Town Council Decides Not To Raise Newark Tax Rate

Rate Will Again be \$1 on Every \$1000 — Ladies of New Century Club Ask for Street Improvements — Assessment Appeals

Councilmen Want to Know Why Speeders Escape

The people of Newark will be glad to learn that the tax rate here will be raised this year.

This decision was reached at the regular monthly meeting of the Town Council held on Monday night when the motion of Councilman Colmery that the tax rate be fixed at \$1 on every \$1000. The motion was seconded by Councilman Morrison and was unanimously passed. This is the same as the previous rate.

Mayor Frazer brought the matter before Council and immediately Councilman Wilson said that he would be opposed to raising the rate here, as there was not a member of the body who favored an increased rate.

A committee of ladies from the Newark New Century Club appeared before the Town Fathers with a request that something be done to South Delaware avenue this summer so that it would be passable next winter. It is the street on which the club is located.

This street is in a terrible condition between Academy and South Chapel streets and last winter the ladies of the New Century Club told the Council that many persons attending sessions there had their clothes and shoes spoiled as a result of the muddy condition of the street. They also pointed out the fact that several automobiles in trying to reach the club had become stuck in the mud and that on one occasion a delegation of out-of-town ladies had driven here to attend a meeting and were unable to bring their automobiles down the street and had to park them on Main street and walk the remainder of the distance.

Mrs. Houghton who acted as spokesman for the ladies told the Council that she understood that the list of street improvements for this year had already been made up but that it would like if possible to get temporary relief this year and be added on the list next year for the paving of the street.

Mayor Frazer informed the ladies that Council had decided to pave Cleveland avenue this year but that they would be glad to talk the matter over and see what could be done in the matter of having temporary repairs made to the street.

Councilman Colmery informed the committee that the street was to be scraped and rolled at once and that this would be a big help in making the street passable.

The mayor caused a laugh when he said that after reading the Post, which called attention to the bad condition of this street recently, and hearing the ladies that he feared they might band together and oust the present members of Council at the next election.

Members of Council on Monday sat as a Board of Appeal of the recent assessment. There were only a few appeals and these were discussed at the meeting of Council. John Frazer asked that the assessment of his lot on Cleveland avenue be dropped from \$200 to \$100. The appeal on the approval of Council was allowed.

Councilman Colmery in behalf of the Oriental Lodge, I. O. O. F., appealed the assessment placed on the Odd Fellows' Hall on Main street and asked that it be reduced from \$7000 to \$5000. Mr. Colmery pointed out that many properties worth much more than the lodge building had been assessed at a figure that was not in proportion to the amount placed on the hall.

Councilman Beals, after hearing the figures at which some places on Main street had been assessed, said that he thought that the assessments were very irregular.

When a vote was called on this appeal of the lodge, Councilman Wilson called for a roll call vote and Councilmen Wilson, Beals, Widdoes, Morrison and Patchell voted that the assessment be dropped to \$5000 while Mayor Frazer voted against the appeal.

Councilmen Beals and Patchell said they voted that the appeal be allowed not due to the fact that the assessment was too high but due to the fact that other assessments were not in proportion to that place on the hall.

Mayor Frazer said that he had an appeal for the Farmers' Trust Company but would withdraw it.

Referendum Vote On Bond Issue

Dr. Steel Calls Special Election for June 24th—Bonds to Amount to \$165,000

Dr. Walt H. Steel, president of the Newark Board of Education, has given notice of a special election to be held in the Special School District of Newark, on Saturday, June 24th.

The purpose of this election is to determine whether or not the Board of Education of this district shall issue bonds amounting to \$165,000. The funds to be derived from such a bond issue are to be used to carry out the building program of this district as approved by the State Board of Education. This program is to build and equip a new building to be used as a High School building.

The polls will be opened from one p. m. to eight p. m., standard time, and will be in the Academy Building.

It is up to the people of this district whether or not they want this bond issue floated and the referendum vote of the twenty-fourth will show how the people stand.

Who May Vote

Every person paying school taxes in Newark Special District shall, according to the law, be allowed one vote.

At the previous referendum on this matter each person was allowed a vote for every dollar or fraction thereof assessed against him or her according to the last school assessment but this year every one will be allowed one vote.

How the Voting Is Done

Two ballots have been prepared by the local Board of Education, one reading, "For the bond issue," the other "Against the bond issue." Both contain blanks for the name of the voters. Either or both of these may be secured at the poll and one marked and deposited. Voters may likewise make and mark their own ballots.

When the vote was taken to float a similar loan in December 1920, the opposition was defeated about 4½ to 1, and those in favor of floating the loan again this year are sure that the vote this time will be even heavier than in 1920 in their favor.

At a recent meeting of the local Chamber of Commerce that body went on record as being in favor of the floating of a loan to make improvements on the local schools and there are other bodies of the town that are likewise anxious to rid Newark of her "antiques."

After the vote of 1920 those in charge were unable to find a market for the bonds and therefore the loan did not get across.

Commencement Of Americanization School

Local Students Receive Certificates for Work Started Here in February

The result of the work of the Americanization School started here last February was shown last week when eight pupils received certificates at the first annual commencement. The exercises were held in the High School and although the weather was very bad there was a large attendance.

Those who received the honor certificates were John Carreon, Mario Cecchini, Placido Frascio, Guerrino Lattanza, Emilio Specia and Luigi Travarelli. Enrollment certificates were presented to John Darin and Vincenzo Coloni.

The local Americanization School was organized last February under the State Department of Immigration Education, of which Miss Marguerite H. Bartlett is director. The teachers at the local school are Miss L. Maude Lodge and Mrs. Alexis D. Cobb, and they have been very successful.

The students also should come in for a part of credit for the success of the school as they have been loyal to their work.

Miss Helen Hart, director of the Service Citizens Americanization Bureau, made the address to the graduates and complimented them on the excellent spirit they had shown in their term's work. Miss Burnett presented the certificates to the graduates.

The following program was presented:

Processional, the graduates bearing the flags of their mother countries and of America; salute to the flag by the pupils; song, "America," by the pupils; song, "Our Delaware," by the pupils; address of welcome, Superintendent Owens of the local schools; address, "What My Motherland Has Given to America," Luigi Travarelli; song, "Trieste," Italian students; folk dance, Italian students of Montchanin school; "Music of Italy," Gabriel Santini; song, Luigi Travarelli and Guerrino Lattanza; music from Valencia, Spanish pupils from Rockland school; address to graduates, Miss Hart; song, "America, the Beautiful," presentation of certificates, Miss Burnett; recessional, "Battle Hymn of the Republic."

Several pupils from the schools at Rockland and Montchanin attended the exercises. Among others who attended were Dr. Walter H. Steel and Robert S. Gallaher, members of the Newark Board of Education, Herbert Owens, superintendent of the Newark schools and members of the committee on education of the Newark Chamber of Commerce.

Chamber of Commerce Urges Better Schools For Newark

Educational Committee, After Several Conferences with Board of Education, Submits Report and Recommendations

Favor Bonding of District at 5% of Assessment

After several meetings of the Board of Education of Newark, and the Educational Committee of the local Chamber of Commerce, at which no one but members of these two bodies were admitted, a meeting of the Chamber of Commerce was held last Thursday night at which time the report of the Educational Committee was received.

These meetings between the local school authorities and the Educational Committee were guarded with the greatest of secrecy and it was lost efforts on the part of the press to try and obtain any information of what was discussed at the meetings. But it was understood that questions pertaining to the building of a new school here were the matters of the major importance.

After the first of the meetings of this nature it was understood that there were some heated arguments on some of the matters discussed but this fact could not be verified nor neither could the matters discussed be learned.

At a later meeting of the Educational Committee one of the members of the body was much incensed due to the fact that he was not notified of the meeting.

The report of the educational committee as presented to the Chamber of Commerce last week follows:

"In view of the urgent and acute need in Newark for more and better public school facilities, and in view of assurances given to your committee that as soon as the Delaware School Auxiliary Association is in a position to resume the granting of financial aid in school building construction Newark will be the first district to receive such aid, the Committee on Education recommends the adoption of the Newark Chamber of Commerce of the following course of action:

"First, that the Chamber of Commerce go on record as favoring the erection of a school building in Newark that will provide adequate modern school facilities for every grade and department of its public school system.

"Second, that in order to relieve the present situation at the earliest possible date, the Chamber of Commerce favor the bonding of Newark Special School District to the amount of 5 per cent of its assessed valuation, the funds derived from the sale of said bonds, or as much thereof as may be needed, to be used for the construction of one unit or wing of the proposed building, it being understood that the remainder of the building will be completed when sufficient funds from other sources are available.

"Third, that the Chamber of Commerce favor the use of the unit or wing first constructed to house the high school department and as many of the lower grades as it may accommodate.

"Fourth, that the Chamber of Commerce endorse the holding of a referendum at an early date in the aforesaid bond issue, and that it co-operate with the Board of Education of the Newark Special School District in whatever measures may be necessary to bring about the early completion of the above mentioned unit or wing of the proposed school building."

After this report had been read it was accepted by the Chamber.

The Educational Committee which drew up the above resolution is composed of Mayor Frazer, George L. Medill, W. A. Wilkinson, R. W. Heim and J. Pearce Cann.

With the Chamber of Commerce with its roster of business and professional men back of the movement to supply Newark with better school facilities there is no reason why the town should not be able to improve conditions along this line. The matter of better schools for Newark has long been a thorn in the side of the community but previous to this there has been no organized body that has gotten behind the movement and pushed it. It would not be at all surprising that other organizations of Newark would now get in back of the Chamber of Commerce and keep the ball rolling until Newark has obtained schools that are not "antiques."

Alumni Banquet Well Attended

Association Pledges Support to Bond Issue—\$100 Scholarship Award

The Newark High School Alumni Association held its annual banquet meeting in Old College, on last Monday night and there were many of importance discussed at the pleasant meeting and an enjoyable time was had by all those present at the banquet.

The Alumni Association fell in line with other organizations of the town in pledging a new High School to be built. Those present at the meeting pledged themselves to support the bond issue election which will be held on June 24th.

A \$100 scholarship in the Freshman Year at the University of Delaware was voted to the graduate of High School having the best standing.

Following the banquet the election officers took place with the following results: President, George L. Hill; vice-President, Helen Steele; corresponding secretary, Miss Gertrude Hill; recording secretary, Mrs. (Continued on Page Four.)

CULPRITS AT WORK

Attempts to Enter Garages on Depot Road

For the past few nights persons have been attempting to enter the private garages in the rear of homes on Depot Road have been the lookout for the person or persons who have made several unsuccessful attempts to break into their garages.

Two garages have been visited but the culprits have not reached their goal.

HIGH SCHOOL EXERCISES

Charles F. Curley, of Wilmington, to be Commencement Speaker

Charles F. Curley, former United States District Attorney, of Wilmington, will be the speaker at the Commencement Exercises of the Newark High School to be held in Wolf Hall, on Friday evening, June 16th.

There will be about twenty students graduated from the High School this year they being: Katherine Ella Bernard, Adele Leslie Blackwell, Lillian May Connell, Jessie Evelyn Conner, Ruth Barbara Gieker, Robert Owen Hayes, Sydney Hoffman, Thomas Malcolm Jones, Annabelle Jarmon, Delena Henrietta Leak, Hannah Bradley Lindell, Emma Mary Lovett, Mildred Elizabeth Major, Olive Pearl Porter, Clarke Mensch Pardee, Naomi Helena Riley, Marjorie Collins Rose, Archibald Early Rowan, Sara Frances Steele, and Irene May Wilkinson.

This is a new location for the High School exercises. In former years they have been held in the Opera House. When this place was used it was always necessary to charge admission but with the changing to Wolf Hall there will be no admission charged.

Rev. H. Everett Hallman, of the First Presbyterian Church will preach the baccalaureate sermon on Sunday, June 11th.

FLAG DAY

Next Wednesday, June 14th, will be observed as Flag Day.

NEW FIREHOUSE

Ground was broken this week for the erection of the new firehouse for the Aetna Hose Hook and Ladder Co., on the corner of Academy and Delaware avenue.

Commencement Exercises At U. of D. To Surpass Those of Former Years

Program Will Start on Saturday and Carry on Until Monday—Senator Lenroot and Prof. Amy L. Reed, Speakers

Cornerstone of New Frat House Will Be Laid

Plans are completed for the commencement exercises of the University of Delaware for this year. The exercises will cover a period of three days and promise to surpass all former years.

The program will begin on Saturday, June 10th and continue until Monday, June 12th. The exercises will be conducted by Daylight Saving time.

Class Day exercises of Delaware College will be held in Wolf Hall Saturday morning at 11 a. m., followed by a meeting of the Trustees in Old College at 11.15 a. m. At 2.30 p. m. the Class Day exercises of the Women's College will be held in Red Men's Grove. The president's reception will take place on The Knoll at 4.30 p. m. and a general Alumni business meeting is scheduled for 5.30 p. m. This will be followed by the Alumnae dinner at 5.45 p. m. in the New Century Club and the Alumni dinner at 7 p. m. in Old College. A community sing will be conducted at 8 p. m. on the Terrace and Dean Robinson's reception will follow at 8.30 p. m. in the Warner Room. The classes of 1921 and 1922 will dance in Residence Hall at 10 p. m. and the Fraternity Reunions will close the program for the day at 10 p. m.

Commencement exercises, at which Senator Irvine L. Lenroot, of Wisconsin, will be held on the upper campus at 10.30 a. m. Monday for the graduating class of Delaware College. At 12.30 p. m. the commencement luncheon will be held in Old College and Residence Hall. These will be followed by the laying of the cornerstone of the new Sigma Phi Epsilon Fraternity house on upper campus.

Women's College commencement exercises will be conducted at 3 p. m. in Red Men's Grove, and Prof. Amy L. Reed, of Vassar College, will be the principal speaker.

The final and probably the biggest social function of the entire program will be the commencement dance in the Armory at 8.30 p. m.

PAVING WORK

Cleveland Avenue to be Paved and Curbed

Specifications for the paving and curbing of Cleveland avenue are now out.

Town Council has decided that this is the street on which it will make improvements this year. Persons on Cleveland avenue have been after the Town Fathers for sometime to improve this street and it is badly in need of being paved as any one using it will testify.

Persons living on Cleveland avenue must travel to either Chapel street or North College avenue to reach the center of the town as there are no cross streets running into Cleveland avenue.

Wilbur Wilson, local engineer, recently completed the survey of this street and submitted to Town Council on Monday night a plan of the work to be done.

RUNAWAY

Colored Woman Has Narrow Escape On Depot Road

There was quite some excitement on Depot Road on Monday morning when a horse attached to a light delivery wagon, driven by a colored woman became unmanageable.

The horse started running at a lively clip and the woman yelled at the top of her voice. Several men tried to stop the animal but without avail. When the horse neared Main street it stopped its wild run and there was no damage.

Street Dance And Bazaar For Church

Guild of St. Thomas' Church to Announce Date—Arranging for Picnic

Plans were discussed for holding a street dance and bazaar one evening the latter part of this month at the meeting of the Guild of St. Thomas Episcopal Church in the parish house on Monday night. Town Council has granted the Guild the privilege of closing a section of Delaware avenue in front of the church for the evening of the bazaar and the date will be fixed in a few days. Money made on the dance and bazaar will be used towards defraying the expenses of the Sunday school picnic.

The Continental band through Howard McCully, manager, has volunteered to donate the services of the band for that evening. The following bazaar committee has been named: Howard McCully, Wm. D. Dean, Charles W. Colmery, Geo. Carter, Mrs. Robert Tweed, Mrs. Thomas Spogel, Mrs. (Continued on Page Four.)

CONFERENCE HERE

D. A. R. Summer Session to be Held in Newark

Cooch's Bridge Chapter, Daughters of the American Revolution, will entertain the Summer State Conference of the D. A. R., on Flag Day, June 14th, at the home of Mrs. Ernest Frazer.

There will be a business session at 11 o'clock in the morning, new time, followed by a basket picnic. An interesting program is being planned for the afternoon.

At this conference there will be representatives of the D. A. R. from every chapter in the State and a big time is looked forward to.

RADIO WORK

Receiving Station at Summer School A Big Addition

The University of Delaware expects to use the new fad of radio phoning to the limit, according to announcement by the authorities that they will install a receiving set this summer with the idea of installing a broadcasting set next year. This summer the students will be instructed in re-

ceiving with the idea that these embryo school teachers who are taking the summer course will be able to handle the situation next year in their little country schools should the university introduce the broadcasting plant.

The idea of the university instructors is to thoroughly instruct Delaware teachers, and especially those having rural schools, in the art of receiving radio messages, so that a broadcasting set at Newark can send out valuable lectures on history and other subjects in such a manner that the children of any rural school, thru the knowledge of their teacher in receiving, can hear every word of the lecture as they sit on their school benches.

NOT SOLD

C. B. Dean, merchant of Main street, has denied the statement appearing in Wilmington papers that he has sold his store to Mr. Heiser.

NEWARK OPERA HOUSE

PROGRAM WEEK BEGINNING

Thursday, June 8th—

Harold Lloyd in a three-reel special comedy, "Now or Never"—Speed, Action, Suspense and a continuous gale of laughter. You will never suspect there are so many different kinds of laughter until you see this novel production. Reel for reel, laugh for laugh "Now or Never" excels any comedy ever made. Also a south sea drama in five reels, "Tropical Love."

Friday, June 9th—

"Silas Marner." Adapted from George Eliot's famous novel. Faithful in its screen adaptation, "Silas Marner" blends all the drama, romance and suspense of that immortal novel into a feature of distinction. Lovers of literature will find this an exceptional attraction. We think this picture so good from a literary standpoint that we have invited the Newark High School to be our guests at a special matinee on the above date. Added attraction, Harold Lloyd in "On the Fire."

Saturday, June 10th—

Buck Jones in "Pardon My Nerve," a western drama of the Mix type. "Love and War," a Sunshine comedy, and News.

Monday and Tuesday, June 12th and 13th—

Cecil B. DeMille production "Fool's Paradise." Suggested by Leonard Merrick's story "The Laurels and the Lady." Starring Dorothy Dalton, Mildred Harris, Conrad Nagel and Theodore Kosloff. It is a magnificent photographic achievement and one of the most elaborate and artistic productions ever made by Cecil DeMille, master producer. It is massive and beautiful, the story is appealing and the characters are portrayed by distinguished screen favorites. In this respect the picture is alone in its class. It will please the old and young alike because of its beauty as a spectacle that carries one from France to Mexico and thence to Siam. It contains settings of unexampled magnificence so that it may be classed as one of the most superb spectacular screen offerings of the decade.

Wednesday, June 4th—

"All's Fair in Love." Adapted from the stage success "The Bridal Path." Starring May Collins, Stuart Holmes and Raymond Hatton. Also a two-reel Christie comedy.

COMING

"Male and Female," Gloria Swanson and Thomas Meighan. "Don't Change Your Husband," Gloria Swanson and Elliott Dexter.

"Old Wives for New," Elliott Dexter and Wanda Hawley. The three above attractions are DeMille productions.

Transfer Of Elkton Church Planned

Rev. MacElmoyle Followers May Try to Join the Baltimore Synod

M. D. Crosson, of Wilmington, one of the commissioners from the presbytery of New Castle, who has returned from the sessions of the general assembly, where the case of the Elkton Presbyterian Church and the desire of the Rev. John MacElmoyle was discussed, stated that the question of the transfer of the Elkton church would be considered at the next meeting of the synod of Baltimore, which action was directed by the general assembly.

Some members of the presbytery of New Castle oppose the transfer and want that to make the transfer would disrupt to a certain extent the unity of that body.

Other leaders, among them being some of the clergymen of Wilmington, feel, according to their expressed views, that the Elkton church should be allowed to join the Baltimore presbytery, in order to preserve its unity and to save the congregation from disintegrating.

The matter of transfer, it is believed, will cause another peppy discussion when it is brought before the synod.

Beaures Beacon De Kol, a senior four-year-old Holstein cow, owned by N. J. Reynolds, of the sixth district, recently finished a milk and butter fat test under official supervision and is reported in the latest official bulletin of the Holstein-Friesian Association of America as having made at the age of four years and ten months, a record of 630 pounds of milk and 24.41 pounds of butter fat in seven days, equivalent to 30.7 pounds of butter.

Chairman Vickers, of the State Conservation Commission, has directed deputy game wardens to report whether pound nets in Cecil and Harford county waters are placed and operated contrary to law. Regulations require that the nets shall not extend more than 800 yards from shore.

Surveyors have begun work on the bed of Main street, Elkton, which is to be concreted from the Court House to Delaware avenue, and the latter street to the bridge. The work will probably be started about September first.

Bishop George M. Davenport, of the Diocese of Easton, preached and confirmed a class at Trinity Protestant Episcopal Church, Elkton, Sunday morning. Sunday night he preached at the Elkton Chautauqua community service.

Joseph Miller, pitcher on the Perryville baseball team of the Susquehanna League, has entered suit for \$10,000 against State's Attorney Henry A. Warburton and Sheriff Kirk Gifford, alleging false arrest and imprisonment.

The suit grew out of connecting his name with that of Mrs. Pearl Hickman, of Perryville, who was accused of a baby's death, but acquitted.

Miller was detained in jail for three days before he was released. Mrs. Hickman has also docketed suit for a similar amount against the same officials.

Mrs. Charles McDowell, of Columbus, Ohio, and Miss Bee McDowell, of Washington, D. C., were recent guests of Mr. and Mrs. S. C. Strickland.

Byron Bouchelle, a merchant of Chesapeake City, has been elected a member of the Board of Managers of Union Hospital, Vice Frank P. Price, deceased.

Certificates will be awarded by the Cecil County School Board this year in all students of the public schools in the county who complete the studies in the elementary schools. The diplomas will be awarded this afternoon for the respective school districts at Cecilton, Chesapeake City, Elkton, Fair Hill, North East, Rising Sun, Perryville, Oakwood and Calvert.

According to a report given out by the Cecil County Chapter of the American Red Cross, eight out of nine children attending the schools every nine children attending the schools throughout this country, do not measure up to normal physical standards. The report is made upon the result of the examinations made by the county Red Cross nurse, who has visited practically all the schools in the county.

The first class in home hygiene and care of the sick to be held in Elkton, has been completed and the Cecil County Chapter, American Red Cross, has awarded certificates to the follow-

Synopsis of Crop Conditions Locally

Grains are in good to excellent condition. Wheat has headed. Rye has bloomed, and is beginning to ripen. Oats are growing nicely.

Planting of corn was completed. Some replanting was necessary. Corn that is up is doing nicely; some is being cultivated.

Early potatoes are good to excellent, are well advanced, and are being sprayed. Some are blooming in southern Worcester County, Md.

Gardens and truck are in good condition, and are doing well.

Peas are in good condition west of Chesapeake Bay; they are podding in southern and are blooming in northern counties. On the Eastern Shore peas are being damaged by lice and dry weather. Picking of peas has begun over the southern portion.

Pastures and grasses are good generally.

Pickings of strawberries continue on the Eastern Shore and in southern Maryland; elsewhere over the section the crop is ripening. Cherries are being picked. Raspberries and blackberries are blooming. What remains of tree fruit is doing well.

Alfalfa is being cut. Setting out of tomato, sweet potato and tobacco plants is in progress.

REGENT GENERAL HERE

The University of Delaware Chapter of the Phi Kappa Fraternity was honored with a visit from the Regent General on last Friday. Dr. Edwin E. Sparks, former president of the Pennsylvania State College, now holds this office and stopped to look over local conditions on his tour of the various chapters of the country. Membership into this fraternity is gained through scholarship and ten members of this year's senior class at the University have been taken into the organization.

PROTECTION OF FRUIT TREES

Some Down State Growers Are Trying Out New Spraying Process

How to protect fruit trees from the disastrous results of frosts and freezing temperatures in the late spring, is one of the questions growers are now considering. During the late frosts this spring some orchardists down state and on the eastern shore of Maryland resorted to smudge fires to raise the temperature of their orchards above the danger point that would mean killing of the fruit spurs by the frost, but the fact that oil burning smudge machines are only sufficient for within 15 or 20 feet and that the cost of installing and maintaining is a heavy item, this plan is not as attractive as might appear. A new plan is being tried out by the Delaware Apple Company of Bridgeville of which Josiah Marvel of Wilmington, is the president. The idea is to make the apple trees so virile and healthy that they will through sheer strength be able to protect their buds and blossoms when the frost appears. The plan which is simply a scientific method of systematic spraying during the "growing" season of the year, aims at proving so inimical to apple scale and insects which usually have the leaves of the trees eaten off by August, that the leaves through which the tree breathes will be retained until September and possibly October. This would, the experts of the State Department of Agriculture and the University of Delaware believe, so strengthen the tree that it will be able to protect the fruit spurs from the frost that is not any heavier than the ones of the late spring this season. Former Governor John G. Townsend, of Selbyville, who has upwards of 15,000 apple trees in Sussex county, is another orchardist who is trying out the spraying program. If the experiment proves a success it will revolutionize the fruit growing industry of the east. Heretofore the only expedient the fruit grower had was the oil smudge first or just plain bonfires about the orchard to heat the temperature while the cold spell was on. The apple trees of the Delaware Apple Company, it now appears, were more severely damaged by the frost than at first suspected. The crop is estimated at but about 50 per cent, although the true estimate will not be obtainable for several days.

CAMP MEETIN' TIME

Just as soon as lima beans become ripe and sweet corn is fit to eat off the cob there will be a serious slaughter of "frying chicken" in lower Delaware, for it is about that time that one of the most famous camp meetings on the Eastern Shore opens for two weeks, and when cousins and friends from the cities drift down into Baltimore hundred for a visit.

The date of the opening of Old Sound camp, as it is known, and which is held in a large grove of trees down on the salt water and within sight of the ocean, will be July 29. It is on what is known as Fenwick island, but it is generally called Sound camp, because it borders on Fenwick sound.

More than sixty tents are pitched annually, and they are always filled, while the hotels and boarding houses are crowded also. It is one of the oldest camps on the peninsula, and is the gathering place for Eastern Shore farmers and their friends, as many as 10,000 visitors being no uncommon occurrence on a Sunday night.

DISTRIBUTE HEIFERS

Members of Boys' Pure Bred Dairy Club Get Cattle

"I'll bet father will like this heifer," said a member of the Boys' Pure Bred Dairy Club after the lot of heifers had been distributed. The heifers were distributed among the members of the Club last Friday on the farm of J. I. Dayett, of Cooch. The following are the members of the club: Frank Hufnal, Jr., New Castle; Robert Connell, Newark; Crawford Sheldon, Elkton, Md.; Ray Connell, Newark; Herman Conner, Jr., Newark; Francis Malony, Middletown; Aubrey Webb, Blackbird.

The heifers are well bred pure bred Holsteins and were personally selected and purchased by County Agent R. O. Bausman of Newark. They were purchased from Winterthur Farms, Winterthur; J. I. Dayett, Cooch, and St. Joseph's Industrial School of Clayton. They were sixteen to

Daylight Saving Is Opposed At Meeting Of New Castle County Pomona Grange Held at Stanton

Hindrance to Farmer and Detriment to Children is Claim of Speakers—Richard Buckingham Tells of Old-Time Farming

Resolution Against Gambling Is Adopted

Daylight Saving came in for a slam at the meeting of the New Castle County Pomona Grange, held at Stanton, last week. That the new time was an expense and a hindrance to the farmer and a detriment to the health and happiness of children were the principal points brought out by John Banks, Master of Diamond State Grange in his welcoming address.

Mr. Banks pointed out the many ways in which the tillers of the soil declare they are hindered and put to great expense in their work. His address of welcome was added to by Benjamin A. Groves of the same grange.

Mr. Groves spoke of the great social benefits that were derived from the joint meetings of the various subordinate granges. This type of meeting, Mr. Groves said, tended to create a greater spirit of friendliness between the farmers and furthered co-operation.

These welcomes were responded to by Richard Buckingham, of Union Grange. Mr. Buckingham, a veteran of the Civil War, and lately returned from a trip to the battle ground of Appomattox Court House, told of the great difference in conditions today of the farmer and those under which he labored in those by-gone days.

The morning session opened in the fifth degree and under this degree business was transacted. Frank Yearsley, of Pomona Grange, presided.

Mr. Yearsley appointed a committee to handle all resolutions presented to the meeting. The men named were Edward Megginson, of Rose Hill Grange, chairman; Laurence Ottoson and Frank Klair, of Harmony Grange.

The resolutions were presented at the afternoon session when new business was discussed.

A recess was declared at noon and lunch was served to members in attendance. Women of the Diamond State Grange prepared the meal.

At the opening of the afternoon session Mrs. Nellie S. Snyder, of Newport, was appointed a delegate to the State Home Economics Association. Following this piece of business of children will be framed and ed. Two of them dwelt with the daylight saving system and the other with gambling.

One resolution in which it is de-

clared that the present time system is detrimental to the health and happiness of children will be framed and addressed to the State Board of Education. It will call upon them to conduct school sessions when schools reopen in September, on Eastern Standard time from that time forward.

The other which deals with the expense and hindrance the saving system causes the farmer, will be framed by a special committee and referred to the Grange at the September meeting for a reading and discussion of what action will be taken. This action will probably be along legislative lines. This committee consists of Benjamin A. Groves of Diamond State Grange, Horace Dilworth of Center Grange, and John Niven of Newark Grange.

The resolution dealing with gambling, and which was unanimously adopted is as follows:

"Whereas the Grange has always stood for the uplift of the community: Therefore be it resolved that Pomona Grange No. 1, New Castle County, is strongly opposed to the various forms of gambling in common use at the numerous carnivals and elsewhere, and we urge upon our entire membership to use their influence against the use of such devices so detrimental to the welfare of the young."

It was decided to hold the annual Field Day in August. No date was set inasmuch as the committee in charge of the general arrangements was instructed to communicate with the National Master with reference to securing a speaker of National prominence.

An invitation was received and accepted from the Harmony Grange to hold the September meeting with them. Inasmuch as the regular September meeting day falls on the Thursday of Fair Week, it was decided to hold that meeting the last Thursday in August.

Reports were received from the eleven subordinate granges of Pomona Grange. All the reports showed that the granges had gained membership and that all dues were in membership and that all dues were paid up to date and that the suggestions visit one another was being carried out.

As is the usual custom a musical entertainment closed the meeting given by the members.

eighteen months of age and the average price was \$135 per head.

The club is under the direction of the Club Department of the University of Delaware and the New Castle Farm Bureau. A. D. Cobb, State Club Leader, of Newark, and County Agent R. O. Bausman have arranged a series of events during the coming

year, namely, dairy auto tour, local heifer shows, exhibition at the State Fair, and a junior dairy cattle judging contest, all of which will stimulate the members of the club in taking a more vital interest in the work and will enable them to learn the fundamentals of the pure bred dairy cattle industry.

Keeps your Buildings From Slipping Away

WHAT your barn cost to build is one cost. What it costs to keep it built is another.

Of course, you can't prevent the first cost, but you can keep the second cost so low that it's practically no cost at all.

Paint will do it by making repairs unnecessary. And Lowe Brothers Standard

Barn Paint will do it better than any other we have ever seen.

It's just like a big rope around your barn, keeping it from slipping away.

Standard Barn Paint costs a few cents more per gallon, but always several dollars less per job. Come in and ask us about it.

The election will be held in the Academy Building from two to five o'clock p. m.

TOWN COUNCIL DECIDES NOT TO RAISE TAX RATE

(Continued from Page One.)

The treasurer's report showed a balance in bank of \$2,550.93. The following bills were ordered paid: Street, \$157.88; sewer, \$84.35; Town, \$393.23; and light, \$2,166.88.

Alderman McKelvey's report for the month of May showed that he had collected \$60 in fines and \$20 in costs. Most of the fines and costs were for violations of automobile laws, especially parking without lights. Councilman Widdoes said that he could not understand why so many persons were arrested for this offense while not many speeders were arrested. This seemed a problem to the other members of Council as well.

Mayor Frazer told Council that the secretary had on several occasions had trouble with tenants of houses moving and leaving unpaid electric bills. Many of these tenants, said the Mayor, moved into other places and seemed of the opinion that the old bills were extinct.

After hearing this Councilman Beals made a motion that in the future the landlords should notify Council when a tenant was going to move from their properties. This motion was carried.

An invitation from the Sigma Phi Epsilon Fraternity for the members of Council to attend the laying of the cornerstone of the new fraternity house on Main street was accepted and as many of the Councilmen as can will attend the affair. The stone will be laid on Commencement Day.

ENTERTAINED

Dean and Mrs. E. Laurence Smith Monday night entertained a party of friends at dinner including several members of the Kappa Alpha Fraternity, who are members of the senior class of the University of Delaware. Their guests were: Professor and Mrs. George E. Dutton, Miss Mary Johnston, of Wilmington; Melvin Hopkins, Theodore Dantz, Arley B. Magee, Jr., C. W. Woodrow and Harry R. Cole. The latter is a junior and will be president of the Kappa Alpha Fraternity

SIGMA PHI EPSILON

SENIORS ARE GUESTS

Sigma Phi Epsilon Fraternity members of the graduating class of the Men's College of the University of Delaware were the guests of Professor and Mrs. Harold Edward Tiffany at their home in Amstel avenue Monday evening. The fraternity guests were Alvin Allen, Samuel P. Maroney, L. E. H. Roemer, Harold P. Young, G. Gray Carter, Barclay R. Challenger, Robert N. Foulk, Robert Stewart, Willard R. Triggs, W. F. P. Jacobs, J. Howard Harper, Walter Dent Smith and W. D. Holten. They were accompanied by the following young women: Misses Helen L. Steele, Elizabeth Grier, Viola C. STREET DANCE AND BAZAAR FOR CHURCH

(Continued from Page One.)

George Carter, Mrs. D. Lee Rose and Dr. Edward Jones, ex-officio.

The following committee was named to arrange for the Sunday school picnic: William D. Dean, Mrs. Charles W. Colmery and David C. Rose. St. Thomas' Sunday school will likely join with St. John's and Old Swedes, of Wilmington, and St. Barnabas, of Marshallton, on the picnic this year. No definite arrangements have been made as to the place and date of the picnic but it will probably go to Riverview Beach, N. J.

The Sunday School reported Monday night having raised \$200 through the lenten offering for missions which is eight times as much as was raised last year. The Woman's Auxiliary reported having sent away two boxes for missions valued at \$200.

The member of the Guild whose birthday comes in the month of the Guild meeting is supposed to make a present to the organization. Miss Madeline Tweed presented a present at the meeting Monday night which was afterwards won by Mrs. Major. At the close of the meeting refreshments were served. The Guild will not meet again until the first Monday night in September.

CAMP IS NAMED AFTER SPARKS

High tribute to the late Colonel George W. Sparks was contained in an order from Governor Denney last week, in which he designated the second annual encampment of the Delaware National Guard as Camp George W. Sparks. The encampment, at the State rifle range below New Castle, will take place from August 14 to August 31. Colonel Sparks, who died in November last year, was State Tax Commissioner, and at the time of his death was an aide on Governor Denney's staff.

HELPING FARMERS

Those in Lower Delaware Have Radio Service

Thru radio messages farmers in all sections of middle and lower Delaware are receiving market reports daily from Philadelphia, Baltimore and New York.

The market quotations are being received at Dover by the bureau of markets, established there recently, and the reports are transmitted to local receiving stations in all parts of Kent and Sussex county by telephone.

The reports come in the late morning, but in time for the farmers to decide where they will ship their berries and produce that afternoon. Those who watch conditions claim to have been greatly aided, as indicated by cash returns.

If they learn that New York and Philadelphia commission men are overstocked with fruit, and that Baltimore prices are stronger, they ship to the Maryland city and vice versa. In addition to these market reports, one of the most helpful ways in which the bureau of markets is aiding in bringing about better prices for the farmers is in the grading and standardization of fruits and vegetables.

It is expected that within a few years no Delaware farmer will ship his produce in bulk lots, but in standard sizes he knows will increase his returns materially.

ENTERTAIN BOYS

A group of girls held a party at the home of Myrtle Holton, on Depot Road, last Friday. The girls entertained several of their boy friends and an enjoyable time was had by all those present. Among those who attended were: Myrtle Holton, Alice Williamson, Kathryn Boyce, Almeda McCully, Elise Hubert, Mary Boyle, Dorothy Stohl, Elizabeth Eubanks, Kathryn Holton, Dorothy Hayes, Oscar Morris, Paul MacMurray, Loring Cordrey, Amos Davis, Leonard Eubanks, Harry Williamson, Joseph Rupp, Robert Thoroughgood, Mrs. W. J. Holton, and Mrs. Boyce. Refreshments were served.

FAREWELL HOP

Arrangements are about completed for the farewell hop to be given in honor of the graduating class of the University of Delaware, on June 12. The patronesses will be Mrs. E. Laurence Smith, Mrs. John Pilling, Mrs. F. M. K. Foster, Mrs. Ernest Wright, Mrs. Walter Steel, Mrs. George E. Dutton, Miss Parkhurst and Miss Wilson.

NOTICE

Notice is hereby given that a special election will be held in the Special School District of Newark, County of New Castle and State of Delaware, on the twenty-fourth (24th) day of June, one thousand nine hundred and twenty-two.

The purposes and reasons for said Special Election are to determine whether or not the Board of Education of said Special School District shall issue bonds amounting to the sum of One Hundred and Sixty-five Thousand Dollars (\$165,000.00). The funds derived from such bond issue to be used to carry out the building program of said district approved by the State Board of Education, to wit: To build and equip a new building to be used as a High School Building.

The special election will be held in what is known as the "Academy Building," situated on Main Street, in said Town of Newark, this being the usual and only place of holding other school elections. The polls for said election will open at one o'clock P. M. (standard time) on said June twenty-fourth and remain open until eight o'clock P. M. (standard time) of the same day.

(Signed) WALT H. STEEL,

President of the Board of Education of Newark Special School District.

\$1,000,000,000 FOR SODAS

IN AMERICA THIS YEAR

The American soda fountain will collect a tribute this year of about \$1,000,000,000 which makes the money spent for most luxuries seem trifling by comparison. The soda habit has been growing steadily for years, and prohibition has served to leave it practically without a rival.

There are more than 100,000 soda fountains in operation throughout the United States.

The appeal of the soda fountain is attributed by some to the fact that the public, deprived of alcohol, naturally craves sugar in some form. A great variety of sweet drinks and dishes which appeal both to the palate and the eye, has been contrived to meet this demand. Even in hot weather the thirst-quenching drinks, such as old-fashioned lemonade, are not popular. It was predicted before prohibition that a variety of drinks would be devised for men to take the place of alcohol, but these have not endured.

To the surprise of the soda water purveyors, the greatest demand has been for ice cream or drinks and dishes in which it is an ingredient. New Yorkers probably are the greatest consumers of ice cream per capita in the world, for the annual supply is about 300,000,000 gallons.

Big Cattle Exhibit
Likely In Wilmington

Local Interest in Proposition to
Have International Hereford
Cattle Exhibit at Fair

With some of the finest herd of cattle of Delaware right in the vicinity of Newark, local persons will be more than interested to learn that definite steps toward bringing to Wilmington the exhibit of the International Hereford Cattle Association have been taken.

Representatives of the Rotary, Kiwanis and Lions Club of Wilmington, together with representatives of the Delaware State Fair Association met at the Hotel duPont last week and discussed the matter of trying to arrange for the exhibit in conjunction with the State Fair.

Frederick H. Brady, president of the Fair Association acted as chairman of the meeting and Macmillan Hoopes, secretary of LaMotte duPont described the excellence of the Hereford exhibit and the renown it has gained wherever shown. He said that the exhibit would be given in Texas in October and held in the East later. There is a good opportunity for Wilmington to obtain the honor of holding it, he said, but it will be necessary to underwrite the cost of the undertaking.

From Wilmington, the show will go to Toronto, Canada, and from there to Kansas City, Mo. The exhibition if brought to Wilmington will be practically the only one in Eastern United States.

The project was supported in short addresses by Henry P. Scott, president of the Wilmington Trust Co., S. D. Townsend, for the Fair Association, Josiah Marvel and others. At the meeting it was finally decided to endorse the undertaking and leave the arrangement of details to a committee of arrangements which will report back to the organizations and other bodies represented at the meeting.

It is the hope of every cattle raiser of Delaware that the exhibit can be arranged for it will give an opportunity to them to see some of the finest cattle in the country and many world's champions will be exhibited.

DEMONSTRATION SCHOOL

AGAIN THIS YEAR

Following the custom of previous years, a demonstration school will be maintained again this year in connection with the summer session to be held at the University from June 26 to August 4, inclusive. This school will be opened to pupils in the first six grades. A small number of children who have not attended school before will be admitted. The session will be held in the Primary School Building each forenoon from 9 to 12 o'clock. A tuition of \$1.50 for the six weeks is charged. As there will be only one teacher in charge, only a limited number of pupils can be accommodated in each grade. Applicants for admission will, therefore, be accepted in the order received, until the quota for each grade is filled. The names of children who expect to attend and the tuition fee for each should be left with the child's present grade teacher or sent to W. A. Wilkinson, Director of the summer school.

Commencement Exercises
of State Colored College

Commencement exercises will be held at the State College for Colored Students, Dover, Friday, June 16, at 1:30 p. m.

The annual athletic events will be started at nine o'clock a. m. These events will include 100 yard dash, 50 yard dash, pole vaulting, throwing the hammer and high and broad jumping. Girls and boys will take part in these events and prizes awarded the successful contestants.

A feature of the program will be the dedication of the new duPont Building. This building is of the two room type, modernly equipped and excellently furnished. This exercise will be held at 12:00 o'clock on the portico of the building.

Dr. Odell, chairman of the Service Citizens, has been invited and is expected to be present. There will be on exhibition in the departments the work of the girls in domestic science and art, that of the boys in mechanic arts and that of the students in agriculture. Visitors are urged to visit these departments.

The sermon to the graduates will be preached by Rev. W. C. Thompson, pastor of Zion M. E. Church, Wilmington, Sunday, June 11, at 3:00 p. m.

The class day exercises will be held Monday evening, June 12, at 8 o'clock.

The annual declamation contest will be held Tuesday evening, June 13, at Whitecoat M. E. Church, Dover.

HOME-MAKING INCREASES

According to Miss Genevieve Fisher of the Federal Board of Vocational Education, Miss Katherine Woods, State Leader of Home Demonstration and Miss Jennie R. Bear, State Supervisor of Home Economics in the High Schools, the home-making departments of our State have increased 100% in their efficiency within the last year. This has been due to the enthusiasm and untiring labors of our teachers and Principals and to the wonderful co-operation of far seeing men and women.

AFTER STUDENTS

Graduates from the High Schools of Sussex County were visited last week by Dean E. Laurence Smith and Professor George E. Dutton, of the University of Delaware, for the purpose of interesting them in the local institution.

ON THE SPORT FIELD

Several Changes
On Newark Team

Doc Rhoades is Elected President of Club—Steedle is New Manager

The baseball fans of Newark are assured that the local team in the New Castle County League is going to look better in its future games. At a meeting last Saturday afternoon Harry McDonald resigned as president of the club due to the fact that he is soon leaving Newark.

This vacancy was filled by the election of "Doc" Rhoades. "Doc" is a faithful supporter of the club and is going to do everything in his power to see the local team is strengthened. The new president is a lover of good sports and the club considers it an honor to have such a man at its helm.

Manager Steedle, a three-year varsity player at Rutgers College, knows a ball player when he sees one and he has taken over the job as manager with the understanding that he is to run the ball club and not have to listen to the advice of four or five others. This has been one of the troubles with the club all season. The former managers have not only had to try to run the club the way it should be run but also to listen to advice of outsiders. With this done away with the local club should look better.

Manager Steedle will fill one of the weak infield positions and Turing, a newcomer here, has been signed to take care of the initial sack. Watkins, who has pitched excellent ball for the locals, will have Earl Ramsey, of the University of Delaware, as a running mate now. This pair of hurlers ought to stand up with any others of the league.

The catching position has been very weak and to strengthen this department "Vic" Armstrong has been signed and Jack Williams will also be given a chance at this position.

Newark has won its last two exhibition games, beating the Ninth Ward club of Wilmington, and the Elk Mills nine.

The management of the team claims that the only thing the club needs now to be successful is the backing of the fans. If they come across you can figure Newark to cop the pennant in the second half of the league.

On Saturday the locals will go to Yorklyn, and try to obtain revenge over the "Snuff Mill" boys for their victory on the local diamond. Many of the local supporters are expected to take the trip to Yorklyn.

As the result of many requests the local team is going to try and arrange at least one twilight game a week to be played here.

NEW PROFESSIONAL

Albert D. Ginther To Represent Newark Country Club

Albert D. Ginther, the new professional at the Newark Country Club is now preparing to "shoot" in the big professional tournament to be held in Philadelphia in a short time.

The local professional is doing very good work on the local links and has set a mark for the course of 39.

Before coming here Ginther was connected with clubs in Canada and Huntington Valley Club, of Philadelphia.

Shower baths and lockers are being installed at the local club and the members are looking forward to the time that these will be ready for use.

SHIPLEY LEAVES

Coch Shipley, of the University of Delaware baseball team left last week to take over the management of the Martinsburg, W. Va., team of the Blue Ridge League. Shipley played with the Waynesboro team of the same league last season.

CHANGE IN COACHING?

University of Delaware May Go Back To Old System

That there may be a change in the athletic coaching system of the University of Delaware is the rumor that is having its rounds at the present time. This rumor has it that the University will go back to the system of having only one coach for the various athletic teams of the institution instead of having two as the system now in use.

It is expected that the Board of Trustees will take action on this matter at their meeting on June 10th.

It is a question right now among the students of the institution if the old system is put in vogue again whether or not Coach Shipley or Coach Derby will be retained or whether a new mentor will be employed.

SPORTITORAL

These Boys' Weeks that are being held in the various large cities of this section are creating interest in all parts of the country. And why shouldn't they? Let the boy come into his own! It is the boy of today who will shoulder the country's responsibilities in the years to come. This has been drilled into every boy since he was "knee high to a grasshopper," so why not show him that there is confidence held by all of us in him.

Booth Tarkington in "Penrod" tells of the "workings" of the real American lad of today. In this story the writer tells how Penrod and his "gang" organize for the purpose of obtaining "equal rights" for "just" boys. Boys' Weeks work along this same line so is it any wonder that the youths welcome such celebrations.

These weeks work to promote a better comradeship among the younger generation, better sports and a closer relationship between boys and their elders.

BETTER SPORTS. This is the one big thing in Boys' Weeks that interests the writer the most. For it is his claim that when better sports are promoted then a better and cleaner life is assured those who take part in these. A drilling in youth along the better line is going to grow up with him into manhood and then he is going to have a better understanding of how to play the game on both the athletic field and in the business world.

A Boys' Week here in Newark would be a great thing and that it would bring joy and happiness to every boy's heart is assured. The cost of a week of this nature would be very low and the interest that would be repaid would be over a hundred fold.

There is not a father or mother in Newark who would not be willing to get back of such a movement for they would be assured that they would be profiting by such a week to a great extent and that their children would gain a right that is due them.

Such a week would be all profit and no loss, so why not get back of such a thought and make it a reality? Here's encouragement.

Sports at the University of Delaware have come to a close for this year with the end of the term now close at hand. It has been an in and out season for the various teams of the institution but not once has the interest and backing of the student body of Delaware College or the Women's College lacked or dropped off. This is the spirit that tends to lay a foundation on which eventually teams with only the "ins" of a season will result.

The University football season at the start promised no joy to the backers. This was caused by eternal eruption according to those "in the know." There was no mistake that the material was there for a winner but the problem was how to get the best of the material. The first games of the schedule were not encouraging then came a change and the warriors of the gridiron in the latter part of the season brought joy to their supporters in the manner in which they took a new lease on life and made good.

On the basketball court Delaware faced a hard proposition. For several years the Blue and Gold had a team that could give a battle to the best of collegiate teams. A number of the players of this quintet were lost through graduation and the problem was to build a team that would uphold the proud record of McCaughn-Carter-Alexander-Carter-Wills. Although the team this year did not have as wonderful a record as the Big Five it played its best and nothing more could be expected.

Material for a wonderful baseball machine was available but that indifference that was evident in some of the football season again was evident in some of the games and these of course were lost. But when one considers the Holy Cross, Swarthmore and Johns Hopkins games they know that there was baseball ability in the team but that indifference lost games that should have been won and therefore the baseball record for the season is not near as good as it should and could have been.

The track team this season was a very successful one. The bare-legged athletes were a fighting bunch and never stopped trying. This is what goes toward making success and proved itself conclusively in the Swarthmore meet on Frazer Field.

Win Field and Track Meet at Dover With 95½ Points

Caesar Rodney School again came to the front in athletics on Saturday by winning the annual State secondary high school field and track meet. Caesar Rodney got 95½ points. duPont high was second with 84 and Milford and Dover were tied with 46 each. Milton scored 32½ points; Middletown 29 and Georgetown 21.

The inclement weather kept down the crowd. The officials of the meet were:

Field referee, S. H. Derby; clerk of track, W. K. Smith, assisted by H. R. Downham; scorer, H. C. McSherry; starter, T. L. Entwistle; judges at finish, J. Shilling, A. B. Magee, Jr., H. Golt, Rev. G. A. Burslem; timekeepers, W. H. Jump, J. T. Jump; announcers, track, W. B. Thornburg; field, R. M. Goodier; inspectors, M. Fitzgerald, R. Jones, J. H. Mendinall, E. P. Vogel, G. A. Ely, G. Nickel; field judges, O. E. McKnight, H. M. MacDonald, R. Shilling; custodians of prizes, Mrs. E. J. Crothers, Miss Iona Hopkins; marshalls of course, Messrs. Ball, Taylor, Anderson, Wise, Hardesty, Wharton.

Marshal of parking, Chief of Police E. I. Lane, of Dover.

ELECT BUCKINGHAM
NEWARK HIGH CAPTAIN

Members of the Newark High School baseball team, who won their letter in that sport this year, held a meeting last week and elected Clifford Buckingham, third baseman this season, captain for next year. The letter men this year are Buckingham, E. Mayer, A. Mayer, Ross, Chalmers, Hopkins, Hayes, Crompton, Rupp, Armstrong and Hubert. Hayes is the only member of the squad who will be lost by graduation.

OPERA HOUSE
OFFERINGS

Harold Lloyd believes in comedies with an ideal, as well as a moral. One of the ideas contained in "Now or Never," which presents Harold Lloyd at the Opera House, tomorrow night, will appeal to those who wish to start a live stock farm with small capital. Anyone trying it will find the moral for themselves.

Faithful in its screen adaptation, Silas Marner, which comes here on Friday, blends all the drama, romance and suspense of that immortal novel into a feature of distinction.

Theatres which cater to the home-loving patrons—theatres which cater to lovers of literature—theatres which cater to seekers after melo-drama, action and punch—will find this feature exceptional from an advertising standpoint.

Charles Jones, the virile Fox star, comes to this theatre on Saturday in "Pardon My Nerve!" a photoplay that will hold your interest from beginning to end. If you want to see the old familiar Jones fight his way through the villainous plans of a dangerous gang of crooked gamblers, you shouldn't miss this one.

Have you been in "Fool's Paradise?" If not, you should see Cecil B. DeMille's great Paramount picture, "Fool's Paradise," which comes to this

theatre next Monday and Tuesday. The cast is practically all-star and among the leading players are Dorothy Dalton, Mildred Harris, Conrad Nagel, Theodore Kosloff, John Davidson and Julia Faye. It's a great picture.

The bride's bouquet in "All's Fair in Love," would easily be worth \$150 in New York city, according to dainty little May Collins, who plays the bride, and who but recently left a Broadway production to make this Goldwyn picture, which comes to this theatre next Wednesday. Miss Collins was amazed at the lavish expense put into her bridal trousseau for the picture. Her gown is literally covered with seed pearls, and the train is of heavy silver brocade, while real lace is used for the Princess slip.

CLUB WEEK HERE

New Date Set For Annual Boys' and Girls' Affair

State Club Leader A. D. Cobb is making arrangements for club week for members of boys' and girls' clubs which will be held this year from August 8 to 12 at the University of Delaware. It has always been the custom to hold the club week during the Christmas holidays, but it was decided to make a change this year as it was thought the summer would be much more enjoyable for the young visitors and they can also have the opportunity of inspecting the university farm, the experiments, etc.

SPECIAL MEETING

A special meeting of the Athletic Council of the University will be held tomorrow night. This meeting will be for the purpose of winding up the business for the university year and to award letters for the baseball season.

To Examine N. G. D. Officers

All Must Measure Up to Regular Army Requirements

Major H. W. Stark, U. S. A., who is Colonel of the 198th Regiment, Delaware National Guards, has been directed by Major General Bullard of the Second Army Corps Area in which Delaware is located, to conduct examinations for federal recognition of officers of the Delaware National Guard. This is the first time that the officers have been called for examinations.

The first examinations will be held at the State Armory here and at Dover beginning tomorrow night.

Two examining boards have been named to conduct the examinations, they consisting of Major Stark, Major Victor D. Washburn, and Major H. P. Van Seiver.

The second board consists of Major Stark, Major Washburn and Captain Lewis Hudgins.

The medical officers will be subjected to an examination, conducted by Major Oral Bolibaugh, of Fort Du Pont and Major V. D. Washburn.

Press Bulwark Of Educational System

Commissioner of United States
Bureau of Education Urges
Cooperation of Work

Extension of the educational influence of the Press has been advocated by John J. Tigert, Commissioner, United States Bureau of Education, as a means of safeguarding the school system of the nation. In an interview with a representative of the American Publishers Conference at Washington, Dr. Tigert declared that his observations on a recent trip throughout the country showed the need for a general public awakening, which may be achieved only through the instructive character of newspapers and magazines. He paid tribute to the press as one of the most useful instruments of the human race in the acquisition and dissemination of knowledge.

The Commissioner stated that the enlightened press of today is a necessary force in moulding minds and manners of young citizens because publications are an invaluable asset to education in building up respect and reverence for law and government.

Dr. Tigert has been advised that his appeal to the press of the country for its support cannot achieve its full response until there has been a reduction in postal charges on second class matter originally imposed as a war revenue measure. The publishers insist that their activities in promoting education are handicapped by these discriminatory taxes on reading matter.

Describing the helpfulness of newspapers and magazines, the Federal Commissioner of Education said:

"There is no single factor that can do so much for the promotion of public education in the United States as can the press of the country. I have just returned from an extensive trip through several of the far western states and I have been telling the people of those states that what is most needed today is not larger salaries for teachers, or more consolidated schools, or longer school terms in the rural districts, or better school buildings and equipment, but an enlightened public consciousness of our educational system.

"There is evident in some places a reactionary tendency regarding our schools and the only way in which this can be successfully fought is through a general public awakening and understanding as to what our public schools really mean to our American democracy. The press can render inestimable service to the cause of public education if it will take an active interest in educational matters.

"There can be no 'liver' topic for newspaper or magazine than that which affects the future life of the 27 million boys and girls in America. When it is remembered that last year far more was spent on cigars and cigarettes than on public education, and nearly as much on paints and powders, it is evident that the public schools of this country are not quite so expensive a luxury as some of its critics would like to make out. Surely, the welfare of our children is not dear at this price.

"With the aid of the limelight of the press it will be much easier to overcome the difficulties that still exist in many parts of this country in the way of giving to every American boy and girl such opportunities for that kind and degree of education that will best fit him or her for a life of greatest usefulness in our great democracy."

POULTRY NOTES

This is the season when the laying birds require a little care and attention—good tonics, natural or chemical substitutes, should be furnished the layers as well as young stock, particularly that the latter may mature successfully.

When it is known that 50 per cent of all the chicks hatched in this country annually die before maturity is it not time to take measures looking toward lessening of the disastrous mortality? Many of the commercial chick feeds are found highly effective.

Puny looking birds, knocked-kneed, lanky, "angel winged," crow-headed, and otherwise abnormal, are better dead than alive. The earlier these go to the chopping block the greater the financial saving.

AT THE PLAYHOUSE

That sensational new musical comedy, "Love and Kisses" with a chorus of pretty girls, will appear at the Playhouse next Monday, Tuesday, Wednesday and Wednesday matinee. The music is by Albert Von Tilzer, who has made many musical comedies charming by their songs alone. The dance numbers also are said to be

among the best seen this year. The play is from the pen of Daniel Russell, who has written many of this year's successes. "Love and Kisses" is just now being well received in Atlantic City and will come to this city immediately upon its close there. TYP\$

What's The Price of Good Clothes ?

The public today will not buy if they believe the article offered is "high priced." Unfortunately, many stores have taken this to mean that people want only cheap merchandise.

That is not our belief. Our customers want fair prices, the lowest prices possible for quality merchandise. But they know we cannot sell good clothing at the same price as cheap clothing.

There is nothing the public buys in which quality is so important as in clothing. Nor is there anything in which cheap workmanship can be so easily concealed from the casual observer.

Good clothing is made up of three things — good fabrics, good design and good tailoring. Skimping any one of them will cheapen clothing in price, but it will cheapen it far more in quality. You can buy cheap clothing which may look well when you first put it on, it may be made of good fabric, but the real test will come after you wear it—that's when quality will begin to show up. The difference between the cost of good clothing and poor clothing is small. But the difference in value—in satisfaction to the wearer—is great.

We sell good clothing. The price represents the quality that's in it. The kind of clothing that makes satisfied customers—and that's the kind we want.

Our Society Brand Clothes are the kind that deserve special consideration from any man who thinks well of his appearance. Good style—good tailoring—and good fabrics.

The price depends on the fabric and trimming—the workmanship is the same.
