NUMBER 26

## Swarthmore Strikes Colors To Delaware

### Collins Wins The Game

#### Team To Receive Gold Baseballs

Before the matchless playing of the Blue and Gold nine, the Swarthmore crew was forced to strike the Garnet colors and acknowledge defeat on Frazer Field last Saturday by the score of 2 to 1. To "Dory" Collins goes the honors of the victory; he, in a closely contested pitching duel, the honors of the victory; he, in "Curly" Ogden, star of the Garnet pitching staff. "Dory" allowed but three hits and won his own game by a single in the seventh.

The game would have been a shutout had it not been for the fact that Dantz sprained his knee in a desperate try for a short fly that was too far in for him. Jackson and Wilson performed the stellar act of the game when a throw by Jackson to second in a fake attempt for a runner was quickly returned by Wilson, thus cutting a Swarthmore runner off at the plate. The play was executed with clock-like precision.

Swarthmore scored in the fourth inning when, with Esrey on third, Dantz had his unfortunate accident in center. In the fifth Delaware tied when consecutive singles by Jackson and Murray, a passed ball, and McCormick's outfield fly netted a run. McCormick in the seventh got to first on a fielder's choice and after stealing second was scored by "Dory's" single.

The victory over Swarthmore is especially significant in view of the fact that Penn recently bowed to the pitching of the mighty "Curly."

"Dory" has made gold baseballs a reality for the team.

## DEAN JOHNSON SPEAKS AT A. A. E. BANQUET

### Strikes New Keynote of Engineering

The American Association of Engineers held its annual banquet in Old College last evening. President of the local chapter H. B. Yost acted as toastmaster. Allen R. Cullimore, former Dean of Engineering at Delaware, was present and gave a few brief remarks. Dr. F. M. K. Foster also brought the gathering a refreshing message.

Dean A. N. Johnson of the College of Engineering of the University of Maryland and First Vice President of the American Association of Engineers was the principal speaker of the evening. He spoke on the opportunities and responsibilities of the engineer. At no time, he said, was the demand for the services of the engineer so urgent as the present time. More than this, the training of the engineer is becoming to be recognized as that which peculiarly fits men to grapple with the great economic problems of today. Conservation of our resources and the immense saving in energy that can be effected are primarily engineering problems, the solution of which is vital to economic progress. The greater dependence of the people of all communities on utilities and the necessity for the proper development and conduct for these utilities has developed a situation to which the engineer must lend his aid, not only as a technician but as a leader. It was on this point Dean Johnson laid special emphasis as pointing out the responsibilities of the engineer—that because his training so well adapts him to the solution of these problems, he owes to himself, to his profession, and to his community to see that he acquires a sound foundation of general knowledge that will fit him to undertake the responsibilities of leadership that should be his.

Dean Johnson, therefore, urged that greater attention should be given to the training of engineers in the study of economic problems, of history, and of leadership, and urged rather than discouraged the entrance of engineers into politics.

## Prof. C. L. Penny in Baltimore Hospital

Professor Charles L. Penny is at Johns Hopkins Hospital, Baltimore, for observation. Professor Penny has been in poor health for some weeks and decided to go to the Baltimore hospital for observation, under the care of specialists of that institution.

Struck out, by Ogden 8; by Collins 4. Left on bases, Swarthmore 4; Delaware 7. Stolen bases, McCormick. Sacrifice hit, Wood. Hit by pitched ball, Harmer. Base on balls, off Ogden 3; off Collins 1. Passed ball, Menzel. Time of game, 1 hr. 45 min. Umpire, Duncan.

## HALL PACKED AT BLUE HEN MINSTREL

### Farcical Production Well Staged

We write of the annual symposium of Delaware's musical and comedy talent that occurred last Thursday evening under the auspices of the Varsity and Footlights Clubs. We laugh in memory and turn to narration.

Madden's orchestra rhythmically accompanied the sinuous curtain as it magically lessened into two columns. Givan and Christfield as golfer and flapper, staged a laughter producing scene as the curtain raiser. Following this act, Aubrey Travers, cleverly arrayed in the hoop skirt of yore, portrayed the old-fashioned girl of granddaddy's day. The act was loudly applauded.

The next skit was staged by Daly, Brandt, and Ivory. Brandt's "Lehigh Valley" was a nerve-racker. A wrestling match "a la cinema eight times slower" was the ludicrous finale to this chapter.

"Cliff" Smith and Freshman Donaldson entertained in two separate musical renditions, the former singing "Mighty Lak a Rose"; Donaldson in his turn twanged "The Rosary" on a guitar, sending his audience under this soft and mellow music into the land where Romance blooms. "Jim" Deputy sang with Donaldson accompanying.

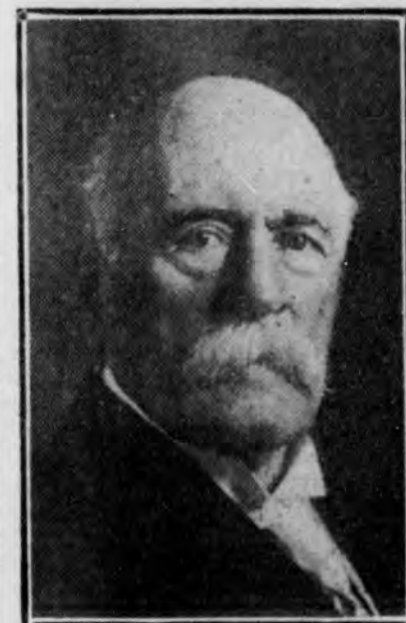

Then with a bang the minstrel was on. It opened with the quick time of a snappy chorus composed by local talent. From then on jokes, laughter, singing, and dancing occupied the minds and eyes of the assembly. Fred Harmer lost control of his legs during a song and danced so effectively that the audience rolled with laughter. "Skeeter" Wilson substantiated the rumor that he would rather be in a minstrel show than eat. He sang "Don't Take Away Those Blues" with a reality that made us feel Skeeter was a veritable lover of melancholia.

"Charley" Green, Harry Jackson, "Cliff" Smith, and Jack Naughton were the other end men. We praise their work loudly—we laughed more loudly at their "wise cracks."

And then we pass from the ends to the middle—there to find the unconventional interlocutor Lilly III. As we predicted, he was an end man in the middle.

Good singing had its part in the evening's entertainment. Magee sang well "An Old Fashioned Girl." Johnson Rowan's "Old Caroline" received tremendous applause. "April Showers" by Dantz was sung with genuine feeling. And then—more jokes, laughter, applause, Mater reverberated thru the hall.

## GENERAL WILSON TO REVIEW ANNUAL DRILL

GEN. JAMES H. WILSON

## SOPHOMORES WIN INTER-CLASS MEET

### Juniors Win Relay

Saturday afternoon the aspiring athletes had a track meet. The Sophomores won first honors with a total of 40 1-3 points; next came the sedate Seniors, who with the assistance of Munsey Keith, gathered 38 2-3 points; the Juniors were third with 34 counters; then, last and least, were the Freshmen, who earned 31 points.

All of the track events were run in unusual time, particularly the 220 yd. dash which Keith won in one half of a minute flat and unassisted. Skewis, a Freshman, surprised the "multitude" by defeating Moulds in the two mile run. The Varsity relay team failed in its attempt to establish a new university record for the mile relay, altho they did make a new track record. The time was 3:31 4-5.

The most interesting event of the meet was the relay race, won by the Juniors. Lynch, the anchor man, ran a creditable race, overcoming the ten yard lead which Schaefer, of the Sophomores, had. Boyce, Brown, Wise, and Lynch comprised the victorious team.

(Continued on Page 4.)

## Tennis Team Has Four Matches This Week

During this week the Blue and Gold racket-weilders engage in four matches. Last Monday they were defeated by Drexel by a score of 5 to 1. Yesterday they met the Haverford net men. Both these contests were to have been played on Frazer Field but on account of the wretched condition of the Delaware courts some others had to be found. At this juncture the director of the Country Club of Wilmington came to the rescue and very kindly offered the Delaware men the use of their courts for these two months. It is a deplorable condition in-

## Has Interesting Career

### Prizes To Be Awarded

Tomorrow morning the Battalion will give an exhibition of its prowess in military science. In previous years the final drill has been limited to competition between companies for the honor of wearing the Roberts medal during the coming year; this year, however, in keeping with the expansion of military science at Delaware, Major Row has planned a program which will cover the high points of the year's work.

As usual the competitive company drill will be the center of interest for the cadets. But this interest which has been fanned all year by the spirit of rivalry is insignificant in comparison to the Battalion review in honor of Major-General James H. Wilson, U. S. A., retired. In parading before General Wilson the cadets will be enjoying the privilege of being reviewed by an officer whose record ranks along with those few whose service to our country placed them next to the immortal Washington. Although many men have earned great honors in defense of the United States, very few indeed have served so meritoriously in three wars. General Wilson distinguished himself in the Civil War, the Spanish-American War, and the Boxer uprising.

General Wilson was born in Tennessee and he was graduated from the Military Academy in 1850. At the outbreak of the Civil War he was a first lieutenant in the Engineer Corps. During the five years of the War he served in a majority of the large engagements. As a Major he was an Aide-de-Camp to Major-General McClellan, who commanded the Army of the Potomac. As Inspector-General of the Army of Tennessee General Wilson was with General Grant at Vicksburg. Throughout the latter part of the War he was a Colonel in command of the 3rd Cavalry Division, Army of the Potomac, which established a remarkable record. It was his command which captured Jefferson Davis, the Confederate President, on May 10, 1865. In 1866 he was mustered out of service with the rank of Major General.

In the Spanish-American War (Continued on Page 4.)

deed when a recognized minor sport has to depend on the charity of outsiders for a field on which to stage its matches. It is too late in the season now to provide new courts but before the next year our tennis team should have at least four first-class courts.

The other games of this week are with Swarthmore at Swarthmore, on Friday; and with P. M. C. at Chester, on Saturday.

## A RIGHT TO EXIST

A few weeks ago the University sent a delegation of students to attend a conference of college Y. M. C. A.'s in Baltimore. At this conference the plan of organizing a college Y. M. C. A. was discussed for the benefit of the Delaware representation. When the delegation returned they reported on the conference in these columns.

The question now before us is, Do we want a Y. M. C. A.?

At one time a flourishing Y. M. C. A. was a part of the college activities. Then it disintegrated and its purposes—religious and social—were absorbed by other organizations. At the present time the Round Table and the community churches adequately provide for the spiritual welfare of all the students. The Student Council performs many of the duties that used to be relative to the Y. M. C. A., such as issuing the Freshman handbook and making the Freshmen feel at home by means of social gatherings and smokers.

The Review is not antagonistic to the foundation of a Y. M. C. A. at the University. The Review shall heartily co-operate. But it has tried to present the matter in a clear light so that you can make your decision more intelligently.

If a Y. M. C. A. on the campus promises to be a thriving organization, then it has a right to exist.

What Other Colleges  
Think of Us

Judging from comment that appeared in "The Brown & White," we think the Lehigh delegates to the I. N. A. conference, held here recently, must have enjoyed their visit greatly. Here is one extract we could not resist: "The members were served one of the finest dinners that can be imagined. Not only was the food very good, but there was also plenty of it for everyone."

But the most pleasing thing we have ever had written about us is the following under the title, "Delaware Hospitality":

"Those members of the Brown and White staff who attended Inter-collegiate Newspaper Association Conference at the University of Delaware over the past week-end came back with a splendid report of how they had been treated and entertained by the students of the University of Delaware. One of the men compared it with that well-known and often-mentioned 'southern hospitality,' but, in doing so, said that there was something so different about it that he just wanted to call it 'Delaware hospitality.' An indefinable something was in the air during the whole stay of the delegates and made each one come away with that feeling of having been royally treated and being a recipient of a wonderful time."

The ability to send away fifty delegates with such a feeling is something which every student body does not have. It is a gift that is invaluable and which will give the University of Delaware a high standard in every connection with other colleges. Hospitality paves the way to success and those of Delaware who aided in the carrying out of such a splendid conference are, we feel, on the road to success which will be made that much

easier by such actions as were prevalent at the conference."

The Gettysburgian prints this gem—thus it appears to us—of literature:

"To say that the delegates were well treated at Delaware would be putting it very mildly and would not do justice to the splendid hospitality which made this last conference the best, by far, that the association has yet had."

Swarthmore contributes this: "the attentive hospitality of the University of Delaware."

Stevens Tech's publication, "The Stute," says that "the friendly hospitality of Delaware and the good fellowship of the representatives was the keynote of the conference."

The Bucknellian credits the University of Delaware "for the success of the conference and the good times of all the delegates."

## Brandt To Head

## Student Council

The following men were selected to head the student activities for next year at the Student Council elections held at College Hour last Tuesday: Seniors—Brandt, and J. Challenger. Juniors—Schaefer, and Williams. Sophomores—Rinard. The presidents of the three classes, Pitman, Elliott, and McCormick, and the editor of the Review are ex-officio members of the Student Council.

Brandt was unanimously elected to head the Student Council. Amid roaring cheers and bursting appeals for a speech, Mr. Brandt proceeded down the auditorium aisle, climbed on the platform, placed his watch upon the table, and delivered a speech fit for a Lincoln or a Demosthenes.

J. E. Murphy was elected

manager of football and Kirk his assistant. Wade was elected basketball manager and will be assisted by Frear. The baseball managership was awarded to C. Howard, who will be assisted by W. Howard. J. Lynch is to manage the track team and Shockley is to act in the assisting capacity.

## First Mass Athletic

## Meet This Week

Something new in track events has been created and makes its debut this week. Four events have been chosen in which every student is eligible to compete. They are the running high jump, running broad jump, hundred yard dash and the shot put. Each class is considered as one team and must enter at least thirty-five men. A standard has been set for each event which every student should meet without any trouble. The following is a list of events and their requirements.

## Running High Jump

2 feet 6 inches ..... 1 Point  
3 feet 11 inches ..... 2 Points  
4 feet 3 inches ..... 3 Points

## Running Broad Jump

12 feet ..... 1 Point  
13 feet ..... 2 Points  
14 feet ..... 3 Points

## 100 Yard Dash

13 sec. .... 1 Point  
12-2.5 sec. .... 2 Points  
11-3-5 sec. .... 3 Points

## Shot Put

20 feet ..... 1 Point  
23 feet ..... 2 Points  
26 feet ..... 3 Points

Participants may run off their events at any time during the entire week provided proper witnesses are present. The winning team will be the one having the best average per man. A perfect score in each event will net the participant 12 points. All men should turn out for this competition and give their class a boost.

## To Hold Exercises

## On Memorial Day

Plans are now being formulated for the Memorial Day celebration in Newark to be held at 10.30 a. m. Memorial Day. The scene of the ceremonies will be the "Memorial Boulder" on the campus in the rear of Purnell Hall.

The student body of the University will take a prominent part in the activities. Classes will be suspended at 10 o'clock and every Delaware man is expected to render homage to the honored dead. A picked firing squad from the college battalion will give the salute of 48 rounds. It is desired that every man having a uniform wear it at the ceremonies.

The speaker at the exercises has not been announced but it has been unofficially stated that a man of national reputation has been invited to give the principal address. Nearly all the local organizations will attend the ceremonies, and many floral offerings will be placed on the Boulder.

Definite plans will be announced today or tomorrow.

The committee on charge of the exercises is: C. A. Short, chairman; J. P. Wright, Mrs. C. B. Evans, Dr. W. O. Sypherd, Major L. B. Rowe, Captain G. T. MacKenzie, Dr. Walter Hulihan, E. C. Johnson, J. R. Lewis, Miss Quaesita Drake, and A. G. Wilkinson.

## Dr. Vaughn Leaves

## For California

The resignation of Dr. E. V. Vaughn, professor of American history and political science since 1911, leaves a gap in the ranks of our University which will be hard to fill. Dr. Vaughn is a man of recognized scholastic ability and an excellent teacher. Thru his extension work he has drawn the attention of the public to the work of the University and has rendered a valuable service to the institution.

Dr. Vaughn left last Sunday for Washington, D. C., where he joined his wife. From there he will proceed to Berkeley, California. The best wishes of the student body accompany Dr. and Mrs. Vaughn on their westward journey.

## Chicks Bow to Army

## Jackson Hits Homer

Delaware travelled about 170 miles last Wednesday to lose a hard fought game to West Point, 7 to 5. Army started off strong, registering four runs in the two opening innings, and it was not until the fifth that the Blue and Gold batsmen tied the score. Army again took the lead in the sixth, but the "Chicks" brought in a run in the eighth, which evened things up again. After Delaware had been retired in the ninth West Point chalked up two more runs and closed the game. Rothrock pitched the entire nine innings; although he was hit freely, better support would have turned the tide. The feature of the game was Jackson's circuit clout with Yap on base. French starred for Army, both in the field and at the bat.

## Betzmer High Man

## In Weekly Meets

The present standing of the first ten men in the weekly events is as follows:

1. Betzmer	154.75
2. Keith	136.00
3. Elliott	123.35
4. Williams	95.25
5. Johnson	95.10
6. McKelvie	92.50
7. R. France	82.50
8. Humphreys	68.85
9. Lilly	59.75
10. Steel	53.50

The standing broad-jump and half-mile events will be held today. The last events of the series, the mile run and the tennis service, will be run off on next Wednesday.

OLD LITERARY SOCIETIES  
TO BE REVIVED

This is the day of revivals and of fond recollections of the good old times. Turning from the insidious Circe charms of the "movie" to the quieter, leisurely yesterdays, we find that books were kings in the kingdom of the seeing.

This is a day of revivals. We present the names of "The Athenaeum Literary Society" and "The Delta Phi Literary Society." These voices from the past will recall, we know, fond memories to some of Delaware's alumni. To Mr. Garatwa belongs credit for the idea of using the names of these old Societies for the proposed new Societies, which will rise, Phoenix-like, from the ashes of the old.

The Athenaeum was founded on December 18, 1834, six months after the opening of the College. The Delta Phi, which claimed a greyer head that had its rival, the Athenaeum, was legally incorporated on January 12, 1855. These Literary Societies have lived, flourished, and died; lived again, and again died. To-day, eighty-eight years after the founding of these Societies, interest has again developed into action. From intermittent laments for the present lack of any literary interest, with, of course, keen appreciation of some recent, very pleasant Literary Symposiums, and from varied discussions of the need for some form of bookish brotherhood, there has grown a small group of students who responded with enthusiasm to the appeal of Mr. Garatwa. The list of names for membership is growing fast. Tomorrow will see once more, that the Delaware of to-day has not forgotten her love of books. There will be the "Athenaeum Literary Society," and the "Delta Phi Literary Society" to refute any just accusation of movie-madness in the University of Delaware men.

## Business Building

THE selling of commodities is fundamental in every business, and selling life insurance affords the maximum of satisfaction and remuneration. For the life insurance salesman is a business builder and finds innumerable ways to serve the community and make himself indispensable in the conduct of modern affairs.

The life insurance salesman is not only a business builder but he is in business for himself, creating a competence permanent and continuous. It is the best paid work for those who are ambitious and willing to work, and who have the character and stamina necessary to stamp their individuality upon the business and on their community.

The traditions and practices of the JOHN HANCOCK are such that the college graduate can take a peculiar pride in representing this company. You are liable to remain in the business you enter on leaving college. Before making a definite decision inquire into life insurance as a career. Write, "Agency Department."

### Rifle Team Outshoots W. C. D. Rifle Team

In the handicap rifle match held on May 16, the boys of the rifle team almost found their equal in ten young women of the Women's College. The girls gave the boys a "run for their money," but the indomitable spirit of Captain Cook and his team won the day. A score of 871 to 832, even considering the fact that the boys were handicapped by having to shoot in a sitting position, shows splendid work on the part of the Women's College team. For the short space of time that they have been training, the young women demonstrated remarkable skill.

The match was held on the indoor range at the Women's College. President and Mrs. Hullihen attended, and Dean Robinson entertained the guests after the match.

The high scorer for the girls was Miss Natalie Ayerst with a total of 89 out of a possible 100. "Bill" Boyce scored high for the boys, making a 94. The individual scores are as follows:

Girls	
Natalie Ayerst	89
Anna Carroll	88
Eleanor Marshall	87
Lucille Petry	87
Sara Roe	87
Frances Worthington	86
Josephine Burnett	86
Gladys Wilcox	83
Elizabeth Walker	71
Selma Danks	68

Boys	
Boyce	94
Keith	92
Harper	90
Wade	89
Pierce	89
Cooper	89
Lynch	87
France	85
Woodrow	82
Garatwa	74

### Seniors Win Inter-Class Title

The Senior baseball team won the inter-class baseball championship from the Freshmen, whom they defeated by the close score of 5 to 4 after what had seemed a sure victory for the first-year men. The Seniors secured a lead in the first by one run which was overcome by the Frosh, who scored two in the second and one in the third. Baynum pitched good ball for the yearlings and things looked like a big victory for '25 until the fifth when two walks, a sacrifice, and a triple sent the Seniors to the fore by the score of 4 to 3. Captain Hunt of the Freshmen knocked a homer to tie matters; but a walk and a series of misplays by the Freshmen in the seventh sent another Senior across the plate, and the game ended with a 5 to 4 score, the five being on the dignified side. The game was unique in the fact that three of Delaware's captains, Holton, Wills, and Harmer, took part.

### Major Row Leaves For San Juan

On Saturday, May 27th, Major Lathe B. Row, Professor of Military Science and Tactics, will sail from New York City for San Juan. Major Row has been delegated to act as Senior Instructor in the R. O. T. C. camp at San Juan, Porto Rico. He will direct the work there until the middle of July. After completing his duties at San Juan Major Row will make a trip through some of the Central American countries, especially will he visit Panama. He remarked—and as the remark was not confidential the privilege of repeating it is taken—that he

would probably visit Cuba before returning to the university this Fall.

The Major's departure before the term is over will not affect the military instruction or examinations, as Captain Mackenzie will take charge of the military department.

### Sigma Nus Terpsichore In Old College

The "Sigs" held their second and last informal "hop" of the season in Old College Saturday evening. The dance marked the close of a big day for Sigma Nu as many of the men had their mothers here for the game and then entertained them as patronesses in the evening. Under the management of Johnny Schaeffer, the hall was artistically decorated, and the soft glow

she by the covered lights heightened the effect of the wall trimmings.

A surprising large number of alumni reported for the affair, and their presence added greatly to the joy of the evening. Several of the charter members were present and were enthusiastically welcomed by present members of the chapter.

Johnny Johnson's orchestra worked beautifully, and from the first blare of the instruments to the final note, the hilarity was unconfined.

Refreshments were served in the lounge at twelve o'clock, and after another enjoyable half hour, the brothers departed.

### THE REASON

The people of Delaware have called upon this Company to be custodian of the largest volume of Trust Funds in the State.

Since January 1, 1920, the Funds in its custody have grown from \$11,000,000.00 to over \$16,000,000.00, which is simply an evidence of the confidence of the public in this institution.

The Company acts in every fiduciary capacity, and gives the business of its clients the most careful attention in every respect.

## GENERAL WILSON TO REVIEW ANNUAL DRILL

(Continued from Page 1.)

General Wilson was actively engaged in Porto Rico and Cuba. During the Boxer Uprising he was in command of the American troops controlling the southern entrance to the Forbidden City. By a special act of Congress in 1901 he was placed on the retired list as Brigadier-General and later as Major-General.

The complete program for Thursday as outlined by Major Row is to be held from 10:15 until 12 o'clock on the Campus facing Wolf Hall.

The order of events is as follows:

- 1 Competitive Company Drill. "B" Co.—Captain Arley B. Magee. "C" Co.—Captain T. Munsey Keith. "A" Co.—Captain Florian R. Deppe.
- 2 Trench Mortar Demonstration. In charge of Cadet Maynard N. Carter.
- 3 Tent Pitching Exhibition. Detachment of Class of '25 under Cadet Deputy.
- 4 Bayonet Exercise. Detachment of Class of '25, under Cadet Pikus.
- 5 Calisthenics. Detachment of Class of '25 under Cadet-Major Harper.
- 6 Attack on Machine Gun Nest

by Combat Patrol. Detachment of Class '25 under Cadet Steel.

7 Battalion Review in honor of Major-General James H. Wilson, U. S. A., retired. In command of Cadet-Major Harper.

8 Awarding of Pirzes.

(a) Roberts Medal to 1st Sgt. of winning company.  
(b) Officer's Sabre, to Captain of winning company. Donated by the Hon. W. E. Denney, Governor of Delaware.

(c) Two Sabres, for military efficiency in Senior Class.

Donated by the Hon. T. Coleman duPont, U. S. Senator.

(d) Announcement of winner of Lieutenant Clarke Churchman Memorial Prize for highest efficiency in Military Science.

(e) Announcement of winners of Colonel J. Ernest Smith Prizes for highest rating in Military Science in Junior and Senior Classes.

(f) Announcement of men winning "RDT" on rifle team.
