

Pontresina, Hotel Kronenhof,
August 7, 1950.

Mr. George S. Messersmith,
Genova 44,
Mexico, D.F.

Dear George:

The enclosed copies of letters exchanged with Dr. Adenauer, who is recuperating in Switzerland after a rather serious illness, will, I believe, interest you.

I should like very much to hear your views on my idea of a "European Passport" or "European Carte d'Identité".

I read all your letters with considerable interest and hope that you will forgive my not answering them at length, as I am making as much as possible of my holiday here. We find this place most pleasant and restful. Stephen and Lida and the baby are still with us, whilst May and Simon had to return last Sunday.

The whole family joins in warmest regards to you both.

Yours ever,

YJ.

H.S.- I intend to leave Pontresina Saturday or Sunday, spending one day in Zurich and going then back to Brussels. Hettie and Edna will stay on in Zurich for a week, then ^{will} spend a week with May in Froggatt, before embarking Aug. 31. I may have to delay my return home until the middle of September. Shall keep you posted to see you in New York before the meeting.
