STATE OF DELAWARE

EXECUTIVE DEPARTMENT

April 10, 1934

To the Members of the Senate,
104th General Assembly,
Dover, Delaware.

Gentlemen:

News of the sudden action taken by your Honorable Body at the session of April 9th in adopting a concurrent resolution calling for sine die adjournment on Friday, April 13th and the im-

mediate concurrence of the House of Representatives thereto, came to me as a complete surprise and a great shock. Am I to understand that in the next four days you contemplate being able to enact legislation that will provide some means of relief for hundreds of citizens in our industrial centers, many of them children, who without assistance from the State will be without food and a roof over their heads? Are you not unduly optimistic, realizing as you must that four weeks have passed since the sixth of March, 1934, when you reconvened and that as yet nothing whatsoever has been accomplished in the way of relief legislation? If on the other hand, the above assumption is incorrect, and you are deliberately planning to leave these halls on Friday without rendering any assistance to those of your fellow men who look to you to help them keep their families from acute suffering, if not actual starvation, you are unnatural representatives of a great State, unsuited and unequal to coping with a grave emergency.

I cannot believe that you will permit it to be said of you, that lacking foresight, courage and ability to meet an acute crisis, you ran home to hide. I have been associated with you too long to believe any one of you entertain any serious intentions of deserting the ship in a storm, and until it is proven that I am mistaken, I propose to retain my faith in your accredited intellect and patriotic ability to meet the greatest emergency this State has ever had to face.

The situation among the unemployed in the industrial towns such as Wilmington and its immediate vicinity is so different from that which prevails in the rural communities of the State, I would implore you to make personal investigations of just how serious the situation is should there be any question in your minds that unemployment relief is no longer necessary. At the same time I would have you know that a number of the members of the General Assembly from the two lower counties of our State have said to me that relief in their communities is no longer needed. I have no disposition to undertake to enter into a controversy as to this belief, as they should know and do know, much more about it, but I am reliably informed as to the conditions in and around Wilmington and because it is so serious, I must insist that this General Assembly take cognizance of it and enact some relief measure before you adjourn that will provide a means by which we may be able to cope with it.

It is highly important you should know that before I left the Capital yesterday afternoon, the insidious, unbecoming and unbelievable rumor was abroad that the object of the concurrent resolution to adjourn at the end of the present week was to force the Governor shortly thereafter to call another Special Session of the General Assembly. If there should be any member of this

Honorable Body who had such a selfish and unprincipled thought in mind when he voted for this resolution, it can be accounted for by the fact that he does not know the Governor of his State. Let there be no misunderstanding on such a question as another Special Session. You have in your hands a grave responsibility and as matters now stand, four days left in which to meet it.

Should you attempt to evade the important issue that is solely yours, and take refuge in your homes at the close of this week, you will incur the wrath and indignation of an irate citizenry.

If I have been creditably informed, it is generally admitted by those present at the conference with Mr. Harry L. Hopkins, the Federal Emergency Relief Administrator, at Washington, D. C., some ten or more days ago, that Mr. Hopkins stated a one-man commission to administer relief for the entire State of Delaware was the ideal commission, and it is reported to be the opinion of several members of the joint committee appointed to study the relief needs of our citizens that a single commissioner is the solution of the problem that now confronts us. If such be the facts in the matter, such a person undoubtedly can be found to assume such responsibilities and bill can be formulated to meet such an exigency.

Once more may I caution you not to be misled in believing that there is any possibility of my calling another special session of the 104th General Assembly when you next adjourn Sine Die.

Respectfully yours,

C. D. BUCK, *Governor*

Mr. Maull, on leave, moved that the privilege of the floor be granted to Mr. Gerrish Gassaway, Secretary of the Wilmington Chamber of Commerce of Delaware.

Motion prevailed.

Mr. Gassaway addressed the Joint Session on the Direct Relief, Works Relief and Public Works Relief Programs, as follows:

April 18, 1934

Honorable Members of the General Assembly:

This delegation of fellow citizens appears before you in a final effort to impress upon you the necessity of adequate direct relief and public works and works relief programs so that the suffering and privation now felt by thousands of the unemployed of Delaware may be lessened.

The Board of Directors of the Chamber of Commerce, Delaware, recommend the passage of appropriate legislation providing:

- (a) \$1,000,000 for direct relief to be financed by the transfer of \$500,000 of State Highway funds and the transfer of \$500,000 from receipts from the Corporation Franchise Tax.
- (b) And the passage of appropriate legislation providing for \$1,500,000 for a public works and work relief program to be financed by the issue of 4%, 20-year, serial annuity bonds. The interest and retirement of these bonds to be paid from the Sinking Fund. In the event of insufficient funds in the Sinking Fund, to be paid by the transfer of \$110,000 or so much thereof as is necessary, annually from Highway Funds into the Sinking Fund.

We believe the 20-year serial annuity bonds are a more satisfactory way to finance the public works and work relief program inasmuch as the saving to the State through this method would be about \$25,000 annually rather than if 20-year bonds maturing on the same date were sold.

From a number of reliable sources it can be seen that the expected accruals to the Sinking Fund from inheritance taxes, based on the experience of the last ten years, will be sufficient to take care of the interest and payment of these bonds each year.

We do not attempt to counsel with you as to the method of appointing a Relief Commission or the numbers that there should be thereon. Neither do we suggest an allocation of these funds. These matters, we believe, should be settled by the best judgment of the members of the General Assembly.

We do, however, desire to impress upon you the fact that an emergency does exist, that thousands of our citizens, hopeless and helpless in their present distress, are looking to you to accept the responsibility of your office and to see to it that adequate provisions are made that their very existence may be assured throughout the coming year.

The financial condition of our State and Delaware's ability to take care of its own are best represented in the statement of Mr. Pierre S. duPont, in which he shows there has been expended in the State since 1917 for permanent improvements approximately \$52,000,000 against which the State has a total bonded indebtedness outstanding amounting to a little more than \$3,000,000.

Surely a State with the ability to finance a program as huge as this over this period of time need no hesitancy in financing a total program of \$2,500,000 to meet a very serious emergency.

It would be our recommendation that, there being a possibility of further Federal funds made available for public works, the Act or Acts providing for public works and work relief authorize the acceptance of these Federal funds if and when available.

Gentlemen of the General Assembly, we would not be perfectly frank with you if we did not tell you the patience of your constituents throughout the State has been sorely tried and nearly exhausted by the inability of their elected representatives to get together on a sound, sane, humane and consistent program of public works and relief measures.

The several dozen people gathered here have left their places of business and their homes for the purpose of again endeavoring to impress upon you our appreciation of the crisis confronting our State and of the necessity for prompt and statesmanlike action.

Why have we failed to provide for this situation? It has not been because you are not truly patriotic.

It's not because you are indifferent or ignorant of the sufferings of your fellow-man—there are none of us who have escaped seeing the suffering of friends near to us.

It's not because you put politics before humanity and American decency toward our less fortunate citizens.

It's not because you are seeking personal gain or advantage.

That's not it. It's because a few have never seen the light, have failed to grasp the true picture, have missed a real understanding of why you're here and what you're here for.

Ostrich-like, a few of our citizens have buried their heads in the sand and have been content to believe, or at least make themselves believe, there was no problem, no emergency, no suffering, no want, no long line of men—waiting all day—in front of the employment office begging for a chance to get a job—any job that would buy food and clothing for their families, returning home night after night to answer that question—“No—No Job.”

An aching heart is just as heavy whether it's in a Republican breast as in a Democratic breast.

A hungry stomach is just as hungry whether it be a Republican or Democrat stomach.

An under-nourished child is just as scrawny and pitiful if it be in a Republican or Democratic family.

A frantic, worried, sick mother and wife is just as miserable if she be the spouse of a Republican or Democrat.

Worn-out shoes and clothing are just as much worn-out if they clothe a Democrat or a Republican.

A man caught in this terrible trap and grown bitter from waiting and waiting for you to give him his chance to earn his bread by the sweat of his brow is getting to be just as desperate whether he be a Republican or Democrat.

My friends, think of what this inactivity is doing.

Think of the added misery and sorrow and discouragement and distress caused our fellow citizens by this delay.

When I see that picture, I with you, lose patience.

Multiplied by thousands of times.

Be partisan if you must—but be men—Delawareans—Americans—first.

Members of the General Assembly, the fate and the future of thousands of fellow citizens hangs in the balance.

It's up to you—it rests in your hands.

TELEGRAM

Wilmington, Delaware, April 19, 1934

President Pro Tem of the Senate,

Some time ago we advised you that it would be necessary for the present Relief Commission to cease operations April twenty-first owing to exhaustion of resources. Stop. Comptroller's report today verifies previous estimate and makes necessary orders to cease all operations Saturday.

TELEGRAM

Wilmington, Delaware, April 19, 1934

Hon. W. A. Simonton,
President Pro Tempore State Senate.
Dover, Delaware.

As taxpayer and interested citizen in welfare of fellow citizens, and not in personal gains, I feel that immediate action should be enacted towards providing relief bill to take care of needy. Am in a neighborhood where cutting off of relief orders means extreme hardship for people. Condition is extremely serious and unless something definite is decided upon unforeseen danger might arise.

THE FAMILY SOCIETY

Wilmington, Delaware, April 19, 1934

Senator Simonton
President Pro Tem the Senate
Dover, Delaware.

My dear Senator Simonton:

At a meeting of the Board of Directors of the Family Society held April 17, 1934, the serious situation as regards Unemployment Relief was discussed and the following resolution adopted: "That the Board of Directors of the Family Society regrets the delay in the adoption of legislation to provide for the care of the unemployed and hopes that some immediate action will be taken for adequate care."

The Board desires to call to your attention the fact that failure to provide Unemployment Relief, involving the closing of the Relief Union, would leave the care of these dependent families to private charity. The Family Society, which receives its entire support from private contributions, is in no position to assume this responsibility.

In bringing this matter before your honorable body, may we again urge some speedy action on the part of the Legislature.

Very truly yours,

B. ETHELDA MULLEN

Executive Secretary

T E L E G R A M

Wilmington, Delaware, April 20, 1934

President Pro Tem of Senate
State House
Dover, Delaware.

It is imperative that the City of Wilmington be assisted in relief by legislation passed by this Special Session of the Legislature. We are in no position to bond ourselves further for this purpose. In view of the fact that the greater amount of taxes is paid by this City, it follows your body should appropriate the sums necessary for this cause. This is not a political issue, it is an humanitarian issue. The eyes of the people are on your action and you will be judged accordingly by them. I ask you to lay politics aside and give to our people that relief which they need.

The Governor addressed the Joint Session on the Relief Measures, and explained proposed legislation for Relief, as follows:

Message of Governor Buck

After having spent five or six weeks in an endeavor to enact relief legislation, it is apparent to me at this time that we have reached an empassé and that it comes about through the difference in the needs for relief in the rural communities and the industrial centers in the northern end of the State. If this be so, I believe I have to present to you what may be a solution of the problem. The suggestion I have to offer Mr. Kelso discussed with me on the trip to the Capitol that we made this morning, and I have here a draft of a bill incorporating his idea.

In this crisis we know the Federal Relief Administration is interested. They are unwilling to see hardship unrelieved, whatever be the locality throughout the United States. They have shown at all times a friendly disposition toward your efforts in this regard and still stand ready to help us if we can meet the issue in a practicable and effective way. I am informed, and I understand that you have been also through the Federal representative, that Bill No. 174 now before you is not a basis on which Federal emergency relief will be advanced to us. Nevertheless, I am further assured that if you are willing to authorize the County of New Castle to finance its own problem of relief on a basis that is practicable and effective, Federal funds in the ratio of one to three are more than likely available to us. I am further authorized to say to you that the same arrangement would hold for either or both of the other counties, should you find it necessary to pass an enabling act for them.

The Governor delivered to the Joint Session copies of a proposed Relief Bill.

STATE OF DELAWARE

EXECUTIVE DEPARTMENT

Legislative Day of April 20, 1934
(11:00 A. M., APRIL 21, 1934)

The Honorable, the Senate,
104th General Assembly of the State of Delaware,
Dover, Delaware.

Gentlemen:

Up to this time such suggestions for relief legislation as I have been able to offer have failed to meet with the approval of the General Assembly. Other than the relief measures you now have before you, I am grievously sorry not to have anything else to recommend.

During the early morning hours I was asked to agree to approve House Bill 174, the so-called Scott Bill, if it came to me, but I was compelled to answer that I did not see how I could since Mr. Kelso, Mr. Hopkins' representative, had told me earlier in the day, after reading the Bill in my presence, that if that measure was the relief bill the State decided to pass, the relief authorities in Washington would not be interested.

Because I am unable to remain longer at the Capitol, I must leave the matter of relief legislation entirely in your hands and would have you know that any relief bill you may pass and have delivered to the Executive Office will be most welcome and will receive my serious consideration.

Respectfully yours,

C. D. BUCK, *Governor*

TELEGRAM

Governor C. Douglass Buck
Dover, Delaware.

"I understand that a complete shutdown of relief is imminent in Wilmington. I have repeatedly stated that Federal Government was prepared to cooperate with Delaware to the fullest whenever the State took appropriate action to provide its share of the funds and provided for an administration of relief which would assure to the needy unemployed the kind of service to which they are entitled. It surely cannot be said but that the State of Delaware is able to provide funds to meet the legitimate needs of the unemployed. I can only repeat that I am ready to make funds available at a moment's notice whenever the State does its share. It seems to me therefore, that the failure to provide funds in any part of Delaware rests squarely upon the Legislature and other constituted authorities of the State."

(Signed) HARRY L. HOPKINS

Which was read and ordered filed.

KNIGHTS OF THE KU KLUX KLAN

THE OFFICE OF THE GRAND DRAGON

Wilmington, Delaware, April 28, 1934

The Senate of the State of Delaware Assembled:

"A Voice from Beyond"

Last night while reading a history book, and glancing o'er the
scenes,
Pleasant thots were coursing my mind. I was deep in rosy
dreams.

But as I turned a certain page. I was seized with fascination,
For 'twas a tragic face I saw; the Father of our Nation.

It appeared alive, that picture did, as if he were there in the
flesh,
And the things I saw in that deep lined face, filled my heart with
sore distress.

I felt my soul was bared to his gaze, and it made me cower with
dread.

Was I dreaming it all, did that face live again, was I being
judged by the dead?

I stared, spell bound. I could not move nor turn another page;
How long I sat I do not know; to me, it was an age,
Then suddenly I heard a voice, the lips were moving slowly,
And this is what they said to me, I swear by all that's holy.

"Have you forgotten my poor men, who gave their lives for you?
Have you turned traitor to yourself, and to your country too?
Will you stand by to see your flag and Constitution fall?
Will you turn your back when once again I rise to give the call?

"Where are your American patriots, men who should have been
on guard?
Has my memory been forgotten? Has the struggle been too
hard?
Does your blood run thin as water? Has your heart been turn-
ed to stone?
Don't you care at all, to do your share, to protect your flag and
home?

"'Twas I that laid the cornerstone of this Republic, which you
own.
It is mortared well with broken hearts and blood of men I've
known.
We gave our all that you might live, to enjoy the riches it
bought,
But all in vain; you're letting it go—the ideal for which we
fought.

"Oh—If I could live again, with all my soldiers true,
We would gladly take up arms once more, and fight this battle
for you;
The time has come, but it's up to you—the enemy is at your
door.
Will you fight for that which I gave you, Son, or betray me as
you did before?"

Then came a pause. I waited for more, but the lips had ceased
to speak.
The words I heard had struck me hard and left me shaken and
weak.
For I realized then how I'd failed his trust, not being on guard
as I should,
I had fallen down as a patriot. In the light of a slacker I stood.

I pray that God will give me strength, and the power to do what's
right;
That He'll show us a way, my breed and I, of winning this com-
ing fight;
For we've got to band together now, and fight this battle to win.
We must save the work of Washington—we owe that much to
him.

Mr. Charles H. Grantland, Secretary of State, being admitted, delivered to the Senate a message from the Governor:

STATE OF DELAWARE

EXECUTIVE DEPARTMENT

May 2, 1934

To the Honorable, the Senate,
The 104th General Assembly, State of Delaware,
Dover, Delaware.

Gentlemen:

I return herewith without my approval Senate Bill No. 56, entitled "An Act Making it Unlawful for any Board, Bureau, Commission or Department of the State of Delaware, to Employ, or to Retain upon its Payroll, any Person, who Refuses or Neglects to Pay any Unsecured Debt Duly Contracted for by such Person," and submit the following as my objection to the Bill:

The principle embodied in Section No. 1 of this Bill is proper and not unjust. However, the import of Section No. 2, as I interpret it, imposes a severe and unjustifiable penalty, not upon the erring employee, but upon his employers.

Constituted as our State commissions are and functioning as they do, the members cannot be expected to keep themselves informed as to the credit standing of the various employees of their department, institution or agency. By reason of this fact they could easily become liable for violating this provision of the proposed Act and suffer the unwarranted penalty herein prescribed. Should this Bill become a law, the difficulty now experienced in securing members for State commissions, would be many times increased.

Under the circumstances, I regret that I cannot bring myself to approve Senate Bill No. 56 and I therefore return it, without my approval, to the House in which it originated.

Respectfully yours,

C. D. BUCK, *Governor*

Which was read and ordered recorded and filed.

Mr. Armstrong, Clerk of the House, being admitted, informed the Senate that the House had concurred in the following:

And returned the same to the Senate.

Mr. Armstrong, Clerk of the House, being admitted, informed the Senate that the House had concurred in the following:

Senate Substitute for Senate Bill No. 59, entitled:

An Act appropriating money for the burial of soldiers, sailors or marines, and providing for a deficiency in the appropriation for said purpose for the fiscal biennium ending on June 30th, 1935.

And returned the same to the Senate.

Senator Simonton of the Committee of four from the Senate with like Committee from the House by Virtue of Rule 4, on leave, offered the following report:

**REPORT OF THE SENATE MEMBERS OF THE COMMITTEE
FOR CONFERENCE ON HOUSE BILL NO. 189, AS
AMENDED, WITH SENATE AMENDMENTS**

To the Honorable Senate of the Second Special Session of the One Hundred and Fourth General Assembly of the State of Delaware:

We, the Senate members of the Committee for Conference on House Bill No. 189, as amended, with Senate Amendments, respectfully report to your Honorable Body, as follows:

In order that this report may be better understood as a whole, we desire first to call your attention to a few preliminary facts.

House Bill No. 189 is one of several so-called relief bills that have been introduced in the Senate or House during this Special Session. This Bill was introduced in the House and is the only one of the several so-called relief bills that has been acted on by both the House and the Senate. This Bill was passed by the House with several Amendments, and came to the Senate as House Bill No. 189, as amended. The Senate passed the Bill as it came from the House, after adding eight Senate Amendments, and returned the Bill to the House, as House Bill No. 189, as amended, with eight Senate Amendments.

The Bill, in this form, again came before the House for final action and the House failed to concur in any of the Senate Amendments, and thus the Senate and House for the first time on any bill during this Session, came to a disagreement on a relief bill by actual vote in the two Houses.

The two Houses are bound by certain joint rules adopted by both Houses at the beginning of this Special Session, which cannot be repealed, amended or suspended by either House without the concurrence of the other House. One of these Rules provides that any disagreement between the two Houses in regard to any bill or amendment thereto shall be made subject for conference. This Rule further provides that a Committee, composed of members who voted in the majority on the points of difference shall be appointed in each House. It so happens, in this case, that the "points of difference" are the eight Senate amendments, and in order to comply with the Rule, it was necessary, in the House, to appoint Democrats, and in the Senate to appoint Republicans. Thus the Committee was composed of four Republican Senators and four Democratic members of the House of Representatives.

Prior to the meeting of this Committee, it was generally understood by the members of the Committee and by the members generally of both Houses, that the Governor and the Chairman of the Democratic State Committee had been conferring about the points of difference between the two Houses and had finally arrived at a tentative agreement on the points of difference. It was further understood, that this tentative agreement had been submitted to the Republicans of the Senate and to the Democratic members of the House and was satisfactory to both.

When the Committee met, the Republican members of the Committee had a copy of the said Bill with all of the various Amendments so marked as to designate the tentative agreement so agreed upon, as above stated; but the Democratic members of the Committee, on the other hand, produced a typewritten statement which they said was given them by the said Chairman of their State Committee. This statement proved to be very indefinite and utterly incapable of being understood as a tentative agreement on any of the points of disagreement.

The members of the Committee, under these circumstances, found themselves, from the very beginning, in a maze of misunderstanding as to any tentative agreement on the points of difference; the Democratic members of the Committee contending for certain concessions on the part of the Republicans, which your members of the Committee had never heard of; and your members of the Committee endeavoring to uphold what they believed to be the tentative agreement on all points of difference.

The result was only what could be expected under such circumstances. The Committee did not accomplish anything and separated without any suggestion of further conference.

Finally, the Senate members of the Committee desire to report to the Senate, that if a true and positive statement in writing were presented to this Committee as a whole, showing clearly that any tentative agreement has been made by the Governor and the Chairman of the Democratic State Committee, as above stated, together with assurances that such tentative agreement has been presented to the Democratic members of the House and to the Republican members of the Senate, and approved by both, we are confident that the Committee can arrive at a fair and just agreement upon all points in dispute between the two Houses.

Respectfully submitted,

Wilmington, Delaware, April 30, 1934

Mr. C. R. Van Sant

Elmhurst, Delaware.

Dear Ray:

Mr. Lawrence Isidor, a party previously employed by us, has developed tuberculosis. We sent him to Dr. Springer, who in turn sent him to the Delaware Hospital for attention. The Hospital reported that he did have tuberculosis and recommended that he be sent to Hope Farm. When we endeavored to have him sent there, we were advised that there was no room.

In order to keep the man from starving to death, Mr. Matthes has been paying him each week but he feels that he cannot do this indefinitely and wondered if there was some way you could use your influence to secure a place for Mr. Isidor at Hope Farm. The man looks very bad and really needs immediate attention. He is quite worthy.

Will you please see what you can do and advise the writer or Mr. Matthes?

Yours sincerely,

MARK P. BROWN
