Dear Jimmy -

When we left Cumana I put this letter
in a little bag I use to carry books + a few
personal things. We had to have two cays as
the family was so big - and Maria + I came
up in the taxi. The chauffeur of the taxi
took the bag back to Cumana & I
did not get it until this morning.

We have in bed with a quipso or virus
or whatever it is since Thursday. The fever
is going down but the staggering in bed
is awful.

All the best

Shirley
