1:30 and 6:02 p.m., Chief Knotts led 24 men with two engines on each occasion to extinguish field fires off Ogleton Road at the Pennsylvania Railroad overpass, and off the South Chapel Street extension.

James Greenplate Wins Soroptimist Quilt From Wales

James P. Greenplate of Ogleton Road won the hand-woven quilt from Wales in the Newark Soroptimist Club prize-drawing last week, with Mrs. Melissa Eisner, president of the Senior Citizens Club, drawing Mr. Greenplate's lucky coupon from the many entries.

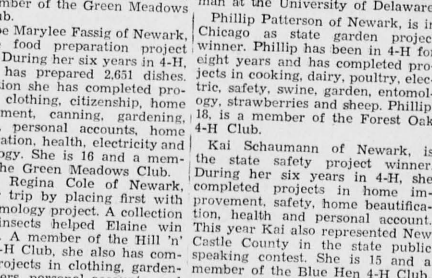

Local Soroptimists assisted a sister club in Wales with a monetary contribution some years ago, and their sisters across the sea responded last fall by sending the Newark Soroptimist Club a hand-made quilt which was offered as a prize in the local fund-raising program for the benefit of the Newark Senior Citizens Club.

The local Soroptimists originally adopted the idea of a center for over-65 Newarkers as a one-year project, but the response was so great that they have now decided to make it a long-range project.

The senior citizens have been meeting in the New Century Club. The Soroptimists are now hoping to raise at least \$1,000 through various activities to make a start toward obtaining a more permanent meeting place.

If it succeeded, it will be partly due to some grateful women 3,000 miles away in Wales.

CDF Wins Patent With Haroldson, Watrous Research

A patent covering a new process for molding sintered polytetrafluoroethylene articles has been granted to Continental-Diamonds, Inc., in incorporation, according to Dr. W. M. Lair, director of research and development.

The new method produces sound, compact, molded billets, free from porosity, cracks and internal texture even when reclaimed sintered material is used.

Among the specific advantages cited for the process are dielectric strength properties superior to those of products produced by conventional methods.

The material can be sintered in the usual way to give a sound, continuous sheet material whether virgin or reclaimed material is used.

The process, granted Patent No. 2,939,173 on June 7, 1960, was invented by Arthur H. Haroldson, associate director of research and development, and George H. Watrous, manager of laminate research.

Winterize Driving. Car Safety Council Cautions

Winterize your car, and also your driving technique, J. H. Tyler McConnell, president of the Delaware Safety Council, suggested yesterday. December's arrival means wintry road conditions may occur in Delaware at any time.

"There's nothing much you can do about winter weather—except be prepared for it," McConnell said. "Snow and ice, combined with early darkness, snowstorms with shattered windshields, help cause the high auto death and injury toll in the winter," he warned.

WHAT DOES HE SEE?

THE DECISION MAKERS

Of importance along with the decisions of our government leaders are the decisions made by the leaders of American industry and business. On them hangs the economic well-being of Americans and of much of the world.

Now that national elections are over, the nation's top industrial leaders are getting ready to meet in New York early December to take a look at economic prospects, looking at the 65th Congress of American Industry, they analyze the business outlook for 1961, anticipate some of the problems that will arise, and try to find ways to keep companies—and America—"moving ahead."

The Congress of Industry makes few headlines outside business pages, but what goes on there has a greater effect on American life than many events that make page-one headlines. For these are the men whose aggregate decisions determine the growth rate of our national economy. Government decisions can help or hinder, but only private enterprise produces growth.

Since the future freedom of so much of the world depends heavily upon United States ability to maintain a strong growing economy, let's hope our industrial leaders have a more successful and beneficial Congress!

The American Hospital Association points out that some 400 teenagers are busy these days proving that adolescence is not necessarily a time of delinquency. They serve as waiters in some 5,500 American hospitals. Their duties range from counting linen to feeding patients.

Carvel's Contribution from TV Show

The Delmarva Boy Scout fund campaign for 1961 was increased when chairman and Governor-Elect Elbert N. Carvel of Delaware presented his "What's My Line" panel winnings to William Hopkins, special gifts chairman, in the presence of Roland P. Lowe, Jr., Governor Carvel recently stamped the panel on a network TV show from New York.

Auto Curtailments For U. D. Students Explained By Dean

Hocutt Cites Enrollment Increase, Need For New Buildings, Not Parking

John E. Hocutt, dean of students at the University of Delaware, outlined reasons for the university's policies with respect to student-operated motor vehicles approved last June by the board of trustees.

One specific regulation which has been criticized states in part "Beginning in September, 1961, only commuters will be eligible to operate motor vehicles in Newark during the school year."

In 1955 resident freshmen were denied the privilege of maintaining cars on the university campus. In subsequent years, members of the sophomore and junior classes were included. At present, seniors may maintain cars in Newark, but because of limited parking areas on the campus and in the community they, too, will lose this privilege in 1961.

"The university already has a serious parking problem," Dean Hocutt explained. "We have about 800 available parking spaces on the campus and have issued 3,200 parking permits to commuter students, faculty and staff automobile operators. If, on any given day, all of these persons choose to drive, we have a difficult situation."

Space and cost are the factors which most deter the university from efforts to provide the greatly expanded parking lots which would be needed to accommodate all students who wish to maintain cars on campus, Hocutt said.

With greatly increased enrollments forecast for the next decade, land which the university now owns or will purchase must be used for academic buildings or dormitories.

Recent bids submitted on parking areas and driveways call for an expenditure of approximately \$235 per car accommodated. These figures include only grading and surfacing and do not include the much greater cost of the land itself or the building of high-rise parking facilities.

"When funds for basic educational programs and faculty salaries already are so difficult to obtain, we believe it would be unwise, indeed, to invest such large amounts in parking lots," Dean Hocutt added.

GEOLOGIST TO SPEAK
A meeting of the Delaware Mineralogical Society will be held tonight at the Unitarian Fellowship House, 101 Syphard Drive, at 8 o'clock, with Dr. Robert Jordan of the Delaware Geological Survey speaking on "The Function of the Geologist with Reference to the State of Delaware."

Letters To The Editor

Dear Mr. Editor
I am writing this letter as I wish to make friends with one of your country. That is, I wish you can introduce me to some one who has the same idea with me, and I desire to learn the way of living and other many things. To understand each other, is the most useful and powerful method to establish the peace of world I think. Correspondence is the best way to carry out it easily.

Well, I am 20 years old and a university student, my major is English and American literature. Oh, I am a boy.

My hobbies are stamp collection, music, movie, photo and reading. If you can publish this letter in your paper I would appreciate it very much.

Perhaps you cannot afford any space. In that case, I like to ask your favor to pass this letter to some one. I hope this did not cause you any inconvenience.

Speaking of Money...

"How much is your wife worth?"

by: JOHN BUCHANAN

Speaking for the Wilmington Savings Fund Society

Could be you men want to clip this out of the paper before your wife sees it. Because this story concerns your wives and you may not want them to read it.

This story is actually a dream. The man who told it to me claims it was a nightmare. Let's call him Jones. Here's what happened to him and his money when he dreamed that Mrs. Jones joined the union.

When Bob got up for work in the morning—in his dream—he found no towels in the bathroom. He called Mrs. Jones, who brought towels, and held out her hand. "That'll be \$2.81," she said.

Bob Jones laughed at this, but not for long... because Mrs. Jones flashed a union card on him... The United Housewives of America... The UHA... Seems she had joined the Housewives Union and from now on she was charging by the hour. \$2.81 was, according to careful union estimates, her due wages at \$1.25 per hour for the amount of work she would put in on general housekeeping and laundering for that day. The amount didn't have to be paid until the end of the week, and if Mr. Jones would sign a voucher for the

amount, the day's work could proceed. Well, after that poor Bob began to bleed steadily from his pocketbook. Breakfast brought a bill for \$3.68, which, he was told, covered cooking, washing dishes, planning meals, baking, and waiting table for the entire day at an average wage of \$1.79 an hour. Bob signed the voucher.

A half hour later Mrs. Jones picked Bob's shirt off the chair, straightened up his closet, and then handed him a bill for fifty cents... that day's charge for chambermaid service. Then she awakened the children and that ultimately cost Bob \$8.50... the day's cost for that part of her job where she functioned as private nurse, baby sitter, and governess. Caring for the children costs \$1.50 an hour, she explained.

Well, then there was the shopping to do, which cost \$1.50... and some sewing, \$1.00 more. She pulled weeds from the flowerbed for an hour. One dollar and sixty cents—gardener's rates. When Mrs. Jones drove Bob's young daughter to the girl scout meeting that evening, he had to pay another \$1.60... chauffeur's wages.

By the end of the day Bob owed his wife

\$27.70... and Saturday night he had to hand over \$193.95. The climax of the nightmare came when he took a pencil and figured that he had to pay his wife an even \$10,000 a year. That's when he woke up screaming... bathed in cold sweat, as he told me later.

There is no such union, of course, as the United Housewives of America. And there won't be one as long as we make up the difference in affection, appreciation and respect. But it takes a lot of that to add up to \$10,000.

Half-Moon Pie With Fresh Pears

You might describe this Amish Half-Moon Pie as a man-size turnover, wholesome as a Pennsylvania countryside. It is filled with fresh California Bartlett pears and cottage cheese.

There's a trick to rolling out this mammoth turnover, but the reward in praise is well worth the trouble. Make up pastry for a double crust 9-inch pie. Chill thoroughly. Now core and slice 4 medium-sized fresh California Bartletts. Mix with ¼ cup sugar, 2 tablespoons flour, the rind and juice of ½ lemon and a dash of salt. Lightly stir in ½ pint creamed cottage cheese. If you like a spicy pie, sprinkle with cinnamon and nutmeg.

Put a large sheet of waxed paper under a cookie sheet, extending about 12 inches beyond the sheet. Sprinkle with flour. Now roll out pastry in one big circle, half on the cookie sheet and half on the waxed paper. Top the cookie sheet half with the pear mixture; dot with butter or margarine and carefully fold over other half (use corners of waxed paper to pull pastry over). Crimp edges. Prick to allow steam to escape. Bake in hot oven (425° F.) 40 to 45 minutes or until crust is golden.

General Assembly Members Receive Surprise Lecture

Penn State Professor Addresses Legislative Seminar On UD Campus

Members of Delaware's 121st General Assembly received an unexpected lecture on how to run their business as Dr. John Ferguson, Penn State professor, surprised 35 General Assembly members at a pre-session seminar by plunging into such matters as reapportionment, "home rule" for cities, central purchasing, and new accounting procedures.

Ferguson, one of Pennsylvania's experts on administrative procedures, was the featured speaker at the seminar arranged by the political science department of the university.

He told the 12 state senators and 23 House members that the powers of legislatures are gradually being chipped away because of the resistance of the legislators themselves to progress and change.

Ferguson warned legislators that city dwellers "are no longer going to sit back and let the legislators represent them when in fact the legislators do not represent them at all."

He said that unless legislators devote attention to reapportionment to give city populations a larger voice in state legislatures, the people will simply bypass the legislators to get what they want.

He reminded lawmakers that this has already happened in several states.

Postmaster Cooch Reports Readiness For Yule Mailing

Newark Postmaster F. Allyn Cooch, Jr., said today that "Early mailing of all Christmas cards and gifts is the biggest single factor in getting all of the mail delivered before Christmas. Post office facilities have been expanded, extra help will be available, and everything is geared up to handle a record Christmas mail in Newark this year."

The entire Christmas mailing period is a big battle against time. Even though Christmas is a month away by the calendar, it's Christmas every day at the Newark Post Office from now on.

"Don't take chances on mailing poorly wrapped packages," Cooch cautioned. "Use sturdy corrugated mailing cartons, plenty of heavy wrapping paper and strong cord. Cartons containing several gift packages should be well stuffed with old newspapers to cushion contents."

"If you have articles of unusual size or bulk, better check with the post office before attempting to mail them," Mr. Cooch continued. "The limits of size and weight of packages vary, depending on where you mail your packages."

Postmaster Cooch urged that Christmas cards be sent first class, with return name and address on each Christmas card envelope.

"Send all Christmas mail going long distances before Dec. 10, and follow up promptly with cards and gifts for local delivery. Mail early and often for a merrier Christmas," the Newark postmaster concluded.

HAPPY HUNTING!

WOMEN'S TRAVEL DIRECTOR, SHELL OIL COMPANY

MAKE SURE YOUR HUNTING ENDS ARE RUN BY FOLLOWING THESE SAFETY SUGGESTIONS:

CARRY YOUR GUN UNLOADED IN THE TRUNK COMPARTMENT OF YOUR CAR. LOAD THE GUN ONLY IN WOODS OR OPEN AREAS, WHEN DRIVING TO A NEW SPOT, UNLOAD GUN BEFORE GETTING INTO CAR AND MOVING ON.

WHEN WALKING, HAVE THE SAFETY ON. MUZZLE ALWAYS POINT AWAY FROM COMPANIONS. NEVER GIMB WITH A GUN. AT A WALL OR FENCE, PUSH YOUR GUN ON AHEAD OR HAND IT TO A FELLOW HUNTER.

WATCH YOUR BACKGROUND. HARD, FLAT SURFACES MEAN RICOCHET. OTHER TIPS: YELLOW IS THE BEST COLOR FOR HUNTING CLOTHES. IF YOU'RE LOST OR NEED HELP, FIRE THREE SHOTS AT EVEN INTERVALS, REPEAT A FEW MINUTES LATER.

WHEN DUCK HUNTING FROM A BOAT, TWO COMPANIONS SHOULD FACE IN OPPOSITE DIRECTIONS. IN WOODS, WALKING SIDE BY SIDE IS SAFEST.

THE BEST GENERAL ADVICE: ALWAYS TREAT A GUN AS THOUGH IT WERE LOADED.

Claudia Beswick Attends Teachers' Study Conference

While their students celebrated the Thanksgiving holidays, a cross-section of teacher leaders from all over the nation gathered in Washington last Friday and Saturday to "talk turkey" about the responsibilities of their profession.

Claudia A. Beswick, 715 Chrysler Avenue, a teacher in the Newark special school district, was among 55 teachers who attended the annual National Study Conference sponsored by the department of classroom teachers of the National Education Association.

During the two-day sessions, the teachers took up such questions as what roles the profession and the public should play in the development of educational goals and methods; responsibilities of the teaching profession for preparation of new teachers; and strengthening professional responsibility and accountability.

The department of classroom teachers constitutes 85 per cent of total NEA membership.

Buena Stalberg of Webster Groves, Mo., is national president of the organization, and Margaret Stevenson of Washington, D. C., is executive secretary.

Like the Cisco Kid, genial Jim Cisco is a handy man with a gun. The enthusiastic sportsman from Flourentown—"Philadelphia, I tell 'em to save a lot of explanation when people ask me where Flourentown is," Jim explained, "because not many people have heard of Flourentown, and it is close to Philly"—knocked his first goose as dead as a sack of flour from a towering trio over the green winter wheatfield near Church Hill last Tuesday afternoon with his very first shot at one of the majestic migrants.

And the Cisco system already near the boiling point with the old adrenalin beginning to bubble, was saved added wear and tear with that well directed first shot. The shell jammed in the gun so that a second chance was out of the question—and Mr. Cisco in his first encounter with the wily Canadian honkers may well have suffered more severe shock had it not been for the distraction and satisfaction of beholding his first goose plummeting out of the gray sky over Maryland's Eastern Shore.

Big One! "I couldn't believe it!" Jim said. "What a beauty, and what a big one! I've been hunting for years—almost all kinds of game, but never geese—and I was like a kid—couldn't keep from stealing a look every couple of minutes at that big goose in the pit beside me."

Meanwhile, with Herculean restraint, Bill Manduke had shared the wheatfield goose pit with Jim Cisco without firing a shot in a successful but strenuous effort to give his guest a first chance best of things. Bill is a veteran goose hunter, but the veriest vet seldom fails to thrill and respond to the magic melody and stirring spectacle of wild geese sailing down and in with wings set and acurve. And Mr. Manduke's self-imposed cease fire order was sorely tried as his pit partner frantically fumbled with the jammed firing mechanism of the shotgun.

Yellowjackets Win Over Elks, 54-21 To End 8-1 Season

Wells Scores Three TD's, Cage, Subach, Keister, Neide, Money, One Each

Coach Bob Hoffman's Yellow-jacket champions of the Blue Hen Conference walloped the Elkon visitors here last Thursday morning, 54-21, to conclude an 8-1 season for Newark with a county record of 275 points scored during the campaign.

Halfback Lloyd Wells scored three touchdowns to win the state scoring championship with a total of 108 after copping the Blue Hen Conference title with a total of 15 touchdowns.

Newark took a 7-0 lead in the first quarter as Wells concluded a 72-yard drive with a touchdown jaunt from the eight; Co-Capt. Art Carney recovered an Elk fumble, and Co-Capt. Guy Cage scored on a quarterback sneak from the three.

Elkon was first to score in the second quarter, Roger Taylor scoring end for seven yards. Newark retaliated with Wells going over from the three.

Newark recovered an Elkon fumble of the kick-off opening the third quarter, and Fullback Frank Subach crashed over from the five on the first play.

Cage's six-yard pass to Les Monney; Wells' five-yard run and Norm Neide's four-yard end sweep gave the Yellowjackets three more touchdowns in the period.

Newark's final touchdown in the fourth quarter came on Mike Sinclair's 20-yard pass to Don Keister. Art Carney kicked five extra points and Bill Saunders one.

Elkon tallied two touchdowns in the fourth period, one on a 31-yard dash by Taylor and the other on a two-yard buck by Carl Fowler.

Clair's 20-yard pass to Don Keister in the 11-game series with Elkon.

Joe Aneda Reports Eight Aces Scored For NCC Golf Year

What may be a national record of eight holes in one was scored at the Newark Country Club during the recent golf season from April through October, Joe the Pro Aneda reports.

And two women golfers were among the eight scoring aces, with Louise Woodhouse sinking one on the second hole, and Milly Link scoring on the 17th.

Other aces were carded by John Hammond on the second hole; and by Dick Bauer, Joe Grant, Randy Fox, Doug McMin, and Sank Richards on the 17th.

Eastern Shore flatlands, and we saw our first geese near Millington as a flock of some dozen honkers drifted earthward like a streak of heavy smoke into a field full of standing sentinels and feeding fellows safely back from the highway.

Just beyond Church Hill and a multiflora rose hedgegrow, thousands of geese occupied a plowed, apparently barren field, and as we drove down the lane toward the shooting pits, geese arose from the decoys on both sides of the road. The last goose flew out of the decoys in the cornfield fodder not 20 yards away as with Dick Ware, we walked up to the pit—with our guns encased.

Small, scattered squads of geese rumbled and drifted high across the sky at all quarters as we loaded up and settled down beneath the cornstalks, and a sprinkling of mallards buzzed the field from time to time, safely out of range as we called to their biggest brethren.

Jim Cisco killed his first goose, and then a flock of a dozen set their wings for the decoys, lifted a bit, and swung around to look again.

"Out of Range" "They're not coming any closer," R. T. Ware said, and as we looked up, up at the squadron of big bomber-like birds soaring by and out of range, Dick Ware folded one dead with a magnum blast.

Four geese passed high over, set their wings, sailed into the wheatfield decoys, and after the Cisco-Manduke firing had set the echoes rolling, two geese flew out.

Another high-flying string passed over our pit—again out of range—and again R. T. Ware stopped a big honker as if it had hit the old concrete abutment. With some 15 minutes of shooting time remaining, Jim Cisco and Bill Manduke filled their limit of four geese with a final bird as we watched an ominous cloud bank boil out of the west and spread before the rising wind to black out the already weak and watery light of a November sunset. And with the cloud came wind and rain—plenty of both. The black cloud turned to gray—premature night turned to day—and during a brief lull in wind and water we came out of the pit and made a dash for the car. It was a brief lull, indeed, and a long, wet dash.

But the torrential rain failed to dampen Jim Cisco's enthusiasm, although most everything else was pretty well soaked. "The thrill of my life," the Cisco Kid concluded with eyes and a big grin shining through the gloom and the rain at dusk.

"Geese in front of us, geese in back of us, geese over us—geese everywhere—boys, I tell you, it was something!"

Well, it was a pleasantly memorable experience even for a trigger-happy hunter who had not fired a shot.

State Archery Trophy Winners

Top trophy winners in the recent state archery championship tourney conducted at the New Castle Rod and Gun Club range near Sunset Lake are (left to right) Irvin "Buck" Crowe, runner-up to State Champion Jim Wheaton; and Joe Jordan, winner of the open class shoot.

Capt. Jack Baly Heads Eight Lettermen As Hens Face Lehigh In Saturday Opener

Eight lettermen return to give Delaware's basketball team hope for improvement, as Coach Irv Wisniewski prepares his club for the season's first test on Saturday with Lehigh at Carpenter Field House.

Captain Jack Baly, of Union, N. J., is the top performer returning from last year's squad that turned in a 7-16 record. The 6-2 guard scored 314 points and improved as the season progressed with his final outing his best with a 27-point performance.

Delaware also has veterans at both forward positions in Tom Adams, 6-2 senior from Ocean City, N. J., and Bill Wagamon, 6-4 junior from Milton, Del.

Jack Barry, guard from Dunkirk, N. Y., with one year of varsity experience, did not play last year, but returns to the squad to man the other backcourt position.

Sophomore Nate Cloud, 6-5 giant from Wilmington, takes over the pivot post.

Barry, who scored 178 points in 1958-59, and Cloud, the top freshman performer of last year, will attempt to fill the vacancies by graduation of Co-Captains Chick Hamilton, last year's center and leading scorer, and Gil Mahla, starting guard.

The Blue Hens also have experienced reserve strength. Wisniewski is attempting to develop a second unit of almost equal strength around three lettermen.

Tom Schomater, a junior from Barrington, N. J., who had a few starting chances last year, is the key operative in this combination. Seeing limited action in most

games, the diminutive guard—he's 5-11—scored 122 points. Other lettermen—Jay Lynch, 6-4 from Wilmington, and Bill Lehman, junior from Delanco, N. J., help round out the unit with Sophomore Dick Greenhill of Wilmington—the Chick's second best performer—and Bruce Greene, of Philadelphia, a sophomore year.

Al Wentz, another letterman, probably will be used as a swing man with the first and second units when the teams needs rebounding strength. Wentz, a 6-5 senior, is from Laurel, Del.

Saturday's 8:15 p.m. varsity clash with Lehigh, a Middle Atlantic Conference rival, will be preceded with the unveiling of Delaware's new freshman combine under Coach Ed Malesy in a game with the Lehigh frosh at 6:30.

Lloyd Wells Wins State, Conference Scoring Crowns

Lloyd Wells, Newark High School halfback, is the state and Blue Hen Conference scoring champion with a total of 18 touchdowns for 108 points, and 15 TD's in conference competition.

Yellowjacket guard and Co-Capt. Art Carney led the conference in scoring points after touchdown with a total of 18.

Newark Halfback Charlie Word won fourth place in the conference scoring race with six touchdowns

and one extra point for a total of 37. Conrad's Jimmy Gregg with 55 points was runner-up to Champion Lloyd Wells, followed by Brandywine's Buddy Halley with 49.

Fullback Frank Subach for the Yellowjackets shared eighth place in the conference scoring race with 24 points—all via the touchdown route.

Hen Swimmers To Face Lafayette In Season Opener

Co-Captains Dick Cheadle, Dan Roosevelt Head Team For Coach Harry Rawstrom

A 10-meet schedule and participation in two championship events opens Saturday for the University of Delaware swimmers when they entertain Lafayette at Taylor Pool at 2 p.m.

Coach Harry Rawstrom is optimistic about the Blue Hens' chances of repeating last year's 6-4 record, considering the current squad potentially better than any in recent years.

Delaware, which defeated Lafayette 58-36 last year, also will participate in the first annual Eastern Collegiate Swimming Association Relays at New York University on Dec. 17, and the MAC championships at West Chester, March 3-4.

Co-Captain Dick Cheadle and Dan Grant are lost for the butterfly and breaststroke events, but Rawstrom thinks Charlie Derriek, Gary Ottwell and Ken Horne—all of Wilmington—can carry the load.

Co-Captain Dan Roosevelt of Richmond, Va., who holds the Hens' individual medley record at 2:28.8, has developed into a good middle distance swimmer to add to his natural backstroke ability, and can be counted upon for important points.

Cal Horn and Dave McDowell, both of Wilmington, and Co-Captain Newt Watis, of Philadelphia, add backstroke depth.

A pair of sophomores—Howard Giles, of Media, Pa., and John Maloney of Wilmington—give the team a good one-two punch in the sprints. Both will be gunning for the records of Hen star Fred Friebo.

Delaware's freestyle depth is the best in years, with Roosevelt; Don Dillion of Lewes; Art Weber of Hockessin; and Bob Miller of Kennett Square, Pa.

Despite what appears to be a happy future for the mermen, Coach Rawstrom is concerned about the apparent hold-over strength of four schools that defeated the Hens last year—Bucknell, Rutgers, Lehigh and Dickinson.

and one extra point for a total of 37. Conrad's Jimmy Gregg with 55 points was runner-up to Champion Lloyd Wells, followed by Brandywine's Buddy Halley with 49.

Fullback Frank Subach for the Yellowjackets shared eighth place in the conference scoring race with 24 points—all via the touchdown route.

Ohio, Buffalo Slated For Hen Gridde With Possible 9-Game Schedule In 1961

Ohio University, the nation's top small college team, and Buffalo, traditionally one of the East's best, appear on the University of Delaware football schedule in 1961.

David M. Nelson, Delaware head football coach and director of athletics, said the Hens will play eight games and possibly nine with a date with New Hampshire still pending.

The Hens seeking to improve on a 2-6-1 record, will play five games in the Middle Atlantic Conference university division with traditional rivals, and Hofstra, of the MAC northern college division in a return engagement.

Ohio University, located in Athens, O., is a member of the Mid-American Conference. Delaware has played Ohio rivals in Marshall this year; Bowling Green in a two-game series that ended in '59, and Kent State in the 1954 Refrigerator Bowl.

Coached by William Roy Hess, the Bobcats won the Mid-American title this past season and the small-college crown on the strength of a victory over Bowling Green, the defending titlist.

The Hens and the Bobcats will meet at Newark on Oct. 28.

The game with Buffalo replacing Amherst on the card, will be the first between the two clubs, although the Bisons have competed with other MAC teams in recent years. Buffalo was 1958 winner of the Lambert Cup, emblematic of eastern small-college supremacy, and Delaware won the Lambert Cup in '59. The teams will meet at Delaware Stadium on Sept. 30.

Officials of Delaware and New Hampshire are attempting to renew an eight-year rivalry with a date at Delaware Stadium on Oct. 21.

The Hens have a 7-1 edge in the series, with the Wildcats' lone victory this past season.

The Nelsonmen will journey to Hempstead, N. Y., on Oct. 14 to meet Hofstra in the second of a

two-game series. At Delaware stadium in '60, Delaware snapped a 17-game unbeaten string by defeating the Dutchmen, 20-0.

Delaware will open its season home in the traditional meeting with Lehigh. They will play two MAC games with Lafayette, Temple, and Rutgers, and a small-college champ.

Betty Fellows won the expert event with a 139; Tasker won the junior class a 251; and Jim Burrows 171 to win the bantam class.

have been looking for a male, three-year-old, black with brown and white markings, short hair, housebroken, and has had all shots. He is good with older children, plays ball, and is a fine watchdog.

Spooky is a pure-bred springer spaniel, mostly black with white and liver spots, five-years-old, spayed, housebroken, has had all shots. She is an excellent watchdog and good with older children.

Rusty, a male mixer, is 11-months-old, medium size, rust color, has long hair and long tail. He is good with children and housebroken.

Klenken, another male mixer, is about 11-months-old, black with brown and white markings and shaggy long hair. He is large size, an outdoor dog, has had distemper shots.

Star is a female, part German shepherd, brown with black and white markings, one-year-old, medium size, medium length hair, has had distemper shots.

Sweetie Pie is part cocker, male, four-months-old, cream colored with faint white markings and medium curly hair.

Butch and gypsy are "specialties of the house" this week from the cat department. Butch is a gray tiger, male, five-months-old, lovely coat, housebroken, and used to children. Gypsy is a spayed female, adult, jet black. Since she is very much a pet, she should be adopted by a family willing to continue to "spoil" her a bit.

PARAKEET POINTERS

By Philip Maraden
England's Consultant to
The R. T. French Company

FIRST STEPS FOR TALKERS

They don't "learn to talk." They merely learn to imitate sounds which they hear often enough, and like.

What makes the budgie, or parakeet, (as he is called in this country) the wonderful talker sharp hearing; second, an unusual ability to consciously control his throat muscles to produce any sound he wants; and third, a phenomenal memory. A knowledge of these factors will help you understand your bird's mechanism and become a better tutor.

It's important to remember that your pupil will mimic sounds that he likes much more quickly than other sounds. Therefore, set out from the start to make him like you and the sounds you make. Make him your pal; win his complete confidence and trust.

How to do this? Well... you've just brought home a new baby budgie and installed him in his cage, complete with seed (on the floor to begin with, please!) water, cuttlebone, toys, mirror, etc. You can see from his manner that he's scared stiff. Approach the cage gently — all movements must be slow until he's used to you — and tell him his name in a quiet, friendly voice; repeat it several times over a period of 5 to 10 minutes. Treat him like a child and you can't go wrong.

Talk to him like this several times during this first day, giving him plenty of time to adapt to his new surroundings. In the evening, when he's tired, you can start finger-taming him. I regard this as a very important step in the establishment of a mutual confidence, and it will have an enormous effect on the bird's eventual "talking" abilities.

Approach the cage very slowly and gently. Open the wire door and insert your hand, with your forefinger extended. Be sure to cover the space above your wrist with your other hand so that if the bird panics, he can't dash out and hurt himself. Repeating his now-familiar name to him quietly, move your hand almost imperceptibly towards him until your finger rests against his tummy just in front of the legs.

A slight upward pressure will make him climb on to your finger (or fall backwards off the perch) and as he steps on you should give him the command "UP" in a clear authoritative voice. Once on your finger, make him then get "up" on to your finger. Do this for about five minutes at a time, repeating the practice several times during the evening.

Exercise your budgie as often as you can be bothered, praising him each time he obeys you. Within a week or so he will get "up" every time you tell him to. Don't let him out of the cage until you can rely on his obedience or you'll have to chase him to get him back in again — and there goes all that confidence you've worked so hard to build up. During all this time — apart from the actual training sessions — you should repeat his name to him every chance you get as a preliminary to more specialized teaching.

Joseph F. Day, Sr., husband of Mrs. Margaret E. Day, died of a heart attack last Thursday at his home, 112 Greentree Road, Tanglewood.

A native of Wilmington, he moved to Tanglewood two years ago and was active in the Hillside Civic Association and as a deputy sheriff on patrol there; and helped coach the Capitol Trail Little League Hummingbird football team.

Mr. Day was a welder at the General Motors Corporation Boxwood Road plant.

In addition to his wife, he is survived by his mother, Mrs. Sadie Day, Silview; four children, Mrs. Charlotte Graykowski, Wilmington; Joseph F. Day, Jr., Minquidale; Charles J. and Edward F. Day, at home; four stepchildren, Miss Marjorie Ehrle, at home; Mrs. Mary Wicks, Wilmington; Robert Ehrle, Philadelphia; and William Ehrle, Millsboro; three sisters, Mrs. Helen Kornack, Redmont; Mrs. Charlotte Matthes, Elmhurst; and Mrs. Pauline Ritchie, Silview; and three grandchildren.

Services were held Monday in the Mealey Funeral Home, Wilmington, with interment in Silverbrook Cemetery.

African Wildlife Movies Scheduled At Art Center

Color motion pictures taken in Africa by Mrs. Sarah Lenher will be shown at the Delaware Art Center next Tuesday at 8:15 p.m. — films were taken when Mr. and Mrs. Lenher visited Africa in 1959.

The pictures are largely of the animal wildlife in game parks in Eastern, Central and South Africa.

Mrs. Lenher spent much of her childhood in Johannesburg, Union of South Africa. She received her education there, in England, and in the United States.

National Civil Defense Day To Be Observed Dec. 7

December 7, the anniversary of Delaware's ratification of the Federal Constitution and of the Japanese attack on Pearl Harbor, took on added significance this week as Gov. J. Caleb Boggs also called for observance of this date as National Civil Defense Day in the First State.

In a proclamation issued at Dover, Governor Boggs pointed out the need for a strong civil defense which, when coupled with military defense preparedness, will be, according to the chief executive, "a deterrent to war."

Delawareans were urged by Governor Boggs to "plan appropriate observance of this day, to give proper recognition to the contributions made to our safety by the staffs and volunteers of all civil defense organizations of our state, and to strengthen their resolve that they will continue to participate in the non-military defense program of our nation."

MEAL TIME MAGIC Pork Goulash and a Green Salad

With the current plentiful supply of pork, it's the smart home-maker who features this tasty meat on her winter menus. It's an easy-on-the-budget mealtime selection.

For hearty, tempting dishes combine lean pork and a secret ingredient... canned condensed soups. The results... nutritious meals! Both are good sources of many dietary essentials. It's a known fact that canned condensed soups while relatively low in calories afford more than their share of nutrients—in other words they supply well-balanced calories.

Serve your family a flavorful Pork Goulash. Lean pork cubes, canned tomatoes and green pepper strips are simmered together in a robust sauce of canned condensed onion soup. The long slow cooking develops a delicious blend of flavors. You'll find it's a mealtime treat served over cooked noodles.

To add extra zest, accompany by goulash with sliced cran-

apples. Round out your menu with a tossed green salad, pineapple upside down cake and coffee.

Pork Goulash
1 1/2 pounds lean pork cubes
1/2 cup flour
1/2 teaspoon garlic salt
Dash pepper
2 tablespoons shortening
1 can (10 3/4 ounces) condensed onion soup
1/2 cup water
1 cup cooked tomatoes
1/2 medium green pepper, cut into strips
1/2 cup chopped celery
1/2 teaspoon ground thyme
2 cups cooked noodles (about 2 ounces, uncooked)
Trim fat from pork cubes. Combine flour, garlic salt, and pepper; roll meat in the mixture. In large skillet, brown meat in shortening; pour off any excess drippings. Add soup, water, tomatoes, green pepper, celery, and thyme. Sprinkle remaining flour over mixture. Cover, simmer about 1 hour or until meat is tender. Stir now and then. Remove cover; cook about 15 minutes longer to thicken sauce. Serve over noodles. Makes 6 servings.
