Mr. George S. Messersmith,
Mexico City.

Dear George,

I received your letter of November 18th enclosing copy of a letter which you wrote to Nelson Rockefeller concerning a project of the Mexican American Cultural Institute.

I realize that this project to which you have given your moral and financial support must be close to your heart and I would like therefore to contribute, but I have already exceeded the amounts earmarked this year for such purposes.

I am sorry to disappoint you but I thought that you would like to have my answer promptly.

Cordially yours,

D.N. Heineman
