## Announce \$3,500,000 Hike In Assessment For School District

New Valuation To Total  
\$17,218,348, School Board  
Is Told

An increase of about \$3,500,000 in property assessments for the coming year in the Newark School District has been approved by county tax authorities.

This was disclosed at the April meeting of the Newark Board of Education last Friday. The district's new assessment will total \$17,218,348, it was announced. The school tax rate, now 32 cents on \$100 of assessment, will be increased to 35 cents for the coming year at the May 11 meeting of the Newark board.

It was also disclosed that a \$1,817,600 appropriation request to cover new building in the district is now before the General Assembly. This figure, the same as originally requested by the State Department of Public Instruction and included in the general appropriation request for the public schools of the state.

The building fund request should not be confused with the appropriations sought by the district to cover school maintenance. Supt. Wilmer E. Stue pointed out this week. As previously announced, the maintenance proposal, pending before the legislature, has been cut from \$102,713 to \$38,950. Stue pointed out that the reduction, according to Mr. Stue, threatens the efficient operation of the district, will come up for discussion at the April meeting of the Newark Board of Education and then to the State School Building Program Board. Mr. Stue said he hopes for prompt action by both groups in order that the plans may be offered for bids at the earliest opportunity.

A school calendar for the 1951-52 term was also fixed by the board. It was worked out by the faculty and includes the usual holidays and vacations, with an 8-day Christmas lay-off and an Easter vacation beginning Good Friday and extending for a week thereafter.

## Baptist Will Mark First Anniversary

Pastor Resigns Because Of  
Ill Health

The Calvary Baptist Church will observe the first anniversary of its organization on Sunday with services in the Masonic Hall, East Delaware Avenue. The church and youth choir will be under the direction of Mrs. Harlan Denison.

Marshall P. Watson, pastor of the church since its founding, has resigned due to ill health and the pressure of duties at the Eastern Baptist Seminary. It was announced yesterday. The Rev. Arthur Pierce, a member of the church and a retired Baptist minister, will serve as pastor until the vacancy can be filled.

Mr. Pierce was educated at the Pedagogical School, Rochester University and the Theological Seminary. He served churches in New York and New England and will observe the 40th anniversary of his ordination this June.

The subject of his sermon this Sunday will be "The First Mile." Sunday school is at 9:45 a.m. and the church service is at 11 a.m.

## Bible Presbyterian Youth Class To Be Held Weekly

An error was contained in last week's announcement of the opening of a class for children of elementary school age at the Bible Presbyterian Church.

The class, which will open Monday, will be held on ten consecutive Mondays instead of 10 consecutive days.

Hours will be from 3:15 to 4:15 p.m. on Mondays.

The class, entitled "Children for Christ," will be interdenominational, according to church authorities.

## Parents' Opinions On School's Revised Report Cards Sought

Parents of Newark school children will be polled soon for opinions on the revised report cards introduced here recently at the opening of the school year last September.

Questionnaires will be forwarded to parents on May 3, along with reports for the fifth marking period.

Most controversial feature of the new cards is the practice of grading citizenship, which covers a student's general behavior and the success with which he follows group activities and operates under group restrictions.

## Newark No Typical Small Town, Recent Occupation Survey Shows

Among Newark residents, professional men outnumber unskilled workers and about equal the total of skilled workers, a recent job survey of the community shows.

This makes Newark anything but a typical small town, as far as the distribution of occupational skills goes, points out Frederick B. Kutz, high school principal, who directed the survey. A group of 79 Newark High students, all members of senior civics classes, carried out the census, covering every section of town, Mr. Kutz said.

The students discovered that Newark has 1502 workers among its residents, broken down into the following skill groups: skilled, 363; professional, 361; unskilled, 352; clerical, 260; managerial,

144; and service, 23.

In the professional group were included research workers, scientists, university professors, lawyers, doctors and engineers.

About 75 percent of the total working group is employed within the town limits, the survey discloses. The distribution of Newark residents working in and out of town follows: skilled—262 in town, 109 out of town; professional—256 in town, 105 out of town; unskilled—299 in town, 53 out of town; clerical—189 in town, 71 out of town; service—19 in town, 4 out of town.

The survey, of course, did not cover the many workers employed in town, who commute here daily from homes elsewhere.

## Girls Scouts Urged To Enroll Now For Summer Day Camp

Plan Outdoor Activities  
For 4-Day Period At  
Hockessin Center

The camp season will be divided into five 4-day periods, extending from June 25 to July 26. Forty girls can be accommodated during each period. A slight fee will be charged.

The period July 16-19 has been reserved for Newark scouts, although local Brownies may register for other periods if they wish. During the Newark camp, bus transportation will be provided daily from town to the center. A scout mother will accompany each bus.

Details on registration may be obtained from Mrs. G. T. Borchardt, 148 South College Avenue. Applicants are requested not to telephone but to bring their registration fees in person.

Any non-scout who is at least seven years old may register after June 1.

This Saturday members of Troop 13 will spend a day at the Country Center, cooking both lunch and supper outdoors. Mrs. Fred Cline and Mrs. David Lincome will accompany the girls.

Over 25 percent of the 108 graduates of the Newark High School now attending the University of Delaware were carried on the Dean's List for the first semester there, according to Frederick B. Kutz, Newark principal.

Mr. Kutz said that 29 of the Newark students at the university earned the 'B' average or better necessary for rating on the Dean's List. He added that 47 Newark students had a general scholastic index of 'C' or better.

The survey, carried out by Newark High seniors under the direction of Mr. Kutz, also shows that the Newark students received 'B' or better in half their courses. The students took a total of 686 courses, receiving 123 A ratings and 217 B's.

Assessor; Committee  
Heads Selected

Three newly elected councilmen were sworn into office at an organizational session of the Town Council on Tuesday night, the first meeting of the lawmakers since last week's municipal election.

The meeting, which according to the usual custom was closed to the public and press representatives, was a routine affair, according to Mayor Wallace Johnson.

Donald F. Hill, the newcomer to Council, was formally installed by Mayor Johnson, who also administered the oath of office to Dr. John R. Downes, reelected in the eastern district. Councilman Frank Durnall inducted his district mate, Samuel Diehl, reelected in the middle district.

A number of appointments were approved, highlighted by the selection of Oliver Rothwell, county tax office employee and a resident of Newark, as town assessor. This will be Mr. Rothwell's first municipal post. Under terms of the town charter, he must carry out an assessment of real estate and levy a capitation tax on non-property owners within six weeks.

Reappointed to their posts were John P. Sinclair, town solicitor; Francis Niede, town supervisor; Councilman Carl Rankin, town engineer; and Charles Long, secretary-treasurer. ## Auto Stolen, Dorm Robbed On Monday

The car, containing the articles taken from the dormitory, was later found abandoned at Front and Washington Streets, Wilmington.

Women students at Sussex Hall, where the ransacking occurred, told police they saw a man in the building around 9 a.m. and took him for a member of the school maintenance staff. Missing were several articles of personal property, including a radio and a clock, all valued at around \$75.

The car, a 1942 Plymouth coupe, owned by Donald Hummel, Harmony Road, a student at the university, was taken from its parking place on Delaware Avenue. Hummel had left the machine with the keys in the ignition. The car was stolen between 8 and 10 a.m.

## C. of C. Rejects One-Way Street Plan, Urges Through Arteries

Businessmen Advise Extending Streets North and South Of  
Main As Through East-West Thoroughfares;  
Parking Problem Discussed

A proposal that Main Street and Delaware Avenue be turned into one-way thoroughfares east and west to ease traffic congestion in the center of town has been rejected for the time being by the Chamber of Commerce.

Instead, the businessmen urge that efforts be made to extend streets north and south of Main into through east-west arteries.

These recommendations were offered at a Chamber meeting last Thursday in the Masonic Hall. The Board of Directors, which has been requested by the Town Council to work out traffic proposals, was advised by the members to push the through-street plan as much as possible.

The businessmen agreed that the Main Street traffic problem is likely to grow worse but felt that other measures should be tried before resorting to the one-way plan. The latter, they pointed out, can be put into effect on short notice at any time conditions warrant.

The growing parking problem on Main Street also came in for considerable discussion. It was pointed out that the situation may deteriorate even more with the closing of the free municipal lot behind the old Main Street school building next fall. School authorities have announced they may need the area as a playground.

A proposal that the businessmen make vacant areas around their stores available for public parking met with favor. The members indicated they would support such a plan if no other solution could be found.

Plans for the annual Kiwanis sponsored horse show were discussed. The program will be held June 2 at Foxcatcher Farms, Fair Hill, Md.

## Newark's Battery 'C' Wins Drill Trophy In Camp Stewart Test

With snap and precision, Battery C of the 736th Anti-Aircraft Gun Battalion flipped back the pages of the record book to win the battalion's "Colonel's Trophy" in infantry drill team competition recently at Camp Stewart, Ga.

Just a year ago, Battery C finished a mere point behind winning Headquarters Battery in the first competition for the tall gold cup, offered by Lt. Col. Frank T. Lynch of Wilmington, D.C., commanding officer of the 736th.

The first test was held in the State Armory at Wilmington, while the 736th still was part of the Delaware National Guard. Last Friday the cup went up for grabs again at a drill field near the 736th's training area at the tent city where the unit is nearing completion of its training.

Headquarters Battery could have gained permanent possession of the trophy with a victory this year, but fell just shy of the score posted by the winning battery on the basis of a point system set up by a team of three judges.

It was Battery C that slipped through that year with the extra point, and the judges announced that Headquarters and Battery D had finished in a "virtual tie" for second place. The exact score was not announced.

The C Battery team, of 33 privates and three drill sergeants, was led by Sergeant First Class James Balbach of Wilmington as platoon sergeant. The drill sergeants, who waded the team in five minutes of marching and maneuvers, were Sergeants First Class Edward Dill of New Castle, Del.; Theodore Dunfee of Wilmington, and William Lawler of Newark.

Col. Lynch presented the trophy to Capt. Austin Glickster of Elkton, Md., commanding officer of the battery, and to SFC Balbach after the team's competition as the drill teams lined up before the judges stand in parade formation.

## Capitol Trail News

Mrs. James H. Bishop, Correspondent  
Kirkwood Highway  
Phone 6318

Mr. and Mrs. Talbert Chalmers, Pocomtuck Road, entertained the following dinner guests from Philadelphia, recently: Mrs. Violet Chalmers, daughter Nancy, and sons, James and William, together with the latter's wife and daughter, Patricia. Mrs. Jesse Riley, mother of Mrs. Violet Chalmers, was also present.

Mr. and Mrs. David Anderson and family, of Harmony Road, spent a recent week-end visiting Mrs. Anderson's mother, in Leona, N.J.

Miss Hazel Johnston, Mr. and Mrs. Willard Johnston and son, Martin, were among those who went to Washington, D.C., last Sunday to view the cherry-blossom display.

Those of us who were unable to travel to Washington have been enjoying the flowering trees in our own neighborhood. For example, the peach trees in bloom on the property of Herman Hopkins, Capitol Trail, and the graceful Japanese cherry at the David Eastburn farm, Red Mill Road.

One of the interesting and amazing sights along the highway during the past two weeks have been the moving of the semi-truck home about two and one-half miles north of Newark, on Capitol Trail, recently purchased by Mr. and Mrs. Clarence Jester, of Newark. The foundation is now being replaced in the new location.

The friends far and wife of Frank Buckingham, Red Mill Road, were sorry to learn that he met with an accident while working on his farm last Thursday. Although he suffered a broken bone in the lower leg, he is able to get about the house on crutches. Mr. Buckingham has been a familiar figure at the mill for many years.

## NEWARK TWENTY-FIVE YEARS AGO

From Issue of April 14, 1926

**Fight Over Daylight Saving**  
The usual confusion over daylight saving has arisen. D.A. McClintock, superintendent of the National Fire Company, has announced that all three big industrial plants here—Continental, National and Curtis—will go on daylight saving time April 26. This will affect two-thirds of the workmen of the community.

Mr. McClintock has asked local businessmen for their views. It is understood Mayor Fraxer is opposed to the movement, believing it is a direct violation of a state law.

**Handliff Elected**  
Louis Handliff, department store owner here, was elected yesterday afternoon to a seat on the Town Council for one year, replacing Howard Patchell from the middle district, who declined to run again.

John C. Grier from the eastern district and O. W. Widows from the western were reelected without opposition in the annual town election. Less than 50 votes were cast in the afternoon.

**Gallaher A Candidate**  
Reconsidering his decision of several days ago, Robert S. Gallaher, is once more a candidate to succeed himself on the Newark Board of Education, it was announced yesterday. A petition, signed by at least 25 taxpayers, as required by law, has been circulated in his behalf and is ready to file.

**MRS. JAQUETTE HOSTESS TO DEGREE ASSOCIATION**  
The Degree Association of Pythian Sisters will hold the April meeting at the home of Mrs. J. Paul Jaquette, 135 East Delaware Avenue on Thursday evening, April 26.

**WOMEN'S SOCIETY OF BAPTIST CH. MEET SAT.**  
The April meeting of the Women's Society of Calvary Baptist Church will be held Saturday afternoon, April 21, at 2:30 o'clock at the home of Mrs. Harlan Hennison, 300 Capitol Trail.

### Count to Ten

Count to ten, my dear  
When anger enters your mind;  
Count to ten and have no fear  
Of the devil and his line.

Spill the coffee on your dress.  
A new one, too, but count to ten.  
We all know it's a terrible mess  
But get another for just a fn.

Just a fn you heard me say,  
Money is hard to get, we've been told.  
But curse, and remember the day  
When you die, the devil gets your soul.  
Edwin Leid.

Al Cartwright, sports editor for the Journal-Every Evening has often stated that high school sports in Delaware need more organization. This is true in high school baseball more than any other sport. Cartwright has got the Wilmington high schools together and they have formed a big "five" conference. This lack of organization has made our national pastime a minor sport in high school, and baseball has to depend on other sports or ways to finance its program. In Newark High School the team has barely enough funds to get through the season and if an unexpected occurrence happens then baseball at our high school will be out of luck.

In this state there are a lot of boys with the ability to play good sound baseball if they are given the chance. Many schools have turned out many outstanding athletes but few have turned professional baseball players. The few pros and ones who tried to be pros come from New Castle county mostly and have played against Newark many times. Jack Quinn, Pittsburgh Pirates, and Bob Shutt, Blue Rocks, come from A. I. DuPont. George Estock, Boston Braves, comes from Wilmington. Jack Woodward, ex-pro, and Gabby Garvey, Dodgers, come from Conrad H.S. Tony Tablinski, Chicago White Sox, was graduated from P. S. Dupont. Bill Dougherty, of Wilmington, played with the Dover Phillies. Bob Hoch, of lower Delaware, has been in the Cardinal chain for four years. Bill Foster, ex-pro, is from Cherry Hill, Md. Brandon Davis, Pirates, and Eugene Schaeen, who is an outstanding ball player around these parts, are both from Newark.

All through the week before the Conrad game, Mercer had his boys playing inter-squad games when the time presented itself. The purpose of the games was to find out who would be playing where in the opening game. In the inter-squad game last Tuesday left fielder, Albie Sparks, hit a home run with two mates aboard. That was his fifth extra base hit in three inter-squad games.

Some members of the high school "nine" have been tabbed with new Nick names. Jim Seydell is now called "Dom" after the famous Dom DiMaggio. Albie Sparks has been named for Del Ennis; Tom "Richie" Burke, named for Richie Ashburn. Others are Dave "Cousin Gopher Ball" Hurm, Ronnie "Puddin' Head" Bramble, Bernie "Scooter" Blaney, Joe "Dropo" Gregg, Joe "Roy" Thorp, Bill "Red" Knotts, Tom "Robin" Baker, Dick "Mike" Lawson, Art "Sluggo" Boulden, Jack "Granville" Cleaver, "Floyd" Squab, Croll, Robin "Jethro" Cochran, Lou "Boudreau" Baker, Allen "Harman" Lee, and Bob "Larry" Boutin.

The Yellowjackets will play their next home game Tuesday against Salesianum.

## Newark AA Five Ends Year By Taking 3rd In State Tourney

Defeats Stellinis Quintet, 60-54, In Overtime Session After Tying Score In Dying Minutes; George Schaeen Paces Attack With 19 Points

The Newark AA courtmen wound up their 1951 season on a happy note last Sunday when they defeated Stellinis, 60-54, in an overtime game to take third place in the Delaware State Amateur Basketball Tournament. Kappa Alpha won the championship by trouncing the Frankies, 85 to 70. Outscored 16 to three in the first period, Newark began to click after that and, with Gene Schaeen showing the way, moved to within one point of Stellinis at the half, when the score stood at 20 to 21.

Newark continued to trail by a single point throughout the third period, going into the final stanza on the short end of a 31 to 30 count, but, with two minutes to go in the regulation game, the locals knotted the count at 50 all.

For the last minute and a half Newark froze the ball, sending the game into overtime, when they scored 10 points to Stellinis' four.

Schaeen paced the local club with 19 points, while Leigh Challenger and Kubisen, both Newark players, tied for second in the scoring honors with 15 points each. Wilson was high for Stellinis with 17 points.

The Newark AA baseball team will meet Elkton of the Susquehanna League in a practice game at 2 p.m. Sunday on the Elkton diamond.

## Rotary Hears Facts On Savings Bonds

Alex Cobb, State Director,  
Is Speaker

Alex Cobb, State Director of the Savings Bond Division of the U. S. Treasury Department, outlined several aspects of the bond program to members of the Newark Rotary Club at their meeting last Monday night.

Cobb pointed out that at maturity bonds in the E series could be cashed, changed to current interest G bonds or, if let alone, would yield continuing interest. He also gave his views on the place of saving bonds in the inflation problem.

The long-time Newark resident told of his work with farm and government agencies over the years, described bond purchase plans, and outlined the organization of volunteer workers in the savings bond division.

William S. Hamilton and Herbert Dorn were nominated to the club's scholarship committee.

## Hen Nine To Play Here On Wednesday

Swarthmore To Invade Frazer Field

Held to four hits, the University of Delaware Blue Hen nine bowed to Bucknell, 8-3, on Saturday for their third defeat in seven starts.

The Hens will be away for the next two games, meeting Lafayette tomorrow and Muhlenberg on Saturday.

Swarthmore will invade the Frazer Field next Wednesday for a game, starting at 3:30 p.m.

Delaware came alive only once against Bucknell, putting together three singles and a triple in the second inning to move into a 3-2 lead. Consecutive safeties by Joe Higgins and Dick Evans started the outburst. Then Ducky Carmichael drove in the two with a triple and rolled home himself on a single by Goldberg.

The Bisons quickly canceled out their efforts, however. In the next inning, Bucknell combined five singles and an error into a 4-run spree. They added another in the fifth, after which Dick Evans came in as relief hurler for the Hens. Against him, Bucknell punched out three hits and collected their final run in the sixth.

## Japanese Prints On Exhibit At Library

An exhibition entitled "Japanese Prints and Pottery" is on view at the art gallery, University of Delaware, through the month of April. This exhibition is circulated under the auspices of the American Federation of Arts. All objects in it are lent by the William Rockhill Nelson Gallery of Art, Kansas City.

The prints show everyday happenings in the lives of ordinary people in Japan in the eighteenth and nineteenth centuries. The artists who designed these prints did not regard themselves as creators of lasting works of fine art. Many prints were similar to modern theatrical posters and to postcards. But the popular prints turned out so lightly have come to be considered a fine art.

The art gallery, which is in the university's Memorial Library, is open during library hours: 8 a.m. to 10 p.m. weekdays; 8 a.m. to 5 p.m. on Saturdays; and 1 to 5 p.m. and 7 to 10 p.m. on Sundays. The gallery's exhibitions are open to the public.

## Army Schools All Open To Volunteers

May Select Training Before Enlisting

High school graduates who volunteer now for the Army may select the type training they want before enlisting, according to local recruiting authorities.

Choice of training in one of over 20 Army technical schools is being offered graduates, the recruits say, who meet physical standards and enlist for three years. The volunteers may pick their school before they enlist and are assured of being assigned to it as soon as they complete basic training.

Full details on the educational opportunities now being offered by the Army may be secured from recruiting officials at the Newark Post Office, where a sub-station is open Monday, Wednesday and Friday from 10:30 a.m. to 3 p.m. The Wilmington recruiting office is located in Room 349 of the Post Office building.

Enlistment will give high school graduates a head start toward success, the recruiters say. The volunteers will get the finest, most modern training possible in the school of their choice and, after completing their enlistment, may continue their specialty in civilian life.

Some of the technical courses for which a volunteer may apply are: Air compressor operation; automotive body repair; blacksmithing; demolition; electric and acetylene welding; electricity; hospital technician procedure; laundry machine operation; maintenance and repair; leather and canvas worker; light artillery repair; map reproduction; medical laboratory; medical technician procedure; power equipment maintenance; practical nursing; railway bridge construction and repair; salvage, ship fitting; surgical technician procedure; tailoring; typewriting and army administration; utility repair; water supply and purification.

## Clubs Will Observe 4-H Sunday, April 29

Hundreds of 4-H Club members throughout Delaware will join in worship at their churches on Sunday, April 29. The day was designated as "4-H Club Sunday" by Dr. John A. Perkins, who as president of the University of Delaware is the nominal head of the club in the state. In many of the rural churches there will be special services.

"This observance," said Dr. Perkins, "by church organizations in Delaware, in cooperation with others throughout the nation, will emphasize for us the importance of Christianity in rural life."

"Members of the 4-H Clubs will think together on 4-H Sunday about home, community, and world events in spiritual terms. The occasion will emphasize the spiritual values and character-building qualities inherent in the fourth 'H'—the heart—of 4-H Club work. It also will emphasize the close identity of our members with the institutions that stand for the high ideals of a community."
