Dear Dennis -

Please tell Maria I thank her & you all for the card she sent to Asmeracea on my birthday. We had several couples with us & had a good week end. I had to come up early Monday as we had things to do. Today I have been busy all day with Bob Hill who came back yesterday afternoon to go with Coby Waters to Washington Friday. He is coming again to lunch with me tomorrow.

I understand Taylor & Margerall returned to Mexico today and I will see them tomorrow. They had gone to Toronto for a Boat Meeting this past Monday.

I am feeling some better but still hurt with the hernia is taking longer than I anticipated.

We have some Colon friends coming for dinner tonight & they are just arriving so so now today.

Kind love to you all - Truly yours George
